Euro 8,000,000,000
Euro Medium Term Note Programme
Due from one year from the date of original issue

Under the Euro Medium Term Note Programme (the **Programme**) described in this base prospectus (the **Base Prospectus**), Autoroutes du Sud de la France (the **Issuer** or **Autoroutes du Sud de la France** or **ASF**), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the **Notes**). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 8,000,000,000 (or the equivalent in other currencies).

This Base Prospectus replaces and supersedes the base prospectus dated 10 June 2011 as supplemented by the supplements dated 2 September 2011, 23 November 2011, 16 February 2012 and 10 May 2012.

Application has been made to the *Commission de surveillance du secteur financier (CSSF)* in Luxembourg for approval of this Base Prospectus in its capacity as competent authority under the "*loi relative aux prospectus pour valeurs mobilières*" dated 10 July 2005 which implements Directive 2003/71/EC of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading. In the line with the provisions of article 7 (7) of the *loi relative aux prospectus pour valeurs mobilières* dated 10 July 2005, the CSSF assumes no responsibility as to the economic and financial soundness of the transaction and the quality or solvency of the Issuer. Application may be made to the Luxembourg Stock Exchange during the period of 12 months from the date of this Base Prospectus for Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the Official List of the Luxembourg Stock Exchange. The Regulated Market of the Luxembourg Stock Exchange is a regulated market for the purposes of Directive 2004/39/EC (a **Regulated Market**). However, Notes issued pursuant to the Programme may also be unlisted or listed and admitted to trading on any other market including any Regulated Market in any member state of the European Economic Area (the **EEA**). The relevant final terms (the **Final Terms**) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading, and, if so, the relevant Regulated Market.

Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**) as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 and R.211-1. of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (**Euroclear France**) (acting as central depository) which shall credit the accounts of Account Holders (as defined in "Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination") including Euroclear Bank S.A./N.V. (**Euroclear**) and the depository bank for Clearstream Banking, société anonyme (**Clearstream, Luxembourg**) or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iv)), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either with the Issuer or with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a **Temporary Global Certificate**) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificates issued in respect of Materialised Bearer Notes") upon certification as to non U.S. beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined in "General Description of the Programme") intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depository on behalf of Euroclear and/or Clearstream, Luxembourg and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

The Programme has been rated BBB+ by Standard and Poor's Ratings Services and Baa1 by Moody's Investors Service. Notes issued under the Programme may be rated or unrated. Notes, whether Unsubordinated or Subordinated (all as defined in "General Description of the Programme"), will have such rating, if any, as is assigned to them by the relevant rating organisation as specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned under the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

As at the date of this Base Prospectus, Standard & Poor's Ratings Services and Moody's Investors Service are established in the European Union and registered under Regulation (EU) No. 1060/2009 of the European Parliament and of the Council dated 16 September 2009, as amended by Regulation (EU) No. 513/2011 (the "**CRA Regulation**"), and included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (www.esma.europa.com) in accordance with the CRA Regulation.

See "**Risk Factors**" below for certain information relevant to an investment in the Notes to be issued under the Programme.

This Base Prospectus (together with all supplements thereto from time to time), constitutes a base prospectus for the purposes of article 5.4 of Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003, as amended from time to time (in particular by Directive 2010/73/EU dated 24 November 2010 to the extent implemented in any relevant Member State) (the "Prospectus Directive") and contains all relevant information concerning the Issuer which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer and its subsidiaries (together with the Issuer, the "Group"), as well as the base terms and conditions of the Notes to be issued under the Programme. The terms and conditions applicable to each Tranche (as defined in "General Description of the Programme") not contained herein (including, without limitation, the aggregate nominal amount, issue price, redemption price thereof, and interest, if any, payable thereunder) will be determined by the Issuer and the relevant Dealer(s) at the time of the issue on the basis of the then prevailing market conditions and will be set out in the relevant Final Terms.

The Issuer confirms that such information has been accurately reproduced and that, so far as it is aware and is able to ascertain from information published by the above sources, no facts have been omitted which would render the information reproduced inaccurate or misleading. The Issuer has also identified the source(s) of such information.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the Securities Act) or with any securities regulatory authority of any state or other jurisdiction of the United States and may include Materialised Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or, in the case of Materialised Notes in bearer form, delivered within the United States or to or for the account or benefit of U.S. persons (as defined in Regulation S under the Securities Act (Regulation S) or, in the case of Materialised Notes in bearer form, the U.S. Internal Revenue Code of 1986, as amended (the U.S Internal Revenue Code and the regulations thereunder). For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see "Subscription and Sale".

This Base Prospectus has not been submitted to the clearance procedures of the *Autorité des marchés financiers*.

None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other information supplied in connection with the Programme (including any information incorporated by reference) are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme (including financial statements) should purchase the Notes. Each prospective investor of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In connection with the issue of any Tranche (as defined in "General Description of the Programme"), the Dealer or Dealers (if any) named as the stabilising manager(s) (the Stabilising Manager(s)) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche.

RISK FACTORS RELATING TO THE NOTES

The following paragraphs describe some risk factors that are material to the Notes to be admitted to trading in order to assess the market risk associated with these Notes.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. They do not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances. These risk factors may be completed in the Final Terms with any risk factors that are material and specific to the relevant Notes for a particular issue of Notes.

Terms used but not defined in this section will have the meaning given to them in the Terms and Conditions.

1. General Risks Relating to the Notes

1.1 Independent Review and Advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

1.2 Potential Conflicts of Interest

Each of the Issuer, the Dealer(s) or their respective affiliates may deal with and engage generally in any kind of commercial or investment banking or other business with any issuer of the securities taken up in an index, their respective affiliates or any guarantor or any other person or entities having obligations relating to any issuer of the securities taken up in an index or their respective affiliates or any guarantor in the same manner as if any index-linked Notes issued under the Programme did not exist, regardless of whether any such action might have an adverse effect on an issuer of the securities taken up in the index, any of their respective affiliates or any guarantor.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the calculation agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain discretionary determinations and judgements that such calculation agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes.

1.3 Legality of Purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

1.4 Modification, waivers and substitution

The conditions of the Notes contain provisions for calling General Meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority.

1.5 Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus and/or in the Final Terms but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This risk factor has to be read in connection with the taxation sections of this Base Prospectus and the additional tax sections, if any, contained in the relevant Final Terms.

1.6 EU Savings Directive

The EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (the **Directive**) requires each Member State as from 1 July 2005 to provide to the tax authorities of another Member State details of payments of interest and other similar income within the meaning of the Directive made by a paying agent within its jurisdiction to (or under circumstances to the benefit of) a beneficial owner (within the meaning of the Directive) resident in that other Member State, except that Luxembourg and Austria will instead impose a withholding system for a transitional period unless the beneficiary of interest payment elects for the exchange of information. The rate of this withholding tax is currently 35%. A number of non-EU countries and territories including Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland) with effect from the same date.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on a payment made by a paying agent, the Issuer will be required to maintain a paying agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

1.7 Change of Law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or the official application or interpretation of French law after the date of this Base Prospectus.

1.8 No active Secondary/Trading Market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be admitted to trading on the Luxembourg Stock Exchange and/or any other Regulated Market in the European Economic Area, the Final Terms of the Notes will be filed with the *Commission de surveillance du secteur financier* in Luxembourg and/or with the competent authority of the Regulated Market of the European Economic Area where the Notes will be admitted to trading, which, in the case of Notes to be admitted to trading on the Luxembourg Stock Exchange shall be the Luxembourg Stock Exchange, there is no assurance that such filings will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

1.9 Currency Risk

Prospective investors of the Notes should be aware that an investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction; and/or the reference assets or the Notes may be denominated in a currency other

than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes or the reference assets.

1.10 Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

1.11 Market Value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of the reference assets or an index, including, but not limited to, the volatility of the reference assets or an index, or the dividend on the securities taken up in the index, market interest and yield rates and the time remaining to the maturity date.

The value of the Notes, the reference assets or the index depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes, the reference assets, the securities taken up in the index, or the index are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical market prices of the reference assets or an index should not be taken as an indication of the reference assets' or an index's future performance during the term of any Note.

1.12 French Insolvency Law

Except as otherwise provided by the relevant Final Terms, the Noteholders, in respect of all Tranches in any Series, will be grouped automatically for the defence of their common interests in a *Masse*, as defined in Condition 11. However, under French insolvency law as amended by ordinance no. 2008-1345 dated 18 December 2008 which came into force on 15 February 2009, related order no. 2009-160 dated 12 February 2009 and law no. 2010-1249 dated 22 October 2010 which came into force on 1 March 2011 and related order no. 2011-236 dated 3 March 2011, holders of debt securities are automatically grouped into a single assembly of holders (the **Assembly**) if a safeguard procedure (*procédure de sauvegarde*), an accelerated financial safeguard procedure (*procédure de sauvegarde accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as the Programme) and regardless of their governing law.

The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), accelerated financial safeguard (*projet de plan de sauvegarde accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling payments which are due and/or partially or totally writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third (2/3) majority (calculated as a proportion of the amount of debt securities held by the holders which have cast a vote at such Assembly). No quorum is required to hold the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Base Prospectus will not be applicable with respect to the Assembly to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

2. Risks related to the structure of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, *inter alia*, the provisions for computation of periodic interest payments, if any, redemption and issue price. Set out below is a description of the most common of such features:

2.1 Notes subject to optional redemption by the Issuer

Unless in the case of any particular Tranche of Notes the relevant Final Terms specifies otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the country of domicile (or residence for tax purposes) by the Issuer, or on behalf of France, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may, and in some circumstances must, redeem all outstanding Notes in accordance with the Terms and Conditions.

In addition, if in the case of any particular Tranche of Notes the relevant Final Terms specify that the Notes are redeemable at the Issuer's option in certain other circumstances the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

2.2 Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

2.3 Floating Rate Notes

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three months or six months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

2.4 Inverse Floating Rate Notes

Inverse floating rate Notes have an interest rate equal to a fixed base rate minus a rate based upon a reference rate. The market value of such Notes typically is more volatile than the market value of floating rate Notes based on the same reference rate (and with otherwise comparable terms). Inverse floating rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

2.5 Fixed to Floating Rate Notes

Fixed to floating rate Notes initially bear interest at a fixed rate; conversion from a fixed rate to a floating rate then takes place either automatically or at the option of the Issuer if certain predetermined conditions are met. The conversion (whether it be automatic or optional) of the interest rate will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes.

2.6 Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

2.7 Index-Linked Notes

Index-linked Notes are debt securities which do not provide for predetermined redemption amounts and/or interest payments but amounts due in respect of principal and/or interest will be dependent upon the performance of an index, which itself may contain substantial credit, interest rate or other risks. The amount of principal and/or interest, if any, payable by the Issuer might be substantially less than the issue price or, as the case may be, the purchase price invested by the Noteholder and may even be zero in which case the Noteholder may lose his entire investment.

Index-linked Notes are not in any way sponsored, endorsed, sold or promoted by the index sponsor or the respective licensor of the index and such index sponsor or licensor makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the index and/or the figure at which the index stands at any particular time. Each index is determined, composed and calculated by its respective index sponsor or licensor, without regard to the Issuer or the Notes. None of the index sponsors or licensors is responsible for or has participated in the determination of the timing of, prices at, or quantities of the Notes to be issued or in determination or calculation of the equation by which the Notes settle into cash. None of the index sponsors or licensors has any obligation or liability in connection with the administration, marketing or trading of the Notes. The index sponsor or licensor of an index has no responsibility for any calculation agency adjustment made for the index.

None of the Issuer, the Dealer(s) or any of their respective affiliates makes any representation as to an index. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to an index that is or may be material in the context of index-linked Notes. The issue of index-linked Notes will not create any obligation on the part of any such persons to disclose to the Noteholders or any other party such information (whether or not confidential).

2.8 Inflation-Linked Notes

The decision to purchase inflation-linked Notes involves complex financial appreciations and risks as the inflation cannot be foreseen with certainty. The yield of Inflation-Linked Notes may be lower than the yield of non Inflation-Linked Notes. The Issuer makes no representation as to the tax treatment of such Notes or as to the lawfulness of the purchase of such Notes in any jurisdiction.

2.9 Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

2.10 Zero Coupon Notes

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

The prices at which Zero Coupon Notes trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than to prices for conventional interest-bearing securities of comparable maturities.

2.11 Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

2.12 Structured Notes

An investment in Notes, the premium and/or the interest on or principal of which is determined by reference to one or more values of currencies, commodities, interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant currencies, commodities, interest rates or other indices or formulae should be taken as an indication of future performance of such currencies, commodities, interest rates or other indices or formulae during the term of any Note.

The prices at which Notes issued at a substantial discount from their principal amount payable at maturity, trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than to the prices for conventional interest-bearing securities of comparable maturities.

2.13 Subordinated Notes

In the event of any insolvency or liquidation of the Issuer, holders of Subordinated Notes would receive payments on any outstanding Subordinated Notes only after senior Noteholders and other senior creditors have been repaid in full, if and to the extent that there is still cash available for those payments. Thus, holders of Subordinated Notes generally face a higher performance risk than holders of senior Notes.

RISK FACTORS RELATING TO THE ISSUER AND ITS OPERATIONS

- **Operating risks**

Concentration of revenue sources

97.9 per cent of the sales turnover (excluding revenue from construction work) of the Autoroutes du Sud de la France (ASF) group (the "ASF Group" or the "Group") consists of toll revenues received under its three present concession agreements. These concession agreements are the ASF network concession agreement expiring in 2033 (the "ASF Concession Agreement"), the Escota network concession agreement expiring in 2027 (the "Escota Concession Agreement") and, to a lesser extent, the Puymorens tunnel concession agreement signed by ASF and expiring in 2037 (the "Puymorens Concession Agreement"). Since it entered the VINCI Group in 2006, ASF has ceased to compete for new concession agreements, development of new concessions being managed by VINCI Concessions, a dedicated entity of the VINCI Group.

The remainder of turnover is generated by

- royalties related to sub-concessions (motorway service stations, hotels and restaurants) (1.4 per cent);
- rental of optical fibre networks to telecommunication operators (0.4 per cent);
- and by operation, maintenance and advisory activities linked to motorways infrastructures exercised by ASF and its subsidiaries through service contracts (0.3 per cent).

Activity outside France is insignificant.

The ASF Group is almost entirely dependent on the revenues generated by its two main concession agreements, the ASF Concession Agreement and the Escota Concession Agreement. This risk is, however, mitigated by the size of the Group network and the number of routes covered, which provides major trunk routes comprising essential international transit roads within France.

Conversely, the Issuer considers that the risks related to the diversification of its business are very limited.

Change in traffic and toll receipts

Toll receipts, which represent the bulk of ASF Group revenues, depend on the number of paying vehicles, tariffs and the network's ability to absorb traffic.

A certain number of factors, such as the quality, convenience and travel time of toll-free roads or toll motorways that are not part of the ASF Group networks, the economic climate and fuel prices in France, environmental legislation (including measures to restrict motor vehicle use in order to reduce air pollution), new taxes levied on road infrastructure users, the existence of alternative modes of transport (in particular rail and air travel) and road user's resistance to tolls, which are linked to inflation, would have an impact on traffic volumes, which is currently difficult to estimate.

Tariffs and tariff increases are determined by the concession agreements. The ASF Group can give no assurance that the tariffs the Group is authorised to charge will be sufficient to guarantee an adequate level of profitability.

Moreover, a change in the toll collection technologies in France (such as in other European countries) may also be contemplated. However, it is not possible to estimate all the consequences in term of revenues and costs for ASF at this stage.

Changes in the inflation rate

Toll rate adjustments are based on annual changes in the French consumer price index (excluding tobacco). Accordingly, ASF is exposed to the risk of a decline in the rate of inflation. A decrease in the inflation rate would result in lower toll rate increases, which could adversely affect the evolution of ASF's net operating cash flows. Conversely, an increase in the inflation rate would result in toll rate increases which could have an adverse effect on traffic.

Traffic saturation on certain motorways

Some of ASF's urban motorways are saturated and become over-saturated only at certain periods of the year. These sections represent only a few percentages of traffic revenues. Moreover, traffic congestion appears during peak periods, especially in summer, on some of ASF's motorways including the A7 (section located in the Rhone Valley) and the A9. The ASF Group is working with the State and the relevant local authorities to identify solutions to reduce traffic to acceptable levels. However, no assurance can be given that the saturation problems will be resolved at an acceptable cost to ASF, or that the problems will not lead to new concessions being awarded to competitors. At present, the ASF Group estimates that traffic saturation does not have a material impact on its revenues.

Regulatory environment

The ASF Group operates in a highly regulated environment and its results are influenced by government road policies.

As in all highly regulated industries, regulatory changes could affect the company's business. However, in the event of a substantial change in technical regulations related directly to the concession or a substantial change in the taxation system or the introduction of new taxes specific to motorway operators that could seriously impair the financial equilibrium of concession operations, the concession agreements stipulate that the Group and the French State (the "**State**" or the "**French State**") will mutually negotiate compensatory measures in the interest of the continued provision of the public service.

State termination and buy-out option

Since 1 January 2012, the State has the right to buy back the concession, for reasons of public interest, on 1 January of each year, subject to giving one year's notice.

If the buyback option is exercised, the concessionaire will be entitled to compensation corresponding to the loss suffered by it as a result of the termination, the amount of which, net of taxes due on its receipts and after taking into account all deductible costs, will be equal to the fair value of the concession being bought back, estimated in accordance with the method for calculating the present value of available after-tax cash-flows. (See Description of the Issuer 1.4: "State buyback option").

In addition, the State may terminate the concession agreement due to a serious breach of the company's contractual obligations (except in case of *force majeure*). In this case, the concession would be awarded to a new operator under a competitive bidding process and the company would receive the bid price paid by the new concessionaire (See Description of the Issuer 1.4: "Termination for default").

However, the ASF Group can give no assurance that this price will cover all of its liabilities. Moreover, if no operator were found, the Group would be entitled to no compensation.

Expiry of concession agreements, return of assets to the State

Substantially all of ASF Group revenues are derived from operations under the ASF Concession Agreement and the Escota Concession Agreement. When the concessions expire, ASF and Escota will be required to surrender substantially all of the related assets to the State, without compensation.

Increased competition

The ASF Group is exposed to competition from alternative road networks and also from alternative modes of transport (in particular rail and air travel).

Competition from alternative road networks is currently low.

For North/South traffic, the A75 from Clermont-Ferrand to Montpellier has generated minor competition for ASF motorways A7, A9 and A20.

The most significant competition from toll-free roads concerns the A10, which competes with the RN10 between Poitiers and Saint-André-de-Cubzac (North of Bordeaux). This section of the RN10 (200 km long) is almost entirely four-lane and the route followed is around 20 km shorter than that taken by the A10. Nearly 80 per cent of the heavy goods vehicles and 20 per cent of light vehicles that use the A10 north of Poitiers to go to Bordeaux choose this stretch of the RN10.

French transport policy currently focuses on restoring the balance among the various modes of transport. Efforts are being made to limit heavy goods vehicle traffic by encouraging freight back onto rail, with the target of at least doubling rail freight in the next ten years. At the European level, the European Commission's 2001 White Paper targets the rebalancing of modes of transport not in the next ten years but by 2030. This less ambitious goal takes into account the fact that only a small proportion of freight is currently carried by rail, and transport by lorry is unavoidable over short distances, where there is no alternative mode sufficiently tailored to the needs of the economy. ASF consider that competition from rail is currently limited.

Up to now, passenger traffic on the high-speed train links does not represent a material source of competition for ASF and Escota networks, as illustrated by the traffic trend in the motorways following the same routes over the past years.

Labour unrest and damage or destruction of sections of the Group's motorways could adversely affect the Group's revenues, results of operations and financial condition

Like all motorway concessionaires, ASF and Escota face potential risks from labour unrest, natural disasters such as earthquakes, flooding, landslides or subsidence, collapse or destruction of sections of motorway or the spillage of hazardous substances. The occurrence of any such events could lead to a significant decline in toll revenues from the Group's motorways or a significant increase in expenditures for the operation, maintenance or repair of the Group Network. Although the Group carries all risk and accident insurance, there can be no assurance that these policies cover all of the incremental costs resulting from damage to the network. ASF and Escota do not carry business interruption insurance covering the loss of toll receipts as a result of strike action or blockages of toll booths by protestors or as a result of accidents or damage to roads, tunnels or bridges.

In relation to tunnels, following the Mont Blanc tunnel accident, the State imposed certain requirements relating to safety for tunnels longer than 300 metres. The tunnels operated by ASF and Escota have therefore been subject to specific studies to establish the changes required. Some work has already taken place and other work is pending.

- **Construction risks**

The large-scale construction projects expose the Group to the risk of shortages of materials or labour, higher material or labour costs, general factors affecting economic activity and the credit market, business failures by contractors or subcontractors, work stoppage due to bad weather or unforeseen engineering or environmental problems. Under the concession agreement, remedies can be sought in case the construction of a motorway fails to meet the initial schedule or a section of motorway is not made available on time.

Although ASF and Escota have significant experience and seek to limit this risk in their agreements with contractors, no assurance can be given that these factors will not, under certain circumstances, have an adverse effect on the Group. This risk is however limited considering that 97.6 per cent of the conceded network has already been built.

- **Environmental risks**

The Group incurs and will continue to incur costs to comply with environmental, health and safety laws and regulation.

These include regulations covering noise pollution, water protection, air quality and atmospheric pollution, waste prevention, protection of sites of archaeological interest, national parks, nature reserves, classified sites, "Natura 2000" sites (conservation areas for the protection of natural habitats and rare species of plants and animals), forest fire prevention and waste disposal. The Group may be subject to stricter laws and regulations in the future and incur higher compliance costs. In the case of an accident or damage to the environment, the Group may be subject to personal injury or property damage claims or legal proceedings for harm to natural resources. The business or profitability may be adversely affected in case of inability by the Group to cover environmental protection costs or costs arising from its partial liability for any accidents, by raising the tariffs pursuant to the terms of the concession agreements.

The Group complies with all applicable environmental regulations and standards and has set up a quality control system covering its activities in building, operation and maintenance. Formal design and management standards as well as guidelines have been issued, spanning all aspects of the business. The Construction Department of ASF

obtained ISO 9001 in 2003 and ISO 14001 in 2010. Four of seven ASF operating regional centers obtained 14001 certification from Bureau Veritas Quality International. All the operating centers of Escota are certified ISO 14001. ISO 14001 certification is progressively extended to all operation activities.

Respect for the environment is a central priority for ASF, which aims to improve continuously its environmental performance and prevent pollution. In partnership with all stakeholders, including nature preservation associations, ASF acts to implement appropriate solutions on the issues of noise, water, air quality, greenhouse gas emissions and biodiversity. Preservation of natural resources, energy savings, optimization of waste management in the operating centres and on the network, are also priorities.

ASF was awarded in 2010 by IDDRIM institute for its achievements in favor of biodiversity and ecological continuity in the frame of its 2010-2013 green investment program.

Under the regulations designed to protect the public and workers against the health risks associated with exposure to asbestos, as set out in the decrees of 7 February 1996, the ASF Group has performed tests to detect the possible presence of asbestos in its premises and equipment. In the very limited number of cases where asbestos was found, the ASF Group implemented the preventive and corrective measures specified in the regulations.

- **Market risks**

Liquidity risks

The ASF Group's exposure to liquidity risk relates to its obligation to its existing debt and to obtaining financing in future for working capital needs, capital expenditure and general purposes.

At 31 December 2011, the net debt of ASF Group was €11.273,7 million. The repayment schedule of the nominal long term debt (€9,973,9 million) is as follow:

Part of ASF Group financing has been incurred by CNA (Caisse Nationale des Autoroutes), a State owned financial entity, managed by the Caisse des Dépôts et Consignations (CDC), and created for providing financing to the SEMCAs (semi-public motorway concessionaire companies) benefiting from the French State conditions in the bond market in the form of bullet loans.

In 2006, ASF and Escota ceased to benefit from the access to CNA loans further to the IPO of 49 per cent of the company capital in 2002. Then, in the context of the total privatisation, ASF and Escota signed in March 2006 an addendum to the "Convention Technique" of 1996, setting out the general conditions of CNA outstanding loans and providing that:

- ASF must comply with the following financial covenants calculated on the basis of the ASF consolidated financial statements:

- Net Debt / EBITDA \leq 7
 - EBITDA / Net Financial Costs $>$ 2.2
- ASF Group shall ensure that its construction and operation activities, in France and in the member countries of the OECD, of roads, expressways, highways, transportation works, highway systems and parking facilities, or services related to such activities, represent at all times more than 85% of its consolidated assets and more than 80% of its annual consolidated income.
 - Merger and reorganisation are not permitted without authorization, except within ASF Group.

For the refinancing of CNA loans and the financing of future investments, ASF will have recourse mainly to the bond market and the banking system.

At 31 December 2011, ASF had a net cash managed of €68.8 million and unused syndicated revolving facilities for a total amount of €2 billion maturing in December 2013. The bank credit line has similar financial covenants as those provided for CNA loans.

Taking into account of net cash managed and unused credit facilities (€2 billion), the Group's liquidity position at 31 December 2011 was €2.07 billion covering the total amount of long term debt to be redeemed up to 2013.

The above-mentioned CNA loans and bank facilities do not provide any early repayment provisions based solely on a rating trigger. The EIB (European Investment Bank) loan contracts signed in 2005 and 2007 provides a rating clause under which, if ASF is downgraded, the parties shall consult one another in order to provide the lender with sufficient information to assess the situation. Following such consultation, the EIB is authorised to request the provision of guarantees or collateral in its favour. If ASF fails to satisfy this request within a reasonable time, the EIB may require an early redemption of the loans. Since the execution of the first loan, ASF was downgraded by Standard and Poor's from A+ to BBB+, in connection with its privatisation. The EIB, after having considered ASF's situation following such downgrade, has not requested the provision of guarantees or collateral.

Interest rate risk

Due to the level of its net debt, ASF may be affected by the evolution of the euro zone interest rates. ASF intends to preserve and optimise its financial results on a long term basis by implementing interest rate hedging policy based on a targeted allocation of net debt between fixed rate, capped rate, inflation linked rate and floating rate depending on the level of leverage measured by the net debt/EBITDA ratio. The Treasury Committee, which comprises the VINCI Executive Vice President and CFO, the ASF CFO and the VINCI-ASF Group Treasurer and which meets at least once a month, follows the interest rate exposure of the ASF group and implements the coverage policy.

In connection with this policy, the ASF Group implements some hedging instruments in the form of options or swaps of which start may be deferred.

At 31 December 2011, 64 per cent of ASF external long term gross debt was at a fixed rate, 25 per cent was capped or inflation linked and 12 per cent was left at a variable rate.

Foreign exchange risk

Given that almost all ASF Group business is carried out in France, its exposure to foreign exchange risks is very limited.

Nevertheless, ASF may find itself exposed to foreign exchange risk whenever, exceptionally, financing is realised in foreign currencies. This risk is generally hedged by cross currency swaps. At 31 December 2011, ASF has a debt denominated in foreign currency (Japanese yen) which is fully hedged.

- **Legal risks**

As part of the ordinary course of their business, ASF and Escota are subject to a number of administrative proceedings and civil actions relating to the construction, operation and management of the Group network.

The ASF Group considers that its insurance policies provide adequate coverage of material potential risks; ASF Group general civil liability is covered up to €30.5 million per claim. Cover for losses arising from liability claims for accidental environmental damage amounts to €15 million per claim and for total claims per insurance year at ASF Group. Companies that participate in the construction of motorways are required to carry insurance covering their own liability. Although ASF and Escota carry property and casualty and liability insurance, they can give no assurance that these policies will cover the total amount of claims related to the construction, maintenance or operation of the motorways, bridges and tunnels.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion and as supplemented in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to **Notes** are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by Autoroutes du Sud de la France (the **Issuer**) with the benefit of an amended and restated agency agreement dated 8 June 2012 between the Issuer and BNP Paribas Securities Services as Fiscal Agent, Principal Paying Agent, Redenomination Agent, Consolidation Agent and Calculation Agent (the **Amended and Restated Agency Agreement**). References below to "Conditions" are, unless the context requires otherwise, to the numbered paragraphs below.

Copies of the Amended and Restated Agency Agreement are available for inspection during normal business hours at the specified offices of each of the Paying Agents.

For the purpose of these Terms and Conditions, **Regulated Market** means any regulated market situated in a Member State of the European Economic Area (**EEA**) as defined in Directive 2004/39/EC.

Dematerialised Notes are issued, at the option of the Issuer, in either bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France (**Euroclear France**) (acting as central depository) which shall credit the accounts of Account Holders, or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the **Registration Agent**).

Materialised Bearer Notes are serially numbered and are issued with coupons (each, a **Coupon**) and, where appropriate, a talon (a **Talon**) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity

Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

In accordance with Article L.211-3 of the French *Code monétaire et financier*, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

(b) **Denomination(s):** Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the **Specified Denomination(s)**) save that the minimum denomination of each Note admitted to trading on a Regulated Market in circumstances which require the publication of a Base Prospectus under the Prospectus Directive will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date) or such other higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency). Dematerialised Notes shall be issued in one Specified Denomination only.

(c) **Title:**

- (i) Title to Dematerialised Notes in bearer dematerialised form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.
- (ii) Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons, Receipt(s) and/or a Talon attached thereto on issue (**Definitive Materialised Bearer Notes**), shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions, **holder of Notes** or **holder of any Note**, or **Noteholder** means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Bearer Note and the Receipts, Coupons (**Receiptholder** and **Couponholder** being construed accordingly), or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) **Redenomination:**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days' notice in accordance with Condition 15 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the **EC**), as amended from time to time (the **Treaty**)), or events have occurred which have substantially the same effects (in either case, **EMU**), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the Redenomination Date.
- (ii) Unless otherwise specified in the relevant Final Terms, the redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each

Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.

- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) Unless otherwise specified in the relevant Final Terms, the Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 14, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 14 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 15 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2. Conversion and Exchanges of Notes

(a) Dematerialised Notes

- (i) Dematerialised Notes issued in bearer dematerialised form (*au porteur*) may not be converted into Dematerialised Notes in registered dematerialised form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered dematerialised form (*au nominatif*) may not be converted into Dematerialised Notes in bearer dematerialised form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such Noteholder.

(b) Materialised Notes

Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

3. Status

The obligations of the Issuer under the Notes may be either unsubordinated (**Unsubordinated Notes**) or subordinated (**Subordinated Notes**).

(a) Status of Unsubordinated Notes

The Unsubordinated Notes and, where applicable, any relative Receipts and Coupons are direct, general, unconditional, unsecured (subject to the provisions of Condition 4) and unsubordinated obligations of the Issuer and rank and will rank *pari passu* and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

(b) Status of Subordinated Notes

(i) Subordination

Subordinated Notes (which term shall include both Subordinated Notes with a specified maturity date (**Dated Subordinated Notes**) and Subordinated Notes without a specified maturity date (**Undated Subordinated Notes**)) are unsecured subordinated obligations of the Issuer and rank and will rank *pari passu* without any preference among themselves and *pari passu* with any other unsecured subordinated obligations of the Issuer but in priority to any *prêts participatifs* granted to the Issuer. If any judgement is rendered by any competent court declaring the transfer of the whole of its business (*cession totale de l'entreprise*) or the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Subordinated Notes shall be subordinated to the payment in full of unsubordinated creditors and, subject to such payment in full, the holders of Subordinated Notes shall be paid in priority to any *prêts participatifs* granted to the Issuer. In the event of incomplete payment of unsubordinated creditors, the obligations of the Issuer in connection with the Subordinated Notes will be terminated. The holders of Subordinated Notes shall take all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation.

(ii) Dated Subordinated Notes

Unless otherwise specified in the relevant Final Terms, payments of interest relating to Dated Subordinated Notes constitute obligations which rank equally with the obligations of the Issuer in respect of Unsubordinated Notes issued by the Issuer in accordance with Condition 3(a).

(iii) Undated Subordinated Notes

Unless otherwise specified in the relevant Final Terms, payments of interest relating to Undated Subordinated Notes constitute obligations which rank equally with the obligations of the Issuer in respect of Unsubordinated Notes issued by the Issuer in accordance with Condition 3(a) and may be deferred in accordance with the provisions of Condition 5(h).

The use of the proceeds of issues of Undated Subordinated Notes will be set out in the applicable Final Terms.

4. Negative Pledge

So long as any of the Unsubordinated Notes or, if applicable, any Receipts or Coupons relating to them, remains outstanding, the Issuer will not create or permit to subsist any mortgage, charge, pledge, lien or other security interest (*sûreté réelle*) upon the whole or any part of its assets, present or future, to secure any present or future Relevant Indebtedness (as defined below) incurred or guaranteed by it (whether before or after the issue of the Unsubordinated Notes) unless the Issuer's obligations under the Unsubordinated Notes, Receipts and Coupons are equally and rateably secured therewith.

For the purposes of this Condition:

Limited-recourse Borrowings means any indebtedness for borrowed money, in the form of, or represented by, bonds or notes (**Indebtedness**) incurred by the Issuer to finance the ownership, acquisition, development, operation and/or maintenance of an asset or project in respect of which the person (or persons) to whom any such Indebtedness is or may be owed by the Issuer has (or have) no recourse to the Issuer for the repayment thereof other than:

- (i) recourse to the Issuer for amounts not exceeding an amount equal to the cash flow from, or the value of, such asset or project; and/or
- (ii) recourse to the Issuer for the purpose of enabling amounts to be claimed in respect of such Indebtedness in an enforcement of any security interest given by the Issuer over such asset or rights under, or in respect of, such project (or the income, cash flow or other proceeds deriving therefrom) to secure such Indebtedness; and/or
- (iii) recourse to the Issuer under any form of assurance, undertaking or support, which is limited to a claim for damages for breach of an obligation (not being a payment obligation or an indemnity in respect thereof, which, for the avoidance of doubt, would fall to be considered under sub-paragraph (i) above) by the Issuer.

Relevant Indebtedness means any indebtedness for borrowed money, represented by bonds or notes (*obligations*) which are for the time being, or are capable of being, quoted, admitted to trading or ordinarily traded in on any stock exchange, over-the-counter-market or other securities market, and which does not constitute Limited-recourse Borrowings.

This Condition 4 shall not apply to Subordinated Notes.

- (c) **Interest on Floating Rate Notes, Index Linked Interest Notes and Inflation Linked Interest Notes:**

(i) *Interest Payment Dates:* Each Floating Rate Note, Index Linked Interest Note and Inflation Linked Interest Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear (except as otherwise provided in the relevant Final Terms) on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding

Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

- (iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and, unless otherwise specified in the relevant Final Terms, the provisions below relating to either FBF Determination or ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), **FBF Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms, and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), **Floating Rate** (*Taux Variable*), **Calculation Agent** (*Agent*), **Floating Rate Determination Date** (*Date de Détermination du Taux Variable*) and **Transaction** (*Transaction*) have the meanings given to those terms in the FBF Definitions, provided that Euribor means the rate calculated for deposits in euro which appears on Reuters Page EURIBOR01, as more fully described in the relevant Final Terms.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (B), **ISDA Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms,
- (b) the Designated Maturity is a period specified in the relevant Final Terms, and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity**, **Reset Date** and **Swap Transaction** have the meanings given to those terms in the ISDA Definitions.

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for

each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (a) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:
 - (i) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity) or
 - (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date, as disclosed in the relevant Final Terms;

- (b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(i) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(ii) applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent and
- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the **Principal Financial Centre**) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).
- (iv) *Rate of Interest for Index Linked Interest Notes and Inflation Linked Interest Notes:* The Rate of Interest in respect of Index Linked Interest Notes and Inflation Linked Interest Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and interest will accrue by reference to an Index or Formula as specified in the relevant Final Terms.
- (d) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon and is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(e)(i)).

- (e) **Dual Currency Notes:** In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating a Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified in the relevant Final Terms.
- (f) **Partly Paid Notes:** In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the relevant Final Terms.
- (g) **Accrual of interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).
- (h) **Deferral of interest:** If deferral of interest is specified in the relevant Final Terms, in the case of Undated Subordinated Notes, interest shall be payable on each Compulsory Interest Payment Date (as defined below) in respect of the interest accrued in the Interest Period ending on the day immediately preceding such date. On any Optional Interest Payment Date (as defined below) there may be paid (if the Issuer so elects) the interest accrued in the Interest Period ending on the day immediately preceding such date but the Issuer shall not have any obligation to make such payment. Notice of any Optional Interest Payment Date shall (for so long as the rules of, or applicable to, any Regulated Market so require) be given to the Noteholders in accordance with Condition 15 and to the relevant Regulated Market. Such notice shall be given at least seven days prior to the relevant Optional Interest Payment Date(s). Any interest not paid on an Optional Interest Payment Date shall, so long as the same remains unpaid, constitute **Arrears of Interest** which term shall include interest on such unpaid interest as referred to below. Arrears of Interest may, at the option of the Issuer, be paid in whole or in part at any time upon the expiration of not less than seven days' notice to such effect given to the Noteholders in accordance with Condition 15 but all Arrears of Interest on all Undated Subordinated Notes outstanding shall become due in full on whichever is the earliest of:
 - (i) the next Interest Payment Date if such Interest Payment Date is a Compulsory Interest Payment Date or,
 - (ii) the date on which any Undated Subordinated Notes are to be redeemed partially or in full (otherwise than at the option of the Noteholders) in accordance with their terms and conditions or,
 - (iii) (a) a judgement rendered by any competent court declaring the transfer of the whole of the business (*cession totale de l'entreprise*) or the judicial liquidation (*liquidation judiciaire*) of the Issuer or (b) the liquidation of the Issuer for any other reason.

If notice is given by the Issuer of its intention to pay the whole or part of Arrears of Interest, the Issuer shall be obliged to do so upon the expiration of such notice. When Arrears of Interest are paid in part, each such payment shall be applied in or towards satisfaction of the full amount of the Arrears of Interest accrued in respect of the earliest Interest Period in respect of which Arrears of Interest have accrued and have not been paid in full. Arrears of Interest shall (to the extent permitted by law) bear interest accruing (but only, in accordance with Article 1154 of the Civil Code, after such interest has been due for a period of at least one year) and compounding on the basis of the exact number of days which have elapsed at the prevailing rate of interest on the Undated Subordinated Notes in respect of each relevant Interest Period. For these purposes the following expressions have the following meanings:

Compulsory Interest Payment Date means any Interest Payment Date on which the Issuer has (i) declared or paid any dividend (final or interim) of any nature (whether in cash, shares or any other form and including, any interim dividend (*acompte sur dividende*) on any Share Capital Securities, (ii) redeemed, repurchased or otherwise acquired any Share Capital Securities by any means other than in connection with the performance by the Issuer of its obligations under any existing or future benefit plan, share option plan or free share allocation scheme reserved for

directors, officers or employees of the Issuer or (iii) at its election, redeemed, repurchased or otherwise acquired any Parity Securities (other than Notes).

Optional Interest Payment Date means any Interest Payment Date, as the case may be, other than a Compulsory Interest Payment Date.

Parity Securities means any subordinated obligations or other instruments issued by the Issuer which rank, or are expressed to rank, *pari passu* among themselves and with the Subordinated Notes.

Share Capital Securities means (a) any ordinary shares (*actions ordinaires*) of the Issuer and (b) any other class of the Issuer's share capital (including preference shares (*actions de préférence*, including *actions à dividendes prioritaires sans droit de vote*), or other priority shares (*actions de priorité*)) issued by the Issuer.

(i) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts, Rate Multipliers and Rounding

(i) If any Margin or Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph

(ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be

(iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes unit means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

(j) Calculations: The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(k) Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Early Redemption Amounts and Instalment Amounts: As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent

appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (I) **Calculation Agent and Reference Banks:** The Issuer shall use its best efforts to procure that there shall at all times be four Reference Banks (or such other number as may be required by the Conditions) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in the Amended and Restated Agency Agreement). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Luxembourg office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

6. Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to any option provided by the relevant Final Terms including any Issuer's option in accordance with Condition 6(c) or any Noteholders' option in accordance with Condition 6(d), each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount.
- (b) **Redemption by Instalments and Final Redemption:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date (being one of the dates so specified in the relevant Final Terms) is extended pursuant to any Issuer's or Noteholder's option in accordance with Condition 6(c) or (6)(d), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

- (c) **Redemption at the Option of the Issuer, Exercise of Issuer's Options and Partial Redemption:** If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), redeem or exercise any Issuer's option (as may be described) in relation to all, or, if so provided, some, of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest), if any. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R.213-16 of the French *Code monétaire et financier* and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and Regulated Market requirements.

So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market require, the Issuer shall, each time there has been a partial redemption of the Notes, cause to be published (i) as long as such Notes are listed and admitted to trading on the Luxembourg Stock Exchange and the rules of such Stock Exchange so permit, on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (ii) in a leading newspaper with general circulation in the city where the Regulated Market on which such Notes are admitted to trading is located, which in the case of the Luxembourg Stock Exchange is expected to be the *Luxemburger Wort*, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If a Put Option is specified in the relevant Final Terms the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption including, where applicable, any Arrears of Interest.

To exercise such option or any other Noteholders' option that may be set out in the relevant Final Terms (which must be exercised on an Option Exercise Date) the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the **Exercise Notice**) in the form obtained during usual business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. Such notice shall, in the case of Materialised Bearer Notes, have attached to it such Note (together with all unmaturing Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paris Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

It may be that before a Put Option can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

(e) Early Redemption:

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(f) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Note unless otherwise specified in the relevant Final Terms.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(f) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

(ii) Other Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(f), or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest) unless otherwise specified in the relevant Final Terms.

(f) Redemption for Taxation Reasons:

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Conditions 8(a) and 8(b) below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 60 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with, unless otherwise specified in the relevant Final Terms, any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which

the Issuer could make payment of principal and interest without withholding for French taxes.

- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Conditions 8(a) and 8(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 15, redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with, unless otherwise specified in the relevant Final Terms, any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.
- (g) **Partly Paid Notes:** Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified in the relevant Final Terms.
- (h) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unexpired Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, subject to the applicable laws and/or regulations. Unless otherwise indicated in the relevant Final Terms, Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations for the purpose of enhancing the liquidity of the Notes, or cancelled.
- (i) **Cancellation:** All Notes purchased by or on behalf of the Issuer to be cancelled, will be cancelled, in case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering to the Fiscal Agent the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unexpired Receipts and Coupons and all unexchanged Talons and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unexpired Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.
- (j) **Illegality:** If, by reason of any change in French law, or any change in the official application of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest).
- (k) **Redemption at the option of Noteholders following a Change of Control:** If at any time while any of the Notes remains outstanding, there occurs a Change of Control and within the Change of Control Period a Rating Downgrade in respect of that Change of Control occurs (a **Put Event**), the holder of each Note will have the option (the **Put Option**) (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives not more than 60 nor less than 30 days'

prior notice to the Noteholders in accordance with Condition 15 of its intention to redeem the Notes (which notice shall be irrevocable)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Note on the Optional Settlement Date (as defined below) at its principal amount together with accrued interest to but excluding the Optional Settlement Date.

Control, in respect of any entity, means:

- (i) the holding or acquisition, directly or indirectly, by any person or persons acting in concert or any person or persons acting on behalf of any such person(s) (the **Relevant Person(s)**) of (A) more than 50 per cent of the issued ordinary share capital of such entity; or (B) such number of the shares in the capital of such entity carrying more than 50 per cent of the voting rights normally exercisable at a general meeting of such entity; or (C) a number of shares in the ordinary share capital of such entity carrying at least 40 per cent. of the voting rights in exercisable general meetings of such entity and no other shareholder of such entity, directly or indirectly, acting alone or in concert with others, holds a number of shares carrying a percentage of the voting rights exercisable in such general meetings which is higher than the percentage of voting rights attached to the number of shares held by such Relevant Person(s) or;
- (ii) whether by the ownership of share capital or the possession of voting power, contract or otherwise the ability, directly or indirectly, of any Relevant Person(s) to appoint or dismiss all or the majority of the members of the *Conseil d'administration* or other governing or supervisory body of such entity.

A **Change of Control** in respect of the Issuer shall be deemed to have occurred at each time (whether or not approved by the Issuer) that any Relevant Person(s), at any time following the Issue Date of the Notes acquire(s) Control of the Issuer provided that a Change of Control in respect of the Issuer shall be deemed not to have occurred in the case of a Change of Control in respect of the Issuer involving any Relevant Person(s) which at the time of such Change of Control are under the Control of Vinci S.A.

Change of Control Period means the period commencing on the date that is the earlier of (i) the date of the first of any formal public announcement that the relevant Change of Control in respect of the Issuer has occurred and (ii) the date of the earliest relevant Potential Change of Control Announcement (if any) and ending 120 days after the date of the first public announcement of such relevant Change of Control in respect of the Issuer having occurred (the **Initial Longstop Date**) provided that unless any other Rating Agency has on or prior to the Initial Longstop Date effected a Rating Downgrade in respect of its rating of the Notes, if one or more Rating Agency publicly announces at any time on or after the date which is 60 days prior to the Initial Longstop Date that it has placed its rating of the Notes under consideration for rating review as a consequence of such Change of Control, the Change of Control Period shall be extended to the date which falls 60 days after the date of the first such public rating review consideration announcement.

Potential Change of Control Announcement means any public announcement or statement by the Issuer, any actual or potential bidder or any advisor thereto relating to any potential Change of Control in respect of the Issuer, such announcement or statement occurring no more than 180 days prior to the first public announcement of the occurrence of the relevant Change of Control.

Rating Agency means Standard & Poor's Ratings Services and/ or Moody's Investors Service and their respective successors or affiliates and/ or any other rating agency of equivalent international standing specified from time to time by the Issuer which has a current rating of the Notes at any relevant time.

A **Rating Downgrade** shall be deemed to have occurred in respect of a Change of Control in respect of the Issuer if within the Change of Control Period the rating previously assigned to any of the Notes by any Rating Agency is (i) withdrawn or (ii) changed from an investment grade rating (BBB-/Baa3, or their respective equivalents for the time being, or better) to a non-investment grade rating (BB+/Ba1, or their respective equivalents for the time being, or worse) or (iii) if the rating previously assigned to any of the Notes by any Rating Agency was below an

investment grade rating (as described above), lowered at least one full rating notch (for example, from BB+ to BB or their respective equivalents), provided that a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control in respect of the Issuer if the Rating Agency making the change in rating does not publicly announce or publicly confirm that the reduction was the result, in whole or part, of any event or circumstance comprised in or arising as a result of, or in respect of, such Change of Control.

Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a **Put Event Notice**) to the Noteholders in accordance with Condition 15 (which notice shall be irrevocable) specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the Put Option contained in this Condition 6(k)).

To exercise the Put Option to require redemption or, as the case may be, purchase of a Note under this Condition 6(k), the holder of that Note must (i) in the case of Dematerialised Notes transfer or cause to be transferred by its Account Holder its Notes to be so redeemed or purchased to the account of the Paying Agent specified in the Put Option Notice for the account of the Issuer or (ii) in the case of Materialised Notes, deposit its Notes with any Paying Agent specified in the Put Option Notice for the account of the Issuer, in each case within the period (the **Put Period**) of 45 days after the Put Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a **Put Option Notice**) and in which the holder may specify a bank account to which payment is to be made under this Condition 6(k).

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of, the Notes in respect of which the Put Option has been validly exercised as provided above, and subject to the transfer or deposit of such Notes as described above on the date which is the fifth Business Day (as defined in Condition 5(a)) following the end of the Put Period (the **Optional Settlement Date**). Payment in respect of any Note so transferred or deposited will be made to each relevant holder in Euro in accordance with Condition 7 on the Optional Settlement Date.

If 80 per cent. or more in principal amount of the Notes then outstanding have been redeemed pursuant to this Condition 6(k), the Issuer may, on not less than 30 nor more than 60 days' notice to the Noteholders given within 30 days after the Optional Settlement Date, redeem on a date to be specified in such notice (the **Squeeze Out Redemption Date**), at its option, all (but not some only) of the remaining Notes at their principal amount, together with interest accrued to but excluding the Squeeze Out Redemption Date.

7. Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer dematerialised form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Dematerialised Notes in fully registered form), to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank.

Bank means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET 2 System.

- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities and, so long as Notes are admitted to trading on the Luxembourg Stock Exchange and ensuring the financial services of the Notes in Luxembourg and, in either case, so long as the rules of, or applicable to, the relevant Regulated Market so require, in such other city where the Notes are admitted to trading) (v) in the case of Materialised Notes, a Paying Agent with a specified office in a European Union Member State (which may be any of the Paying Agents referred to in (iv) above) that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments, or any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive, (vi) in the case of Dematerialised Notes, in fully registered form, a Registration Agent and (vii) such other agents as may be required by any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) Unmatured Coupons and Receipts and unexchanged Talons:

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
 - (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
 - (iv) Upon the due date for redemption of any Materialised Bearer Note that is redeemable in instalments, all Receipts relating to such Materialised Bearer Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (v) Where any Materialised Bearer Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
 - (vi) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any Arrears of Interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.
- (g) Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).
- (h) Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, **business day** means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as **Financial Centres** in the relevant Final Terms and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in

the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET 2 Business Day.

8. Taxation

(a) Tax Exemption

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) Additional Amounts

If French law should require that payments of principal or interest in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future French taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:

(i) *Other connection:*

to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or

(ii) *Presentation more than 30 calendar days after the Relevant Date in the case of Materialised Notes:*

more than 30 calendar days after the Relevant Date except to the extent that the Noteholder would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day; or

(iii) *Payment to individuals:*

where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC of 3 June 2003 or any other EU Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 on the taxation of savings, or any law implementing or complying with, or introduced in order to conform to, such Directive; or

(iv) *Payment by another paying agent in the case of Materialised Notes:*

presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another paying agent in a Member State of the EU.

As used in these Conditions, **Relevant Date** in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of Arrears of Interest, references to becomes due shall be interpreted in accordance with the provisions of Condition 5(h)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Conditions to (i) **principal** shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) **interest** shall be deemed to include all Interest Amounts and all other amounts (including, for the avoidance of doubt, all Arrears of Interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) **principal** and/or **interest** shall be deemed to include any additional amounts that may be payable under this Condition.

9. Events of Default

The Representative (as defined in Condition 11), upon request of any Noteholder, may, upon written notice to the Fiscal Agent given before all defaults shall have been cured, cause all the Notes (but not some only) held by such Noteholder to become immediately due and payable at their principal amount, together with any accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent without further formality, if any of the following events (each an **Event of Default**) shall occur:

- (a) **Unsubordinated Notes:** In the case of Unsubordinated Notes:
- (i) default in any payment when due of interest on any of the Notes, and the continuance of any such default for a period of 15 days thereafter; or
 - (ii) default in the performance of, or compliance with, any other obligation of the Issuer under the Notes, if such default shall not have been remedied within 30 days after receipt by the Fiscal Agent of written notice of such default given by the Representative (as defined in Condition 11); or
 - (iii) any other present or future indebtedness of the Issuer for borrowed money in excess of Euro 60,000,000 (or its equivalent in any other currency) shall become due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any applicable grace period therefor, unless the Issuer is contesting in good faith and by appropriate proceedings before a competent court that such indebtedness was due and payable; or
 - (iv) if the Issuer makes any proposal for a general moratorium in relation to its debt; or applies for the appointment of a *mandataire ad hoc*, or enters into an amicable settlement (*procédure de conciliation*) with its creditors; or a judgement is issued for the judicial liquidation (*liquidation judiciaire*) or for the transfer of the whole business (*cession totale de l'entreprise*) of the Issuer; or to the extent permitted by applicable law, the Issuer is subject to any other insolvency or bankruptcy proceedings; or the Issuer makes any conveyance, assignment or other arrangement for the benefit of, or enters into a composition with, its creditors; or the Issuer ceases to carry on all or a substantial part of its business or operations or is dissolved except (i) any operation falling within the definition of Permitted Reorganisation (as defined below) or (ii) with the prior approval of the *Masse*, for the purposes of, or in connection with, an amalgamation, reorganisation, consolidation or merger (other than a Permitted Reorganisation) which is implemented;

then the Representative may, by notice in writing to the Issuer and the Fiscal Agent given on behalf of the Noteholders before all continuing Events of Default shall have been remedied, cause all the Notes outstanding to become immediately due and payable whereupon they shall become immediately due and payable at their principal amount together with any accrued interest thereon. The occurrence of any Event of Default must be notified to the Noteholders by a publication in accordance with the provisions of Condition 15.

Permitted Reorganisation means a reconstruction, amalgamation, merger, consolidation or transfer of assets and/or activities (a **Reorganisation**) where the surviving legal entity which acquires or to which is transferred all or a substantial part of the business and/or activities of the Issuer:

- (a) is a company incorporated and resident in a Member State of the OECD;

- (b) carries on the same or similar business and activities as the Issuer immediately after such acquisition or transfer;
 - (c) expressly and effectively by law assumes all the obligations of the Issuer under the Notes and has obtained all authorisations therefore; and
 - (d) benefits from a senior long term debt rating from either Standard & Poor's Ratings Services or Moody's which is equal to or higher than the senior long term debt rating of the Notes immediately prior to the Reorganisation.
- (b) **Subordinated Notes:** In the case of Subordinated Notes and in accordance with Condition 3(b), if any judgment shall be issued for the transfer of the whole of its business (*cession totale de l'entreprise*) or the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason then the Subordinated Notes shall become immediately due and payable, in accordance with Condition 3(b), at their principal amount together with any accrued interest to the date of payment and where applicable, any Arrears of Interest, without further formality.

10. Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

11. Representation of Noteholders

Except as otherwise provided by the relevant Final Terms, Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the **Masse**).

The Masse will be governed by the provisions of the French Code of Commerce with the exception of Articles L.228-48, L.228-59, R.228-63, R.228-67 and R.228-69, subject to the following provisions:

(a) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through a general meeting of the Noteholders (the **General Meeting**).

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) Representative

The office of Representative may be conferred on a person of any nationality who agrees to perform such function. However, the following persons may not be chosen as Representatives:

- (i) the Issuer, the members of its Board of Directors (*Conseil d'administration*), its Supervisory Board (*Conseil de surveillance*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or
- (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors, Executive Board (*Directoire*), or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouse; or
- (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or

- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(c) Powers of Representative

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

(d) General Meeting

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 15.

Each Noteholder has the right to participate in a General Meeting in person, by correspondence or by proxy. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(e) Powers of the General Meetings

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the third business day in Paris preceding the date set for the meeting of the relevant general assembly. Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 15.

(f) Information to Noteholders

Each Noteholder or Representative thereof will have the right, during the 15 calendar day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents during usual business hours and at any other place specified in the notice of the General Meeting.

(g) Expenses

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(h) Single Masse

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated (*assimilées* for the purpose of French law) with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.

For the avoidance of doubt, in this Condition 12, the expression "outstanding" shall not include the Notes subscribed or purchased by the Issuer in accordance with Article L.213-1 A of the French *Code monétaire et financier* which are held by the Issuer and not cancelled.

12. Modifications

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

13. Replacement of Definitive Notes, Receipts, Coupons and Talons

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

14. Further Issues and Consolidation

- (a) **Further Issues:** Unless otherwise specified in the relevant Final Terms, the Issuer may from time to time without the consent of the Noteholders, Receiptholders or Couponholders create and issue further notes to be assimilated (*assimilées* for the purpose of French Law) and form a single series with the Notes provided such Notes and the further notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest in the relevant Final Terms) and that the terms of such further notes provide for such assimilation and references in these Conditions to **Notes** shall be construed accordingly.
- (b) **Consolidation:** The Issuer may, with the prior approval (which shall not be unreasonably withheld) of the Redenomination and Consolidation Agent, from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than 30 days' prior notice to the Noteholders in accordance with Condition 15, without the consent of the Noteholders, Receiptholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

15. Notices

- (a) Notices to the holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) at the option of the Issuer, they are published in a leading daily newspaper of general circulation in Europe. Provided that, so long as such Notes are admitted to trading on any Regulated Market(s), notices shall be valid if published (x) as long as such Notes are listed and admitted to trading on the Luxembourg Stock Exchange, and the rules of such Stock Exchange so permit, on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (y) in a daily newspaper with general circulation in the city/ies where the Regulated Market(s) on which such Notes are admitted to trading is/are situated, which in the case of the Luxembourg Stock Exchange, is expected to be the *Luxemburger Wort*.
- (b) Notices to the holders of Materialised Bearer Notes and Dematerialised Notes in bearer form shall be valid if (i) published in a daily leading newspaper of general circulation in Europe or (ii) so long as such Notes are admitted to trading on a Regulated Market, published (x) as long as such Notes are listed and admitted to trading on the Luxembourg Stock Exchange, and the rules of such Stock Exchange so permit, on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (y) in a daily newspaper with general circulation in the city/ies where the Regulated Market(s) on which such Notes are admitted to trading is/are situated, which in the case of the Luxembourg Stock Exchange, is expected to be the *Luxemburger Wort*.
- (c) If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. The CCMA is composed of four members, three experts selected by the chairman being independent of the company and the Environmental and Sustainable Development Director who heads the Commission meetings. The manager of the contract submitted to the CCMA and one representative of the French anti-trust authority (DGCCRF) are also invited. The CCMA acts as in an advisory capacity about the award of the contracts which are submitted for examination and checks the contracts award procedure in force in the company. Its advice is required for all contracts relating to civil works above, or equal to, €2,000,000 (before tax) and all supply or services contracts above, or equal to, €240,000 (before tax).

1.3 - History of the Issuer

The company was founded, as a *Société d'Economie Mixte Concessionnaire d'Autoroute* ("SEMCA") in 1957 under the name of Société de l'Autoroute de la Vallée du Rhône (SAVR) to build and operate the A7 motorway starting from Vienne (south of Lyon). Between 1967 and 1973, the company was granted the concessions for the Nîmes-Montpellier, Orange-Nîmes, Béziers-Narbonne sections of the A9, all located in the South of France. In 1973, the current name, Autoroutes du Sud de la France, was adopted in order to reflect the geographic expansion of the company's activities.

In 1981-1982, ASF opened the Poitiers/Saint-André-de-Cubzac (north of Bordeaux) section of the A10, providing a continuous motorway link between Paris and Bordeaux and completed the A62 between Toulouse and Bordeaux.

In 1984, ASF acquired the Société de l'Autoroute de la Côte Basque (ACOBA), which operates the A63 motorway. The construction of the A72 between Clermont-Ferrand and Saint-Etienne was completed in 1985, and the works on the A11 between Angers and Le Mans was finished in 1989.

At the end of 1994, ASF acquired 83.72 per cent of Escota, and increased its shareholding progressively over the years finally up to 99.30 per cent. Escota was a SEMCA founded in 1956 under the name Société des Autoroutes Estérel, Côte d'Azur, to construct the A8, the first conceded motorway in France. The A8 now provides a continuous link between Aix-en-Provence and the Italian border. In 1991, following the geographic expansion of its activities, Escota adopted its current name, "Société des Autoroutes Estérel, Côte d'Azur, Provence, Alpes".

In 1994, ASF signed the concession agreement for the operation and maintenance for the Tunnel du Puymorens (in the Pyrenees).

In 1995, the construction of the A20 motorway from Brive to Montauban began. The work was finished in June 2003.

In 2001, the concessions for ASF and Escota were extended by 12 years until 2032 and 2026 respectively.

On 23 February 2006 the Parliament passed a law endorsing the integration of the A89 section Balbigny – La Tour de Salvigny into ASF Concession. The law was promulgated on 1 March 2006.

In 2010, the concessions for ASF and Escota were extended by 1 year until 2033 and 2027 respectively, according to 13th Amendment (ASF) and 12th Amendment (Escota).

Those extensions are major events since the privatisation occurred in 2006 and described below:

ASF was the first of the publicly-owned motorway concession companies in France (SEMCA) to be partly privatised. In March 2002, some €2.7 billion were raised from the IPO of 49 per cent of the company's capital, out of which about €850 million were reinvested into ASF's equity by the French State and the remainder was paid to the French State through a special dividend. During the days following the IPO, VINCI bought 14.4 per cent of ASF's capital in the market and Eiffage 0.8 per cent. Eiffage finally sold its stake to VINCI in June 2003. At year end 2004, VINCI had raised its stake to 22.99 per cent and signed a shareholder agreement with the French State under which it obtained a seat on the Board of ASF.

In 2005 the French State decided to privatise ASF entirely. VINCI acquired all of the remaining 77.01 per cent of ASF between March and November 2006 for a total consideration of €9.1 billion. VINCI first acquired the State and Autoroutes de France's stake (41.5 per cent and 8.8 per cent of ASF's capital respectively). Thereafter, VINCI successfully launched a standing market offer, thereby increasing its stake to more than 95 per cent of ASF. The acquisition of ASF was completed on 6th November 2006 with the squeeze out of ASF allowing VINCI group to hold 100 per cent of ASF.

As of the date of the present Base Prospectus, VINCI fully controls ASF since it directly or indirectly holds 100 per cent of the voting rights in its share capital. ASF is controlled at 100 per cent by ASF Holding which is fully owned by VINCI Autoroutes (see also the organisation chart on page 84).

1.4 - Concession agreements

ASF and Escota concession agreements

Motorways concessions are public utility and public works concessions. They are granted by the French State by virtue of a concession agreement, approved by a *Conseil d'Etat* decree specifying how to construct, operate and maintain the motorways.

The French system of motorway concessions was established by the Motorways Act of 18 April 1955 (now known as the Roads and Highways Code). Roads are built on public land and cannot be privately owned. Only the French State may authorise a company to build and operate motorways and the related infrastructure under a concession agreement. Concession agreements are subject to bids.

The relationships between the French State and the concessionaires are governed by concession agreements and their addenda and, since 1994, by a Programme Plan (*Contrat de Plan*) signed on a regular basis by both parties, which establish the practices in terms of pricing, capital expenditure, development, marketing and customer services, financial targets and social and environmental policies within the respect of the financial balance of concession.

ASF and Escota build, maintain and operate their motorway network under three concession agreements with the French State: one for the ASF, main network, one for the Puymorens tunnel (see details in section entitled “the Puymorens tunnel concession agreement” below), and one for the Escota network.

ASF’s agreement for the main network and Escota’s agreement are identical, except for their different expiry dates, and the differences in financial and pricing terms.

They were approved by decrees issued by the French *Conseil d'Etat* in 1961 for ASF main agreement, 1957 for Escota agreement and in 1994 for the agreement regarding the Puymorens tunnel. They have since been the subject of several addenda.

Scope of the concessions

The concession agreements relate to the motorways or motorway sections, and also all land, structures and installations necessary for the construction, maintenance and operation of each motorway, such as parking, service and rest areas, service stations, restaurants, motels and hotels (the "Concession Assets").

The Concession Assets fall into three categories:

- assets required to operate the concession, which will automatically be returned to the State without compensation at the end of the concession ("Returnable Assets");
- other assets that are the property of the concessionaire, which the State may elect to buy back at the end of the concession period, if they are of use in operating the concession ("Assets with a Buyback Option");
- assets owned outright by the concessionaire ("Owned Assets"), which will not be transferred to the State at the end of the concession period, with or without consideration.

Throughout the duration of the concession agreement, the concessionaire has the exclusive right to operate the motorways or motorway sections covered by the concession, and to collect tolls.

Duration of concessions and recovery of assets on expiry of concessions

ASF main concession will expire on 31 December 2033 and Escota concession on 31 December 2027.

Puymorens Tunnel concession will end on 31 December 2037.

On expiry of each concession, the State will take possession of the Returnable Assets. The concessionaire must carry out all necessary maintenance and replacement work, on a timely basis and at its own expense, so that the assets are returned in a good state of repair.

On the concession expiry date, the State may decide to exercise its buyback option in order to also take possession of the other assets required to operate the network.

Motorway construction

Each concession agreement outlines the main features of the infrastructure. For motorways that are classified as being in the public interest, the concessionaire enjoys all the legal and regulatory rights conferred on the State in matters of public works, for the purpose of acquiring land, carrying out expropriations and building the motorway, and is subject to all the corresponding obligations. In particular, the concessionaire must fulfil all the undertakings given and conditions imposed in the Declaration of Public Interest.

Construction contracts above a certain value must be awarded under a competitive bidding process. Discrimination against European Union companies on the basis of national origin is prohibited.

Motorway operation

The concessionaire must deploy all necessary resources to maintain continuity of traffic in good conditions of safety and convenience. Concession assets must be kept in a good state of repair and operated by the concessionaire at its own expense.

The concessionaire must comply with law and order measures announced by the préfets of the regions which the motorway crosses. It must also submit its proposed operating plan for the prior approval of the Infrastructure Minister. In accordance with the rules applicable to public service providers, in the case of a strike by its employees, the concessionaire is required to maintain a minimum service as defined by the Infrastructure Minister.

The concessionaire also has certain obligations in the event that the motorway traffic flow is interrupted or restricted. These include informing the public in advance of possible delays, and immediately notifying the competent authorities if traffic is interrupted due to circumstances beyond the concessionaire's control.

Financial terms and conditions

The concessionaire is responsible for financing the construction and operation of the motorway network and related infrastructure, on the basis specified in the concession agreement.

Tariffs

The concession agreement specifies the basis to be used by the concessionaire to determine toll charges.

Under the ASF and Escota concession agreements, the rates are usually revised on the 1st of February in each year. By law (Decree n° 95-81), the minimum annual rate increase for toll operators amounts to 70 per cent of the inflation index (French inflation index excluding tobacco). Upon the signing of a Programme Plan between the French State and the concessionaire, the tariff increases are defined for the duration of the contract. ASF Group's concession agreements specify that the annual increase in tariffs applicable to class 1 vehicles (light vehicle), when a Programme Plan exists, can not be less than 85 per cent of consumer price inflation. The tariffs for other classes are determined through coefficients applied to the tariffs of class 1 vehicles.

In addition, following the amendment to the ASF concession agreement relating to the Lyon Balbigny section, the Group was allowed to increase the tariffs on the ASF network by specific additional increases of 0.58 per cent in 2007, and a yearly 0.625 per cent from 2008 to 2017.

The 14th Amendment to the Concession contract of ASF and the 13th Amendment to the Concession contract of ESCOTA provide additional tariffs increases in compensation of the "*Taxe d'aménagement du territoire*" 's raise, provided by the 2011 initial financial law :

- ASF: 0.35% for 2011 and 0.17% for 2012 and
- ESCOTA: 0.30% for 2011 and 0.14% for 2012.

Programme Plan 2007-2011 tariffs increase:

ASF (including the specific increase relating to the Lyon-Balbigny section amendment)

Class 1 annual increase	2007	85% of inflation index (*) +1.0925%
	2008-2011	85% of inflation index (*) +0.825%

Escota

Class 1 annual increase	2007-2011	85% of inflation index (*) +0.90%
-------------------------	-----------	-----------------------------------

(*) French inflation index excluding tobacco

The coefficients for heavy goods vehicle classes are as follows:

		2007	2008	2009	2010	2011
ASF	Class 3	2.18	2.18	2.19	2.21	2.23
	Class 4	2.85	2.86	2.88	2.91	2.95
Escota	Class 3	2.12	2.12	2.14	2.18	2.22
	Class 4	2.89	2.90	2.95	3.01	3.06

2012 Tariffs increase at 1 February 2012:

For ASF: the increase is 2.42% for all classes of vehicle.

For Escota: the average price increase is 2.05%.

Next annual tariff increases will be defined in 2012-2016 master plan under discussion with concession granting authority.

Other contractual elements

Programme Plan:

The Programme Plan 2007-2011 specifies the nature and the amount of the investments required on new and existing sections, ASF's new targets (in particular on the opening dates of the road widening schemes), the strategic decisions to improve traffic's security and fluidity in good conditions of safety and convenience.

2007-2011 investment plan related to Programme Plan 2007-2011 in 2006 constant euros (rounded amountS)

ASF	New sections	1 300 M€
	Investment in existing motorways	1 200 M€
Escota	Investment in existing motorways	800 M€

The Programme Plan 2007-2011 provides actions aimed at:

- Improving the security, the traffic flow, the accommodation of trucks, the development of automatic tolls (electronic tolls have been available for trucks since April 2007);
- Protecting the environment;
- Undertaking of specific actions, such as speed limits and access control on the A7 in the Rhone Valley where the traffic averages around 70 000 vehicles per day; and
- Focusing on good quality of service through yearly customers polls, implementation of performance indicators and following up of the actions defined in the Programme Plan.

2012-2016 Programme Plan is under discussion between ASF Group and the French State.

13th Amendment (ASF) and 12th Amendment (Escota) to the Concession Agreements:

Under Article 117 of the Amending Finance Act No. 2009-1674 of 30 December 2009, ASF and Escota signed with the French State on 25 January 2010 respectively the 13th and the 12th Amendment to their concession contracts providing the extension of the length of their concessions by one year (ASF 31 December 2033, Escota 31 December 2027) and the following provisions:

- for ASF : complete realisation, over 36 months from the entry into force of the Amendment, of a capital expenditure programme of €371 million at January 2009 prices. This work relates to protection of the water resource, protection of biodiversity, protection against noise, reduction of CO2 emissions and the improvement of service and rest areas.
- for Escota : a commitment to carry out a capital expenditure programme between 2010 and 2012 of €103 million at January 2009 prices.

Ministerial decisions approved those technical and financial programmes. The approval's decree of the amendments was published on 26 March 2010.

Operation of service area outlets and other commercial installations:

The concessionaire awards contracts for the operation of service area outlets according to a competitive bidding process. The fees paid by the service area operators are included in concession revenues.

Under the terms of the concession agreement, the concessionaire may install and operate optical fibre and telecommunications networks alongside the motorways.

Technical regulations:

The concession agreements stipulate that in the event of a substantial change in technical regulations directly related to the concession, that could seriously impair the financial equilibrium of concession operations, the State and the concessionaire will mutually agree on the amount of any compensation to be paid to the concessionaire.

Taxation:

The concessionaire is liable for all current and future taxes relating to the concession. However, under the terms of the concession agreements, in the event of a substantial change in tax rules specific to motorways or the introduction of new taxes on motorways operators during the life of the agreement that may seriously undermine the financial viability of the concession, the State and the concessionaire will mutually agree on any compensatory measures to be taken to permit the continued provision of the public service.

State buyback option:

Since 1 January 2012, the State has the right to buy back the concession, for reasons of public interest, on 1 January of each year, subject to giving one year's notice.

If the buyback option is exercised, the concessionaire will be entitled to compensation corresponding to the loss suffered by it as a result of the termination, the amount of which, net of taxes due on its receipts and after taking into account all deductible costs, will be equal to the fair value of the concession being bought back, estimated in accordance with the method for calculating the present value of available after-tax cash-flows.

The payment of the buyback amount will take place on 30 June of the year of the buyback.

The concessionaire will be required to return to the State the assets, installations, machinery and equipment bought back in a good state of repair. In the three months following the one-year notice mentioned above, the State, after consultation with the concessionaire, and if necessary with expert assistance, will draw up a programme of maintenance and renovations needed for the concession to be returned in good condition and a programme of operations to be carried out prior to the return of the assets, such programmes being at the cost of the concessionaire. Failure by the concessionaire to comply in whole or in part with such programmes may result in financial penalties being levied by the State to cover the costs of carrying out such programmes.

On the buyback date, the State will assume all of the concessionaire's commitments entered into in the normal course of business for the construction and operation of the Concession Assets, except for those commitments arising from loan agreements.

Penalties and remedies:

In the case of any failure by the concessionaire to fulfill any of its obligations under the concession agreement that is not remedied within the period specified in the execution order issued by the State, the concessionaire will be required to make a remedial payment, unless such failure is due to circumstances beyond the concessionaire's control.

In particular, such a payment will be levied in the case of any motorway construction delays or any partial or total interruption of traffic arising from the fault of the concessionaire.

If the concessionaire breaches its obligations concerning tariffs, the tariffs applicable up to the next revision date will be set jointly by the Infrastructure Minister and the Finance Minister.

According to concessions agreements, ASF and Escota are bound to realise investments in determined periods.

Under certain circumstances, a delayed realisation might lead to the restitution to the State of the resulting financial advantage. ASF and the French State would have to agree on the form of the compensation.

The 13th Amendment for ASF and the 12th Amendment for Escota provide as well that the French State and the company would have to agree on the form of a possible compensation if one of the operation was not fully completed within the period of 36 months from the entry into force of the Amendments.

In case of delay in the completion of the investment program ASF or Escota would incur a penalty unless such delay is due to circumstances beyond the concessionaire's control.

Termination for default:

The concession agreement may be terminated by decision of the State made by decree of the Conseil d'Etat, if any of the following breaches are not remedied within 30 days of receiving an execution order:

- the concessionaire, other than as a result of a "force majeure" event: interrupts operations repeatedly or for a lengthy period without authorization or commits a serious breach of any other contractual obligations;
- the concessionaire transfers the concession without prior and express authorization of the State;
- the concessionaire fails to obtain on a timely basis the funds required to finance the design, construction, operation and maintenance of a motorway.

In the event of termination for default, the concession agreement will be granted to a new concessionaire, in compliance with applicable laws and regulations, through a competitive bidding process. In this case, the bid price will be paid by the new concessionaire to the disqualified company, immediately following publication of the Conseil d'Etat decree approving the new concession agreement and related specifications.

The Puymorens tunnel concession agreement:

The concession agreement for the Puymorens tunnel was signed on 2 June 1994 for a period expiring on 31 December 2037. As from 2013, the concession may also be terminated by the State on 1 January of each year, subject to giving one year's notice. Under the terms of the concession agreement, when the concession expires or is terminated, the State will assume all of debts and obligations relating to the concession.

ASF is entitled to request a tariff increase if this is necessary to preserve the financial viability of the concession. In addition, variable tariffs may be applied according to the season and tunnel-users may be offered cut-price subscriptions. These tariffs must be submitted for the approval of the Infrastructure Minister one month before they are introduced. ASF is entitled to outsource the operation of tunnel-related facilities, subject to the restrictions described above. The related fees are included in concession revenues.

1.5 - Business overview

Issuer profile

France has a long experience both of motorway building and of motorway management, in particular as regards concessions. In 2010, the French motorway network was approximately 11,400 km long, of which about 8,600 km were conceded.

In 1994, three regional public operators were created: ASF and its subsidiary Escota to cover the Southern region, Sanef (Société des Autoroutes du Nord et de l'Est de la France) and its subsidiary SAPN (Société des Autoroutes Paris-Normandie) to cover the Northern and Eastern regions, and SAPRR (Société des Autoroutes Paris-Rhin-Rhône) and its subsidiary AREA (Société des Autoroutes Rhône Alpes) to cover the Rhin-Rhone and Rhone-Alpes region, the western region of France being covered by the private operator Cofiroute.

In its 50-year history, ASF growth has been built on three core areas of expertise: financing, building and operating transport infrastructure.

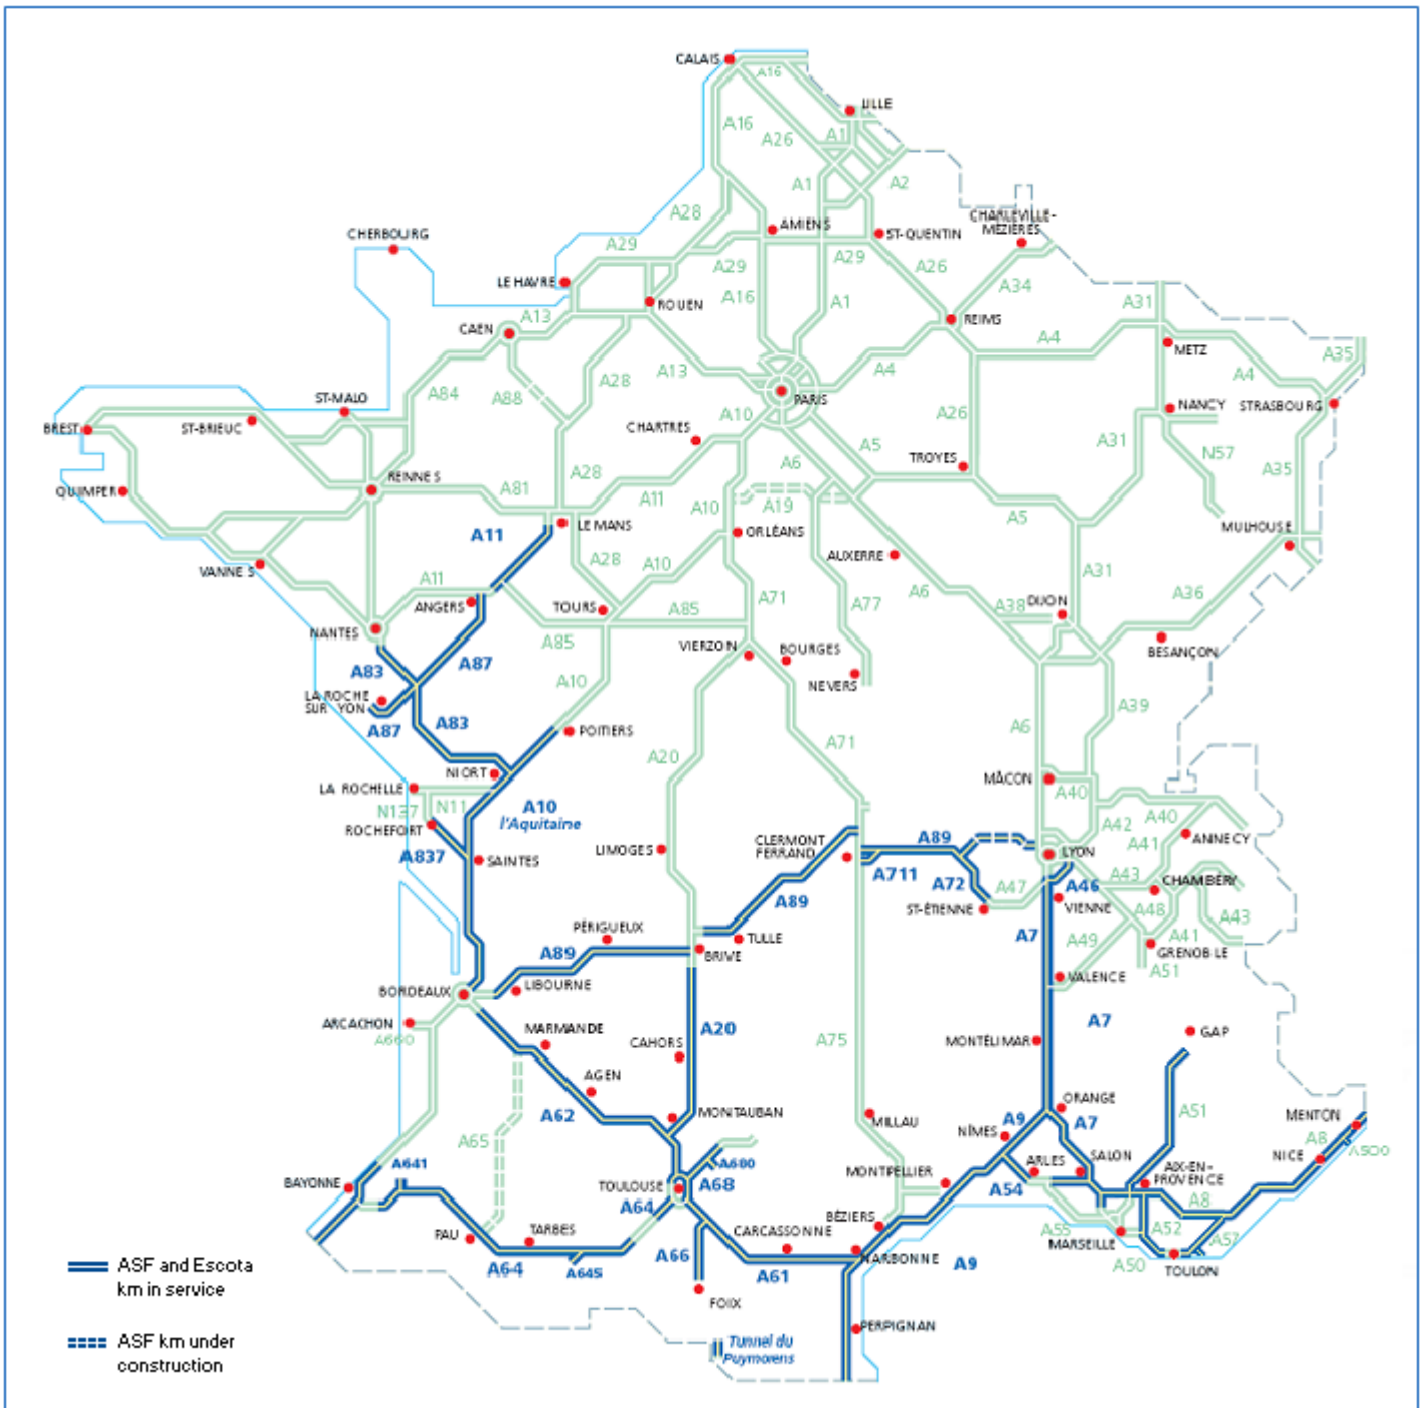

Today ASF is the largest motorway concessionaire in France (3,173 km). It is operated by ASF with 2,714 km (including the 5.5 km long Tunnel du Puymorens concession and the 53 km long Lyon-Balagny section) and Escota (ASF's 99.30 per cent owned subsidiary) with 459 km, located mainly along the French Riviera. This network represents around 36 per cent of the total French conceded network in service.

ASF's Network

At 31 December 2011, ASF's motorway network totalled 3,098 km in service (97.6 per cent of the conceded network), 75 km under construction or still to be built.

ASF and Escota networks are strategically positioned to capitalize on above average demographic growth in the South of France and on traffic flows between the Iberian peninsula and Italy on the one hand and Northern Europe on the other hand. Thanks to this positioning, the network attracts not only European freight and tourist traffic but also high volumes of local traffic.

There are 4 main players in motorways concessions in France:

- ASF Group: 3,173 km under concession;
- APRR Group: 2,282 km under concession

Autoroutes Paris-Rhin-Rhône (APRR), an Eiffage subsidiary, currently operates 2,264 km of motorways out of a 2,282 km network under concession from the French State. The network comprises the Paris-Lyon corridor (A5, A6, A39), the Burgundy-North Europe connector (A31-A36), the alpine motorways of the Rhône-Alpes region (A40, A41, A42, A43, A48, A49, A51 north) and the motorways of central France (A77, A71);

- Sanef Group: 2,032 km under operation

Sanef and his main subsidiary SAPN have built up a motorway network of 1,757 kilometres in France, comprising the A1 and A2 in the north, the A4 in the east, the A13 and A14 in the west and the link motorways (A16, A26 and A29). It also owns 20% of Alis, which holds the concession for the A28 motorway, and 35% of ALIENOR consortium which holds the concession of A65 Pau Langon section. Sanef Group is part of the Abertis group

- Cofiroute: 1,111 km under concession

Cofiroute is the only French motorway concession company that has remained in the private sector since its creation in 1970. Its main shareholder is VINCI which holds 83.3 per cent. The company operates 1,100 km of motorway in western France (A10, A11, A28, A71, A81 and A85). Cofiroute also holds the concession for the underground link of the A86 motorway in Ile de France (11 km).

Historical traffic evolution

ASF Group saw its traffic level increase in 2011 by +0.5% compared with the previous year:

- +0.5% for light vehicles, which accounted for 86.7% of total traffic,
- +0.2% for heavy vehicles

Main activities

Motorway Construction:

ASF Group acts as project manager for the construction of the infrastructure it has committed to perform under its concession agreements or programme plan. The first task is to define the precise itinerary of the motorway within the 300m strip covered by the declaration of public interest. This choice is governed by two priorities – road safety and blending the motorway into its local environment with a view to minimizing any disturbances for local residents. ASF teams of architects and landscapers use advanced imaging technology and other tools to simulate the course of the motorway and assess its impact on local populations and on the natural environment. Road works are outsourced by way of competitive tenders.

Motorway and Infrastructure Maintenance:

Pursuant to the Programme Plan with the French State, ASF is also bound to make additional investments on existing motorways. These investments are to adapt infrastructure, mainly to cope with increasing traffic, and include road-widening, toll plazas and rest and service area extensions and interchanges construction.

ASF also invests in infrastructure maintenance to repair damage due to high traffic and infrastructure ageing and to comply with new technical standards.

Toll Collection:

There are three toll collection systems on ASF and Escota's motorways: manual toll, automatic toll and electronic toll "Liber-t".

Liber-t is an electronic toll collection system, developed by the French motorway operators. It is valid on the whole toll French motorway network and allows direct payment of tolls from the user's bank account. This system also has advantages for the motorist: slowing down without stopping at the toll plaza and, on heavy traffic days, easier access; and the system benefits the Company: by way of cost reductions in the operation and construction of toll plazas (fewer lanes needed when compared with conventional manual toll collection plazas).

ASF and Escota hold a 35.5 per cent stake in SAS AXXES, whose task is to issue tags which are used for the European interoperable truck electronic toll collection system. At ASF and Escota, the installation of truck electronic toll collection equipment at interchanges and the development of the appropriate information system have been completed and the electronic toll system was opened to heavy goods vehicles in April 2007.

Developments in new concessions:

Since its acquisition by VINCI, ASF does not currently intend to develop any further concessions activities. However ASF is providing VINCI CONCESSIONS with all required expertise in order to support new concessions developments.

Since 2002, ASF has been in a partnership with Bouygues Construction in respect of the Highway 2000 project in Jamaica. Today, ASF contemplates to sell its participation in related companies ie 25.2 per cent of the concession company Tranjamaican Highway (TJH) and 51 per cent of the operating company Jamaican Infrastructure Operator (JIO).

Services:

ASF performs operation, maintenance and advisory activities linked to motorway infrastructure through service contracts.

On 11 November 2005, ASF won the Lyon Northern Ring road operating contract following a call for tenders by the Great Urban Community of Lyon. This eight year contract was won on the grounds of ASF's expertise in road operations and automatic tolls. Openly, a new 100 per cent ASF subsidiary was set up to operate the bypass and achieve infrastructure maintenance for a fixed price of €1.4 million per year and a variable payment. Lyon Northern Ring road is 10 km long and includes three tunnels, a covered trench and a viaduct. The average traffic is about 87,206 vehicles per day on the toll free section and of 46,730 vehicles per day in the central toll section.

Assistance to the Customer:

Adequate service levels are ensured through innovative initiatives. These may include new equipment, new systems or effective and timely solutions for incidents or crises as they occur.

Road assistance – which is part of ASF's obligations under the terms of the Concession Agreement – consists of patrolling motorways in order to detect and correct anomalies and thus prevent accidents and to assist road users. ASF and Escota have Assistance and Maintenance Centres strategically located to provide efficient assistance on all motorways. Their networks are broken down into districts which cover about 50 km of motorway in high-traffic areas and 90 to 120 km in the other areas, each benefiting from a strongly reactive organisation dedicated to managing traffic flows and responding to incidents.

Assistance to road users includes rapid breakdown services, refuelling and car removal services.

Service areas are one of the most useful services made available on the network. Located on the roadside every 40 km on average, the service areas are organised through concession to third parties with ASF exercising active control in respect of both service quality and capacity. The Group network includes 321 rest and service areas.

R&D:

ASF will continue to develop technologies linked with highways activities to improve security, environment protection and quality of service.

Road Safety:

ASF's increasing concern with traffic conditions and road safety has led to continuous improvements in active and passive safety measures.

ASF and Escota have stepped up actions aimed at improving the safety of their clients and personnel. Some noteworthy measures deserve to be mentioned: the use of the dynamic speed regulation system on days of heavy traffic was extended throughout the A7; impact attenuators were installed in the entrances to toll lanes; the time needed to convey information to intervention teams and customers was reduced.

Tariffs

Toll rates on the motorway network increased on 1 February 2011 under contractual arrangements, as follows:

- for ASF, by 2.47% for vehicles in classes 1, 2 and 5; 3.39% for vehicles in class 3 and 3.87% for vehicles in class 4;
- for Escota, by 2.49% for vehicles in classes 1 and 2, 4.19% for vehicles in class 3, 4.33% for vehicles in class 4 and 1.35% for vehicles in class 5.

Toll collection

Toll revenue amounted to €3,103.1 million in 2011 compared with €3,006 million in 2010, a 3.2 % increase.

The breakdown between ASF and Escota is as follows:

<i>(in € millions)</i>	2011			2010			Change
	ASF	Escota	ASF+Escota	ASF	Escota	ASF+Escota	2011 against 2010
Revenue – tolls	2,455.4	647.7	3,103.1	2,382.8	623.2	3,006.0	3.2%

The number of paying transactions recorded by the two companies' toll stations increased by 1.4% to 675.8 million in 2011 from 666.8 million in 2010.

The use of automatic payment lanes increased by 6.8% to 632.3 million transactions in 2011 compared with 591.9 million in 2010.

The proportion of transactions made on automatic lanes increased significantly during 2011 to 93.6% compared with 88.8% for 2010.

This increase was due to:

- the construction of new automatic payment lanes and the improved attractiveness of such lanes already in operation across the network;
- the increase in the number of light vehicles using tags.

There were 981,289 subscribers to the light vehicle tag payment system for the two companies at 31 December 2011, which corresponds to approximately 1,222,636 tags in circulation (compared with 801,868 subscribers and 1,004,019 tags at 31 December 2010).

Transaction's breakdown by collection method is as follows:

Capital expenditure

As at the end of 2011, of the 3,173 km conceded to ASF and Escota, 3,098 km were in service.

In 2011, the Group's capital expenditure relates for the main part to the build-up of work on the A89 extension towards Lyon (Balbigny to La Tour de Salvagny) and two road-widening works on the A63 on the Basque coast.

During this year, main constructions provided by the ASF specifications did proceed :

- A89: Balbigny to La Tour de Salvagny (53km)
- A87: Sorges to Murs Erigné (7km)
- A63: widening to 2×3 lanes from Biriadou to Ondres (39km)

A89 Between Balbigny and La Tour de Salvagny (53km)

The Conseil d'Etat, in a ruling dated 30 December 2009, definitively confirmed the Minister of Transport's decision of 31 January 2006 and thus Amendment 11 and its regulatory clauses

Works for an amount of €388.7 million were undertaken in 2011.

Progress of work remains overall in line with expected delivery of the full section at the end of 2012.

Civil engineering work continues, following completion of the boring of the de la Bussière and Chalosset tunnels (2 x 1,000 metres and 2 x 700 metres respectively) in the spring of 2011 and of the Violay tunnel (2 x 3,900 metres) mid-August 2011. The first tunnel, Chalosset, was made available in December 2011 to allow installation of equipment to begin.

Construction of the Brévenne, Buvet, Gonon, Bernand, Rey and Valletier viaducts is finished. Work on the deck of the Goutte Vignole viaduct was started mid-December 2011 and work on its superstructure will continue until the spring of 2012.

Road surfacing materials are being delivered and surfacing is 25% complete in the Loire and Rhône départements.

Construction of the district operating buildings and the toll plazas has started at Tarare Ouest, Balbigny and St Romain de Popey and the first canopy has been installed at the Tarare Ouest toll plaza.

A87 Sorges-Mûrs Erigné (7 km)

Road-widening work is nearing completion (including drainage and anti-noise screens).

The new viaduct on the Loire entered service in the summer of 2011 and the diversion of traffic on to it enabled renovation work to start on the existing viaduct at the end of October 2011.

Work on improvement work has started. Surfacing will be carried out mid-2012, after the work on the existing viaduct.

Widening and capacity improvement:

A63 Biriattou-Ondres: widening to three-lane dual carriageway (39 km)

Work on the Biarritz–Ondres section (18 km) remains on track for an expected opening to traffic of the three-lane dual carriageway in June 2012, several months ahead of the contractual deadlines (31 December 2013 for Biarritz–Bayonne Nord, 31 December 2016 for Bayonne Nord–Ondres).

Work on the A63–RD1 interchange has been completed, also ahead of schedule (Note: the RD1 links to the A64 in the Bayonne–Anglet–Biarritz sector).

Two lanes of the new viaduct on the Adour, inaugurated in May 2011, have been open to traffic since mid-October 2011, to enable the heavy renovation phases on the existing viaduct to be carried out.

Progress on the southern section, between Biriadou and Biarritz (22 km), remains conditional on the discussions between the French government and the local authorities regarding the Saint-Jean-de-Luz Sud toll plaza.

A9 Perpignan Nord–Le Boulou: widening to three-lane dual carriageway (31 km)

Work on widening bridges from the outside on the Perpignan Nord–Perpignan Sud section (including the Têt viaduct) is complete.

Major works on the widening to three-lane dual carriageway (earthworks, hydraulics, communications restoration and civil engineering – including noise barriers and ground-mounted and overhead signs) have been under way since July 2011 and are progressing as planned.

The target entry into service of the three-lane dual carriageway Perpignan Nord–Perpignan Sud section remains 30 June 2013, at the latest, in accordance with ASF’s contractual commitment.

Regarding the following section, from Perpignan Sud to Le Boulou, the compulsory purchase procedures are complete and all the necessary land for the project is now arranged. The procedures required before work starts should be finished at the beginning of 2013.

A9 relief motorway for the A9 at Montpellier (23 km)

The Minister for the Ecology, Sustainable Development, Transport and Housing has confirmed, by means of a Ministerial Decision on 29 September 2011, that the project to improve the A9, declared as being in the public interest on 30 April 2007, would go ahead. This project consists in building a relief A9 three-lane dual carriageway over a 23 km stretch, of which 12 km is along a completely new route. The existing A9 motorway should be converted to an urban highway where it crosses Montpellier.

Since then, on 21 October 2011, the French Transport Minister has asked for resumption of the compulsory purchase procedures and archaeological digs, suspended in March 2009.

Other investments on motorways in service:

Montgiscard interchange

This new interchange was inaugurated on 14 November 2011 and entered service on 15 November 2011, at the same time as the link between the RN 113 and the RD 16 roads built by the Haute Garonne local authority.

The scheduling for carrying out these two interrelated operations was carefully coordinated, in particular during the last two years of work.

Perthus toll plaza

In connection with the pre-litigation procedure launched by the European Commission against France, under article 22 of EC Regulation 562/2006, which requires Member States to remove all obstacles to fluid traffic flow at road crossing points at internal borders, ASF carried out a provisional first phase of work in the autumn of 2010, (involving removal of the superstructure, dismantling Customs and Police shelters, and conversion to two-lane dual carriageway).

A second phase of work (involving the definitive reorganisation) was then ordered by the authorities on 29 June 2011, following finalisation with Customs of a dynamic traffic management system.

The corresponding work was started at the end of August 2011 and completed on 20 December 2011 when delivery was taken of the dynamic HGV verification management system.

Escota's investments related in particular to:

- work to render the tunnels on the A8 bypassing Nice as far as La Turbie and between La Turbie and the Italian border compliant with the new safety rules;
- work to widen the A8 to three-lane dual carriageway on the Chateauneuf-Le-Rouge–Saint-Maximin section, and to widen the A50 to three-lane dual carriageway on the La Ciotat–Bandol section.

Investments in existing motorways:

Under the ASF and Escota Programme Plans, the two companies were committed to making additional investments in existing motorways over the period 2007-2011. A substantial part of annual capital budgets are earmarked for adapting the infrastructure, mainly to cope with increased traffic. This involves carrying out road-widening schemes, extending toll plazas, rest and service areas, and building new interchanges.

Investments in operating assets are intended to improve safety by installing modular crash barriers on central reservations, motorcycle crash barriers, lay-bys, etc.

Capital expenditure on existing motorways totalled €562.1million in 2011, as follows:

Infrastructure maintenance plans are designed to optimise maintenance operations without compromising either road-user safety or the ongoing upkeep of our assets.

In 2011, €73.2 million was spent on infrastructure maintenance (86.2% for ASF and 13.8% for Escota).

2011 main financial indicators:

TAXATION

The following is a summary limited to certain tax considerations in France, in Luxembourg and in the European Union relating to the payments made in respect of the Notes that may be issued under the Programme and specifically contains information on taxes on the income from the securities withheld at source. This summary is based on the laws in force in France and in Luxembourg as of the date of this Base Prospectus and as applied by the tax authorities all of which are subject any changes or to different interpretation. It does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. It is included herein solely for information purposes and is not intended to be, nor should it be construed to be, legal or tax advice. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes in light of its particular circumstances and should not apply information set out below to other areas including (but not limited to) the legality of transactions involving the Notes.

1. EU Savings Directive

The EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (the **Directive**) requires each Member State as from 1 July 2005 to provide to the tax authorities of another Member State details of payments of interest and other similar income within the meaning of the Directive made by a paying agent within its jurisdiction to (or under circumstances to the benefit of) a beneficial owner (within the meaning of the Directive) resident in that other Member State, except that Luxembourg and Austria will instead impose a withholding system for a transitional period unless the beneficiary of interest payment elects for the exchange of information. The rate of this withholding tax is currently 35%. A number of non-EU countries and territories including Switzerland have agreed to adopt similar measures (a withholding system in the case of Switzerland) with effect from the same date.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on a payment made by a paying agent, the Issuer will be required to maintain a paying agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

2. French Taxation

The descriptions below are intended as a basic summary of certain withholding tax considerations relating to the payments in respect of the Notes made to a Noteholder who (i) is not a French resident for tax purposes, (ii) does not hold the Notes in connection with a permanent establishment or a fixed base in France and (iii) is not otherwise affiliated with the Issuer.

Directive

The Directive has been implemented in French law by Article 242 *ter* of the French General Tax Code (*Code général des impôts*) and Articles 49 I *ter* to 49 I *sexies* of the Schedule III to French *Code général des impôts*. Article 242 *ter* of the French General Tax Code (*Code général des impôts*), imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Please refer to the section "EU Savings Directive" above for more details.

Withholding Tax

- (a) Following the introduction of the French "*loi de finances rectificative pour 2009* (no. 3 (n°2009-1674 dated 30 December 2009)) (the "**Law**"), payments of interest and other revenues made by the Issuer with respect to Notes (other than Notes (described below) which are assimilated (*assimilables* for the purposes of French law) and form a single series with Notes issued prior to 1 March 2010 having the benefit of Article 131 *quater* of the French General Tax Code) (*Code Général des Impôts*) will not be subject to the withholding tax set out under Article 125 A III of the French General Tax Code (*Code Général des Impôts*) unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French General Tax Code (*Code Général des Impôts*) (a **Non-Cooperative State**). If such payments under the Notes are made in a Non-Cooperative State, a 50 % withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French General Tax Code (*Code Général des Impôts*).

Furthermore, interest and other revenues on such Notes are not deductible from the Issuer's taxable income, if they are paid or accrued to persons established in a Non-Cooperative State or paid in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French General Tax Code (*Code Général des Impôts*), in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French General Tax Code (*Code Général des Impôts*), at a rate of 30% or 55%.

Notwithstanding the foregoing, the Law provides that neither the 50% withholding tax nor the non-deductibility will apply in respect of a particular issue of Notes if the Issuer can prove that the principal purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the ruling (*rescrit*) no. 2010/11 (FP and FE) of the *Direction Générale des Impôts* published on 22 February 2010, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411.1 of the French Monetary and Financial Code or pursuant to an equivalent offer in a state or territory other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
 - (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
 - (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.562-2 of the French Monetary and Financial Code (*Code monétaire et financier*), or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.
- (b) Payments of interest and other revenues on Notes that are issued after 1 March 2010 and which are to be assimilated (*assimilables* for the purpose of French law) and form a single series with Notes issued (or deemed issued) outside France, as provided under Article 131 *quater* of the French *Code général des impôts*, before 1 March 2010 will continue to be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting *obligations* under French law, or *titres de créances négociables* within the meaning of rulings (*rescrits*) 2007/59 (FP) and 2009/23 (FP) of the *Direction Générale des Impôts* dated 8 January 2008 and 7 April 2009, respectively, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France for the purpose of Article 131 *quater* of the French *Code général*

des impôts, in accordance with Circular 5 I-11-98 of the French tax authorities dated 30 September 1998 and the aforementioned rulings (*rescrits*) 2007/59 (FP) and 2009/23 (FP).

In addition, interest and other revenues paid by the Issuer on Notes which are to be assimilated (*assimilables* for the purposes of French law) and form a single series with Notes issued before 1 March 2010 will not be subject to the withholding tax set out in Article 119 *bis* of the French *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

The tax regime applicable to Notes which do not satisfy the conditions mentioned hereinabove will be set out in the relevant Final Terms.

3. Luxembourg Taxation

Withholding Tax

(i) Non-resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the laws of 21 June 2005 (the "**Laws**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

Under the Laws implementing the EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the "**Territories**"), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which is a resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it is currently levied at a rate of 35 per cent.. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Laws would at present be subject to withholding tax of 20 per cent.

(ii) Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 (the "**Law**") mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Law payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 10 per cent.
