MiFID II Product Governance / Professional investors and eligible counterparties only target market – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the five categories in item 18 of the Guidelines published by ESMA on 5 February 2018, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients, each as defined in MiFID II; and (ii) all channels for distribution to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

2. RATINGS

Ratings: The Notes to be issued are expected to be rated:

S&P: B+

Pursuant to S&P definitions, an obligation rated 'B' is more vulnerable to non payment than obligations rated "BB", but the obligor currently has the capacity to meet its financial commitments on the obligation. Adverse business, financial, or economic conditions will likely impair the obligor's capacity or willingness to meet its financial commitments on the obligation. The addition of a plus (+) or minus (-) sign shows relative standing within the rating categories.

Moody's: Ba1

Pursuant to Moody's definitions, obligations rated "Ba" are judged to be speculative and are subject to substantial credit risk. The addition of the modifier "1" indicates that the obligation ranks in the higher end of its generic rating category.

Fitch: BBB-

Pursuant to Fitch's definitions, "BBB" ratings indicate that expectations of default risk are currently low. The capacity for payment of financial commitments is considered adequate, but adverse business or economic conditions are more likely to impair this capacity. The addition of the modifiers "+" or "-" are intended to denote relative status within major rating categories.

Each of S&P, Moody's and Fitch is established in the EEA and registered under Regulation (EU) No 1060/2009, as amended (the "**EU CRA Regulation**"). Each of S&P, Moody's and Fitch appears on the latest update of the list of registered credit rating agencies on the ESMA website <http://www.esma.europa.eu>.

S&P, Moody's and Fitch are not established in the United Kingdom and have each not applied for registration under Regulation (EC) No 1060/2009 (as amended) as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act

2018 (the "UK CRA Regulation"), but are endorsed by S&P Global Ratings UK Limited, Moody's Investors Service Limited and Fitch Ratings Limited, which are established in the UK and registered under the UK CRA Regulation and included in the list of credit rating agencies registered in accordance with the list of registered and certified credit ratings agencies published on the website of the UK Financial Conduct Authority (<https://www.fca.org.uk/markets/credit-rating-agencies/registered-certified-cras>).

The following paragraphs in italics do not form part of the Terms and Conditions of the Notes.

Considerations regarding redemption and repurchase of the Notes:

The Issuer intends (without thereby assuming a legal obligation) at any time that it will (a) redeem or (b) repurchase the Notes only to the extent the aggregate principal amount of the Notes to be redeemed or repurchased does not exceed the net proceeds received by the Issuer or any Subsidiary of the Issuer prior to or on the date of such redemption or repurchase from the sale or issuance by the Issuer or such Subsidiary to third party purchasers (other than group entities of the Issuer) of securities which are assigned by S&P at the time of sale or issuance, an aggregate "equity credit" (or such similar nomenclature used by S&P from time to time) that is equal to or greater than the "equity credit" assigned to the Notes to be redeemed or repurchased at the time of their issuance (but taking into account any changes in hybrid capital methodology or another relevant methodology or the interpretation thereof since the issuance of the Notes), unless:

- the credit rating or the stand-alone credit profile assigned by S&P to the Issuer is at least the same as or higher than the credit rating or stand-alone credit profile assigned to the Issuer on the date when the most recent additional hybrid security was issued (excluding refinancings without net new issuance) and the Issuer is of the view that such rating would not fall below this level as a result of such redemption or repurchase, or*
- in the case of a repurchase or a redemption, taken together with other relevant repurchases or redemptions of hybrid securities of the Issuer, such repurchase or redemption is less than (x) 10 (ten) per cent of the aggregate principal amount of the Issuer's outstanding hybrid securities in any period of 12 consecutive months or (y) 25 (twenty-five) per cent of the aggregate principal amount of the Issuer's outstanding hybrid securities in any period of ten consecutive years, provided that such repurchase or redemption has no materially negative effect on the Issuer's credit profile, or*
- if the Notes are not assigned an "equity credit" (or such similar nomenclature then used by S&P at the time of such redemption or repurchase), or*
- the Notes are redeemed pursuant to a Rating Methodology Event, Accounting Event, Withholding Tax Event, Tax Gross-up Event or a Tax Deductibility Event, or*
- in the case of a repurchase, such repurchase relates to an aggregate principal amount of Notes which is less than or equal to the excess (if any) above the maximum aggregate principal amount of the Issuer's hybrid capital to which S&P then assigns equity content under its prevailing methodology, or*
- any such redemption or repurchase occurs on or after the Second Step-up Date.*

3. **INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER**

Save as disclosed in "Subscription and Sale", so far as the Issuer is aware, no person involved in the offer of the Notes has an interest material to the offer. The Managers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates in the ordinary course of business.

6. **HISTORIC INTEREST RATES**

Performance of interest rates: Details of performance of the 5-year Mid-Swap Rate can be obtained but not free of charge from Reuters.

As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that ICE Benchmark Administration is not currently required to obtain authorisation or registration (or, if located outside the European Union, recognition, endorsement or equivalence). As at the date of these Final Terms, ICE Benchmark Administration appears on the register of administrators and benchmarks established and maintained by the Financial Conduct Authority in the United Kingdom.
