Euro 3,000,000,000
Euro Medium Term Note Programme
Due from one year from the date of original issue

Under the Euro Medium Term Note Programme (the **Programme**) described in this base prospectus (the **Base Prospectus**), Cofiroute (the **Issuer** or **Cofiroute**), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the **Notes**). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 3,000,000,000 (or the equivalent in other currencies).

Application has been made to the *Commission de surveillance du secteur financier (CSSF)* in Luxembourg for approval of this Base Prospectus in its capacity as competent authority under the "*loi relative aux prospectus pour valeurs mobilières*" dated 10 July 2005 as amended, which implements Directive 2003/71/EC of 4 November 2003, as amended, on the prospectus to be published when securities are offered to the public or admitted to trading. In the line with the provisions of article 7 (7) of the *loi relative aux prospectus pour valeurs mobilières* dated 10 July 2005, the CSSF assumes no responsibility as to the economic and financial soundness of the transaction and the quality or solvency of the Issuer. Application will be made to the Luxembourg Stock Exchange during the period of 12 months from the date of the approval of this Base Prospectus by the CSSF for Notes issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market and to be listed on the Official List of the Luxembourg Stock Exchange. The Regulated Market of the Luxembourg Stock Exchange is a regulated market for the purposes of Directive 2004/39/EC, as amended (a **Regulated Market**). However, Notes issued pursuant to the Programme may also be unlisted or listed and admitted to trading on any other market, including any Regulated Market in any member state of the European Economic Area (the **EEA**). The relevant final terms (the **Final Terms**) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading, and, if so, the relevant Regulated Market.

Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**), as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L. 211-3 and R. 211-1 of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (**Euroclear France**) (acting as central depository) which shall credit the accounts of Account Holders (as defined in "Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination") including Euroclear Bank S.A./N.V. (**Euroclear**) and the depository bank for Clearstream Banking, société anonyme (**Clearstream, Luxembourg**) or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iv)), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either with the Issuer or with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a **Temporary Global Certificate**) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificates issued in respect of Materialised Bearer Notes") upon certification as to non U.S. beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined in "General Description of the Programme") intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depository on behalf of Euroclear and/or Clearstream, Luxembourg and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the Dealer (as defined below).

In relation to the Programme, Standard & Poor's Credit Market Services Europe Limited (**S&P**) has assigned a long-term public issue credit rating of A-. Notes issued under the Programme may be rated or unrated. Notes, whether Unsubordinated or Subordinated (all as defined in "General Description of the Programme"), will have such rating, if any, as is assigned to them by the relevant rating organisation as specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned under the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

As at the date of this Base Prospectus, S&P is established in the European Union and registered under Regulation (EU) No. 1060/2009 of the European Parliament and of the Council dated 16 September 2009, as amended (the **CRA Regulation**), and included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with the CRA Regulation.

RISK FACTORS

1. Risk factors relating to the Issuer and its operations

1.1 Operating risks

Concentration of revenue sources

98.9 per cent. of the sales turnover for the year ending 31 Decembre 2015 (excluding revenue from construction work) of **Cofiroute** consists of toll revenues received under its two current concession agreements. These concession agreements consist of the Cofiroute Intercity Network concession agreement expiring in June 2034 (the **Cofiroute Concession Agreement**), and to a lesser extent the A86 Duplex Tunnel concession agreement expiring in December 2086 (the **A86 Concession Agreement**, together with the **Cofiroute Concession Agreement**, the **Concession Agreements**).

Cofiroute is almost entirely dependent on the revenues generated by the Cofiroute Concession Agreement (95.8 per cent. of toll revenue). This risk is, however, mitigated by the size of the Cofiroute network and the number of routes covered.

The Issuer considers that the risks related to the diversification of its business are very limited.

Change in traffic and toll receipts

Toll receipts, which represent the bulk of Cofiroute revenues, depend on the number of paying vehicles, tariffs and the network's ability to absorb traffic.

A certain number of factors, such as the quality, convenience and travel time of toll-free roads or toll motorways that are not part of the Cofiroute network, the economic climate and fuel prices in France, environmental legislation (including measures to restrict motor vehicle use in order to reduce air pollution), new taxes levied on road infrastructure users, the existence of alternative modes of transport (in particular rail and air travel) and road users' resistance to tolls (which are linked to inflation) would have an impact on traffic volumes, which is currently difficult to estimate.

Tariffs and tariff increases are determined by the Cofiroute Concession Agreement and A86 Concession Agreement. Cofiroute can give no assurance that the tariffs it is authorised to charge will be sufficient to guarantee an adequate level of profitability.

Moreover, a change in the toll collection technologies in France (such as in other European countries) may also be contemplated. However, it is not possible to estimate all the consequences in term of revenues and costs for Cofiroute at this stage.

Changes in the inflation rate

Toll rate adjustments are based on annual changes in the French consumer price index (excluding tobacco). Accordingly, Cofiroute is exposed to the risk of a decline in the rate of inflation. A decrease in the inflation rate would result in lower toll rate increases, which could adversely affect the evolution of Cofiroute's net operating cash flows. Conversely, an increase in the inflation rate would result in toll rate increases which could have an adverse effect on traffic.

Traffic saturation on certain motorways

Some parts of Cofiroute's motorways may become saturated at certain peak periods of the year, especially in summer. Cofiroute is working with the French State and the relevant local authorities to identify solutions to reduce traffic to acceptable levels. For example, certain investments of the French government's stimulus plan relate to the widening of sections of the A10 motorway near Orleans and Tours, in order to reduce congestion.

However, no assurance can be given that other saturation problems will be resolved at an acceptable cost to Cofiroute, or that the problems will not lead to new concessions being awarded to competitors. At present, Cofiroute estimates that traffic saturation does not have a material impact on its revenue.

Regulatory environment

Cofiroute operates in a highly regulated environment and its results are influenced by government toll road policies.

As in all highly regulated industries, regulatory changes could affect Cofiroute's business. However, in the event of a change in technical regulations related directly to the concession that could impair the equilibrium of concession operations, Cofiroute and the French State will negotiate compensatory measures under concession regulatory environment. Cofiroute can give no assurance that such negotiations would cover the entire cost of any losses that Cofiroute may suffer.

The concessionaire is liable for all current and future taxes relating to the concession. However, under the terms of the Concession Agreements, in the event of a change in tax rules relating to motorways or the introduction of new taxes on motorway operators during the life of the relevant concession agreement that may change the financial balance of the relevant concession, the French State and the concessionaire will enter into negotiations to mutually agree on any compensatory measures to be taken to ensure that economic and financial conditions remain unchanged.

State termination and buy-out option

From 31 December 2027, the French State will have the right to buy back the Cofiroute concession, on 1 January of each year, subject to giving one year's notice.

If the buyback option is exercised, the concessionaire will be entitled to compensation corresponding to annual payments based on revenues minus operating, maintenance and renewal expenses over the remaining term of the relevant concession and a sum of normative net book value (based on a linear depreciation over 15 years) of the last 15 years investments before the year in which the buyback is completed (See paragraph 1.4 entitled "State buyback option" in the Description of the Issuer section).

In addition, the French State may terminate the Cofiroute Concession Agreement due to a serious breach of Cofiroute's contractual obligations (except in case of *force majeure*). In this case, the concession would be awarded to a new operator under a competitive bidding process and Cofiroute would receive the bid price paid by the new concessionaire (See paragraph 1.4 entitled "Termination for default" in the Description of the Issuer section).

However, Cofiroute can give no assurance that this price will cover all of its liabilities. Moreover, if no operator were found, Cofiroute would be entitled to no compensation.

From the 31 December 2031, the French State has the right to terminate the Cofiroute Concession Agreement when Cofiroute reaches a cap on return based on the cumulative evolution of its operating income since 2006.

Expiry of Concession Agreements, return of assets to the French State

Substantially all of Cofiroute's revenues are derived from operations under the Concession Agreements. When the Concession Agreements expire, Cofiroute will be required to surrender substantially all of the related assets to the French State, without compensation.

Increased competition

Cofiroute is exposed to competition from alternative road networks and also from alternative means of transport (in particular rail and air travel).

Cofiroute's network is in competition with several toll-free roads, in particular the RN12 from Paris to Brittany and the RN20, which is an alternative to the A10 and A71 motorways.

French transport policy currently focuses on restoring the balance among the various modes of transport. Efforts are being made to limit traffic by heavy goods vehicles by encouraging freight back onto rail, with the target of at least doubling rail freight in the next ten years. At a European level, the European Commission's 2001 White Paper targets the rebalancing of modes of transport by 2030. This less ambitious goal takes into account the fact that only a small proportion of freight is currently carried by rail, and that road shipping still remains the main means of transport over short distances, where alternative means of transport do not yet match with the current needs of the economy. Cofiroute considers that competition from rail is currently limited.

Up to now, passenger traffic on the high-speed train links does not represent a material source of competition for the Cofiroute network, as illustrated by the traffic trend in motorways following the same routes over the past years.

Labour unrest and damage or destruction of sections of Cofiroute's motorways could adversely affect Cofiroute's revenues, operations' results and financial condition

Like all motorway concessionaires, Cofiroute faces potential risks from labour unrest, natural disasters such as earthquakes, flooding, landslides or subsidence, collapse or destruction of sections of motorway or the spillage of hazardous substances. The occurrence of any such events could lead to a significant decline in toll revenues from Cofiroute's motorways or a significant increase in expenditures for the operation, maintenance or repair of the Cofiroute network. Although Cofiroute carries all necessary risk and accident insurance, there can be no assurance that these policies would cover all of the incremental costs resulting from damage to the network. Cofiroute does not carry business interruption insurance covering the loss of toll receipts as a result of strike action or blockages of toll booths by protestors or as a result of accidents or damage to roads, tunnels or bridges.

1.2 Construction risks

The large-scale construction projects expose Cofiroute to the risk of shortages of materials or labour, higher material or labour costs, general factors affecting economic activity and the credit market, business failures by contractors or subcontractors, work stoppage due to bad weather or unforeseen engineering or environmental problems. Under the Concession Agreements, remedies can be sought in case the construction of a motorway fails to meet the initial schedule or a section of motorway is not made available on time.

Although Cofiroute has significant experience and seeks to limit this risk in its agreements with contractors, no assurance can be given that these factors will not, under certain circumstances, have an adverse effect on Cofiroute. This risk is however limited considering that the entire conceded network has already been built.

1.3 Environmental risks

Cofiroute incurs, and will continue to incur, costs to comply with environmental, health and safety laws and regulations.

These include regulations covering noise pollution, water protection, air quality and atmospheric pollution, waste prevention, greenhouse gas emissions, protection of sites of archaeological interest, national parks, nature reserves, classified sites, "Natura 2000" sites (conservation areas for the protection of natural habitats and rare species of plants and animals), forest fire prevention and waste disposal. Cofiroute may be subject to stricter laws and regulations in the future, thereby incurring higher compliance costs. In the case of an accident or damage to the environment, Cofiroute may be subject to personal injury or property damage claims or legal proceedings for harm to natural resources. The business or profitability may be adversely affected if Cofiroute is unable to cover environmental protection costs or costs arising from its partial liability for any accidents, by raising the tariffs pursuant to the terms of the Concession Agreements.

Cofiroute complies with all applicable environmental regulations and standards and has set up a quality control system covering its activities in building, operation and maintenance. Formal design and management standards as well as guidelines have been issued, spanning all aspects of the business. Since December 2011, all of Cofiroute's construction, maintenance and operating activities relating to the motorway network (including tunnels) have had ISO 14001 environmental management certification. The Sustainable Development and Quality Department of Cofiroute, which is separate from operational departments, coordinates environmental initiatives, ensures that they are applied correctly and measures the results.

Respect for the environment is a central priority for Cofiroute, which aims to continuously improve its environmental performance and prevent pollution. In partnership with all stakeholders, including nature preservation associations, Cofiroute acts to implement appropriate solutions on the issues of noise, water, air quality, greenhouse gas emissions and biodiversity. Preservation of natural resources, energy savings and optimisation of waste management in the operating centres and on the Cofiroute network are also priorities.

Further information is available in the section entitled "Environmental information" in paragraph 6.2 of the Board of Directors' management report contained in the Issuer's annual financial report 2015.

1.4 Market risks

Liquidity risks

Cofiroute's exposure to liquidity risk relates to its obligation to its existing debt and to obtaining financing in future for working capital needs, capital expenditure and general purposes.

At 31 December 2015, Cofiroute's net debt was €1,856 million. The repayment schedule of the nominal long term debt (€3,160 million) is as follows:

For the refinancing of maturing debt and financing of future expenditures, Cofiroute will have recourse mainly to the bond market and the banking system.

At 31 December 2015, Cofiroute had a net cash managed of €1,327 million and unused revolving facilities for a total amount of €500 million maturing in 2020. Financial terms of bank credit lines of €500 million are determined based on a leverage ratio.

Taking into account of net cash managed and unused credit facilities (€500 million), Cofiroute's liquidity position at 31 December 2015 was €1.8 billion covering the total amount of external long term debt to be redeemed up to 2018.

Cofiroute's financing agreements (bonds, bank loans and credit facilities) do not include financial covenants that may trigger default event.

The EIB (European Investment Bank) loan contracts provide a rating clause under which, if Cofiroute is downgraded, the parties shall consult one another in order to provide the lender with sufficient information to assess the situation. Following such consultation, the EIB is authorised to request the provision of guarantees or collateral in its favour. If Cofiroute fails to satisfy this request within a reasonable time, the EIB may require an early redemption of the loans. Since the execution of the loans mentioned above, the Issuer has been downgraded. The EIB after having considered Cofiroute's situation following such downgrade, has not requested the provision of guarantees or collateral.

On 31 March 2014, Standard & Poor's raised its credit rating of Cofiroute from BBB+ to A-, with stable outlook.

Interest rate risk

Due to the level of its net debt, Cofiroute may be affected by the evolution of the euro zone interest rates. Cofiroute intends to preserve and optimise its financial results on a long term basis by implementing an interest rate hedging policy based on a targeted allocation of net debt between fixed rate, capped rate, inflation linked rate and floating rate depending on the level of leverage measured by the net debt/EBITDA

ratio. The Treasury Committee of Cofiroute, which comprises the VINCI Executive Vice President and CFO, the VINCI Autoroutes CFO and the VINCI group Treasurer and which meets regularly, follows the interest rate exposure of Cofiroute and implements the coverage policy.

In connection with the coverage policy, Cofiroute implements some hedging instruments in the form of options or swaps.

At 31 December 2015, 61 per cent. of Cofiroute's long-term gross debt was at a fixed rate and 39 per cent. was at a floating rate.

Foreign exchange risk

Given that almost all of Cofiroute's business is carried out in France, its exposure to foreign exchange risk is very limited.

1.5 Legal risks

As part of the ordinary course of its business, the Issuer is subject to a number of administrative proceedings and civil actions relating to the construction, operation and management of the Issuer's network.

Cofiroute considers that its insurance policies provide adequate coverage of material potential risks, with its general civil liability covered up to €30 million per claim. Cover for losses arising from liability claims for accidental environmental damage amounts to €1.5 million per claim and for total claims per insurance year at Cofiroute. Companies that participate in the construction of motorways are required to carry insurance covering their own liability. Although Cofiroute has property and casualty and liability insurance, it can give no assurance that these policies will cover the total amount of claims related to the construction, maintenance or operation of the motorways, bridges and tunnels.

1.6 Risk related to the Toll Collect

Cofiroute has a 10 per cent. interest in a consortium that finances, develops and operates an automated heavy goods vehicle toll collection service on the German motorway network. The operating company is Toll Collect GmbH.

The two majority partners of the consortium, Deutsche Telekom and DaimlerChrysler Financial Services, have entered into arbitration proceedings with the German government in relation to commercial disputes. Cofiroute is not a party to such proceedings.

The Issuer's liability in the consortium and in the operating company is limited to €70 million by contractual arrangements with the two majority partners, with such amount having been fully paid as at 31 December 2004 and fully written down by the Issuer. Additional financing and guarantees in the context of this project have been and will be (if necessary) provided by the two majority partners of the consortium. The two majority partners have undertaken to indemnify the Issuer from any liability in connection with it being a member of the consortium that would exceed the €70 million maximum contribution, including advance payments in certain instances.

The consortium has undersigned a new contract with the Bund and has successfully implemented an extension of 2,000 km of federal road in 2015 and an extension to trucks with a weight between 7.5 and 12 tonnes. The general contract scheduled to end in 2015 has been extended to 2018 with a change order. After talks lasting nine months, Toll Collect and the German Ministry of Transport have signed a contract worth approximately €500 million to extend the existing toll collection system to 40,000 km of federal roads.

2. Risk factors relating to the Notes

The following paragraphs describe some risk factors that are material to the Notes to be admitted to trading in order to assess the market risk associated with these Notes.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. They do not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in a particular Series of Notes and the suitability of investing in the Notes in light of their particular circumstances. Terms

used but not defined in this section will have the meaning given to them in the section entitled "Terms and Conditions of the Notes".

2.1. General Risks Relating to the Notes

2.1.1. Independent Review and Advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

2.1.2. Potential Conflicts of Interest

Each of the Issuer, the Dealer(s) or their respective affiliates may deal with and engage generally in any kind of commercial or investment banking or other business with any issuer of the securities taken up in an index, their respective affiliates or any guarantor or any other person or entities having obligations relating to any issuer of the securities taken up in an index or their respective affiliates or any guarantor in the same manner as if any index-linked Notes issued under the Programme did not exist, regardless of whether any such action might have an adverse effect on an issuer of the securities taken up in the index, any of their respective affiliates or any guarantor.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the calculation agent, if any, for a Tranche of Notes and the Noteholders (including where a Dealer acts as a calculation agent), including with respect to certain discretionary determinations and judgements that such calculation agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes.

2.1.3. Dealers transacting with the Issuer

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in financing, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. For the purpose of this paragraph the term "affiliates" includes also parent companies.

2.1.4. Legality of Purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

2.1.5. Modification, waivers and substitution

The conditions of the Notes contain provisions for calling General Meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting and Noteholders who voted in a manner contrary to the majority.

2.1.6. Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for the Notes. Potential investors are advised not to rely upon the tax overview contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor. Potential investors are also advised to ask for their own tax adviser's advice on their individual taxation when payments of interest and other revenues with respect to the Notes are made by a paying agent (within the meaning of Council Directive 2003/48/EC) established in Austria. This risk factor has to be read in connection with the taxation sections of this Base Prospectus and in the additional tax sections, if any, contained in any relevant supplement to the Base Prospectus. Where withholding or deduction is required to be made pursuant to Council Directives 2003/48/EC and 2015/2060/UE, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note.

2.1.7. The proposed financial transactions tax

The European Commission has published on 14 February 2013 a proposal for a Directive for a financial transactions tax (**FTT**) to be implemented under the enhanced cooperation procedure by eleven Member States initially (Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovenia, Slovakia and Spain) (the **Participating Member States**).

Member States may join or leave the group of participating Member States at later stages. On December 8, 2015 Estonia indicated that it will no longer be a Participating Member State.

The proposed FTT has a very broad scope, and could, if introduced in its current draft form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Under the current proposal, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. If the proposed Directive is adopted and implemented in local legislation, Noteholders may be exposed to increased transaction costs with respect to financial transactions carried out with respect to the Notes.

However, the FTT proposal remains subject to discussions between the Participating Member States and the scope of such tax is uncertain.

Prospective holders of the Notes should consult their own professional tax advisors in relation to the consequences of the FTT associated with subscribing for, purchasing, holding and disposing of the Notes.

2.1.8. Change of Law

The Terms and Conditions of the Notes are based on French law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or the official application or interpretation of French law after the date of this Base Prospectus.

2.1.9. No active Secondary/Trading Market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although in relation to Notes to be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and/or any other Regulated Market in the European Economic Area, the Final Terms of the Notes will be filed with the *Commission de surveillance du secteur financier* in Luxembourg and/or with the competent authority of the Regulated Market of the European Economic Area where the Notes will be admitted to trading, which, in the case of Notes to be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange shall be the Regulated Market of the Luxembourg Stock Exchange, there is no assurance that such filings will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

2.1.10. Currency Risk

Prospective investors of the Notes should be aware that an investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction; and/or the reference assets or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes or the reference assets.

2.1.11. Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

2.1.12. Market Value of the Notes

The market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including the value of the reference assets or an index, including, but not limited to, the volatility of the reference assets or an index, or the dividend on the securities taken up in the index, market interest and yield rates and the time remaining to the maturity date.

The value of the Notes, the reference assets or the index depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes, the reference assets, the securities taken up in the index, or the index are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. The historical market prices of the reference assets or an index should not be taken as an indication of the reference assets' or an index's future performance during the term of any Note.

2.1.13. French Insolvency Law

The Noteholders, in respect of all Tranches in any Series, will be grouped automatically for the defence of their common interests in a *Masse*, as defined in Condition 11. However, under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the **Assembly**) if a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*), an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as the Programme) and regardless of their governing law.

The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling payments which are due and/or partially or totally writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third (2/3) majority (calculated as a proportion of the amount of debt securities held by the holders which have cast a vote at such Assembly). No quorum is required to hold the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in the Terms and Conditions of the Notes set out in this Base Prospectus will not be applicable with respect to the Assembly to the extent they conflict with compulsory insolvency law provisions that apply in these circumstances.

2.2. Risks related to the structure of a particular issue of Notes

The Programme allows for different types of Notes to be issued. Accordingly, each Tranche of Notes may carry varying risks for potential investors depending on the specific features of such Notes such as, *inter alia*, the provisions for computation of periodic interest payments, if any, redemption and issue price. Set out below is a description of the most common of such features.

2.2.1. Notes subject to optional redemption by the Issuer

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the country of domicile (or residence for tax purposes) by the Issuer, or on behalf of France, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may, and in some circumstances must, redeem all outstanding Notes in accordance with the Terms and Conditions.

In addition, if in the case of any particular Tranche of Notes the relevant Final Terms specify that the Notes are redeemable at the Issuer's option in certain other circumstances the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes.

2.2.2. Fixed Rate Notes

Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

2.2.3. Floating Rate Notes

Investment in Notes which bear interest at a floating rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of floating rate Notes may be

volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

2.2.4. Inverse Floating Rate Notes

Inverse floating rate Notes have an interest rate equal to a fixed base rate minus a rate based upon a reference rate. The market value of such Notes typically is more volatile than the market value of floating rate Notes based on the same reference rate (and with otherwise comparable terms). Inverse floating rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

2.2.5. Fixed to Floating Rate Notes

Fixed to floating rate Notes initially bear interest at a fixed rate; conversion from a fixed rate to a floating rate then takes place either automatically or at the option of the Issuer if certain predetermined conditions are met. The conversion (whether it be automatic or optional) of the interest rate will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes.

2.2.6. Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

2.2.7. Inflation Linked Notes

The decision to purchase Inflation Linked Notes involves complex financial appreciations and risks as the inflation cannot be foreseen with certainty. The yield of Inflation Linked Notes may be lower than the yield of non Inflation Linked Notes. The Issuer makes no representation as to the tax treatment of such Notes or as to the lawfulness of the purchase of such Notes in any jurisdiction.

2.2.8. Dual Currency Notes

The Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated.

An investment in Dual Currency Notes entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. The Issuer believes that Dual Currency Notes should only be purchased by investors who are, or who are purchasing under the guidance of, financial institutions or other professional investors that are in a position to understand the special risks that an investment in these instruments involves. These risks include, among other things, that:

- the market price of such Notes may be volatile;
- payment of principal or interest may occur in a different currency than expected; and
- the investors may be exposed to movements in currency exchange rates.

2.2.9. Zero Coupon Notes

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

The prices at which Zero Coupon Notes trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than to prices for conventional interest-bearing securities of comparable maturities.

2.2.10. Variable rate Notes with a multiplier imply higher volatility

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or caps and floors, or any combination of those features, their market values may be even more volatile than those for securities that do not include those features.

2.2.11. Subordinated Notes

In the event of any insolvency or liquidation of the Issuer, holders of Subordinated Notes would receive payments on any outstanding Subordinated Notes only after senior Noteholders and other senior creditors have been repaid in full, if and to the extent that there is still cash available for those payments. Thus, holders of Subordinated Notes generally face a higher performance risk than holders of senior Notes and there is a real risk that an investor in Subordinated Notes will lose all or some of his investment.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion by the relevant Final Terms, shall be applicable to the Notes. In the case of any Tranche of Notes which is being admitted to a regulated market in a Member State, the relevant Final Terms shall not amend or replace any information in this Base Prospectus. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed or supplemented (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed or attached on Definitive Materialised Bearer Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to Notes are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by Cofiroute (the **Issuer**) with the benefit of an agency agreement dated 11 August 2016 between the Issuer and BNP Paribas Securities Services as Fiscal Agent, Principal Paying Agent, Redenomination Agent, Consolidation Agent and Calculation Agent (the **Agency Agreement**). The fiscal agent, the paying agent, the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the **Fiscal Agent**, the **Paying Agents** (which expression shall include the Fiscal Agent), the **Redenomination Agent**, the **Consolidation Agent** and the **Calculation Agent(s)**. References below to "Conditions" are, unless the context requires otherwise, to the numbered paragraphs below.

Copies of the Agency Agreement are available for inspection during normal business hours at the specified offices of each of the Paying Agents.

For the purpose of these Terms and Conditions, **Regulated Market** means any regulated market situated in a Member State of the European Economic Area (**EEA**) as defined in Directive 2004/39/EC as amended.

1. Form, Denomination(s), Title, Redenomination

- (a) **Form:** Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**).
 - (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L. 211-3 and R. 211-1 of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R. 211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer, in either bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France (**Euroclear France**) (acting as central depository) which shall credit the accounts of Account Holders, or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the **Registration Agent**).

Unless this possibility is expressly excluded in the relevant Final Terms, and to the extent permitted by applicable law, the Issuer may at any time request from the central depository identification information of the holders of Dematerialised Notes in bearer form (*au porteur*) such as the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, e-mail address as well as the quantity of Notes held by each of them and any restrictions applicable to the Notes.

For the purpose of these Conditions, **Account Holder** means any intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank S.A./N.V. (**Euroclear**) and Clearstream Banking, société anonyme (**Clearstream, Luxembourg**).

- (ii) Materialised Notes are issued in bearer form (**Materialised Bearer Notes**). Materialised Bearer Notes are serially numbered and are issued with coupons (each, a **Coupon**) and, where appropriate, a talon (a **Talon**) attached save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more receipts (each a **Receipt**) attached.

In accordance with Article L. 211-3 of the French *Code monétaire et financier*, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

Any Notes issued under the Programme as Materialised Bearer Notes will be represented initially upon issue by Temporary Global Certificates and will be accepted for clearance through Clearstream, Luxembourg or Euroclear or any other relevant clearing system.

The Notes may be **Fixed Rate Notes, Floating Rate Notes, Inverse Floating Rate Notes, Dual Currency Notes, Inflation Linked Notes, Zero Coupon Notes** or a combination of any of the foregoing.

Any amount due and payable in respect of any Notes (including Inflation Linked Notes) issued under the Programme will be paid in cash.

- (b) **Denomination(s):** Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the **Specified Denomination(s)**) save that the minimum denomination of each Note admitted to trading on a Regulated Market in circumstances which require the publication of a Base Prospectus under the Prospectus Directive will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date) or such other higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency). Dematerialised Notes shall be issued in one Specified Denomination only.
- (c) **Title:**
 - (i) Title to Dematerialised Notes in bearer dematerialised form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.
 - (ii) Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons, Receipt(s) and/or a Talon attached thereto on issue (**Definitive Materialised Bearer Notes**), shall pass by delivery.
 - (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
 - (iv) In these Conditions, **holder of Notes** or **holder of any Note**, or **Noteholder** means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Bearer Note and the Receipts, Coupons (**Receiptholder** and **Couponholder** being construed accordingly), or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

(d) Redenomination:

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days' notice in accordance with Condition 14 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the **EC**), as amended from time to time (the **Treaty**)), or events have occurred which have substantially the same effects (in either case, **EMU**), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the Redenomination Date.
- (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 13 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 14 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2. Conversion and Exchanges of Notes

(a) Dematerialised Notes

- (i) Dematerialised Notes issued in bearer dematerialised form (*au porteur*) may not be converted into Dematerialised Notes in registered dematerialised form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered dematerialised form (*au nominatif*) may not be converted into Dematerialised Notes in bearer dematerialised form (*au porteur*).

- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such Noteholder shall be made in accordance with Article R. 211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such Noteholder.

(b) Materialised Notes

Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

3. Status

The obligations of the Issuer under the Notes may be either unsubordinated (**Unsubordinated Notes**) or subordinated (**Subordinated Notes**).

(a) Status of Unsubordinated Notes

The Unsubordinated Notes and, where applicable, any relative Receipts and Coupons are direct, general, unconditional, unsecured (subject to the provisions of Condition 4) and unsubordinated obligations of the Issuer and rank and will rank *pari passu* and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

(b) Status of Subordinated Notes

(i) Subordination

Subordinated Notes (which term shall include both Subordinated Notes with a specified maturity date (**Dated Subordinated Notes**) and Subordinated Notes without a specified maturity date (**Undated Subordinated Notes**)) are unsecured subordinated obligations of the Issuer and rank and will rank *pari passu* without any preference among themselves and *pari passu* with any other unsecured subordinated obligations of the Issuer but in priority to any *prêts participatifs* granted to the Issuer. If any judgement is rendered by any competent court declaring the transfer of the whole of its business (*cession totale de l'entreprise*) or the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Subordinated Notes shall be subordinated to the payment in full of unsubordinated creditors and, subject to such payment in full, the holders of Subordinated Notes shall be paid in priority to any *prêts participatifs* granted to the Issuer. In the event of incomplete payment of unsubordinated creditors, the obligations of the Issuer in connection with the Subordinated Notes will be terminated. The holders of Subordinated Notes shall take all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation.

(ii) Dated Subordinated Notes

Unless the relevant Final Terms specify that Condition 3(b)(i) shall also apply to the Coupons relating to Dated Subordinated Notes, payments of interest relating to Dated Subordinated Notes constitute obligations which rank equally with the obligations of the Issuer in respect of Unsubordinated Notes issued by the Issuer in accordance with Condition 3(a).

(iii) Undated Subordinated Notes

Unless the relevant Final Terms specify that Condition 3(b)(i) shall also apply to the Coupons relating to Undated Subordinated Notes, payments of interest relating to Undated Subordinated Notes constitute obligations which rank equally with the obligations of the Issuer in respect of Unsubordinated Notes issued by the Issuer in accordance with Condition 3(a) and may be deferred in accordance with the provisions of Condition 5(g).

The use of the proceeds of issues of Undated Subordinated Notes will be set out in the applicable Final Terms.

4. Negative Pledge

So long as any of the Unsubordinated Notes or, if applicable, any Receipts or Coupons relating to them, remains outstanding, the Issuer will not create or permit to subsist any mortgage, charge, pledge, lien or other security interest (*sûreté réelle*) upon the whole or any part of its assets, present or future, to secure any present or future Relevant Indebtedness (as defined below) incurred or guaranteed by it (whether before or after the issue of the Unsubordinated Notes) unless the Issuer's obligations under the Unsubordinated Notes, Receipts and Coupons are equally and rateably secured therewith.

For the purposes of this Condition:

Limited-recourse Borrowings means any indebtedness for borrowed money, in the form of, or represented by, bonds or notes (**Indebtedness**) incurred by the Issuer to finance the ownership, acquisition, development, operation and/or maintenance of an asset or project in respect of which the person (or persons) to whom any such Indebtedness is or may be owed by the Issuer has (or have) no recourse to the Issuer for the repayment thereof other than:

- (a) recourse to the Issuer for amounts not exceeding an amount equal to the cash flow from, or the value of, such asset or project; and/or
- (b) recourse to the Issuer for the purpose of enabling amounts to be claimed in respect of such Indebtedness in an enforcement of any security interest given by the Issuer over such asset or rights under, or in respect of, such project (or the income, cash flow or other proceeds deriving therefrom) to secure such Indebtedness; and/or
- (c) recourse to the Issuer under any form of assurance, undertaking or support, which is limited to a claim for damages for breach of an obligation (not being a payment obligation or an indemnity in respect thereof, which, for the avoidance of doubt, would fall to be considered under subparagraph (i) above) by the Issuer.

outstanding means, in relation to the Notes of any Series, all the Notes issued other than (a) those that have been redeemed in accordance with these Conditions, (b) those in respect of which the date for redemption has occurred and the redemption monies (including all interest accrued on such Notes to the date for such redemption and any interest payable after such date) have been duly paid (i) in the case of Dematerialised Notes in bearer form and in administered registered form, to the relevant Account Holders on behalf of the Noteholder as provided in Condition 7 (a), (ii) in the case of Dematerialised Notes in fully registered form, to the account of the Noteholder as provided in Condition 7 (a) and (iii) in the case of Materialised Bearer Notes, to the Fiscal Agent as provided in the Agency Agreement and remain available for payment against presentation and surrender of Materialised Bearer Notes, Coupons and/or Receipts, as the case may be, (c) those which have become void or in respect of which claims have become prescribed, (d) those which have been purchased and cancelled as provided in these Conditions, (e) in the case of Materialised Bearer Notes (i) those mutilated or defaced Materialised Bearer Notes that have been surrendered in exchange for replacement Materialised Bearer Notes, (ii) (for the purpose only of determining how many such Materialised Bearer Notes are outstanding and without prejudice to their status for any other purpose) those Materialised Bearer Notes alleged to have been lost, stolen or destroyed and in respect of which replacement Materialised Bearer Notes have been issued and (iii) any Temporary Global Certificate to the extent that it shall have been exchanged for one or more Definitive Materialised Bearer Notes, pursuant to its provisions.

Relevant Indebtedness means any indebtedness for borrowed money, represented by bonds or notes (*obligations*) which are for the time being, or are capable of being, quoted, admitted to trading or ordinarily traded in on any stock exchange, over-the-counter-market or other securities market, and which does not constitute Limited-recourse Borrowings.

This Condition 4 shall not apply to Subordinated Notes.

Interest Determination Date means, with respect to a Rate of Interest and Interest Accrual Period, the date specified as such in the relevant Final Terms or, if none is so specified, (i) the day falling two TARGET 2 Business Days prior to the first day of such Interest Accrual Period if the Specified Currency is Euro or (ii) the first day of such Interest Accrual Period if the Specified Currency is Sterling or (iii) the day falling two Business Days in the city specified in the Final Terms for the Specified Currency prior to the first day of such Interest Accrual Period if the Specified Currency is neither Sterling nor Euro.

Interest Payment Date means the date(s) specified in the relevant Final Terms.

Interest Period means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date.

Rate of Interest means the rate of interest payable from time to time in respect of the Notes and that is specified in the relevant Final Terms calculated on the basis of the Conditions.

Reference Banks means the institutions specified as such in the relevant Final Terms or, if none, four major banks selected by the Calculation Agent in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the Benchmark (which, if EURIBOR is the relevant Benchmark, shall be the Euro-zone).

Relevant Financial Centre means, with respect to any Floating Rate to be determined in accordance with a Screen Rate Determination on an Interest Determination Date, the financial centre as may be specified as such in the relevant Final Terms or, if none is so specified, the financial centre with which the relevant Benchmark is most closely connected (which, in the case of EURIBOR, shall be the Euro-zone) or, if none is so connected, Paris.

Relevant Rate means the Benchmark for a Representative Amount of the Specified Currency for a period (if applicable or appropriate to the Benchmark) equal to the Specified Duration commencing on the Effective Date.

Relevant Time means, with respect to any Interest Determination Date, the local time in the Relevant Financial Centre specified in the relevant Final Terms or, if no time is specified, the local time in the Relevant Financial Centre at which it is customary to determine bid and offered rates in respect of deposits in the Specified Currency in the interbank market in the Relevant Financial Centre and for this purpose **local time** means, with respect to Europe and the Euro-zone as a Relevant Financial Centre, 11.00 a.m., Brussels time.

- (b) **Interest on Fixed Rate Notes:** Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date.

If a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Payment Date and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (ii) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (iii) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

(c) Interest on Floating Rate Notes, Inverse Floating Rate Notes and Inflation Linked Notes:

- (i) *Interest Payment Dates:* Each Floating Rate Note, Inverse Floating Rate Note and Inflation Linked Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable on each Interest Payment Date, which, if so specified in the relevant Final Terms, may be the first day of the relevant Interest Period in respect of which it shall accrue. Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) *Business Day Convention:* If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day. Notwithstanding the foregoing, where the applicable Final Terms specify that the relevant Business Day Convention is to be applied on an "unadjusted" basis, the Interest Amount payable on any date shall not be affected by the application of that Business Day Convention.
- (iii) *Rate of Interest for Floating Rate Notes and Inverse Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes and Inverse Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either FBF Determination or ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the

relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). In case of Inverse Floating Rate Notes, the interest rate is equal to a fixed base rate minus a rate based upon a reference rate. For the purposes of this sub-paragraph (A), **FBF Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms, and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period.

For the purposes of this sub-paragraph (A), **Floating Rate** (*Taux Variable*), **Calculation Agent** (*Agent*), **Floating Rate Determination Date** (*Date de Détermination du Taux Variable*) and **Transaction** (*Transaction*) have the meanings given to those terms in the FBF Definitions, provided that Euribor means the rate calculated for deposits in euro which appears on Reuters Page EURIBOR01, as more fully described in the relevant Final Terms.

In the applicable Final Terms, when the paragraph "Floating Rate" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate, one of which shall be determined as if the maturity for which rates are available were the period of time of immediately preceding length as compared to the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time of immediately following length as compared to the length of the relevant Interest Period.

Investors should consult the Issuer in case they require a copy of the FBF Definitions.

(B) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). In case of Inverse Floating Rate Notes, the interest rate is equal to a fixed base rate minus a rate based upon a reference rate. For the purposes of this sub-paragraph (B), **ISDA Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms,
- (b) the Designated Maturity is a period specified in the relevant Final Terms, and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period.

In the applicable Final Terms, when the paragraph "Floating Rate Option" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Floating Rate Option, one of which shall be determined as if the Designated Maturity were the period of time (for which rates are available) of immediately preceding length as compared to the length of the relevant Interest Period, and the other of which shall be determined as if the Designated Maturity

were the period of time (for which rates are available) of immediately following length as compared to the length of the relevant Interest Period.

For the purposes of this sub-paragraph (B), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity, Reset Date and Swap Transaction** have the meanings given to those terms in the ISDA Definitions.

Investors should consult the Issuer in case they require a copy of the 2006 ISDA Definitions.

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

(a) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:

- (i) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity) or
- (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date, as disclosed in the relevant Final Terms;

(b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(i) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(ii) applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent and

(c)

- (i) if paragraph (b) above applies and, if the Relevant Rate is an inter-bank offered rate, the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the Principal Financial Centre) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading

banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period); and

- (ii) if paragraph (b) above applies and, in the case of a Relevant Rate other than an inter-bank offered rate, for any reason, the Relevant Rate is no longer published or if fewer than two quotations are provided to the Calculation Agent in accordance with the above paragraph, the Relevant Rate will be determined by the Calculation Agent in its sole discretion, acting in good faith and in a commercial and reasonable manner.

In the applicable Final Terms, when the paragraph "Relevant Screen Page" specifies that the rate is determined by linear interpolation, in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Relevant Rate, one of which shall be determined as if the maturity were the period of time (for which rates are available) of immediately preceding length as compared to the length of the relevant Interest Period, and the other of which shall be determined as if the maturity were the period of time (for which rates are available) of immediately following length as compared to the length of the relevant Interest Period.

- (iv) *Rate of Interest for Inflation Linked Notes:* The Rate of Interest in respect of Inflation Linked Notes applicable to each Interest Accrual Period shall be determined according to the method indicated below.

(A) Consumer Price Index

Where the consumer price index excluding tobacco for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the **INSEE**) (the **CPI**) is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(A) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(A) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the **CPI Linked Interest**) applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined below), as determined by the Calculation Agent on the following basis:

- (a) On the fifth Business Day before each Interest Payment Date (an **Interest Determination Date**) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(iv)(A), the **Inflation Index Ratio** or **IIR** is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the **Base Reference**). Notwithstanding Condition 5(h)(iii), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

CPI Daily Inflation Reference Index means (i) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceeding such month, and (ii) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceeding such month (M - 3) and the second month preceeding such month (M - 2) calculated in accordance with the following formula:

CPI Daily Inflation Reference Index =

$$\text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

With:

ND_M: actual number of days in the relevant month M;

D: actual day of payment in the relevant month M;

CPI Monthly Reference Index_{M-2}: price index of month M - 2;

CPI Monthly Reference Index_{M-3}: price index of month M - 3.

Notwithstanding Condition 5(h)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up)

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATINFLATION01 or on Bloomberg TRESOR<GO> pages and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables au Trésor indexées sur l'inflation*.

CPI Monthly Reference Index refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

The calculation method described in this Condition is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* - www.cnofrance.org) in its December 2010 Paper entitled "Inflation Indexed Notes" (*Obligations et autres instruments de taux d'intérêts en euro, Normes et usages des marchés de capitaux - Chapitre II: Les obligations indexées sur l'inflation*). In the case of any conflict between this calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

(b)

(i) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the **Substitute CPI Monthly Reference Index**) shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such

provisional CPI Monthly Reference Index would be published under the heading "*indice de substitution*". Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

- (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M=

$$\text{CPI Monthly Reference Index}_{M-1} \times \left(\frac{\text{CPI Monthly Reference Index}_{M-1}}{\text{CPI Monthly Reference Index}_{M-13}} \right)^{\frac{1}{12}}$$

- (ii) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index at any time while any of the Notes are still outstanding, then for the purpose of calculating the relevant Rate of Interest in respect of such Notes, the value of the CPI Monthly Reference Index following such change in base shall be determined in accordance with the methodology published by INSEE. In the event that no such methodology is published, then the Calculation Agent shall make such calculation as it, in its reasonable discretion, deems appropriate to determine the relevant CPI Monthly Reference Index.

(B) Harmonised Index of Consumer Prices

Where the harmonised index of consumer price (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the **HICP**) is specified as the Index in the relevant Final Terms, this Condition 5(c)(iv)(B) shall apply. Terms defined herein shall have the meanings set out below only when this Condition 5(c)(iv)(B) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the **HICP Linked Interest**) applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the rate per annum specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined below), as determined by the Calculation Agent on the following basis:

- (a) On the fifth Business Day before each Interest Payment Date (an **Interest Determination Date**) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 5(c)(iv)(B), the **Inflation Index Ratio** or **IIR** is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the **Base Reference**). Notwithstanding Condition 5(h)(iii), the IIR will be rounded if necessary to five significant figures (with halves being rounded up).

HICP Daily Inflation Reference Index means (i) in relation to the first day of any given month, the HICP Monthly Reference Index of the third month preceeding such month, and (ii) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month

preceeding such month (M - 3) and the second month preceeding such month (M - 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

Where:

ND_M: actual number of days in the relevant month M;

D: actual day of payment in the relevant month M;

HICP Monthly Reference Index_{M-2}: price index of month M - 2;

HICP Monthly Reference Index_{M-3}: price index of month M - 3.

Notwithstanding Condition 5(h)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

HICP Monthly Reference Index refers to the harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

(b)

(i) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the **Substitute HICP Monthly Reference Index**) shall be determined by the Calculation Agent in accordance with the following provisions:

(x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

(y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M=

$$\text{HICP Monthly Reference Index}_{M-1} \times \left(\frac{\text{HICP Monthly Reference Index}_{M-1}}{\text{HICP Monthly Reference Index}_{M-13}} \right)^{\frac{1}{12}}$$

- (ii) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index at any time while any of the Notes are still outstanding, then for the purpose of calculating the relevant Rate of Interest in respect of such Notes, the value of the HICP Monthly Reference Index following such change in base shall be determined in accordance with the methodology published by Eurostat. In the event that no such methodology is published, then the Calculation Agent shall make such calculation as it, in its reasonable discretion, deems appropriate to determine the relevant HICP Monthly Reference Index.
- (d) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon and is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount or the Optional Redemption Amount, as the case may be, of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(f)(i)).
- (e) **Dual Currency Notes:** The Issuer may issue Fixed Rate Notes or Floating Rate Notes with interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. In such a case, the relevant Final Terms will specify the relevant currency(ies) in which interest is/are payable and the applicable Rate(s) of Exchange.
- (f) **Accrual of interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).
- (g) **Deferral of interest:** If deferral of interest is specified in the relevant Final Terms, in the case of Undated Subordinated Notes, interest shall be payable on each Compulsory Interest Payment Date (as defined below) in respect of the interest accrued in the Interest Period ending on the day immediately preceding such date. On any Optional Interest Payment Date (as defined below) there may be paid (if the Issuer so elects) the interest accrued in the Interest Period ending on the day immediately preceding such date but the Issuer shall not have any obligation to make such payment. Notice of any Optional Interest Payment Date shall (for so long as the rules of, or applicable to, any Regulated Market so require) be given to the Noteholders in accordance with Condition 14 and to the relevant Regulated Market. Such notice shall be given at least seven days prior to the relevant Optional Interest Payment Date(s). Any interest not paid on an Optional Interest Payment Date shall, so long as the same remains unpaid, constitute **Arrears of Interest** which term shall include interest on such unpaid interest as referred to below. Arrears of Interest may, at the option of the Issuer, be paid in whole or in part at any time upon the expiration of not less than seven days' notice to such effect given to the Noteholders in accordance with Condition 14 but all Arrears of Interest on all Undated Subordinated Notes outstanding shall become due in full on whichever is the earliest of:
 - (i) the next Interest Payment Date if such Interest Payment Date is a Compulsory Interest Payment Date or,
 - (ii) the date on which any Undated Subordinated Notes are to be redeemed partially or in full (otherwise than at the option of the Noteholders) in accordance with their terms and conditions or,
 - (iii) (a) a judgement rendered by any competent court declaring the transfer of the whole of the business (*cession totale de l'entreprise*) or the judicial liquidation (*liquidation judiciaire*) of the Issuer or (b) the liquidation of the Issuer for any other reason.

If notice is given by the Issuer of its intention to pay the whole or part of Arrears of Interest, the Issuer shall be obliged to do so upon the expiration of such notice. When Arrears of Interest are paid in part, each such payment shall be applied in or towards satisfaction of the full amount of the Arrears of Interest accrued in respect of the earliest Interest Period in respect of which Arrears

of Interest have accrued and have not been paid in full. Arrears of Interest shall (to the extent permitted by law) bear interest accruing (but only, in accordance with Article 1154 of the French Civil Code, after such interest has been due for a period of at least one year) and compounding on the basis of the exact number of days which have elapsed at the prevailing rate of interest on the Undated Subordinated Notes in respect of each relevant Interest Period. For these purposes the following expressions have the following meanings:

Compulsory Interest Payment Date means any Interest Payment Date on which the Issuer has (i) declared or paid any dividend (final or interim) of any nature (whether in cash, shares or any other form and including, any interim dividend (*acompte sur dividende*) on any Share Capital Securities, (ii) redeemed, repurchased or otherwise acquired any Share Capital Securities by any means other than in connection with the performance by the Issuer of its obligations under any existing or future benefit plan, share option plan or free share allocation scheme reserved for directors, officers or employees of the Issuer or (iii) at its election, redeemed, repurchased or otherwise acquired any Parity Securities (other than Notes).

Optional Interest Payment Date means any Interest Payment Date, as the case may be, other than a Compulsory Interest Payment Date.

Parity Securities means any subordinated obligations or other instruments issued by the Issuer which rank, or are expressed to rank, *pari passu* among themselves and with the Subordinated Notes.

Share Capital Securities means (a) any ordinary shares (*actions ordinaires*) of the Issuer and (b) any other class of the Issuer's share capital (including preference shares (*actions de préférence*, including *actions à dividendes prioritaires sans droit de vote*), or other priority shares (*actions de priorité*)) issued by the Issuer.

(h) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts, Rate Multipliers and Rounding

- (i) If any Margin and/or Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes unit means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

- (i) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

- (j) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Early Redemption Amounts and Instalment Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, or Early Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, or Early Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
- (k) **Calculation Agent and Reference Banks:** The Issuer shall use its best efforts to procure that there shall at all times be four Reference Banks (or such other number as may be required by the Conditions) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in Condition 4). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Luxembourg office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent shall be given in accordance with Condition 14.

6. Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended in accordance with the paragraph below, each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided in these Conditions, is its nominal amount) or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount.

If an extended maturity date (the **Extended Maturity Date**) is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' irrevocable notice to that effect in accordance with Condition 14 to the Noteholders, not pay whole or part of the Final Redemption Amount on the Maturity Date specified in the relevant Final Terms. Such payment

of an unpaid amount will be deferred and may be paid in whole or in part by the Issuer on any Specified Interest Payment Date occurring thereafter up to and including the Extended Maturity Date, but shall in any event be due and payable on the Extended Maturity Date. Interest from the Maturity Date and up to the Extended Maturity Date will be specified in the relevant Final Terms, will accrue on any unpaid amount during such extended period and be payable on each Specified Interest Payment Date and on the Extended Maturity Date in accordance with these Conditions and the relevant Final Terms.

- (b) **Redemption by Instalments and Final Redemption:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date (being one of the dates so specified in the relevant Final Terms) is extended in accordance with the paragraph below, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

If an extended instalment date (the **Extended Instalment Date**) is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' irrevocable notice to that effect to the Noteholders in accordance with Condition 14, not pay whole or part of the Instalment Amount on the Instalment Date specified in the relevant Final Terms. Such payment of an unpaid amount will be deferred and may be paid in whole or in part by the Issuer on any Specified Interest Payment Date occurring thereafter up to and including the Extended Instalment Date, but shall in any event be due and payable on the Extended Instalment Date. Interest on the Instalment Amount from the Instalment Date and up to the Extended Instalment Date will be specified in the relevant Final Terms, will accrue on any unpaid amount on such Instalment Amount during such extended period and be payable on each Specified Interest Payment Date and on the Extended Instalment Date in accordance with these Conditions and the relevant Final Terms.

- (c) **Final Redemption of Inflation Linked Notes**

If so specified in the relevant Final Terms, the Final Redemption Amount in respect of Inflation Linked Notes will be determined by the Calculation Agent on the following basis:

$$\text{Final Redemption Amount} = \text{IIR} \times \text{nominal amount of the Notes}$$

IIR being for the purpose of this Condition 6(c) the ratio determined on the fifth Business Day before the Maturity Date between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms or (ii) if the HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the Maturity Date and the Base Reference on the date specified in the relevant Final Terms.

If the Final Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (d) **Redemption at the Option of the Issuer and Partial Redemption**

- (i) **Call Option**

If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 14 to the Noteholders, redeem in relation to all, or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount (as set out in Condition 6(f)) together with interest accrued to the

date fixed for redemption (including, where applicable, any Arrears of Interest), if any. Any such redemption must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(ii) **Make-whole Redemption**

Unless specified as not being applicable in the relevant Final Terms, the Issuer may, subject to compliance with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 calendar days' irrevocable notice in accordance with Condition 14 to the Noteholders redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date (the **Make-whole Redemption Date**). Any such redemption of Notes shall be made at their Make-Whole Redemption Amount.

Make-whole Redemption Amount means an amount calculated by the Calculation Agent and equal to the greater of (x) 100 per cent. of the principal amount of the Notes so redeemed and (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (excluding any interest accrued on the Notes to, but excluding, the relevant Make-whole Redemption Date) discounted to the relevant Make-whole Redemption Date on an annual basis at the Make-whole Redemption Rate plus a Make-whole Redemption Margin, plus in each case, any interest accrued on the Notes to, but excluding, the Make-whole Redemption Date.

Make-whole Redemption Margin means the margin specified as such in the relevant Final Terms.

Make-whole Redemption Rate means (i) the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security on the fourth Business Day preceding the Make-whole Redemption Date at 11:00 a.m. (Central European Time (CET)) (**Reference Dealer Quotation**) or (ii) the Reference Screen Rate, as specified in the relevant Final Terms.

Reference Dealers means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues, or such other banks or method of selection of such banks as specified in the relevant Final Terms.

Reference Screen Rate means the screen rate specified as such in the relevant Final Terms.

Reference Security means the security specified as such in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

If the Reference Security is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11:00 a.m. (CET) on the third Business Day preceding the Make-whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer and published in accordance with Condition 14.

Similar Security means a reference bond or reference bonds issued by the same issuer as the Reference Security having an actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

The Make-whole Redemption Rate will be published by the Issuer in accordance with Condition 14.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(iii) Partial Redemption

In the case of a partial redemption in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R.213-16 of the French *Code monétaire et financier* and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and Regulated Market requirements.

So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market require, the Issuer shall, each time there has been a partial redemption of the Notes, cause to be published (i) as long as such Notes are listed and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of such Stock Exchange so permit, on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (ii) in a leading newspaper with general circulation in the city where the Regulated Market on which such Notes are admitted to trading is located, which in the case of the Regulated Market of the Luxembourg Stock Exchange is expected to be the Luxemburger Wort, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (e) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If an Investor Put is specified in the relevant Final Terms the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than 15 nor more than 30 days' notice to the Issuer redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount (as set out in Condition 6(f)) together with interest accrued to the date fixed for redemption including, where applicable, any Arrears of Interest.

To exercise such option the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the **Exercise Notice**) in the form obtained during usual business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. Such notice shall, in the case of Materialised Bearer Notes, have attached to it such Note (together with all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paris Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

(f) **Early Redemption Amount and Optional Redemption Amount:**

- (i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Notes pursuant to Condition 6(g) or 6(j) or upon

becoming due and payable as provided in Condition 9 or 6(m), or the Optional Redemption Amount pursuant to Condition 6(d)(i) or 6(e) in respect of such Notes, as the case may be, shall be the amortised nominal amount (the **Amortised Nominal Amount**) (calculated as provided below) of such Note.

- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(g) or 6(j) or upon becoming due and payable as provided in Condition 9, or the Optional Redemption Amount pursuant to Condition 6(d)(i) or 6(e) in respect of such Notes, is not paid when due, the Early Redemption Amount or the Optional Redemption Amount, as the case may be, due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(f).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

(ii) Inflation Linked Notes:

- (A) If the relevant Final Terms provide that Condition 6(f)(ii)(A) shall apply in respect of Inflation Linked Notes, the Early Redemption Amount upon redemption of such Notes pursuant to Condition 6(g) or 6(j) or upon becoming due and payable as provided in Condition 9 or 6(m), or the Optional Redemption Amount pursuant to Condition 6(d)(i) or 6(e) in respect of such Notes, as the case may be, will be determined by the Calculation Agent on the following basis:

Early Redemption Amount = $IIR \times \text{nominal amount of the Notes}$

Or, as the case may be:

Optional Redemption Amount = $IIR \times \text{nominal amount of the Notes}$

IIR being for the purpose of this Condition the ratio determined on the fifth Business Day before the date set for redemption between (i) if the CPI is specified as the Index applicable in the Final Terms, the CPI Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms, or (ii) if HICP is specified as the Index applicable in the Final Terms, the HICP Daily Inflation Reference Index on the date set for redemption and the Base Reference specified in the relevant Final Terms.

If the Early Redemption Amount calculated as set out above is below par, the Notes will be redeemed at par.

- (B) If the Inflation Linked Notes (whether or not Condition 6(f)(ii)(A) applies) fall to be redeemed for whatever reason before the Maturity Date, the Issuer will pay the Early Redemption Amount or the Optional Redemption Amount, as the case may be, together with interest accrued to the date set for redemption. Such accrued interest will be calculated by the Calculation Agent in respect of the period from, and including the immediately preceding Interest Payment Date or, as the case may be, the Interest Commencement Date to, but excluding, the date set for redemption of such Notes at a rate per annum on the basis of the provisions of Condition 5(c)(iv) above except that, for such purposes the relevant Interest Determination Date shall be the fifth Business Day prior to the relevant Early Redemption Date.

(iii) Other Notes:

- (A) The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) and (ii) above), upon redemption of such Note pursuant to Condition 6(g) or 6(j) or upon it becoming due and payable as provided in Condition 9 or 6(m) shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest).
- (B) The Optional Redemption Amount payable in respect of any Note (other than Notes described in (i) and (ii) above), upon redemption of such Note pursuant to Condition 6(d)(i) or 6(e) will be determined by the Calculation Agent on the following basis:

Optional Redemption Amount = $Y \times \text{Specified Denomination}$

Where:

Y means the ratio expressed as a percentage specified in the relevant Final Terms.

(g) Redemption for Taxation Reasons:

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Conditions 8(a) and 8(b) below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 60 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Conditions 8(a) and 8(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 14, redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i)

the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.

- (h) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, subject to the applicable laws and/or regulations. Any Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations for the purpose of enhancing the liquidity of the Notes, or cancelled.
- (i) **Cancellation:** All Notes purchased by or on behalf of the Issuer to be cancelled, will be cancelled, in case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering to the Fiscal Agent the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.
- (j) **Illegality:** If, by reason of any change in French law, or any change in the official application of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest).
- (k) **Redemption at the option of Noteholders following a Change of Control:** If at any time while any of the Notes remain outstanding, there occurs a Change of Control and within the Change of Control Period a Rating Downgrade in respect of that Change of Control occurs (a **Put Event**), the holder of each Note will have the option (the **Put Option**) (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives not more than 60 nor less than 30 days' prior notice to the Noteholders in accordance with Condition 14 of its intention to redeem the Notes (which notice shall be irrevocable)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Note on the Optional Settlement Date (as defined below) at its principal amount together with accrued interest to but excluding the Optional Settlement Date.

Control, in respect of any entity, means:

- (i) the holding or acquisition, directly or indirectly, by any person or persons acting in concert or any person or persons acting on behalf of any such person(s) (the **Relevant Person(s)**) of (A) more than 50 per cent. of the issued ordinary share capital of such entity; or (B) such number of the shares in the capital of such entity carrying more than 50 per cent. of the voting rights normally exercisable at a general meeting of such entity; or (C) a number of shares in the ordinary share capital of such entity carrying at least 40 per cent. of the voting rights in exercisable general meetings of such entity and no other shareholder of such entity, directly or indirectly, acting alone or in concert with others, holds a number of shares carrying a percentage of the voting rights exercisable in such general meetings which is higher than the percentage of voting rights attached to the number of shares held by such Relevant Person(s) or;

- (ii) whether by the ownership of share capital or the possession of voting power, contract or otherwise the ability, directly or indirectly, of any Relevant Person(s) to appoint or dismiss all or the majority of the members of the *Conseil d'administration* or other governing or supervisory body of such entity.

A **Change of Control** in respect of the Issuer shall be deemed to have occurred at each time (whether or not approved by the Issuer) that any Relevant Person(s), at any time following the Issue Date of the Notes acquire(s) Control of the Issuer provided that a Change of Control in respect of the Issuer shall be deemed not to have occurred in the case of a Change of Control in respect of the Issuer involving any Relevant Person(s) which at the time of such Change of Control are under the Control of VINCI S.A.

Change of Control Period means the period commencing on the date that is the earlier of (i) the date of the First Formal Change of Control Announcement and (ii) the date of the earliest relevant Potential Change of Control Announcement (if any) and ending 90 days after the date of the First Formal Change of Control Announcement (the **Initial Longstop Date**), provided that unless any other Rating Agency has on or prior to the Initial Longstop Date effected a Rating Downgrade in respect of its rating of the Notes, if one or more Rating Agency publicly announces, at any time within a period starting on the date which is 60 days prior to the Initial Longstop Date and ending on the Initial Longstop Date, that it has placed its rating of the Notes under consideration for rating review as a consequence of such Change of Control, the Change of Control Period shall be extended to the date which falls 60 days after the date of the first such public rating review consideration announcement.

First Formal Change of Control Announcement means the first of any formal public announcement of the occurrence of the relevant Change of Control in respect of the Issuer.

Potential Change of Control Announcement means any public announcement or statement by the Issuer, any actual or potential bidder or any advisor thereto relating to any potential Change of Control in respect of the Issuer, such announcement or statement occurring no more than 180 days prior to the First Formal Change of Control Announcement.

Rating Agency means Standard & Poor's Credit Market Services Europe Limited and its successors or affiliates and/ or any other rating agency of equivalent international standing specified from time to time by the Issuer which has a current rating of the Notes at any relevant time.

A **Rating Downgrade** shall be deemed to have occurred in respect of a Change of Control in respect of the Issuer if within the Change of Control Period the rating previously assigned to any of the Notes by any Rating Agency is (i) withdrawn or (ii) changed from an investment grade rating (BBB-/Baa3, or their respective equivalents for the time being, or better) to a non-investment grade rating (BB+/Ba1, or their respective equivalents for the time being, or worse) or (iii) if the rating previously assigned to any of the Notes by any Rating Agency was below an investment grade rating (as described above), lowered at least one full rating notch (for example, from BB+ to BB or their respective equivalents), provided that a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control in respect of the Issuer if the Rating Agency making the change in rating does not publicly announce or publicly confirm that the reduction was the result, in whole or part, of any event or circumstance comprised in or arising as a result of, or in respect of, such Change of Control.

Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a **Put Event Notice**) to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable) specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the Put Option contained in this Condition 6(k)).

To exercise the Put Option to require redemption or, as the case may be, purchase of a Note under this Condition 6(k), the holder of that Note must (i) in the case of Dematerialised Notes transfer or cause to be transferred by its Account Holder its Notes to be so redeemed or purchased to the account of the Paying Agent specified in the Put Option Notice for the account of the Issuer or (ii) in the case of Materialised Notes, deposit its Notes with any Paying Agent specified in the Put

Option Notice for the account of the Issuer, in each case within the period (the **Put Period**) of 45 days after the Put Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a **Put Option Notice**) and in which the holder may specify a bank account to which payment is to be made under this Condition 6(k).

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of, the Notes in respect of which the Put Option has been validly exercised as provided above, and subject to the transfer or deposit of such Notes as described above on the date which is the fifth Business Day (as defined in Condition 5(a)) following the end of the Put Period (the **Optional Settlement Date**). Payment in respect of any Note so transferred or deposited will be made to each relevant holder in Euro in accordance with Condition 7 on the Optional Settlement Date.

- (l) **Squeeze Out Option:** If 80 per cent. or more of the original aggregate principal amount of the Notes of any Series have been redeemed or repurchased by the Issuer, the Issuer may (the **Squeeze Out Option**), on not less than 30 nor more than 60 days' irrevocable notice to the Noteholders in accordance with Condition 14 at any time prior to the Maturity Date, redeem on a date to be specified in such notice (the **Squeeze Out Redemption Date**), at its option, all (but not some only) of the remaining Notes of that Series at their principal amount, together with interest accrued to but excluding the Squeeze Out Redemption Date, and where applicable, any Arrears of Interest.
- (m) **Loss of Concession:** In case of the occurrence of a Loss of Concession (as defined below but except when the relevant concession is bought back), which results in the cessation of all or a substantial part of the business or operations of the Issuer, the Issuer will, after having given not more than 45 nor less than 30 days' notice to the Noteholders in accordance with Condition 14 (which notice shall be irrevocable), redeem all, but not some only, of the Notes at their Early Redemption Amount, no later than 30 days following the receipt by the Concession Holder of the monetary compensation due under the terms of the relevant Concession Agreement.

All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank.

Bank means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET 2 System.

- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities and, so long as Notes are admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and ensuring the financial services of the Notes in Luxembourg and, in either case, so long as the rules of, or applicable to, the relevant Regulated Market so require, in such other city where the Notes are admitted to trading) (v) a Paying Agent with a specified office in a European Union Member State (which may be any of the Paying Agents referred to in (iv) above) that will not be obliged to withhold or deduct tax pursuant to Council Directives 2003/48/EC and 2015/2060/UE, (vi) in the case of Dematerialised Notes, in fully registered form, a Registration Agent and (vii) such other agents as may be required by any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 13, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14.

- (f) **Unmatured Coupons and Receipts and unexchanged Talons:**
 - (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the

amount of such missing unmatured Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).

- (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
 - (iv) Upon the due date for redemption of any Materialised Bearer Note that is redeemable in instalments, all Receipts relating to such Materialised Bearer Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (v) Where any Materialised Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Materialised Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
 - (vi) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any Arrears of Interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).
- (h) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, **business day** means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as **Financial Centres** in the relevant Final Terms and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET 2 Business Day.

8. Taxation

(a) Tax Exemption

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) Additional Amounts

If French law should require that payments of principal or interest in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future French taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:

(i) *Other connection:*

to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or

(ii) *Presentation more than 30 calendar days after the Relevant Date in the case of Materialised Notes:*

more than 30 calendar days after the Relevant Date except to the extent that the Noteholder would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day; or

(iii) *Payment to individuals:*

where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to Council Directives 2003/48/EC and 2015/2060/EU; or

(iv) *Payment by another paying agent in the case of Materialised Notes:*

presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another paying agent in a Member State of the EU.

As used in these Conditions, **Relevant Date** in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of Arrears of Interest, references to becomes due shall be interpreted in accordance with the provisions of Condition 5(g)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Conditions to (i) **principal** shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) **interest** shall be deemed to include all Interest Amounts and all other amounts (including, for the

avoidance of doubt, all Arrears of Interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) **principal** and/or **interest** shall be deemed to include any additional amounts that may be payable under this Condition.

9. Events of Default

The Representative (as defined in Condition 11), upon request of any Noteholder, or in the event the Notes of any Series are held by a sole Noteholder, such Noteholder, may, upon written notice to the Issuer and the Fiscal Agent given before all defaults shall have been cured, cause all the Notes (but not some only) held by any such Noteholder or the sole Noteholder to become immediately due and payable at their principal amount, together with any accrued interest thereon (including, where applicable, any Arrears of Interest), as of the date on which such notice for payment is received by the Issuer and the Fiscal Agent without further formality, if any of the following events (each an **Event of Default**) shall occur:

(a) Unsubordinated Notes: In the case of Unsubordinated Notes:

- (i) default in any payment when due of interest on any of the Notes, and the continuance of any such default for a period of 15 days thereafter; or
- (ii) default in the performance of, or compliance with, any other obligation of the Issuer under the Notes, if such default shall not have been remedied within 30 days after receipt by the Fiscal Agent of written notice of such default given by the Representative (as defined in Condition 11); or
- (iii) any other present or future indebtedness of the Issuer for borrowed money in excess of Euro 50,000,000 (or its equivalent in any other currency) shall become due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due after, as the case may be, the expiration of any applicable grace period therefor, unless the Issuer is contesting in good faith and by appropriate proceedings before a competent court that such indebtedness was due and payable, or unless such default under such indebtedness for borrowed money arises as a result of a Loss of Concession (as defined in Condition 6(m)); or
- (iv) if the Issuer makes any proposal for a general moratorium in relation to its debt; or a judgement is issued for the judicial liquidation (*liquidation judiciaire*) or for the transfer of the whole business (*cession totale de l'entreprise à la suite d'un plan de cession*) of the Issuer; or to the extent permitted by applicable law, the Issuer is subject to any other insolvency or bankruptcy proceedings; or the Issuer makes any conveyance, assignment or other arrangement for the benefit of, or enters into a composition with, its creditors; or the Issuer ceases to carry on all or a substantial part of its business or operations or is dissolved except (i) any operation falling within the definition of Permitted Reorganisation (as defined below) or (ii) in the event of a Loss of Concession or (iii) with the prior approval of the *Masse*, for the purposes of, or in connection with, an amalgamation, reorganisation, consolidation or merger (other than a Permitted Reorganisation) which is implemented;

The occurrence of any Event of Default must be notified to the Noteholders by a publication in accordance with the provisions of Condition 14.

Permitted Reorganisation means a reconstruction, amalgamation, merger, consolidation or transfer of assets and/or activities (a **Reorganisation**) where the surviving legal entity which acquires or to which is transferred all or a substantial part of the business and/or activities of the Issuer:

- (i) is a company incorporated and resident in a Member State of the OECD;
- (ii) carries on the same or similar business and activities as the Issuer immediately after such acquisition or transfer;
- (iii) expressly and effectively by law assumes all the obligations of the Issuer under the Notes and has obtained all authorisations therefore; and

- (iv) benefits from a senior long term debt rating from either Standard & Poor's Credit Market Services Europe Limited which is equal to or higher than the senior long term debt rating of the Notes immediately prior to the Reorganisation.

- (b) **Subordinated Notes:** In the case of Subordinated Notes and in accordance with Condition 3(b), if any judgment shall be issued for the transfer of the whole of its business (*cession totale de l'entreprise*) or the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason then the Subordinated Notes shall become immediately due and payable, in accordance with Condition 3(b), at their principal amount together with any accrued interest to the date of payment and where applicable, any Arrears of Interest, without further formality.

10. Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

11. Representation of Noteholders

In respect of the representation of Noteholders, the following shall apply:

- (a) If the relevant Final Terms specify "Full Masse", the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defense of their common interests in a masse (the **Masse**) and the provisions of the French *Code de commerce* relating to the Masse shall apply in accordance with the provisions of this Condition 11(a) below.

The names and addresses of the initial representative (the **Representative**) of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration, if any, in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative or another Representative. In the event of the death, retirement, dissolution or revocation of appointment of the alternate Representative, an alternate will be elected by the general meeting of the Noteholders (the **General Meeting**).

In accordance with Article R. 228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of midnight, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

The place where a General Meeting shall be held will be set out in the notice convening such General Meeting; or

- (b) If the relevant Final Terms specify "Contractual Masse", the Noteholders will, in respect of all Tranches in any Series be grouped automatically for the defence of their common interests in a Masse which will be subject to the provisions of this Condition 11(b) below.

The Masse will be governed by the provisions of the French *Code de Commerce* with the exception of Articles L. 228-48, L. 228-59, L. 228-65 II, R. 228-63, R. 228-67 and R. 228-69, subject to the following provisions:

- (i) Legal Personality

The Masse will be a separate legal entity and will act in part through the Representative and in part through the General Meeting.

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(ii) Representative

The office of Representative may be conferred on a person of any nationality who agrees to perform such function. However, the following persons may not be chosen as Representatives:

- the Issuer, the members of its Board of Directors (*Conseil d'administration*), its Supervisory Board (*Conseil de surveillance*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or
- companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors, Executive Board (*Directoire*), or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouse; or
- companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration, if any, in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by the alternate Representative or another Representative. In the event of the death, retirement, dissolution or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(iii) Powers of Representative

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

(iv) General Meeting

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 14.

Each Noteholder has the right to participate in a General Meeting in person, by correspondence or by proxy. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(v) Powers of the General Meetings

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R. 228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of midnight, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant general assembly. Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 14.

(vi) Information to Noteholders

Each Noteholder or Representative thereof will have the right, during the 15 calendar day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents during usual business hours and at any other place specified in the notice of the General Meeting.

(vii) Expenses

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(viii) Single Masse

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated (*assimilées* for the purpose of French law) with the Notes of such first mentioned Series in accordance with Condition 13, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.

- (c) Whether the relevant Final Terms specify "Full Masse" or "Contractual Masse", if and for so long as the Notes of any Series are held by a sole Noteholder, such sole Noteholder shall exercise all the powers, rights and obligations entrusted with the Representative and the General Meeting by the provisions of Condition 11(a) or 11(b) above, as appropriate. Such sole Noteholder shall hold a register of the decisions it will have taken in this capacity and shall make them available, upon request, to any subsequent holder of all or part of the Notes of such Series. For the avoidance of doubt, in this case, the Representative and the General Meeting shall not exercise such powers, rights and obligations until the Notes of any such Series are held by more than one Noteholder.

For the avoidance of doubt, in this Condition 11, the expression "outstanding" shall not include the Notes subscribed or purchased by the Issuer in accordance with Article L. 213-1 A of the French *Code monétaire et financier* which are held by the Issuer and not cancelled.

12. Replacement of Definitive Notes, Receipts, Coupons and Talons

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13. Further Issues and Consolidation

- (a) **Further Issues:** The Issuer may from time to time without the consent of the Noteholders, Receiptholders or Couponholders create and issue further notes to be assimilated (*assimilées* for the purpose of French Law) and form a single series with the Notes provided such Notes and the further notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest in the relevant Final Terms) and that the terms of such further notes provide for such assimilation and references in these Conditions to **Notes** shall be construed accordingly.
- (b) **Consolidation:** The Issuer may, with the prior approval (which shall not be unreasonably withheld) of the Redenomination and Consolidation Agent, from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than 30 days' prior notice to the Noteholders in accordance with Condition 14, without the consent of the Noteholders, Receiptholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

14. Notices

- (a) Notices to the holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) at the option of the Issuer, they are published in a leading daily newspaper of general circulation in Europe. Provided that, so long as such Notes are admitted to trading on any Regulated Market(s), notices shall be valid if published (x) as long as such Notes are listed and admitted to trading on the Luxembourg Stock Exchange, and the rules of such Stock Exchange so permit, on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (y) in a daily newspaper with general circulation in the city/ies where the Regulated Market(s) on which such Notes are admitted to trading is/are situated, which in the case of the Luxembourg Stock Exchange, is expected to be the *Luxemburger Wort*.

- (c) If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Bearer Notes in accordance with this Condition.
- (d) Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication as required by Conditions 15 (a), (b) and (c) above; except that so long as such Notes are admitted to trading on any Regulated Market(s) and the rules of, or applicable to, that Regulated Market so require, notices will be published (x) as long as such Notes are listed and admitted to trading on the Luxembourg Stock Exchange, and the rules of such Stock Exchange so permit, on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (y) in a daily newspaper with general circulation in the city/ies where the Regulated Market(s) on which such Notes are admitted to trading are/is situated which, in the case of the Luxembourg Stock Exchange, is expected to be the *Luxemburger Wort* and notices relating to the convocation and decision(s) of the General Meetings pursuant to Condition 11 shall also be published in a leading newspaper of general circulation in Europe.

- (b) **Jurisdiction:** Any claim against the Issuer in connection with any Notes, Receipts, Coupons or Talons may be brought before any competent court of the jurisdiction of the Paris Court of Appeal.

TEMPORARY GLOBAL CERTIFICATES ISSUED IN RESPECT OF MATERIALISED BEARER NOTES

Temporary Global Certificates

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Bearer Notes. Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream, Luxembourg (the **Common Depositary**), Euroclear or Clearstream, Luxembourg will credit the accounts of each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, a nominal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see General Description of the Programme - Selling Restrictions), in whole, but not in part, for the Definitive Materialised Bearer Notes and
- (ii) otherwise, in whole but not in part upon certification if required under U.S. Treasury regulation section 1.163-5(c)(2)(i)(D)(3) (or any successor regulation under the U.S. Internal Revenue Code of 1986, as amended (the **Code**), section 4701(b) containing rules similar to those that currently apply under section 163(f)(2)(B) of the Code) as to non-U.S. beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents) for Definitive Materialised Bearer Notes.

While any Materialised Bearer Note is represented by a Temporary Global Certificate, any payment payable in respect of such Materialised Bearer Note prior to the Exchange Date (as defined below) will be made only to the extent that the certification described in (ii) above has been received by Euroclear and/or Clearstream, Luxembourg, and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certification received) to the relevant Paying Agent. Delivery of Definitive Materialised Bearer Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Bearer Notes. In this Base Prospectus, Definitive Materialised Bearer Notes means, in relation to any Temporary Global Certificate, the Definitive Materialised Bearer Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Temporary Global Certificate and a Talon). Definitive Materialised Bearer Notes will be security printed in accordance with any applicable legal and Regulated Market requirements. Forms of such Definitive Bearer Materialised Notes shall be available at the specified offices of any of the Paying Agent(s).

Exchange Date

Exchange Date means, in relation to a Temporary Global Certificate, the day falling after the expiry of 40 days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such day pursuant to Condition 13(a), the Exchange Date for such Temporary Global Certificate shall be postponed to the day falling after the expiry of 40 days after the issue of such further Materialised Notes.

USE OF PROCEEDS

The net proceeds of the issue of the Notes will be used for the Issuer's general corporate purposes unless otherwise specified in the relevant Final Terms.

advice is transmitted to the French rail and road activities regulation authority (**ARAFER**) before any official and definitive granting, so that it may use its prerogatives provided by law.

1.3 - History of the Issuer

In 1970, the French government decided to reform the legislative framework relating to motorways in order to open concessions to private partners. The Intercity Network concession for the motorways between Paris and Poitiers and Paris and Le Mans was awarded to the *Compagnie financière et industrielle des autoroutes* (Cofiroute). Cofiroute is the only concessionaire in France to remain privately owned since its establishment.

The Cofiroute Intercity Network concession agreement (the **Cofiroute Concession Agreement**) was initially applicable to 476 km of motorway but has been amended 17 times since its creation and now applies to 1,100 km of motorway. The Cofiroute Concession Agreement is currently set to expire in June 2034.

The various amendments to the Cofiroute Concession Agreement consolidated Cofiroute's coverage in the center-west of France by extending the concession to cover the A10, A11 & A81 motorways. In addition, amendments to the Cofiroute Concession Agreement in 1994 and 1995 enabled Cofiroute to develop the A28 regional motorway between Alençon and Tours and the A85 motorway between Vierzon and Angers.

In addition to the development of the motorway network, Cofiroute and the French State have agreed on a number of investment plans:

- Three 5-year investment plans were agreed in 1995, 2004 and 2010. These programmes provide investment to improve and upgrade the operated network, such as road widening, new interchanges, security, quality of service and environment. These initiatives are financed by a premium in the tariff formula and several provisions on State monitoring of the concession contract.
- Two stimulus plans were agreed in 2010 and 2015. They are both mainly focused on environmental improvement and road widening and are financed through the extension of the concession term.

The following table sets out the main amendments to the Cofiroute Concession Agreement since 1970:

Convention	Date of approval (decree)	Motorways under concession	Concession total length	Term
Initial Agreement	12 May 1970	A10 Folie Bessin - Poitiers A11 Ponthévrard – Le Mans	476 km	2009

The French State awarded the A86 Duplex Tunnel concession agreement to Cofiroute (the **A86 Concession Agreement**) in 1999 (see details in section entitled 'The A86 Concession Agreement' below).

As of the date of the present Base Prospectus, VINCI fully controls Cofiroute since it directly or indirectly holds 100 per cent. of the voting rights in its share capital. Cofiroute is controlled at 65.34% by VINCI Autoroutes and at 34.66% by Cofiroute Holding, which is fully owned by VINCI Autoroutes.

1.4 - Concession agreements

Cofiroute concession agreements

Motorway concessions are public utility and public works concessions. They are granted by the French State by virtue of a concession agreement, approved by a *Conseil d'Etat* decree specifying how to construct, operate and maintain the motorways.

The French system of motorway concessions was established by the Motorway Act of 18 April 1955 (now known as the Road and Highway Code). Roads are built on public land and cannot be privately owned. Only the French State may authorise a company to build and operate motorways and the related infrastructure under a concession agreement. Concession agreements are subject to bids.

The relationship between the French State and the concessionaires are governed by concession agreements, as amended from time to time and, since 1994, by a programme plan (*Contrat de Plan*) signed on a regular basis by both parties, which establish the practices in terms of pricing, capital expenditure, development, marketing and customer services, financial targets and social and environmental policies within the respect of the financial balance of concession.

Cofiroute builds, maintains and operates its motorway network under two concession agreements with the French State: the Cofiroute Concession Agreement and the A86 Concession Agreement.

They were approved by decrees issued by the French *Conseil d'Etat* in 1970 for Cofiroute Concession Agreement and in 1999 for the A86 Concession Agreement. They have since been the subject of a number of amendments.

Scope of the concessions

The concession agreements relate to the motorways or motorway sections, and also all land, structures and installations necessary for the construction, maintenance and operation of each motorway, such as parking, service and rest areas, service stations, restaurants, motels and hotels (the **Concession Assets**).

The Concession Assets fall into three categories:

- (i) assets required to operate the concession, which will automatically be returned to the State without compensation at the end of the concession (**Returnable Assets**);
- (ii) other assets that are the property of the concessionaire, which the State may elect to buy back at the end of the concession period, if they are of use in operating the concession (**Assets with a Buyback Option**); and
- (iii) assets owned outright by the concessionaire (**Owned Assets**), which will not be transferred to the State at the end of the concession period, with or without consideration.

Throughout the duration of the concession agreements, the concessionaire has the exclusive right to operate the motorways or motorway sections covered by the concessions, and to collect tolls.

Duration of concessions and recovery of assets on expiry of concessions

As of the date of the present Base Prospectus, Cofiroute Concession Agreement will expire on 30 June 2034 and the A86 Concession Agreement on 31 December 2086.

On the expiry of each concession, the State will take possession of the Returnable Assets. The concessionaire must carry out all necessary maintenance and replacement work, in a timely manner and at its own expense, so that the assets are returned in a good state of repair.

On the concession expiry date, the French State may decide to exercise its buyback option in order to also take possession of the other assets required to operate the network.

Motorway construction

Each concession agreement outlines the main features of the infrastructure. For motorways that are classified as being in the public interest, the concessionaire enjoys all the legal and regulatory rights conferred on the French State in matters of public works, for the purpose of acquiring land and carrying out expropriations, and is subject to

all the corresponding obligations. In particular, the concessionaire must fulfill all the undertakings given and conditions imposed in the Declaration of Public Interest.

Construction contracts above a certain value must be awarded under a competitive bidding process. Discrimination against European Union companies on the basis of national origin is prohibited.

Motorway operation

The concessionaire must deploy all necessary resources to maintain continuity of traffic in good conditions of safety and convenience. Concession assets must be kept in a good state of repair and operated by the concessionaire at its own expense.

The concessionaire must comply with law and order measures announced by the *préfets* of the regions which the motorway crosses. It must also submit its proposed operating plan for the prior approval of the Infrastructure Minister. In accordance with the rules applicable to public service providers, in the case of a strike by its employees, the concessionaire is required to maintain a minimum service as defined by the Infrastructure Minister.

The concessionaire also has certain obligations in the event that the motorway traffic flow is interrupted or restricted. These include informing the public in advance of possible delays, and immediately notifying the competent authorities if traffic is interrupted due to circumstances beyond the concessionaire's control.

Financial terms and conditions

The concessionaire is responsible for financing the construction and operation of the motorway network and related infrastructure, on the basis specified in the concession agreement.

Tariffs

The concession agreement specifies the basis to be used by the concessionaire to determine toll charges.

The rates are revised on 1 February in each year for Cofiroute Concession Agreement. By law (Decree n° 95-81), the minimum annual rate increase for toll operators amounts to 70 per cent. of the inflation index (French inflation index excluding tobacco). Upon the signing of a programme plan between the French State and the concessionaire, the tariff increases are defined for the duration of the contract.

Cofiroute Concession Agreement contractual annual tariff increases:

- 2016: 70 per cent. of inflation index (*) + 0.78%
- 2017: 70 per cent. of inflation index (*) + 0.32%
- 2018: 70 per cent. of inflation index (*) + 0.62%
- 2019 to 2023: 70 per cent. of inflation index (*) + 0.10%
- After 2023: 70 per cent. of inflation index (*)

(*) French inflation index excluding tobacco

The average increase of the tariff rates on 1 February 2016 was 0.8 % for vehicle classes 1,2 and 5, 1.6 % for vehicle class 3 and 1.1 % for vehicle class 4.

Other elements of the Cofiroute Concession Agreement

17th Amendment

On 23 August 2015, an amendment to the Cofiroute Concession Agreement was published in France's Official Journal, thereby making the motorway stimulus plan's measures enforceable. Additional undertakings regarding investments to be made by Cofiroute under this plan amount to approximately €0.6 billion. In return for these additional investments, the term of the Cofiroute Concession Agreement was extended by two years and six months.

Most of this investment programme relates to infrastructure works to improve the motorway network, including the widening of the A10 motorway near Orleans and Tours. The programme also includes upgrades to improve the environmental performance of the motorways.

The amendments also mainly provide for:

- the compensation of the 2013 land tax increase and of the 2015 toll freeze;
- the implementation of caps on the concession profitability during the additional extended period granted by the stimulus plan and a mechanism to prevent financial advantage regarding works forecasted schedule of the stimulus plan;
- the implementation in the concession agreement of a performance indicators system with penalties and targets.

Operation of service area outlets and other commercial installations:

The concessionaire awards contracts for the operation of service area outlets according to a competitive bidding process. The fees paid by the service area operators are included in concession revenues.

Under the terms of the Cofiroute Concession Agreement, the concessionaire may install and operate optical fibre and telecommunications networks alongside the motorways.

State buyback option:

From 31 December 2027, the French State will have the right to buy back the Cofiroute Concession Agreement on 1 January of each year, subject to giving one year's notice.

If the buyback option is exercised, the concessionaire will be entitled to compensation corresponding to:

- annual payments based on revenues minus operating, maintenance and renewal expenses; this payment will take place every year on 30 June until the term of the concession.
- a sum of normative net book value (based on a linear depreciation over 15 years) of the last 15 years investments before the year in which the buyback is completed. This payment will take place on 30 June of the year of the buyback.

The concessionaire will be required to return to the French State the assets, installations, machinery and equipment bought back in a good state of repair. If necessary, the French State can retain amounts on the global instalment in order to pay for upgrade installations in the event that any assets, installations, machinery and equipment are not returned in a good state of repair.

Penalties and remedies:

In the case of any failure by the concessionaire to fulfill any of its obligations under the Cofiroute Concession Agreement that is not remedied within the period specified in the execution order issued by the French State, the concessionaire will be required to make a remedial payment, unless such failure is due to circumstances beyond the concessionaire's control.

In particular, such a payment will be levied in the case of any motorway construction delays or any partial or total interruption of traffic arising from the fault of the concessionaire.

If the concessionaire breaches its obligations concerning tariffs, the tariffs applicable up to the next revision date will be set jointly by the Infrastructure Minister and the Finance Minister.

According to Cofiroute Concession Agreement, Cofiroute is bound to realise investments in determined periods.

Under certain circumstances, delays in fulfilling its obligations might lead to the restitution to the French State of the resulting financial advantage of the Cofiroute Concession Agreement. Cofiroute and the French State would have to agree on the form of the compensation.

Termination for default:

The Cofiroute Concession Agreement may be terminated by a decision of the French State made by decree of the *Conseil d'Etat*, if any of the following breaches is not remedied within 30 days of receiving an execution order:

- the concessionaire interrupts operations repeatedly or for a lengthy period without authorisation; or
- the concessionaire commits a serious breach of any other contractual obligations.

Termination for default is not applicable in case of breach resulting of a "*force majeure*" event.

In the event of termination for default, the Cofiroute Concession Agreement will be granted to a new concessionaire, in compliance with applicable laws and regulations, through a competitive bidding process. In this

case, the bid price will be paid by the new concessionaire to the disqualified company, immediately following publication of the *Conseil d'Etat* decree approving the new concession agreement and related specifications.

The A86 Concession Agreement

The French State awarded the A86 Concession Agreement to Cofiroute in 1999. The A86 Concession Agreement was amended in 2009 to address additional costs arising from technical changes related to the enforcement of new tunnel safety regulations.

The A86 Concession Agreement relates to the financing, construction and management of a toll tunnel located to the west of Paris. The tunnel is fully operational since January 2011 and is for use by light vehicles only..

The concession is granted to the Issuer for a period of 75 years and will expire on 31 December 2086. Under certain conditions relating to cumulative cash flow available for debt coverage, the concession can be terminated early upon giving two years notice, but in any event the anticipated term can not be earlier than 31 December 2080.

The A86 Concession Agreement provides for the construction and management of a second tunnel (West tunnel) but this project, if realised, would require reconsideration of the initial conditions under which it was planned in light of the new tunnel safety regulations. No work relating to the West tunnel will be commenced by Cofiroute until an amendment to the A86 Concession Agreement reflecting the French State's decision on this tunnel has been agreed. As of the date of this Base Prospectus, no decision has been taken by the French State.

The A86 Concession Agreement provides a cap tariff formula. It is based on a CPI + X indexation, with X dependent on the traffic evolution. Tariffs are modulated according to the time, day and period of the year. The tariffs change every year on 1 January, subject to approval by the French government.

A buyback option can be exercised by the French State beginning 50 years after the commencement of operations. The conditions of the buyback options are the same as those under Cofiroute Concession Agreement.

1.5 - Business overview

Cofiroute TRAFFIC EVOLUTION

Cofiroute internal source.

In 2015, the Cofiroute Intercity Network saw its traffic levels rise by 2.5 per cent. compared with the previous year:

- +2.5 per cent. for light vehicles, which accounted for 87 per cent. of total traffic; and
- +2.3 per cent. for heavy vehicles.

Main activities

Motorway Construction:

Cofiroute acts as project manager for the construction of the infrastructure it has committed to perform under its concession agreement or programme plans. The first task is to define the precise route of the motorway within the 300 metre strip covered by the declaration of public interest. This choice is governed by two priorities: road safety and blending the motorway into its local environment with a view to minimizing any disturbances for local residents. Cofiroute's team of architects and landscapers use advanced imaging technology and other tools to simulate the course of the motorway and assess its impact on local populations and on the natural environment. Road works are outsourced by way of competitive tenders.

Motorway and Infrastructure Maintenance:

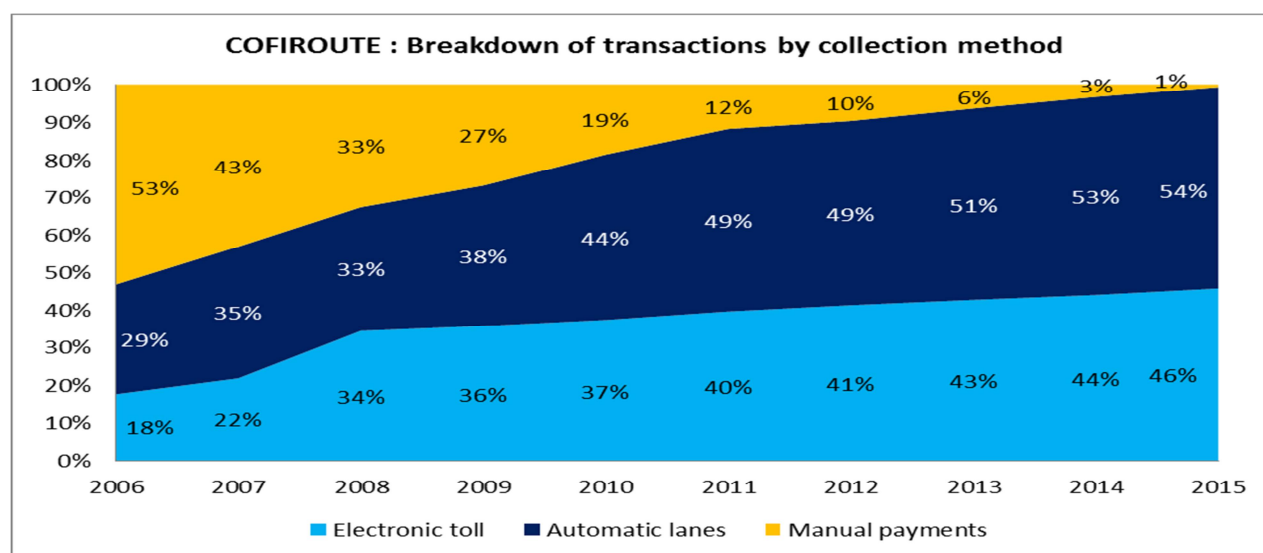

Pursuant to programme plans and stimulus plans, Cofiroute realises additional investments on existing motorways. These investments are to adapt infrastructure, mainly to cope with increasing traffic, and include road-widening, toll plazas, rest and service area extensions and interchanges construction.

Cofiroute also invests in infrastructure maintenance to repair damage caused by high traffic volume and ageing infrastructure, as well as to comply with new technical standards.

Toll Collection:

There are three toll collection systems on Cofiroute's motorways: manual toll, automatic toll and electronic toll "Liber-t".

Liber-t is an electronic toll collection system, developed by the French motorway operators. It is valid on the whole toll French motorway network and allows direct payment of tolls from the user's bank account. This system also has advantages for the motorist, such as slowing down without stopping at the toll plaza and, on heavy traffic days, easier access, as well as benefiting the Issuer by way of cost reductions in the operation and construction of toll plazas (fewer lanes needed when compared with conventional manual toll collection plazas).

Cofiroute internal source.

Services:

Cofiroute performs operation, maintenance and advisory activities linked to motorway infrastructure through service contracts.

Assistance to the Customer:

Adequate service levels are ensured through innovative initiatives. These may include new equipment, new systems or effective and timely solutions for incidents or crises as they occur.

Road assistance – which is part of Cofiroute's obligations under the terms of the Cofiroute Concession Agreement and the A86 Concession Agreement – consists of patrolling motorways in order to detect and correct anomalies and thus prevent accidents and to assist road users. Cofiroute has Assistance and Maintenance Centres strategically located to provide efficient assistance on all motorways. Their networks are broken down into nine districts, each benefiting from a team dedicated to managing traffic flows and responding to incidents.

Assistance to road users includes rapid breakdown services, refuelling and car removal services.

Service areas are one of the most useful services made available on the network. They are located on the roadside at average intervals of 40 km and are organised through concession to third parties with Cofiroute monitoring service quality and capacity. The network includes more than 100 rest and service areas.

Road Safety:

Cofiroute's increasing concern with traffic conditions and road safety has led to continuous improvements in active and passive safety measures.

Cofiroute has stepped up actions aimed at improving the safety of their clients and personnel. Some noteworthy measures include: a dynamic speed regulation system on days of heavy traffic was implemented on sections of A10; preinstalled 'works in progress' signalling sequences; reduction in time needed to convey information to intervention teams and customers.

Additional activities

Since 2009, Cofiroute has an operating and maintenance contract with ARCOUR, a subsidiary of VINCI Autoroutes. This contract provides operation and maintenance work for Cofiroute on a 100 km stretch of motorway under concession (ARCOUR) close to the Cofiroute Intercity Network.

1.6 - Significant events from 2014 to 2015

Changes in accounting policy

The new mandatory standards and interpretations applicable from 1 January 2015 concern IFRIC 21 "Levies" only (see "Notes to the consolidated Financial Statements" of information incorporated by reference of the 2015FR).

Operation

In 2015, the Cofiroute toll revenue grew by 2.7 per cent. and traffic level rose by 2.5 per cent. compared with the previous year. Cofiroute has continued its policy of cost-control and has improved its EBITDA margin to 73.6 per cent. of sales turnover (excluding revenue from construction work) in 2015.

Corporate

Since all financing requirements were covered by generated free cash flow and existing facilities, no significant financing transactions took place during 2015.

Traffic

In 2015, the Cofiroute Intercity Network saw its traffic levels rise by 2.5 per cent. compared with the previous year:

- +2.5 per cent. for light vehicles, which accounted for 87 per cent. of total traffic; and
- +2.3 per cent. for heavy vehicles.

The following factors should be taken into account when analysing changes in traffic during year 2015:

- diesel prices were down by an average of 10.6 per cent.⁴ in 2015 compared to 2014, and by the end of 2015 had reached its lowest level since 2009;
- unusually mild and sunny weather in 2015, particularly in the summer, was favourable to light vehicle traffic;
- moderate economic growth in France, but particularly strong economic growth in Spain, during the 2015 financial year supported the growth of heavy vehicle traffic; and
- an additional working day for heavy vehicle traffic in 2015 compared to 2014

Users travelled 11,332 million km on the Cofiroute network in 2015 compared with 11,056 million in 2014, a 2.5 per cent. increase.

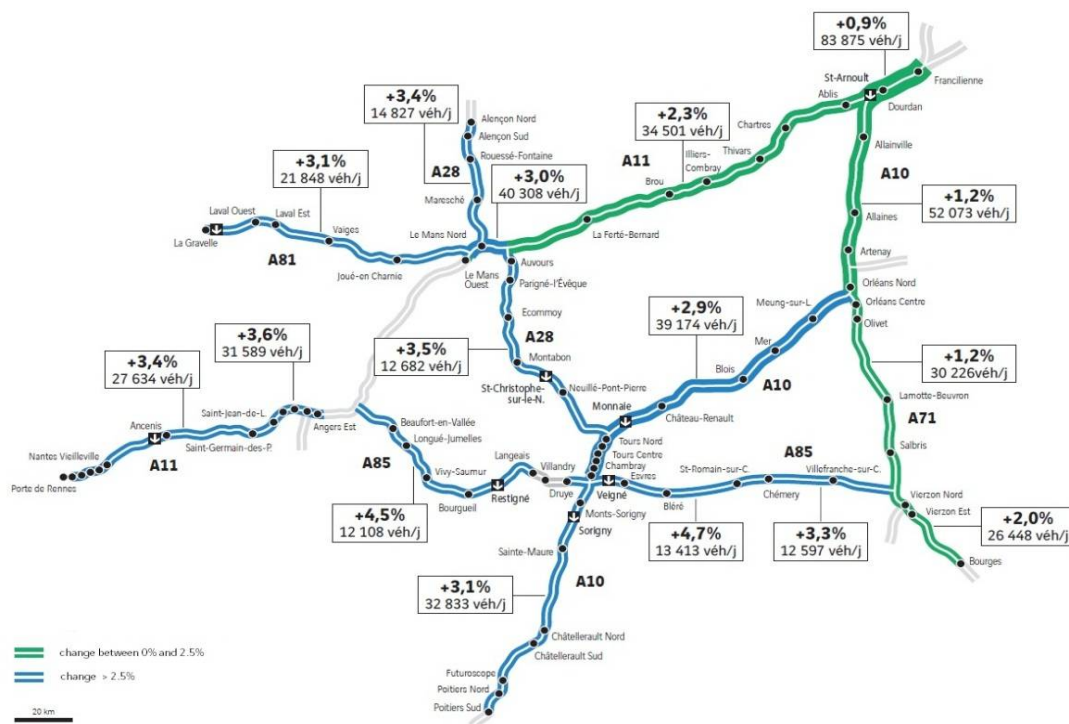

The annual average daily traffic (AADT) on the network as a whole was 28,481 vehicles per day in 2015 compared with 27,792 vehicles per day in 2014, a 2.5 per cent. increase.

As shown in the table below, rates of traffic change varied significantly from one motorway section to another.

Tariffs

The tariff increase originally planned by the Cofiroute Concession Agreement to apply as of 1 February 2015 was suspended by a decision of the French government at the beginning of 2015. Therefore, no tariff increase was implemented by Cofiroute on 1 February 2015.

The compensation of the 2015 toll freeze is provided by the 17th Amendment of the Cofiroute Concession Agreement.

Toll revenue

Toll revenue amounted to €1,292 million (€1,238 million for the Cofiroute Intercity Network and €54 million for the A86 Duplex) in 2015, up 2.7 per cent. from the €1,257 million recorded in 2014.

Capital expenditure

During the year 2015, €80 million has been invested in interurban network improvement works.

Works under the third investment plan continued in 2015, including starting work on the widening of the section of the A10 between Chambray-Veigné and the commissioning of the widening of the section of A71 between Theillay and Vierzon on 1 July 2015.

The Illiers-Combray interchange, located half-way between the Thivars and de Luigny interchanges, was commissioned on 9 July 2015.

The implementation of a 30 km/h speed limit in the free flow toll lanes continues to improve customer service and roll-out is on-going. Following completion of work in at the Dourdan toll station and Veigné toll gate in 2013, and the Ancenis, Sorigny, Saint-Christophe and Restigné stations in 2014, work started on the la Gravelle toll gate in 2015 and will be completed in 2017.

The engineering studies and government permitting work have continued on improvements to the Gesvres exit on the A11 to decongest the interchanges with the Nantes ring road.

As part of the second phases of the interurban network improvements, engineering work continued on circulation improvements on the A10/A85 interchange. The final cross profile of the Theillay/Villefranche section of the A85 was completed in December 2015.

Lastly, as part of the motorway stimulus plan, work was started on all government approvals and studies. Actual work began on 10 December 2015 with the construction of two animal crossings on the A11.

2015 main financial indicators:

- Revenue excluding revenue from construction work: €1,306.4 million
- Revenue from construction of new infrastructure assets: €80.9 million
- Cost of net financial debt: €108.2 million
- Net profit attributable to equity holders of the parent: €375.9 million
- Cash flows from operations before tax and financing costs: €961.2 million

VINCI group overview

VINCI is a world leader in concessions and construction, employing close to 185,500 people in some 100 countries (source: http://www.enr.com/toplists/2015_Top_150_Global_Contractors1).⁵

VINCI's consolidated revenue in 2015 amounted to €38.5 billion (excluding concession subsidiaries' revenue derived from works carried out by non-VINCI group companies).

At the end of 2015, VINCI's market capitalisation amounted to around €34.8 billion, putting it amongst the fifteen largest market capitalisations of the CAC 40 index (cf. page 25 of VINCI 2015 Annual Report).

The VINCI group's activities are structured along two main business lines: Concessions and Contracting.

Concessions

In 2015, the Concessions businesses represented a turnover of €5,804 million and an operating profit from ordinary activities of €2,576 million corresponding to 44.4 per cent. of its turnover.

The Concessions business of VINCI is composed of five sectors: motorways, airports, rail sector, stadiums and other public amenities.

The application of the VINCI group's growth strategy led to some significant successes in 2015. In the airport sector, the new contracts won for the Santiago de Chile airport, the Kansai and Osaka international airports in Japan and for six airports in the Dominican Republic marked a key step in the growth of VINCI Airports. There were several important successes in 2015 in the motorway sector too, with new contracts for the western Strasbourg bypass in France, the Regina Bypass in Canada, sections 7 and 8 of the M11 motorway between Moscow and St Petersburg, and the acquisition of UTS, also in Russia. The stadium sector also fared well, with the service concession contract for the Queen Elizabeth Olympic Park stadium in London.

VINCI Concessions thus continued to apply a strategy combining taking over existing companies or contracts (brownfield projects), the acquisition of new projects (greenfield) and the extension of the overall maturity of the VINCI group's concession portfolio. The extension of contracts already under way is part of this strategy: the motorway stimulus plan signed in 2015 extends VINCI Autoroutes' motorway concession contracts in France by an average of three years in exchange for an investment of €2 billion in the upgrading and widening of several sections of the networks covered by the plan. Over a period of 10 years, the implementation of this strategy has extended the average maturity of the VINCI group's concession portfolio by the same number of years.

Lastly, the recent developments at VINCI Concessions are the materialisation of the company's goal to expand internationally. The business line now has operations in 22 countries and the high number of projects in the tender phase around the world could further extend its footprint.

Motorways

- VINCI Autoroutes holds the concessions for 4,398 km of motorways in France (the longest motorway network under concession in Europe) that are operated by four companies: ASF, Cofiroute, Escota and Arcour. VINCI Autoroutes has invested €9.5 billion in the construction and improvement of its network since 2006. Under the motorway stimulus plan, VINCI Autoroutes will make further investments totalling €2 billion. Over 2 million customers a day use the VINCI Autoroutes network. Inspired by the company's service contract, its 6,776 employees work to continuously improve the quality of service they offer their customers.
- With operations in 11 countries, VINCI Highways is financing, building and operating, in conjunction with local partners, around 20 road infrastructure assets around the world. In total, the portfolio comprises of more than 1,600 km of motorways, bridges and tunnels, together with almost 1,300 km of urban roads.

Airports

- VINCI Airports is an international player in the airport sector, operating 33 airports worldwide: 11 in France, 10 in Portugal (including the Lisbon hub), three in Cambodia, one in Chile (the Santiago International Airport) and, from the first half of 2016, two in Japan and six in the Dominican Republic. Together, these handle more

than 100 million passengers a year. VINCI Airports draws on its expertise as a full-service provider to local authorities to optimise the management of existing airports and execute airport extension or new-build projects.

Rail sector

- VINCI Railways is managing the construction of the South Europe Atlantic high-speed rail line in France, the biggest infrastructure concession project currently under construction in the country. Also in France, the company operates part of the national rail network GSM-Rail communication system, as well as the Rhônexpress light rail system in Lyon. In Belgium, VINCI Railways operates the Liefkenshoek underground rail link, which is used solely for freight transport in the Port of Antwerp.

Stadiums

- In France, VINCI Stadium operates the Stade de France in Saint Denis, near Paris, the Matmut Atlantique in Bordeaux, the Allianz Riviera in Nice and the MMArena in Le Mans. The first three of these will host 16 UEFA Euro 2016 soccer matches. In the UK, VINCI Stadium has been operating the Queen Elizabeth Olympic Park stadium in London since 2015.

Other public amenities

- VINCI Concessions owns a 24.6 per cent. stake in Indigo (previously VINCI Park), one of the world majors in parking facilities with 2 million spaces managed in 14 countries. In river infrastructure, VINCI Concessions is modernising and operating 31 dams on the Aisne and Meuse rivers in France under a public-private partnership contract.

Contracting

In 2015, the Contracting business of VINCI represented a turnover of €32,570 million and an operating profit from ordinary activities of €1,100 million corresponding to 3.4 per cent. of the turnover.

The Contracting business of VINCI is divided into three divisions, VINCI Energies, Eurovia and VINCI Construction.

VINCI Energies (2015 revenue: €10,180 million)

VINCI Energies works to help public authorities and business clients roll out, equip, operate and optimise their energy, transport and communication infrastructure, industrial facilities and buildings. VINCI Energies combines expertise in its own fields (power, heating, ventilation and air conditioning (HVAC), mechanical engineering and information technologies) with expert knowledge of its customers' businesses. It leverages these capabilities to develop high value added solutions that meet its customers' efficiency, reliability and safety requirements. These solutions support customers throughout the life cycle of the project, from engineering and execution to operation and maintenance. VINCI Energies' extensive network of brands and business units and its 65,000 employees spanning 21 European countries and 30 countries outside Europe deliver both global solutions and local service. VINCI Energies provides energy transition, digital transformation and complex system integration services as part of VINCI's comprehensive range of solutions and services.

Eurovia (2015 revenue: €7,899 million)

Eurovia serves local authorities by developing mobility solutions for their transport infrastructure and urban development projects. Eurovia continues to nurture its roots in its longstanding domestic market but now generates more than 40 per cent. of its revenue outside France, primarily in Europe and the Americas.

- **Transport infrastructure and urban development:** Eurovia is a global leader in transport infrastructure and urban development. It builds and refurbishes roads, motorways, railways, light rail systems and hard surfaces for airports and industrial and commercial facilities. It also delivers related works, including demolition, deconstruction, drainage, earthworks, utility networks and urban amenity projects.

- **Quarries:** Eurovia is a European market leader in aggregates. It extracts, processes and markets both natural and recycled materials, and operates a network of more than 400 quarries producing 80 million tonnes of aggregates per year (of which Eurovia's share is 62 million) and 154 recovery and recycling facilities. Eurovia's share of reserves (controlled through ownership or royalty agreement) amounts to more than 3.2 billion tonnes, or 50 years of output.
- **Industrial production:** Eurovia operates 328 coating plants supplying 21 million tonnes of asphalt mix annually as well as 47 binder plants. In addition, Eurovia produces road signage products (signs, gantries and paint), resins for industrial and commercial flooring, concrete, and prefabricated products (notably noise barriers).
- **Services:** Eurovia manages and maintains 70,000 km of roads under long-term contracts. It also services road signs, markings and safety systems and maintains related facilities such as streetlights, traffic lights, green spaces and vegetation. Eurovia invests heavily in research and development to improve the technical features of its products and processes, deliver innovative functionalities and protect the environment, with a focus on recycling materials and reducing CO₂ emissions.

VINCI Construction (2015 revenue: €14,491 million)

VINCI Construction is France's leading construction company and a global operator with 777 consolidated companies and 68,000 employees in about 100 countries. Building on its integrated approach, VINCI Construction delivers a full array of capabilities (financing, design, construction and maintenance) across the entire infrastructure life cycle, tailoring its services to the needs of each project. This holistic approach enables the group to optimise the cost/time/quality equation and eco-design the project to limit its impact and accommodate evolving lifestyles and requirements. VINCI Construction operates in eight sectors: buildings, facilities, transport infrastructure, hydraulic infrastructure, renewable and nuclear energy, environmental engineering, oil and gas, and mining.

RECENT DEVELOPMENTS

Press Release published by VINCI on 21 June 2016:

"VINCI takes its executive management to the next level in response to new growth challenges and opportunities

VINCI is continuing its growth, in particular outside Europe and in the concessions businesses. Against the backdrop of numerous challenges and opportunities – the energy transition, the digital revolution and the development of open innovation – the group is implementing a strategy centered on the quality of its products and services, the client service it provides and the career paths it offers the talent it seeks to recruit. This strategy entails stepping up operating synergies between VINCI businesses, further fostering cross-business interaction and encouraging horizontal collaboration within a highly decentralised, geographically expanding organisation.

In response to these challenges and opportunities, Xavier Huillard has decided to take VINCI's executive management to the next level and will henceforth be assisted by three Executive Vice-Presidents: Pierre Coppey, Richard Francioli (Executive Vice-President, Contracting) and Christian Labeyrie (Executive Vice-President, Finance).

Pierre Coppey has been tasked with giving fresh impetus to cross-Group operations. He has notably been put in charge of forward-looking strategic discussion, environmental policy, operational synergies in France and abroad, the *La Fabrique de la Cité* think tank and the *Fondation VINCI pour la Cité*. He will also remain at the helm of VINCI Autoroutes and VINCI Stadium.

Given Pierre Coppey's new duties and the stepped-up pace of concession development, VINCI Concessions has been assigned to Nicolas Notebaert, who is appointed Chief Executive Officer, with Xavier Huillard serving as Chairman. This new grouping brings together VINCI Airports, VINCI Highways (motorway concessions outside France) and VINCI Railways (railway concessions). Nicolas Notebaert becomes a member of VINCI's Executive Committee.

Pierre Coppey, *Executive Vice President*

Born in 1963, Pierre Coppey, a graduate of the Institut d'Études Politiques de Strasbourg and of ENSPTT, France's national school of posts and telecommunications, began his career in internal and corporate communications for La Poste. Having joined the VINCI Group in 1992, he held various positions before being named Director and then Deputy Chief Executive Officer with responsibility for communications, human resources and synergies. At the end of 2007, Pierre Coppey was appointed Chairman and Chief Executive Officer of Cofiroute. In July 2009, he was named Chairman of VINCI Autoroutes, which groups together ASF, Cofiroute, Escota and Arcour. Between April 2014 and June 2016, Pierre Coppey served as Chief Operating Officer of VINCI and Chairman of VINCI Concessions. He is currently Executive Vice President of VINCI, Chairman of VINCI Autoroutes and Chairman of VINCI Stadium. Pierre Coppey has also been Chairman of the non-profit organisation Aurore since 2000.

Richard Francioli, *Executive Vice President, Contracting*

Richard Francioli, born in 1959, joined the VINCI Group in 1983. After starting his career on the Ain Shams hospital worksite in Cairo, he went on to occupy the position of Regional Director, North, then Director of Province for Sogea Construction, before becoming Chairman of VINCI Construction Filiales Internationales and Chairman of VINCI Construction in March 2006. He was appointed Executive Vice-President, Contracting in January 2010.

Christian Labeyrie, *Executive Vice President, Finance*

Born in 1956, Christian Labeyrie is a graduate of the HEC business school and holds accounting qualifications. He began his career in 1980 in the Paris branches department of the Crédit Lyonnais bank. From 1984 to 1990, he held various financial posts in the Schlumberger group (as project manager in the Audit Department, then division controller in the petroleum department) and then joined Rhône-Poulenc Santé as head of the treasury and financing department. He joined VINCI in 1990 as Director of Management Control for the holding company. In 1993, he was appointed Deputy Financial Director with responsibility for financial transactions and for the accounting and tax departments. Christian Labeyrie has served as Chief Financial Officer of VINCI since January 1999. He was appointed Executive Vice President of VINCI in 2006.

Nicolas Notebaert, *Chief Executive Officer of VINCI Concessions*

Born in 1970, Nicolas Notebaert is a graduate of the Ecole Polytechnique (X 89), the Ecole Nationale des Ponts et Chaussées (Ponts 94) and holder of an MBA. Consultant to the World Bank in 1994, he held various positions in the Ministry of Infrastructure between 1995 and 2002, in the DDE (Departmental Infrastructure Directorate - DDE) and on the staff of the Minister. He joined the VINCI Group in 2002 as head of the Operations Department at Cofiroute and moved to VINCI Concessions in 2004 as Director of Business Development, France. In February 2008, he was appointed Chairman of VINCI Airports and became a member of the Executive Committee of VINCI Concessions. TAXATION

The following is an overview limited to certain tax considerations in France, in Luxembourg and in the European Union relating to the payments made in respect of the Notes that may be issued under the Programme and specifically contains information on taxes on the income from the securities withheld at source. This overview is based on the laws in force in France and in Luxembourg as of the date of this Base Prospectus and as applied by the tax authorities all of which are subject any changes or to different interpretation. It does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. It is included herein solely for information purposes and is not intended to be, nor should it be construed to be, legal or tax advice. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes in light of its particular circumstances and should not apply information set out below to other areas including (but not limited to) the legality of transactions involving the Notes. This summary does not apply when payments of interest and other revenues with respect to the Notes are made by a paying agent (within the meaning of Council Directive 2003/48/EC) established in Austria.

French Taxation

The descriptions below are intended as a basic overview of certain French withholding tax consequences in relation to the ownership of the Notes. This overview is based on the tax laws and regulations of France, as currently in effect and applied by the French tax authorities, all of which are subject to change or to different interpretation. This overview is for general information and does not purport to address all French tax considerations that may be relevant to specific holders in light of their particular situation. Potential purchasers of the Notes are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, or ownership of, the Notes. The description below does not address specific issues which may be relevant for Holders of the Notes who concurrently hold shares of the Issuer.

Withholding Tax

- (a) Payments of interest and other revenues made by the Issuer with respect to Notes (other than Notes (described below) which are assimilated (*assimilables* for the purposes of French law) and form a single series with Notes issued prior to 1 March 2010 having the benefit of Article 131 *quater* of the French General Tax Code (*Code général des impôts*)) will not be subject to the withholding tax set out under Article 125 A III of the French General Tax Code (*Code général des impôts*) unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French General Tax Code (*Code général des impôts*) (a **Non-Cooperative State**). If such payments under the Notes are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French General Tax Code (*Code général des impôts*).

Notwithstanding the foregoing, the 75 per cent. withholding tax provided for by Article 125 A III of the French General Tax Code (*Code général des impôts*) will not apply in respect of the issue of the Notes if the Issuer can prove that the main purpose and effect of such issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to official guidelines issued by the French tax authorities and published in the *Bulletin Officiel des Finances Publiques-Impôts* under the references BOI-INT-DG-20-50-20140211, no. 990, BOI-RPPM-RCM-30-10-20-40-20140211 no. 70 and BOI-IR-DOMIC-10-20-20-60-20150320 no. 10, an issue of Notes will benefit from the Exception without the issuer having to provide any proof of the purpose and effect of such issue of the Notes if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French Monetary and Financial Code (*Code monétaire et financier*) or pursuant to an equivalent offer in a state or territory other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator

or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or

- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French Monetary and Financial Code (*Code monétaire et financier*), or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Furthermore, pursuant to Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes are not deductible from the Issuer's taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution located in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 et seq. of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis 2 of the French *Code général des impôts*, at a rate of 30 per cent. or 75 per cent. (subject to the provisions of any applicable double tax treaty).

However, neither the non-deductibility set out under Article 238 A of the French *Code général des impôts*, nor the withholding tax set out under article 119 bis 2 of the same code will apply in respect of the Notes solely by reason of the relevant payments being made to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State if the Issuer can prove (i) that it can benefit from the Exception and (ii) that the relevant interest or revenues relate to genuine transactions and are not in an abnormal or exaggerated amount. Pursuant to the official guidelines issued by the French tax authorities under the references BOI-RPPM-RCM-30-10-20-40-20140211 no 80 and BOI-INT-DG-20-50-20140211 no 550, the issue of the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes if the Notes satisfy one of the three above-mentioned conditions.

- (b) Pursuant to Articles 125 A and 125 D of the French Code general des impôts and subject to certain limited exceptions, interest and other similar revenues received under the Notes by individuals who are tax residents in France are subject to a 24 per cent. withholding tax. This withholding tax is an advance payment made in respect of the personal income tax of the individual receiving the interest or revenue, which is deductible from his personal income tax liability in respect of the year during which the withholding has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at an aggregate rate of fifteen point five per cent. (15.5 per cent.) on interest and similar revenues paid by the Issuer under the Notes, to individuals who are tax residents in France.

Luxembourg Taxation - Withholding Tax

- (a) Non-resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the laws of 21 June 2005 (the **Laws**) mentioned below, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

Under the Laws implementing the EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments and ratifying the treaties entered into by Luxembourg and certain dependent and associated territories of EU Member States (the **Territories**), payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner or a residual entity, as defined by the Laws, which is a resident of, or established in, an EU Member State (other than Luxembourg) or one of the Territories will be subject to a withholding tax unless the relevant recipient has adequately instructed the relevant paying agent to provide details of the relevant payments of interest or similar income to the fiscal authorities of his/her/its country of residence or establishment, or, in the case of an individual beneficial owner, has

provided a tax certificate issued by the fiscal authorities of his/her country of residence in the required format to the relevant paying agent. Where withholding tax is applied, it is currently levied at a rate of 35 per cent. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Laws would at present be subject to withholding tax of 35 per cent.

In 25 November 2014, the Luxembourg Government amended the Laws and abolished the withholding system with effect from 1 January 2015, in favour of automatic exchange under the Saving Directive.

(b) Resident holders of Notes

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended, (the **Law**) mentioned below, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Law payments of savings income (i.e. with certain exemptions, savings income within the meaning of the Laws) made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner of such savings income who is a resident of Luxembourg will be subject to a withholding tax of 10 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would be subject to withholding tax of 10 per cent.
