RISK FACTORS

In considering whether to purchase the notes, you should carefully consider all the information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus. In particular, you should carefully consider the risk factors described below, which are not exhaustive. In this section, references to "Adobe," "us," "we," or "our" refer only to Adobe Inc. and not to any of its subsidiaries.

Risks Related to the Offering

The notes are the unsecured obligations of Adobe and not obligations of its subsidiaries and will be structurally subordinated to the claims of its subsidiaries' creditors. Structural subordination increases the risk that Adobe will be unable to meet its obligations on the notes when they mature.

The notes are exclusively the obligations of Adobe and are not obligations of its subsidiaries. A substantial portion of Adobe's operations are conducted through its subsidiaries. As a result, Adobe's cash flow and ability to service its debt, including the notes, depend upon the earnings of its subsidiaries and the distribution to it of earnings, loans or other payments by its subsidiaries.

Adobe's subsidiaries are separate and distinct legal entities. Its subsidiaries will not guarantee the notes and are under no obligation to pay any amounts due on the notes or to provide Adobe with funds for its payment obligations, whether by dividends, distributions, loans or other payments. Payments to Adobe by its subsidiaries will also be contingent upon such subsidiaries' earnings and business considerations and may be subject to legal and contractual restrictions. As of November 29, 2019, Adobe had approximately \$10.2 billion of total liabilities on a consolidated basis. Of this amount, subsidiaries of Adobe had approximately \$2.4 billion of liabilities (including trade payables and excluding intercompany debt) to which the notes will be structurally subordinated.

Adobe's right to receive any assets of any of its subsidiaries upon their liquidation or reorganization, and therefore the right of the holders of the notes to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including senior and subordinated debt holders and bank and trade creditors. In addition, even if Adobe were a creditor of any of its subsidiaries, its rights as a creditor would be subordinate to any security interest in the assets of its subsidiaries and any indebtedness of its subsidiaries senior to that held by Adobe.

The notes will be subject to the prior claims of any future secured creditors.

The notes are unsecured obligations, ranking effectively junior to any secured indebtedness that Adobe may incur. Accordingly, the notes will be subordinated to the extent Adobe or its subsidiaries have or will obtain secured borrowings. The indenture governing the notes does not limit the amount of additional debt that Adobe or its subsidiaries may incur, permits Adobe to incur secured debt under specified circumstances and permits its subsidiaries to incur secured debt without restriction. If Adobe incurs secured debt, its assets securing any such indebtedness will be subject to prior claims by its secured creditors. In the event of Adobe's bankruptcy, insolvency, liquidation, reorganization, dissolution or other winding up, or upon any acceleration of the notes, Adobe's assets that secure other indebtedness will be available to pay obligations on the notes only after all other such debt secured by those assets has been repaid in full. Any remaining assets will be available to you ratably with all of Adobe's other unsecured and unsubordinated creditors, including trade creditors. If there are not sufficient assets remaining to pay all of these creditors, then all or a portion of the notes then outstanding would remain unpaid.

S-8

[Table of Contents](#)

The indenture governing the notes contains negative covenants. The limitation on liens and sale/leaseback covenants do not apply to Adobe's subsidiaries and contain exceptions that would allow Adobe and its subsidiaries to grant liens or security interests with respect to their assets, rendering the holders of the notes structurally or contractually subordinated to new lenders. The indenture governing the notes does not contain any financial covenants.

The indenture governing the notes contains negative covenants. The limitation on liens and sale/leaseback covenants apply to Adobe, but not to its subsidiaries. As a result, such subsidiaries will not be restricted under the indenture from granting liens or security interests with respect to all or any of their assets without having to provide similar liens or security to the holders of the notes, or from entering into sale/leaseback transactions. Exceptions to the definition of "permitted lien" within the limitation on liens covenant would allow Adobe to borrow substantial additional amounts and to grant liens or security interests in connection with those borrowings. The indenture governing the notes does not contain any financial covenants.

Increased leverage may harm the financial condition and results of operations of Adobe.

As of November 29, 2019, Adobe had approximately \$4.1 billion of total indebtedness, all of which was unsecured and unsubordinated. On an as-adjusted basis after giving effect to this offering and the application of the net proceeds from this offering, as more fully described in "Use of Proceeds" in this prospectus supplement, as of November 29, 2019, we would have had approximately \$4.1 billion of total indebtedness (including the notes), all of which would have been unsecured and unsubordinated.

Adobe and its subsidiaries may incur additional indebtedness in the future and the notes do not restrict future incurrence of indebtedness. Any increase in its level of indebtedness will have several important effects on Adobe's future operations, including, without limitation:

- Adobe will have additional cash requirements in order to support the payment of interest on its outstanding indebtedness;
- increases in its outstanding indebtedness and leverage will increase its vulnerability to adverse changes in general economic and industry conditions, as well as to competitive pressure; and
- depending on the levels of its outstanding debt, its ability to obtain additional financing for working capital, capital expenditures, general corporate and other purposes may be limited.

Adobe's ability to make payments of principal and interest on its indebtedness depends upon its future performance, which will be subject to general economic conditions, industry cycles and financial, business and other factors affecting its consolidated operations, many of which are beyond its control. If Adobe is unable to generate sufficient cash flow from operations in the future to service its debt, it may be required, among other things:

- to seek additional financing in the debt or equity markets;
- to refinance or restructure all or a portion of its indebtedness, including the notes;
- to sell selected assets;
- to reduce or delay planned capital expenditures; or
- to reduce or delay planned operating and investment expenditures.

Such measures might not be sufficient to enable Adobe to service its debt. In addition, any such financing, refinancing or sale of assets might not be available on economically favorable terms.

The provisions of the notes will not necessarily protect you in the event of certain highly leveraged transactions.

Upon the occurrence of a Change of Control Triggering Event you will have the right to require Adobe to purchase the notes as provided in the indenture governing, and on the terms set forth in, the notes. However, the Change of Control Triggering Event provisions will not afford you protection in the event of certain highly leveraged transactions that may adversely affect you. For example, any leveraged recapitalization, refinancing, restructuring or acquisition initiated by Adobe generally will not constitute a Change of Control that would potentially lead to a Change of Control Triggering Event. As a result, Adobe could enter into any such transaction even though the transaction could increase the total amount of its outstanding indebtedness, adversely affect its capital structure or credit rating or otherwise adversely affect the holders of the notes. These transactions may not involve a change in voting power or beneficial ownership or result in a downgrade in the ratings of the notes, or, even if they do, may not necessarily constitute a Change of Control Triggering Event that affords you the protections described in this prospectus supplement. If any such transaction were to occur, the value of your notes could decline.

We may not be able to purchase all of the notes upon a Change of Control Triggering Event, which would result in a default under the notes.

Adobe will be required to offer to purchase the notes upon the occurrence of a Change of Control Triggering Event as provided in the indenture governing the notes. However, Adobe may not have sufficient funds to purchase the notes in cash at such time. In addition, Adobe's ability to purchase the notes for cash may be limited by law or the terms of other agreements relating to its indebtedness outstanding at the time, which agreements may provide that a Change of Control Triggering Event constitutes an event of default or prepayment under such other indebtedness and we may not have sufficient funds to repay such other indebtedness. Adobe's failure to make such a purchase would result in a default under your notes and may cause the acceleration of our other debt.

An active trading market for the notes may not develop.

There is currently no public market for the notes, and Adobe does not currently plan to list any of the series of notes on any national securities exchange. In addition, the liquidity of any trading market in the notes and the market prices quoted for the notes may be adversely affected by changes in the overall market for these notes, prevailing interest rates, ratings assigned to the notes, time remaining to the maturity of the notes, outstanding amount of the notes, the market for similar securities, prospects for other companies in our industry and changes in Adobe's consolidated financial condition, results of operations or prospects. A liquid trading market in the notes may not develop, which could decrease the amounts you would otherwise receive upon a sale or disposition of the notes.

Redemption prior to maturity may adversely affect your return on the notes.

Since the notes are redeemable at our option, we may choose to redeem your notes at times when prevailing interest rates are relatively low. As a result, you generally will not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the interest rate on your notes being redeemed.

Ratings of the notes may change and affect the market price and marketability of the notes.

The credit ratings that have been assigned to the notes are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There is no assurance that such credit ratings will remain in effect

S-10

for any given period of time or that such ratings will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances so warrant. It is also possible that such ratings may be lowered in connection with future events, such as future acquisitions. Holders of notes will have no recourse against Adobe or any other parties in the event of a change in or suspension or withdrawal of such ratings. Any lowering, suspension or withdrawal of such ratings may have an adverse effect on the market price or marketability of the notes. In addition, any decline in the ratings of the notes may make it more difficult for us to raise capital on acceptable terms.

USE OF PROCEEDS

We estimate that the net proceeds from this offering will be approximately \$3.1 billion after deducting underwriting discounts and commissions

and our estimated offering expenses. The net proceeds of this offering will be used for general corporate purposes, which, among other things, will include repaying the \$900.0 million outstanding in aggregate principal amount of our 2020 Senior Notes, plus accrued and unpaid interest thereon, and our term loan. The interest rate for the 2020 Senior Notes is 4.750% per annum and the 2020 Senior Notes mature on February 1, 2020. At our election, the term loan bears interest at either (i) LIBOR (as defined therein) plus a margin, based on our debt ratings, ranging from 0.500% to 1.000% or (ii) the Base Rate (as defined therein). The interest rate as of November 29, 2019 was 2.451630%. The term loan matures on April 30, 2020, and requires no scheduled principal amortization payments prior to maturity. Certain of the underwriters and/or their affiliates hold or may hold positions in the 2020 Senior Notes and/or the term loan, which will be repaid with the net proceeds of this offering, and therefore will receive a portion of such proceeds upon such repayment.

DESCRIPTION OF THE NOTES

The summary herein of certain provisions of the indenture referred to below does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the notes and the indenture, which is incorporated by reference herein. The following description of the particular terms of the notes supplements, and to the extent inconsistent therewith, replaces the description of the general terms and provisions of the debt securities set forth under "Description of Debt Securities" beginning on page 6 of the accompanying prospectus. In this section, references to

"Adobe," "us," "we," or "our" refer only to Adobe Inc. and not to any of its subsidiaries.

General

The 2023 Notes, the 2025 Notes, the 2027 Notes and the 2030 Notes (as defined below), which we refer to collectively as the "notes", will constitute separate series of securities and will be issued only in book-entry form, in denominations of \$2,000 and multiples of \$1,000 thereafter.

The notes will be issued under an indenture dated as of January 25, 2010 by and between Adobe (formerly Adobe Systems Incorporated) and Wells Fargo Bank, National Association, as trustee, as may be further supplemented from time to time. Wells Fargo Bank, National Association is the trustee for any and all securities issued under the indenture, as amended, including the notes, and is referred to herein as the "trustee." Adobe will be the sole obligor on the notes.

Ranking

The indenture does not limit the ability of Adobe to incur additional unsecured indebtedness. The notes will be the unsecured and unsubordinated obligations of Adobe and will rank pari passu with its other unsecured and unsubordinated indebtedness. The notes will be structurally subordinated to all indebtedness and liabilities (including trade payables and preferred stock obligations) of Adobe's subsidiaries and will be effectively subordinated to its secured indebtedness, if any, and that of its subsidiaries, if any. As of November 29, 2019, Adobe had approximately \$4.1 billion of total indebtedness, all of which was senior and unsubordinated. As of November 29, 2019, including the \$4.1 billion of indebtedness, Adobe had approximately \$10.2 billion of total liabilities on a consolidated basis. Of this amount, subsidiaries of Adobe had approximately \$2.4 billion of liabilities (including trade payables and excluding intercompany debt) to which the notes will be structurally subordinated.

On an as-adjusted basis after giving effect to this offering and the application of the net proceeds thereof, as more fully described in "Use of Proceeds" in this prospectus supplement, as of November 29, 2019:

- we would have had approximately \$4.1 billion of total indebtedness (including the notes), all of which would constitute senior and unsubordinated indebtedness;
- including the \$4.1 billion of indebtedness, we would have had approximately \$10.2 billion of total liabilities on a consolidated basis;
- Adobe would not have had any secured indebtedness to which the notes would have been effectively subordinated; and
- Adobe's subsidiaries would have had approximately \$2.4 billion of liabilities (including trade payables but excluding intercompany debt) to which the notes would have been structurally subordinated.

Interest and Maturity

The 1.700% Notes due 2023 (the "2023 Notes") will mature on February 1, 2023, the 1.900% Notes due 2025 (the "2025 Notes") will mature on February 1, 2025, the 2.150% Notes due 2027 (the

[Table of Contents](#)

"2027 Notes") will mature on February 1, 2027 and the 2.300% Notes due 2030 (the "2030 Notes" and together with the 2023 Notes, the 2025 Notes and the 2027 Notes, the "notes") will mature on February 1, 2030.

The 2023 Notes will bear interest at 1.700% per annum, the 2025 Notes will bear interest at 1.900% per annum, the 2027 Notes will bear interest at 2.150% per annum and the 2030 Notes will bear interest at 2.300% per annum.

Interest on the notes will be payable semi-annually in arrears on February 1 and August 1, commencing on August 1, 2020 to the persons in whose names the notes are registered at the close of business on the preceding January 15 or July 15, as the case may be, whether or not a business day. Interest on the notes will be paid to, but excluding, the relevant interest payment date. Interest on the notes will be calculated on the basis of a 360-day year comprised of twelve 30-day months.

Issuance of Additional Notes

Adobe may, without the consent of the holders, increase the principal amount of each series of notes by issuing additional notes in the future on the same terms and conditions as the outstanding notes of such series, except for any differences in the issue date, the issue price, the payment of interest accrued prior to the issue date of the additional notes and the first payment of interest following the issue date of such additional notes; provided that the additional notes are fungible with the applicable series of notes offered hereby for U.S. federal income tax purposes. The additional notes will have the same CUSIP number as the applicable existing series of notes. Under the indenture, the notes and any additional notes that Adobe may issue will be treated as a single series with the outstanding notes of such series for all purposes under the indenture, including for purposes of determining whether

the required percentage of the holders of record has given approval or consent to an amendment or waiver or joined in directing the trustee to take certain actions on behalf of all holders.

Adobe also may, without the consent of the holders, issue other series of debt securities under the indenture in the future on terms and conditions different from the series of notes offered hereby.

Optional Redemption

Prior to its maturity date, in the case of the 2023 Notes, or its applicable Par Call Date, in the case of the 2025 Notes, the 2027 Notes and the 2030 Notes, the notes will be redeemable, in whole or in part at any time, or from time to time, at Adobe's option, each at a "make-whole premium" redemption price calculated by Adobe equal to the greater of:

(i) 100% of the principal amount of the notes to be redeemed; and

(ii) the "make-whole amount," which means the amount equal to the sum of the present values of the remaining scheduled payments of principal and interest on the notes to be redeemed (assuming, in the case of the 2025 Notes, the 2027 Notes and the 2030 Notes, that such notes matured on their applicable Par Call Date), exclusive of interest accrued to, but excluding, the date of redemption, discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at a rate equal to the Treasury Rate (as defined below) plus 5 basis points in the case of the 2023 Notes, plus 7.5 basis points in the case of the 2025 Notes, plus 10 basis points in the case of the 2027 Notes and plus 10 basis points in the case of the 2030 Notes,

in each case, plus accrued interest thereon to, but excluding, the date of redemption.

Notwithstanding the foregoing, installments of interest on notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the interest payment date to the registered holders as of the close of business on the relevant record date according to the notes and the indenture.

S-15

[Table of Contents](#)

In addition, on or after its applicable Par Call Date, we may redeem the 2025 Notes, the 2027 Notes and the 2030 Notes at our option, at any time in whole or from time to time in part, at a redemption price equal to 100% of the principal amount of the notes being redeemed, in each case, plus accrued and unpaid interest, if any, to, but excluding, the redemption date.

"Comparable Treasury Issue" means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the notes to be redeemed (assuming in the case of the 2025 Notes, the 2027 Notes and the 2030 Notes, that such notes matured on their applicable Par Call Date) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes (assuming in the case of the 2025 Notes, the 2027 Notes and the 2030 Notes, that such notes matured on their applicable Par Call Date).

"Comparable Treasury Price" means, with respect to any redemption date, (i) the average of four Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (ii) if the Quotation Agent obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations, or (iii) if only one Reference Treasury Dealer Quotation is received, such quotation.

"Par Call Date" means (i) with respect to the 2025 Notes, January 1, 2025 (one month prior to the maturity date of such notes), (ii) with respect to the 2027 Notes, December 1, 2026 (two months prior to the maturity date of such notes), and (iii) with respect to the 2030 Notes, November 1, 2029 (three months prior to the maturity date of such notes).

"Quotation Agent" means the Reference Treasury Dealer appointed by Adobe Inc.

"Reference Treasury Dealer" means (i) BofA Securities, Inc., J.P. Morgan Securities LLC, Wells Fargo Securities, LLC and a Primary Treasury Dealer (as defined below) selected by U.S. Bancorp Investments, Inc. (or their respective affiliates that are Primary Treasury Dealers) and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a "Primary Treasury Dealer"), Adobe Inc. will substitute therefor another Primary Treasury Dealer, and (ii) any other Primary Treasury Dealer selected by Adobe Inc.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Quotation Agent, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Quotation Agent by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

"Treasury Rate" means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Notice of any redemption will be mailed or sent at least 10 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portions thereof called for redemption. If less than all of the notes are to be redeemed, the notes to be redeemed shall be selected by lot by The Depository Trust Company, in the case of notes represented by a global note, or by the trustee by a method the trustee deems to be fair and appropriate, in the case of notes that are not represented by a global note.

Purchase Upon Change of Control Triggering Event

If a Change of Control Triggering Event (as defined below) occurs, unless we have exercised our right to redeem the notes as described above, we will be required to make an offer to each holder of notes to purchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder's notes at a purchase price in cash equal to 101% of the aggregate principal amount thereof, plus accrued and unpaid interest, if any, to, but excluding, the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date); provided that after giving effect to the purchase, any notes that remain outstanding shall have a denomination of \$2,000 and integral multiples of \$1,000 above that amount.

Within 30 days following the date upon which the Change of Control Triggering Event has occurred or, at our option, prior to any Change of Control (as defined below), but after the public announcement of the transaction that constitutes or may constitute the Change of Control, except to the extent that we have exercised our right to redeem the notes as described under "—Optional Redemption," we will mail or send a notice (a "Change of Control Offer") to each holder with a copy to the trustee describing the transaction or transactions that constitute or may constitute a Change of Control Triggering Event and offering to purchase notes on the date specified in the notice, which date will be no earlier than 30 days nor later than 60 days from the date such notice is mailed or sent (other than as may be required by law) (such date, the "Change of Control Payment Date"). The notice will, if mailed or sent prior to the date of consummation of the Change of Control, state that the Change of Control Offer is conditioned on the Change of Control being consummated on or prior to the Change of Control Payment Date specified in the notice.

On each Change of Control Payment Date, we will, to the extent lawful:

- accept for payment all notes or portions of the notes properly tendered pursuant to the Change of Control Offer;
- deposit with the paying agent prior to 10:00 a.m. New York City time an amount equal to the change of control payment in respect of all notes or portions of notes properly tendered pursuant to the Change of Control Offer; and
- deliver or cause to be delivered to the trustee the notes properly accepted together with an officer's certificate stating the aggregate principal amount of notes or portions of notes being purchased.

The trustee will promptly mail, or cause the paying agent to promptly mail, to each holder of notes so tendered the payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any.

Except as described above with respect to a Change of Control Triggering Event, the indenture does not contain provisions that permit the holders to require us to purchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

We will comply, to the extent applicable, with the requirements of Rule 14(e)-1 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and any other securities laws or regulations in connection with the purchase of notes pursuant to a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the terms described in the notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations by virtue thereof.

Holders of notes electing to have notes purchased pursuant to a Change of Control Offer will be required to surrender their notes, with the form entitled "Purchase Exercise Notice Upon a Change of Control Triggering Event" on the reverse of the note completed, to the paying agent at the address

S-17

[Table of Contents](#)

specified in the notice, or transfer their notes to the paying agent by book-entry transfer pursuant to the applicable procedures of DTC, prior to the close

of business on the third business day prior to the Change of Control Payment Date.

We will not be required to make a Change of Control Offer if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all notes properly tendered and not withdrawn under its offer.

In addition, we will not purchase any notes if there has occurred and is continuing on the Change of Control Payment Date an Event of Default under the indenture, other than a default in the payment of the change of control payment upon a Change of Control Triggering Event.

If holders of not less than 95% in aggregate principal amount of the outstanding notes of such series validly tender and do not withdraw such notes in a Change of Control Offer and we, or any third party making a Change of Control Offer in lieu of us, as described above, purchases all of the notes of such series validly tendered and not withdrawn by such holders, we will have the right, upon not less than 30 nor more than 60 days' prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer described above, to redeem all notes of such series that remain outstanding following such purchase at a redemption price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption (subject to the right of holders of record on a record date to receive interest on the relevant interest payment date).

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of "all or substantially all" of our assets and the assets of our subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require us to purchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of our assets and the assets of our subsidiaries taken as a whole to another person may be uncertain.

For purposes of the Change of Control Offer provisions of the notes, the following definitions are applicable:

"Change of Control" means the occurrence of any one of the following:

- (a) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of our assets and the assets of our subsidiaries taken as a whole to any "person" (as that term is used in Section 13(d)(3) of the Exchange Act) other than to us or one of our subsidiaries;
- (b) the consummation of any transaction (including without limitation, any merger or consolidation) the result of which is that any "person" (as that term is used in Section 13(d)(3) of the Exchange Act) becomes the "beneficial owner" (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of our outstanding Voting Stock, measured by voting power rather than number of shares;
- (c) we consolidate with, or merge with or into, any person, or any person consolidates with, or merges with or into, us, in any such event pursuant to a transaction in which any of our outstanding Voting Stock or the outstanding Voting Stock of such other person is converted into or exchanged for cash, securities or other property, other than any such transaction where the shares of our Voting Stock outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the Voting Stock of the surviving person immediately after giving effect to such transaction; or
- (d) the adoption of a plan relating to our liquidation or dissolution.

[Table of Contents](#)

Notwithstanding the foregoing, a transaction will not be considered to be a Change of Control if (a) we become a direct or indirect wholly owned subsidiary of a holding company and (b) immediately following that transaction, (1) the direct or indirect holders of the Voting Stock of the holding company are substantially the same as the holders of our Voting Stock immediately prior to that transaction or (2) no person or group is the beneficial owner, directly or indirectly, of more than a majority of the total voting power of the Voting Stock of the holding company.

"Change of Control Triggering Event" means the occurrence of both a Change of Control and a Ratings Event.

"Investment Grade" means a rating of Baa3 or better by Moody's (or its equivalent under any successor rating category of Moody's); a rating of BBB–or better by S&P (or its equivalent under any successor rating category of S&P); and the equivalent investment grade rating from any replacement Rating Agency or Agencies appointed by us.

"Moody's" means Moody's Investors Service, Inc., a subsidiary of Moody's Corporation, and its successors.

"Rating Agency" means each of Moody's and S&P; provided, that if either of Moody's or S&P ceases to rate the notes or fails to make a rating of the notes publicly available, we will appoint a replacement for such Rating Agency that is a "nationally recognized statistical rating organization" within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act.

"Ratings Event" means the notes cease to be rated Investment Grade by each of the Rating Agencies on any day during the period (the "Trigger Period") commencing on the date 60 days prior to the first public announcement by us of any Change of Control (or pending Change of Control) and ending 60 days following consummation of such Change of Control (which Trigger Period will be extended for so long as the rating of the notes is under publicly announced consideration for a possible downgrade by either of the Rating Agencies).

"S&P" means S&P Global Ratings, a division of S&P Global Inc., and its successors.

"Voting Stock" of any specified person as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Certain Covenants

Limitation on Liens

With respect to each series of notes, we will not create or incur any Lien on any of our Principal Properties, whether now owned or hereafter acquired, in order to secure any of our Indebtedness, without effectively providing that such series of notes shall be equally and ratably secured until such time as such Indebtedness is no longer secured by such Lien, except:

- (1) Liens existing as of the closing date of this offering;
- (2) Liens granted after the closing date of this offering, created in favor of the holders of the notes or other series of notes under the indenture;
- (3) Liens securing our Indebtedness which are incurred to extend, renew or refinance Indebtedness which is secured by Liens permitted to be incurred under the indenture (including Permitted Liens) so long as such Liens are limited to all or part of substantially the same Principal Property which secured the Liens extended, renewed or replaced and the amount of Indebtedness secured is not increased (other than by the amount equal to any costs and expenses (including any premiums, fees or penalties) incurred in connection with any extension, renewal or refinancing); and

S-19

[Table of Contents](#)

- (4) Permitted Liens.

Notwithstanding the foregoing, we may, without securing any series of notes, create or incur Liens which would otherwise be subject to the restrictions set forth in the preceding paragraph, if after giving effect thereto, Aggregate Debt does not exceed the greater of (i) 15% of Consolidated Net Worth calculated as of the date of the creation or incurrence of the Lien and (ii) 15% of Consolidated Net Worth calculated as of the date of issuance of the notes.

Limitation on Sale and Lease-Back Transactions

With respect to each series of notes, we will not enter into any sale and lease-back transaction for the sale and leasing back of any Principal Property, whether now owned or hereafter acquired, unless:

- (1) such transaction was entered into prior to the issuance of the notes;
- (2) such transaction was for the sale and leasing back to us or any of our Subsidiaries of any Principal Property by us or one of our Subsidiaries;
- (3) such transaction involves a lease for less than three years;
- (4) we would be entitled to incur Indebtedness secured by a mortgage on the Principal Property to be leased in an amount equal to the Attributable Liens with respect to such sale and lease-back transaction without equally and ratably securing such series of notes pursuant to the first paragraph of "—Limitation on Liens" above; or
- (5) we apply an amount equal to the fair value of the Principal Property sold to the purchase of Property or to the retirement of our long-term Indebtedness within 365 days of the effective date of any such sale and lease-back transaction. In lieu of applying such amount to such retirement, we may deliver debt securities to the trustee under the applicable indenture therefor for cancellation, such debt securities to be credited at the cost thereof to us.

Notwithstanding the foregoing, we may enter into any sale and lease-back transaction which would otherwise be subject to the foregoing

restrictions if after giving effect thereto and at the time of determination, Aggregate Debt does not exceed the greater of (i) 15% of Consolidated Net Worth calculated as of the closing date of the sale and lease-back transaction and (ii) 15% of Consolidated Net Worth calculated as of the date of issuance of the notes.

Events of Default

"Events of Default" under each series of notes means:

- (1) default in paying interest on the notes of the applicable series when it becomes due and the default continues for a period of 30 days or more;
- (2) default in paying principal, or premium, or sinking fund installment, if any, on the notes of the applicable series when due;
- (3) default in the performance, or breach, of any covenant in the officer's certificate, supplemental indenture or indenture governing the applicable series of notes (other than defaults specified in clause (1) or (2) above) and the default or breach continues for a period of 90 days or more after we receive written notice from the trustee or we and the trustee receive notice from the holders of at least 25% in aggregate principal amount of the notes of the applicable series affected that is then outstanding (all such series voting together as a single class); and
- (4) certain events of bankruptcy, insolvency, reorganization, administration or similar proceedings with respect to us has occurred.

No Sinking Fund

The notes will not be entitled to any sinking fund.

Book-Entry; Delivery and Form; Global Note

The notes sold in the United States will be issued in the form of one or more fully registered global notes without interest coupons which will be deposited with, or on behalf of, The Depository Trust Company ("DTC"), New York, New York, and registered in the name of Cede & Co., as nominee of DTC, for the accounts of participants in DTC. Unless and until exchanged, in whole or in part, for notes in definitive registered form, a global note may not be transferred except as a whole (i) by the depository for such global note to a nominee of such depository, (ii) by a nominee of such depository to such depository or another nominee of such depository or (iii) by such depository or any such nominee to a successor of such depository or a nominee of such successor.

Ownership of beneficial interests in a registered global note will be limited to persons, called participants, that have accounts with the depository (currently DTC) or persons that may hold interests through participants in DTC. Investors may hold their interests in a global note directly through Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear"), and Clearstream Banking, S.A. ("Clearstream"), if they are participants in such systems, or indirectly through organizations that are participants in such systems. Euroclear and Clearstream will hold interests in a global note on behalf of their participants through their respective depositories, which in turn will hold such interests in the global note in customers' securities accounts in the depositories' names on the books of DTC.

Upon transfer of a definitive note, the definitive note will be exchanged for an interest in a global note, and the transferee will be required to hold its interest through a participant in DTC, Euroclear or Clearstream, as applicable.

S-24

[Table of Contents](#)

Upon the issuance of a registered global note, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the notes beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the notes will designate the accounts to be credited. Ownership of beneficial interests in a registered global note will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depository, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants.

So long as the depository, or its nominee, is the registered owner of a registered global note, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the notes represented by the registered global note for all purposes under the indenture. Except as described below, owners of beneficial interests in a registered global note will not be entitled to have the notes represented by the registered global note registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the notes under the indenture. Accordingly, each person owning a beneficial interest in a registered global note must rely on the procedures of the depository for that registered global note and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the indenture. The laws of some states may require that some purchasers of notes take physical delivery of these notes in definitive form. Such laws may impair the ability to transfer beneficial interests in a global note.

To facilitate subsequent transfers, all notes deposited by participants with DTC will be registered in the name of DTC's nominee, Cede & Co. The deposit of the notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC will have no knowledge of the actual beneficial owners of the notes. DTC's records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Adobe will make payments due on the notes to Cede & Co., as nominee of DTC, in immediately available funds. DTC's practice upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global note, is to immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global note as shown on the records of the depository. Payments by participants to owners of beneficial interests in a registered global note held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants. Payment to Cede & Co. is the responsibility of Adobe. Disbursement of such payments to direct participants is the responsibility of Cede & Co. Disbursement of such payments to the beneficial owners is the

responsibility of direct and indirect participants. None of Adobe, the trustee or any other agent of ours or any agent of the trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global note or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

Transfers between participants in Euroclear and Clearstream will be effected in the ordinary way in accordance with their respective rules and operating procedures. If a holder requires physical delivery of a definitive note for any reason, including to sell notes to persons in jurisdictions that require such delivery of such notes or to pledge such notes, such holder must transfer its interest in the relevant global note in accordance with the normal procedures of DTC and the procedures set forth in the indenture.

Cross-market transfers between DTC, on the one hand, and directly or indirectly through Euroclear or Clearstream participants, on the other, will be effected by DTC in accordance with DTC

S-25

[Table of Contents](#)

rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (Brussels time). Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the global note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

Because of the time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in the global note from a DTC participant will be credited during the securities settlement processing day (which must be a business day for Euroclear or Clearstream, as the case may be) immediately following the DTC settlement date, and such credit of any transaction's interests in the global note settled during such processing day will be reported to the relevant Euroclear or Clearstream participant on such day. Cash received in Euroclear or Clearstream as a result of sales of interests in a global note by or through a Euroclear or Clearstream participant to a DTC participant will be received with value on the DTC settlement date, but will be available in the relevant Euroclear or Clearstream cash account only as of the business day following settlement in DTC.

Adobe expects that DTC will take any action permitted to be taken by a holder of notes only at the direction of one or more participants to whose account the DTC interests in a global note are credited and only in respect of such portion of the aggregate principal amount of the notes as to which such participant or participants has or have given such direction. However, if there is an event of default under the notes, DTC will exchange each global note for definitive notes, which it will distribute to its participants.

Although Adobe expects that DTC, Euroclear and Clearstream will agree to the foregoing procedures in order to facilitate transfers of interests in each global note among participants of DTC, Euroclear and Clearstream, DTC, Euroclear and Clearstream are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither Adobe nor the trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream or their participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

If the depository for any of the notes represented by a registered global note is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act, and a successor depository registered as a clearing agency under the Exchange Act is not appointed by Adobe within 90 days, Adobe will issue notes in definitive form in exchange for the registered global note that had been held by the depository. Any notes issued in definitive form in exchange for a registered global note will be registered in the name or names that the depository gives to the trustee or other relevant agent. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the registered global note that had been held by the depository. In addition, Adobe may at any time determine that the notes shall no longer be represented by a global note and will issue notes in definitive form in exchange for such global note pursuant to the procedure described above. In connection with any proposed exchange of a note in definitive form for a global note, there shall be provided to the trustee all information necessary to allow the trustee to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Internal Revenue Code Section 6045. The trustee may rely on information provided to it and shall have no responsibility to verify or ensure the accuracy of such information.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions, such as transfers and pledges, among its participants in such securities through electronic computerized book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities

certificates. DTC's participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom own DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

Euroclear and Clearstream hold securities for participating organizations. They also facilitate the clearance and settlement of securities transactions between their respective participants through electronic book-entry changes in the accounts of such participants. Euroclear and Clearstream provide various services to their participants, including the safekeeping, administration, clearance, settlement, lending and borrowing of internationally traded securities. Euroclear and Clearstream interface with domestic securities markets. Euroclear and Clearstream participants are financial institutions such as underwriters, securities brokers and dealers, banks, trust companies and certain other organizations.

Indirect access to Euroclear or Clearstream is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Euroclear or Clearstream participant, either directly or indirectly.

The information in this section concerning DTC and DTC's book-entry system, as well as information regarding Euroclear and Clearstream, has been obtained from sources that Adobe believes to be reliable, but Adobe takes no responsibility for its accuracy or completeness. Adobe assumes no responsibility for the performance by DTC, Euroclear, Clearstream or their respective participants of their respective obligations, including obligations that they have under the rules and procedures that govern their operations.

Notices

Notices to holders of the notes will be made by first class mail, postage prepaid, to the addresses that appear on the security register of the notes. Any notices required to be given to the holders while the notes are global notes will be given only to DTC.

Concerning Our Relationship with the Trustee

Adobe maintains ordinary banking relationships and credit facilities with affiliates of the trustee. See "Underwriting—Other Relationships" for more information. A portion of the net proceeds from the notes will be used to repay the term loan, for which Wells Fargo Bank, National Association is a lender, documentation agent, joint lead arranger and joint book runner. The trustee assumes no responsibility for the accuracy or completeness of the information concerning us or our affiliates or any other party contained in this document or the related documents or for any failure by us or any other party to disclose events that may have occurred and may affect the significance or accuracy of such information. The trustee shall not be responsible for determining whether any Change of Control has occurred and whether any Change of Control Offer with respect to the notes is required. The trustee shall not be responsible for monitoring our rating status, making any request upon any Rating Agency, or determining whether any rating event with respect to the notes has occurred.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following are the material U.S. federal income tax consequences of ownership and disposition of the notes. This discussion only applies to notes that meet all of the following conditions:

- they are purchased by those initial holders who purchase notes at the "issue price," which will equal the first price to the public (not including bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) at which a substantial amount of the notes is sold for money; and
- they are held as capital assets.

This discussion does not describe all of the tax consequences that may be relevant to holders in light of their particular circumstances, including alternative minimum tax consequences or the Medicare tax imposed on certain kinds of investment income and tax consequences applicable to holders subject to special rules, such as:

- tax-exempt organizations;
- traders in securities that elect the mark-to-market method of accounting for their securities;
- certain financial institutions;
- insurance companies;

- dealers in securities or foreign currencies;
- persons holding notes as part of a hedge, straddle or other integrated transaction for U.S. federal income tax purposes, or persons entering into a constructive sale with respect to the notes;
- persons required to accelerate the recognition of any item of gross income as a result of such income being recognized on an "applicable financial statement";
- U.S. Holders (as defined below) whose functional currency is not the U.S. dollar; or
- partnerships or other entities classified as partnerships for U.S. federal income tax purposes.

If a partnership or other entity classified as a partnership for U.S. federal income tax purposes holds the notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. Partners of partnerships holding the notes are urged to consult their own tax advisors.

This summary is based on the Internal Revenue Code of 1986, as amended to the date hereof (the "Code"), administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein. Persons considering the purchase of notes are urged to consult their tax advisors with regard to the application of the U.S. federal income tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax Consequences to U.S. Holders

As used herein, the term "U.S. Holder" means a beneficial owner of a note that is, for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state thereof or the District of Columbia; or

S-28

[Table of Contents](#)

- an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

The term "U.S. Holder" also includes certain former citizens and residents of the United States.

Potential Contingent Payment Debt Treatment

Upon the occurrence of a Change of Control Triggering Event, Adobe would generally be required to purchase the notes at 101% of their principal amount plus accrued and unpaid interest, as described under "Description of the Notes—Purchase Upon Change of Control Triggering Event." Although the issue is not free from doubt, Adobe intends to take the position that such requirement does not result in the notes being treated as contingent payment debt instruments under the applicable Treasury Regulations. Adobe's position is not binding on the Internal Revenue Service (the "IRS"). If the IRS successfully takes a contrary position, U.S. Holders would be required to treat any gain recognized on the sale or other disposition of the notes as ordinary income rather than as capital gain. Furthermore, U.S. Holders would be required to accrue interest income on a constant yield basis at an assumed yield determined at the time of issuance of the notes, with adjustments to such accruals when any contingent payments are made that differ from the payments calculated based on the assumed yield. U.S. Holders should consult their tax advisors regarding the tax consequences of the notes being treated as contingent payment debt instruments. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

Payments of Interest

The notes will be issued without original issue discount for U.S. federal income tax purposes. Accordingly, interest paid on a note will be taxable to a U.S. Holder as ordinary interest income at the time it accrues or is received in accordance with the holder's method of accounting for federal income tax purposes.

Sale, Exchange, Redemption or Other Disposition of the Notes

Upon the sale, exchange, redemption or other taxable disposition of a note, a U.S. Holder will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange, redemption or other taxable disposition and the holder's tax basis in the note. A U.S. Holder's tax

basis in a note will, in general, be the U.S. Holder's cost therefor. For these purposes, the amount realized does not include any amount attributable to accrued interest. Amounts attributable to accrued interest are treated as interest as described under "Payments of Interest" above.

Gain or loss realized on the sale, exchange, redemption or other taxable disposition of a note will generally be capital gain or loss and will be long-term capital gain or loss if at the time of the sale, exchange, redemption or other taxable disposition the note has been held by the holder for more than one year. The deductibility of capital losses is subject to limitations.

Backup Withholding and Information Reporting

Information returns will be filed with the IRS in connection with payments on the notes and the proceeds from a sale or other disposition of the notes other than with respect to certain exempt recipients (such as corporations). A U.S. Holder will be subject to backup withholding on these payments if the U.S. Holder fails to provide its taxpayer identification number to the paying agent and comply with certain certification procedures or otherwise establish an exemption from backup withholding. The amount of any backup withholding from a payment to a U.S. Holder will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

S-29

[Table of Contents](#)

Tax Consequences to Non-U.S. Holders

As used herein, the term "Non-U.S. Holder" means a beneficial owner of a note that is, for U.S. federal income tax purposes:

- a nonresident alien individual;
- a foreign corporation; or
- a foreign estate or trust.

"Non-U.S. Holder" does not include a holder who is a non-resident alien individual present in the United States for 183 days or more in the taxable year of disposition of a note. Such a holder is urged to consult his or her own tax advisor regarding the U.S. federal income tax consequences of the sale, exchange, redemption or other disposition of a note.

Payments on the Notes

Subject to the discussions below concerning backup withholding and withholding under FATCA, payments of principal, interest and premium on the notes by Adobe or any paying agent to any Non-U.S. Holder will not be subject to U.S. federal withholding tax, provided that, in the case of interest:

- the Non-U.S. Holder does not own, actually or constructively, 10 percent or more of the total combined voting power of all classes of stock of Adobe entitled to vote and is not a controlled foreign corporation related, directly or indirectly, to Adobe through stock ownership;
- the beneficial owner of that note certifies on an IRS Form W-8BEN (or other applicable IRS Form W-8), under penalties of perjury, that it is not a United States person (as defined in the Code) and Adobe does not have actual knowledge or reason to know that the beneficial owner is a United States person); and
- the Non-U.S. Holder is not a bank whose receipt of interest on the notes is described in Section 881(c)(3)(A) of the Code.

If a Non-U.S. Holder of a note does not satisfy the requirements above, interest paid to such Non-U.S. Holder that is not effectively connected with a trade or business in the United States generally will be subject to a 30% U.S. federal withholding tax. However, a Non-U.S. Holder may be entitled to a reduction in or an exemption from withholding on interest as a result of an applicable tax treaty. To claim such a reduction or exemption from withholding, the Non-U.S. Holder must provide the applicable withholding agent with a properly executed IRS Form W-8BEN or W-8BEN-E claiming an exemption from or reduction of the withholding tax under the benefit of an income tax treaty between the United States and the Non-U.S. Holder's country of residence. Non-U.S. Holders that do not timely provide the applicable withholding agent the required certification, but that qualify for a reduced income treaty rate, may obtain a refund of any excess amounts withheld by timely filing an appropriate claim for refund with the IRS.

If a Non-U.S. Holder of a note is engaged in a trade or business in the United States, and if interest on the note is effectively connected with the conduct of this trade or business (and, if required by an applicable income tax treaty, is attributable to a permanent establishment in the United States), the Non-U.S. Holder, although exempt from the withholding tax discussed in the preceding paragraph, will generally be taxed in the same manner as a U.S. Holder (see "—Tax Consequences to U.S. Holders" above), except that the holder will generally be required to provide to Adobe a properly executed IRS Form W-8ECI in order to claim an exemption from withholding tax. These holders should consult their own tax advisors with respect to

other U.S. tax consequences of the ownership and

S-30

[Table of Contents](#)

disposition of notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate).

Sale, Exchange, Redemption or Other Disposition of the Notes

Subject to the discussions below concerning backup withholding and withholding under FATCA, a Non-U.S. Holder of a note will not be subject to U.S. federal income tax on gain realized on the sale, exchange, redemption or other disposition of such note, unless the gain is effectively connected with the conduct by the holder of a trade or business in the United States.

If a Non-U.S. Holder of a note is engaged in a trade or business in the United States, and if gain realized by the Non-U.S. Holder on a sale, exchange, redemption or other disposition of a note is effectively connected with the conduct of this trade or business, the Non-U.S. Holder will generally be taxed in the same manner as a U.S. Holder (see "—Tax Consequences to U.S. Holders" above), subject to an applicable income tax treaty providing otherwise. These holders should consult their own tax advisors with respect to other U.S. tax consequences of the ownership and disposition of notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate).

Backup Withholding and Information Reporting

Information returns will be filed with the IRS in connection with payments on the notes. Unless the Non-U.S. Holder complies with certification procedures to establish that it is not a United States person, information returns may be filed with the IRS in connection with the proceeds from a sale or other disposition of the notes and the Non-U.S. Holder may be subject to backup withholding on payments on the notes or on the proceeds from a sale or other disposition of the notes. The certification procedures required to claim the exemption from withholding tax on interest described above will satisfy the certification requirements necessary to avoid backup withholding as well. The amount of any backup withholding from a payment to a Non-U.S. Holder will be allowed as a credit against the Non-U.S. Holder's U.S. federal income tax liability and may entitle the Non-U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

Withholding Under FATCA

Under Sections 1471 through 1474 of the Code (such Sections commonly referred to as "FATCA"), a 30% United States federal withholding tax may apply to any interest income paid on the notes to (i) a "foreign financial institution" (as specifically defined in the Code) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA or (y) its compliance (or deemed compliance) with FATCA (which may alternatively be in the form of compliance with an intergovernmental agreement with the United States) in a manner which avoids withholding or (ii) a "non-financial foreign entity" (as specifically defined in the Code) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA or (y) adequate information regarding certain substantial United States beneficial owners of such entity (if any). If an interest payment is both subject to withholding under FATCA and subject to the withholding tax discussed above under "Tax Consequences to Non-U.S. Holders—Payments on the notes," the withholding under FATCA may be credited against, and therefore reduce, such other withholding tax. Persons considering the purchase of notes are urged to consult their tax advisors regarding these rules and whether they may be relevant to their ownership and disposition of notes.

The underwriting agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part. The underwriters are obligated to purchase all the notes if they purchase any of the notes. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering of notes may be terminated.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

We expect to deliver the notes on or about February 3, 2020, which will be the eighth business day after the date of this prospectus supplement (such settlement cycle being herein referred to as "T+8"). Pursuant to Rule 15c6-1 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes prior to the delivery date may be required to specify an alternate settlement cycle at the time of trade to prevent a failed settlement. Investors who wish to trade the notes prior to the delivery date should consult their own advisors.

Discounts

The underwriters propose to offer the notes directly to the public at the public offering prices set forth on the cover page of this prospectus supplement and some of the notes to dealers at the public offering price less a concession not to exceed 0.200% of the principal amount of the 2023 Notes, 0.250% of the principal amount of the 2025 Notes, 0.300% of the principal amount of the 2027 Notes and 0.350% of the principal amount of the 2030 Notes. The underwriters may allow, and any such dealer may reallow, a concession not to exceed 0.175% of the principal amount of the 2023 Notes, 0.200% of the principal amount of the 2025 Notes, 0.250% of the principal amount of the 2027 Notes and 0.250% of the principal amount of the 2030 Notes. After the initial offering of the notes to the public, the representatives may change the public offering price and other selling terms.

S-32

[Table of Contents](#)

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

	<u>Paid by Adobe</u>
Per 2023 Note	0.375%
Per 2025 Note	0.500%
Per 2027 Note	0.550%
Per 2030 Note	0.600%
Total	<u>\$ 16,850,000</u>

We estimate that our total expenses for this offering, other than underwriting discounts and commissions, will be approximately \$4.7 million. The underwriters have agreed to reimburse us for a portion of the expenses incurred in connection with this offering.

New Issues of Notes

There is currently no public trading market for the notes. We have not applied and do not intend to apply to list the notes on any securities exchange. The underwriters have advised us that they intend to make markets in the notes. However, they are not obligated to do so and may discontinue any market-making in the notes at any time in their sole discretion. Therefore, we cannot assure you that liquid trading markets for the notes will develop, that you will be able to sell your notes at a particular time or that the prices you receive when you sell will be favorable. If active trading markets for the notes do not develop, the market prices and liquidity of the notes may be adversely affected. If the notes are traded, they may trade at a discount from the initial offering prices, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

Adobe has agreed with the underwriters, subject to certain exceptions, not to, except with the prior written consent of BofA Securities, Inc., J.P. Morgan Securities LLC, US Bancorp Investments, Inc. and Wells Fargo Securities, LLC, offer, sell, contract to sell or otherwise dispose of any debt securities issued or guaranteed by Adobe having a tenor of more than one year during the period from the date of this prospectus supplement continuing through the settlement date of the notes.

Price Stabilization and Short Positions

In connection with the offering, the underwriters may purchase and sell notes in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions and stabilizing purchases.

- Short sales involve secondary market sales by the underwriters of a greater principal amount of notes than they are required to purchase in the offering. Covering transactions involve purchases of notes in the open market after the distribution has been completed in order to cover short positions. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the prices of the notes in the open market after pricing that could adversely affect investors who purchase in the offering.
- Stabilizing transactions involve bids to purchase notes so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market prices of the notes. They may also cause the prices of the notes to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may

S-33

[Table of Contents](#)

conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time. In addition, neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that transactions described above may have on the prices of the notes.

Other Relationships

Certain of the underwriters and their affiliates have in the past provided, and may in the future provide, investment banking, commercial banking, derivative transactions and financial advisory services to us and our affiliates in the ordinary course of business for which they have received or will receive customary fees and reimbursement of expenses. Specifically, certain underwriters and affiliates of the underwriters serve various roles in Adobe's revolving credit facility: Bank of America, N.A., an affiliate of BofA Securities, Inc., serves as administrative agent, swing line lender and lender, JPMorgan Chase Bank, N.A., an affiliate of J.P. Morgan Securities LLC, Société Générale S.A., an affiliate of SG Americas Securities, LLC, and U.S. Bank National Association, an affiliate of U.S. Bancorp Investments, Inc., serve as co-syndication agents, lenders, joint lead arrangers and joint book runners, BofA Securities, Inc. (an assignee of Merrill Lynch, Pierce, Fenner & Smith Incorporated) and Wells Fargo Securities, LLC serve as joint lead arrangers and joint book runners, and Wells Fargo Bank, National Association, an affiliate of Wells Fargo Securities, LLC, serves as co-syndication agent and lender. Additionally, affiliates of the underwriters serve various roles in Adobe's term loan: Bank of America, N.A., an affiliate of BofA Securities, Inc., serves as administrative agent and lender, JPMorgan Chase Bank, N.A., an affiliate of J.P. Morgan Securities LLC, serves as syndication agent, lender, joint lead arranger and joint bookrunner, Wells Fargo Bank, National Association, an affiliate of Wells Fargo Securities, LLC, serves as documentation agent and lender, and BofA Securities, Inc. (an assignee of Merrill Lynch, Pierce, Fenner & Smith Incorporated) and Wells Fargo Securities, LLC serve as joint lead arrangers and joint book runners.

Certain of the underwriters and/or their affiliates hold or may hold positions in the outstanding 2020 Senior Notes and/or the term loan for their account or the account of customers which will be repaid with the net proceeds of this offering and will therefore receive proceeds from this offering. Also refer to the relationships described below under "—Conflicts of Interest."

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Wells Fargo Bank, National Association, an affiliate of Wells Fargo Securities, LLC, serves as the trustee for the indenture governing the notes.

Conflicts of Interest

Certain affiliates of the underwriters will receive at least 5% of the net proceeds of this offering in connection with the repayment of our 2020 Senior Notes and the term loan. See "Use of Proceeds." Accordingly, this offering is being made in compliance with the requirements of FINRA Rule 5121. Because the notes to be offered will be rated investment grade, pursuant to Rule 5121, the appointment of a qualified independent

underwriter is not necessary. Such underwriters will not confirm sales to discretionary accounts without the prior written approval of the customer.

Sales Outside the United States

The notes may be offered and sold in the United States and certain jurisdictions outside the United States in which such offer and sale is permitted.

Notice to Prospective Investors in Canada

The notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principals that are accredited investors, as defined in National Instrument 45-106 *Prospectus Exemptions* or subsection 73.3(1) of the *Securities Act* (Ontario), and are permitted clients, as defined in National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*. Any resale of the notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this prospectus supplement and the accompanying prospectus (including any amendment thereto) contain a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

Pursuant to section 3A.3 of National Instrument 33-105 *Underwriting Conflicts* (NI 33-105), the underwriters are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering.

This prospectus supplement has been prepared on the basis that any offer of notes in any Member State of the EEA will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of notes. About this Prospectus

This prospectus is part of a registration statement that we filed with the SEC utilizing a "shelf" registration process. DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is based upon our restated certificate of incorporation, as amended ("Restated Certificate of Incorporation"), our Amended and Restated Bylaws ("Bylaws") and applicable provisions of law. We have summarized certain portions of the Restated Certificate of Incorporation and Bylaws below. The summary is not complete. The Restated Certificate of Incorporation and amendments thereto have been filed with the SEC as Exhibit 3.3 to our [Current Report on Form 8-K filed on April 26, 2011](#), and Exhibit 3.1 to our [Current Report on Form 8-K filed on October 9, 2018](#), and are incorporated by reference in the registration statement of which this prospectus is a part. The Bylaws have been filed with the SEC as Exhibit 3.2 to our [Current Report on Form 8-K filed on October 9, 2018](#) and are incorporated by reference in the registration statement of which this prospectus is a part. You should read the Restated Certificate of Incorporation and Bylaws for the provisions that are important to you.

Certain provisions of the Delaware General Corporation Law ("DGCL"), the Restated Certificate of Incorporation and the Bylaws summarized in the following paragraphs may have an anti-takeover effect. This may delay, defer or prevent a tender offer or takeover attempt that a stockholder might consider in its best interests, including those attempts that might result in a premium over the market price for the shares held by such stockholder.

Copies of the Restated Certificate of Incorporation and Bylaws are available upon request. Please see "Where You Can Find More Information" above in this prospectus.

Authorized Capital Stock

As of January 18, 2019, there were issued and outstanding 487,725,915 shares of Adobe common stock (excluding shares held in Adobe's treasury). From time to time we issue employee stock options, restricted stock units, performance shares and other forms of stock based compensation.

Transfer Agent and Registrar. Broadridge Corporate Issuer Solutions, Inc. is the transfer agent and registrar for our common stock.

Preferred Stock

Under our Restated Certificate of Incorporation, without further stockholder action, our board of directors is authorized, subject to any limitations prescribed by the law of the State of Delaware, to provide for the issuance of the shares of preferred stock in one or more series, to establish from time to time the number of shares to be included in each such series, to fix the designation, powers, preferences and rights of the shares of each such series and any qualifications, limitations or restrictions thereof, and to increase or decrease the number of shares of any such series (but not below the number of shares of such series then outstanding).

Certain Provisions of Our Restated Certificate of Incorporation and Bylaws

Our Restated Certificate of Incorporation and Bylaws vest the power to call special meetings of stockholders in our chairman of the board, our President, our board of directors or stockholders holding shares representing not less than 10% of the outstanding votes entitled to vote at the meeting. Stockholders are not permitted under our Restated Certificate of Incorporation or Bylaws to act by written consent in lieu of a meeting.

To be properly brought before an annual meeting of stockholders, (i) any stockholder nomination for the board of directors must be delivered to our Secretary not more than 120 and not less than 90 days prior to the date on which we first released our proxy materials for the prior year's annual meeting, and (ii) any stockholder proposal other than nominations for the board of directors must be delivered to our Secretary not more than 150 and not less than 120 days prior to the date on which we first released our proxy materials for the prior year's annual meeting; provided that in the event that the date of the annual meeting is advanced or delayed by more than 30 days from the anniversary of the previous year's meeting, a stockholder's written notice will be timely if it is delivered by the later of the 90th day prior to such annual meeting or the 10th day following the announcement of the date of the meeting. Such notice must contain information specified in the Bylaws as to the director nominee or proposal of other business, information about the stockholder making the nomination or proposal and the beneficial owner, if any, on behalf of whom the nomination or proposal is made, including name and address, class and number of shares owned, and representations regarding the intention to make such a proposal or nomination and to solicit proxies in support of it. With respect to director nominees, we may require any proposed nominee to furnish information concerning his or her eligibility to serve as an independent director or that could be material to a reasonable stockholder's understanding of the independence of the nominee and to provide a statement as to whether such nominee, if elected, intends to comply with our policies and procedures as applicable to the board of directors.

Certain Anti-Takeover Effects of Delaware Law

We are subject to Section 203 of the DGCL ("Section 203"). In general, Section 203 prohibits a publicly held Delaware corporation from engaging in various "business combination" transactions with any interested stockholder for a period of three years following the date of the transactions in which the person became an interested stockholder, unless:

- the business combination or the transaction which resulted in the stockholder becoming an interested stockholder is approved by the board of directors prior to the date the interested stockholder obtained such status;
- upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the

[Table of Contents](#)

corporation outstanding at the time the transaction commenced excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned (a) by persons who are directors and also officers and (b) employee stock plans in which employee participants do not have the right to determine confidentially whether shares

held subject to the plan will be tendered in a tender or exchange offer; or

- on or subsequent to such date the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least 66²/₃% of the outstanding voting stock which is not owned by the interested stockholder.

A "business combination" is defined to include mergers, asset sales, and other transactions resulting in financial benefit to a stockholder. In general, an "interested stockholder" is a person who, together with affiliates and associates, owns (or within three years, did own) 15% or more of a corporation's voting stock. The statute could prohibit or delay mergers or other takeover or change in control attempts with respect to our company and, accordingly, may discourage attempts to acquire us even though such a transaction may offer our stockholders the opportunity to sell their stock at a price above the prevailing market price.

DESCRIPTION OF DEBT SECURITIES

This prospectus describes certain general terms and provisions of the debt securities. The debt securities will be issued under an indenture between Adobe Inc. and Wells Fargo Bank, National Association, as trustee (the "trustee"), in one or more series established in or pursuant to a board resolution and set forth in an officer's certificate or supplemental indenture. When we offer to sell a particular series of debt securities, we will describe the specific terms for the securities in a supplement to this prospectus. The prospectus supplement will also indicate whether the general terms and provisions described in this prospectus apply to a particular series of debt securities.

We have summarized certain terms and provisions of the indenture. The summary is not complete. The indenture has been filed as an exhibit to the registration statement of which this prospectus is a part. You should read the indenture and applicable board resolution and officer's certificate or supplemental indenture (including the form of debt security) relating to the applicable series of debt securities for the provisions which may be important to you. The indenture is subject to and governed by the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act").

General

The indenture does not limit the amount of debt securities which we may issue. We have the right to "reopen" a previous issue of a series of debt securities by issuing additional debt securities of such series. We may issue debt securities up to an aggregate principal amount as we may authorize from time to time. The debt securities will be our unsecured obligations and will rank equally with all of our other unsecured and unsubordinated debt from time to time outstanding. Our secured debt, if any, will be effectively senior to the debt securities to the extent of the value of the assets securing such debt. The debt securities will be exclusively our obligations and not of our subsidiaries and therefore the debt securities will be structurally subordinate to the debt and liabilities of any of our subsidiaries. The prospectus supplement will describe the terms of any debt securities being offered, including:

- the title;
- any limit upon the aggregate principal amount;
- the date or dates on which the principal is payable;

[Table of Contents](#)

- the rate or rates at which the debt securities shall bear interest, if any, or the method by which such rate shall be determined;
- the date or dates from which interest shall accrue;
- the date or dates on which interest shall be payable;
- the record dates for the determination of holders to whom interest is payable;
- the right, if any, to extend the interest payment periods and the duration of such extension;
- the place or places where the principal of and any interest shall be payable;
- the price or prices at which, the period or periods within which and the terms and conditions upon which debt securities may be redeemed;
- our obligation, if any, to redeem, purchase or repay the debt securities;

- if applicable, the price or prices at which and the period or periods within which and the terms and conditions upon which the debt securities shall be redeemed, purchased or repaid, in whole or in part;
- if other than denominations of \$2,000 and any multiple of \$1,000 in excess thereof, the denominations in which the debt securities shall be issuable;
- the percentage of the principal amount at which the debt securities will be issued and, if other than the principal amount thereof, the portion of such principal amount which shall be payable upon declaration of acceleration of the maturity thereof or provable in bankruptcy;
- whether the debt securities are issuable under Rule 144A or Regulation S under the Securities Act of 1933, as amended (the "Securities Act") and, in such case, any provisions unique to such form of issuance including any transfer restrictions or exchange and registration rights;
- any and all other terms of the series including any terms which may be required by or advisable under U.S. law or regulations or advisable in connection with the marketing of the debt securities;
- whether the debt securities are issuable as global securities and, in such case, the identity for the depository;
- any deletion from, modification of or addition to the events of default or covenants provided for with respect to the debt securities;
- any provisions granting special rights to holders when a specified event occurs;
- whether and under what circumstances we will pay additional amounts on the debt securities held by a person who is not a U.S. person in respect of any tax, assessment or governmental charge withheld or deducted;
- any special tax implications of the debt securities;
- any trustees, authenticating or paying agents, transfer agents or registrars or any other agents with respect to the debt securities;
- any guarantor or co-issuer of the debt securities;
- any special interest premium or other premium;
- whether the debt securities are convertible or exchangeable into common stock or other of our equity securities or a combination thereof and the terms and conditions upon which such conversion or exchange shall be effected; and

[Table of Contents](#)

- the currency in which payments shall be made, if other than U.S. dollars.

Events of Default

When we use the term "Event of Default" in the indenture with respect to the debt securities of any series, here are some examples of what we mean:

- (1) default in paying interest on the debt securities when it becomes due and the default continues for a period of 30 days or more;
- (2) default in paying principal, or premium, if any, on the debt securities when due;
- (3) default in the performance, or breach, of any covenant or warranty of ours in respect of the debt securities (other than defaults specified in clause (1) or (2) above) and the default or breach continues for a period of 90 days or more after we receive written notice from the trustee or we and the trustee receive notice from the holders of at least 25% in aggregate principal amount of the debt securities of each such series affected that is then outstanding (all such series voting together as a single class);
- (4) certain events of bankruptcy, insolvency, reorganization, administration or similar proceedings with respect to us or any significant subsidiary has occurred;

(5) (a) a failure to make any payment at maturity, including any applicable grace period on any of our Indebtedness in an amount in excess of \$100,000,000 and continuance of this failure to pay or (b) a default on any of our Indebtedness which default results in the acceleration of Indebtedness in an amount in excess of \$100,000,000 without such Indebtedness having been discharged or the acceleration having been cured, waived, rescinded or annulled, for a period of, in the case of clause (a) or (b) above, 30 days or more after we receive written notice from the trustee or we and the trustee receive notice from the holders of at least 25% in aggregate principal amount of the debt securities then outstanding (voting together as a single class); provided, however, that if the failure, default or acceleration referred to in clause (a) or (b) above shall cease or be cured, waived, rescinded or annulled, then the Event of Default shall be deemed cured; or

(6) any other Event of Default set forth in a board resolution, officer's certificate or supplemental indenture relating to such series of debt securities.

If an Event of Default (other than an Event of Default specified in clause (4) with respect to us) under the indenture occurs with respect to the debt securities of any series and is continuing, then the trustee may and, at the direction of the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of each affected series (each such series voting together as a single class), will by written notice, require us to repay immediately the entire principal amount of the outstanding debt securities of each affected series, together with all accrued and unpaid interest and premium, if any. If an Event of Default under the indenture specified in clause (4) with respect to us occurs and is continuing, then the entire principal amount of the outstanding debt securities will automatically become due immediately and payable without any declaration or other act on the part of the trustee or any holder.

After a declaration of acceleration or any automatic acceleration under clause (4) described above, the holders of a majority in principal amount of outstanding debt securities of all affected series (voting as a single class) may rescind this accelerated payment requirement if all existing Events of Default, except for nonpayment of the principal and interest on the debt securities of that series that has become due solely as a result of the accelerated payment requirement, have been cured or waived and if the rescission of acceleration would not conflict with any judgment or decree. The holders of a majority in principal amount of all such series of the outstanding debt securities affected (voting as a

[Table of Contents](#)

single class) also have the right to waive past defaults, except a default in paying principal or interest on any outstanding debt security, or in respect of a covenant or a provision that cannot be modified or amended without the consent of all holders of the debt securities of that series.

Holders of at least 25% in principal amount of each series of debt securities affected that is then outstanding (voting together as a single class) may seek to institute a proceeding only after they have made written request, and offered indemnity as the trustee may reasonably require, to the trustee to institute a proceeding and the trustee has failed to do so within 60 days after it received this notice. In addition, within this 60-day period the trustee must not have received directions inconsistent with this written request by holders of a majority in principal amount of the outstanding debt securities of each series affected. These limitations do not apply, however, to a suit instituted by a holder of a debt security for the enforcement of the payment of principal, interest or any premium on or after the due dates for such payment.

During the existence of an Event of Default of which a responsible officer of the trustee has actual knowledge or has received written notice from us or any holder of the debt securities, the trustee is required to exercise the rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would under the circumstances in the conduct of that person's own affairs. The trustee is not under any obligation to exercise any of its rights or powers at the request or direction of any of the holders unless the holders have offered to the trustee security or indemnity as the trustee may reasonably require. Subject to certain provisions, the holders of a majority in principal amount of each series of outstanding debt securities affected (voting together as a single class) have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee.

The trustee will, within 45 days after any default occurs, give notice of the default to the holders of the debt securities of that series, unless the default was already cured. Unless there is a default in paying principal or interest when due, the trustee can withhold giving notice to the holders if it determines in good faith that the withholding of notice is in the interest of the holders.

We are required to furnish to the trustee an annual statement as to compliance with all conditions and covenants under the indenture.

Modification and Waiver

We and the trustee may amend or modify the indenture or the debt securities without notice to or the consent of any holder of debt securities in order to:

- cure ambiguities, omissions, defects or inconsistencies;
- make any change that would provide any additional rights or benefits to the holders of the debt securities of a series;
- provide for or add guarantors with respect to the debt securities of any series;

- secure the debt securities of any series;
- establish the form or forms of debt securities of any series;
- provide for uncertificated debt securities of any series in addition to or in place of certificated debt securities of the applicable series;
- evidence and provide for the acceptance of appointment by a successor trustee;
- provide for the assumption by our successor, if any, to our obligations to holders of any outstanding debt securities of any series in compliance with the provisions of the indenture;

[Table of Contents](#)

- maintain the qualification of the indenture under the Trust Indenture Act;
- conform any provision in the indenture or the terms of the debt securities of any series to this "Description of Debt Securities" or the prospectus or other offering materials pursuant to which the debt securities of such series were offered; or
- make any change that does not adversely affect the rights of any holder in any material respect.

Other amendments and modifications of the indenture or the debt securities may be made with the consent of the holders of not less than a majority of the aggregate principal amount of the outstanding debt securities of each series affected by the amendment or modification (voting together as a single class), and our future compliance with any provision of the indenture with respect to any series of debt securities may be waived by written notice to the trustee by the holders of a majority of the aggregate principal amount of the outstanding debt securities of each series affected by the waiver (voting together as a single class). However, no modification or amendment may, without the consent of the holder of each outstanding debt security affected:

- reduce the principal amount, or extend the fixed maturity, of the debt securities, alter or waive the redemption provisions of the debt securities;
- impair the right of any holder of the debt securities to receive payment of principal or interest on the debt securities on and after the due dates for such principal or interest;
- change the currency in which principal, any premium or interest is paid;
- reduce the percentage in principal amount outstanding of debt securities of any series which must consent to an amendment, supplement or waiver or consent to take any action;
- impair the right to institute suit for the enforcement of any payment on the debt securities;
- waive a payment default with respect to the debt securities or any guarantor;
- reduce the interest rate or extend the time for payment of interest on the debt securities; or
- adversely affect the ranking of the debt securities of any series.

Covenants

Principal and Interest

We covenant to pay the principal of and interest on the debt securities when due and in the manner provided in the indenture.

Consolidation, Merger or Sale of Assets

We will not consolidate or combine with or merge with or into or, directly or indirectly, sell, assign, convey, lease, transfer or otherwise dispose of all or substantially all of our assets to any person or persons in a single transaction or through a series of transactions, unless:

- we shall be the continuing person or, if we are not the continuing person, the resulting, surviving or transferee person (the "surviving entity") is organized and existing under the laws of the United States or any state or the District of Columbia;

- the surviving entity will expressly assume all of our obligations under the debt securities and the indenture, and will, if required by law to effectuate the assumption, execute a supplemental indenture, in a form satisfactory to the trustee, which will be delivered to the trustee;
- immediately after giving effect to such transaction or series of transactions on a pro forma basis, no Event of Default has occurred and is continuing; and

[Table of Contents](#)

- we or the surviving entity will have delivered to the trustee an officer's certificate and opinion of counsel stating that the transaction or series of transactions and a supplemental indenture, if any, complies with this covenant and that all conditions precedent in the indenture relating to the transaction or series of transactions have been satisfied.

The restrictions in the third and fourth bullets above shall not be applicable to:

- the merger or consolidation of us with an affiliate of ours if our board of directors determines in good faith that the purpose of such transaction is principally to change our state of incorporation or convert our form of organization to another form; or
- the merger of us with or into a single direct or indirect wholly owned subsidiary of ours pursuant to Section 251(g) (or any successor provision) of the DGCL (or similar provision of our state of incorporation).

If any consolidation or merger or any sale, assignment, conveyance, lease, transfer or other disposition of all or substantially all our assets occurs in accordance with the indenture, the successor person will succeed to, and be substituted for, and may exercise every right and power of ours under the indenture with the same effect as if such successor person had been named in our place in the indenture. We will (except in the case of a lease) be discharged from all obligations and covenants under the indenture and any debt securities issued thereunder.

Negative Covenants

In addition to the covenants set forth above, the following additional covenants shall apply to the debt securities (unless otherwise provided pursuant to a board resolution and set forth in an officer's certificate or a supplemental indenture). These covenants do not limit our ability to incur indebtedness and apply only to us.

Limitation on Liens

With respect to each series of debt securities, we will not create or incur any Lien on any of our Properties, whether now owned or hereafter acquired, or upon any income or profits therefrom, in order to secure any of our Indebtedness, without effectively providing that such series of debt securities shall be equally and ratably secured until such time as such Indebtedness is no longer secured by such Lien, except:

- (1) Liens existing as of the closing date of the offering of the series of debt securities;
- (2) Liens granted after closing date of the offering of the series of debt securities, created in favor of the holders of such series of debt securities;
- (3) Liens securing our Indebtedness which are incurred to extend, renew or refinance Indebtedness which is secured by Liens permitted to be incurred under the indenture so long as such Liens are limited to all or part of substantially the same Property which secured the Liens extended, renewed or replaced and the amount of Indebtedness secured is not increased (other than by the amount equal to any costs and expenses (including any premiums, fees or penalties) incurred in connection with any extension, renewal or refinancing); and
- (4) Permitted Liens.

Notwithstanding the foregoing, we may, without securing any series of debt securities, create or incur Liens which would otherwise be subject to the restrictions set forth in the preceding paragraph, if after giving effect thereto, Aggregate Debt does not exceed 15% of Consolidated Net Worth calculated as of the date of the creation or incurrence of the Lien.

[Table of Contents](#)

Limitation on Sale and Lease-Back Transactions

With respect to each series of debt securities, we will not enter into any sale and lease-back transaction for the sale and leasing back of any Property, whether now owned or hereafter acquired, unless:

- (1) such transaction was entered into prior to the closing date of the offering of the series of debt securities;
- (2) such transaction was for the sale and leasing back to us of any Property by one of our Subsidiaries;
- (3) such transaction involves a lease for less than three years;
- (4) we would be entitled to incur Indebtedness secured by a mortgage on the Property to be leased in an amount equal to the Attributable Liens with respect to such sale and lease-back transaction without equally and ratably securing such series of debt securities pursuant to the first paragraph of "—Limitation on Liens" above; or
- (5) we apply an amount equal to the fair value of the Property sold to the purchase of Property or to the retirement of our long-term Indebtedness within 270 days of the effective date of any such sale and lease-back transaction. In lieu of applying such amount to such retirement, we may deliver debt securities to the trustee therefor for cancellation, such debt securities to be credited at the cost thereof to us.

Notwithstanding the foregoing, we may enter into any sale lease-back transaction which would otherwise be subject to the foregoing restrictions if after giving effect thereto and at the time of determination, Aggregate Debt does not exceed 15% of Consolidated Net Worth calculated as of the closing date of the sale-leaseback transaction.

Existence

Except as permitted under "—Consolidation, Merger and Sale of Assets," the indenture requires us to do or cause to be done all things necessary to preserve and keep in full force and effect our existence, rights and franchises; *provided, however*, that we shall not be required to preserve any right or franchise if we determine that its preservation is no longer desirable in the conduct of business.

Satisfaction, Discharge and Covenant Defeasance

We may terminate our obligations under the indenture, when:

- either:
 - all the debt securities of any series issued that have been authenticated and delivered have been accepted by the trustee for cancellation; or
 - all the debt securities of any series issued that have not been accepted by the trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year, (a "discharge") and we have made irrevocable arrangements satisfactory to the trustee for the giving of notice of redemption by such trustee in our name, and at our expense and we have irrevocably deposited or caused to be deposited with the trustee sufficient funds to pay and discharge the entire indebtedness on the series of debt securities to pay principal, interest and any premium;
- we have paid or caused to be paid all other sums then due and payable under the indenture; and
- we have delivered to the trustee an officer's certificate and an opinion of counsel, each stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture have been complied with.

We may elect to have our obligations under the indenture discharged with respect to the outstanding debt securities of any series ("legal defeasance"). Legal defeasance means that we will be deemed to have paid and discharged the entire indebtedness represented by the outstanding debt securities of such series under the indenture and will be discharged from our obligations in respect of such debt securities, except for certain obligations, including:

- the rights of holders of the debt securities to receive principal, interest and any premium when due;
- our obligations with respect to the debt securities concerning issuing temporary debt securities, registration of transfer of debt securities,

mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payment for debt securities payments held in trust;

- the rights, powers, trusts, duties and immunities of the trustee; and
- the defeasance provisions of the indenture.

In addition, we may elect to have our obligations released with respect to certain covenants in the indenture ("covenant defeasance"). Any failure to comply with these obligations will not constitute a default or an event of default with respect to the debt securities of any series. In the event covenant

[Table of Contents](#)

defeasance occurs, certain events, not including non-payment, bankruptcy and insolvency events, described under "Events of Default" will no longer constitute an event of default for that series.

In order to exercise either legal defeasance or covenant defeasance with respect to outstanding debt securities of any series:

- we must irrevocably have deposited or caused to be deposited with the trustee as trust funds for the purpose of making the following payments, specifically pledged as security for, and dedicated solely to the benefits of the holders of the debt securities of a series:
 - money in an amount;
 - U.S. government obligations; or
 - a combination of money and U.S. government obligations,

in each case sufficient without reinvestment, in the written opinion of a nationally recognized firm of independent public accountants to pay and discharge, and which shall be applied by the trustee to pay and discharge, all of the principal, interest and any premium at due date or maturity or if we have made irrevocable arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in our name and at our expense, the redemption date;

- in the case of legal defeasance, we have delivered to the trustee an opinion of counsel stating that, as a result of an IRS ruling or a change in applicable federal income tax law, the holders of the debt securities of that series will not recognize gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge to be effected and will be subject to the same federal income tax as would be the case if the deposit, defeasance and discharge did not occur;
- in the case of covenant defeasance, we have delivered to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize gain or loss for U.S. federal income tax purposes as a result of the deposit and covenant defeasance to be effected and will be subject to the same federal income tax as would be the case if the deposit and covenant defeasance did not occur;
- no default with respect to the outstanding debt securities of that series has occurred and is continuing at the time of such deposit after giving effect to the deposit or, in the case of legal defeasance, no default relating to bankruptcy or insolvency has occurred and is continuing at any time on or before the 91st day after the date of such deposit (other than an Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowings), it being understood that this condition is not deemed satisfied until after the 91st day;
- the legal defeasance or covenant defeasance will not cause the trustee to have a conflicting interest within the meaning of the Trust Indenture Act, assuming all debt securities of a series were in default within the meaning of such Act;
- the legal defeasance or covenant defeasance will not result in a breach or violation of, or constitute a default under the indenture (other than an Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowings), or any other material agreement or instrument to which we are a party;
- the legal defeasance or covenant defeasance will not result in the trust arising from such deposit constituting an investment company within the meaning of the Investment Company Act of 1940, as amended, unless the trust is registered under such Act or exempt from registration; and

[Table of Contents](#)

- we have delivered to the trustee an officer's certificate and an opinion of counsel stating that all conditions precedent with respect to the defeasance or covenant defeasance have been complied with.

Unclaimed Funds

All funds deposited with the trustee or any paying agent for the payment of principal, interest, premium or additional amounts in respect of the debt securities that remain unclaimed for two years after the maturity date of such debt securities will be repaid to us upon our request. Thereafter, any right of any holder to such funds shall be enforceable only against us, and the trustee and paying agents will have no liability therefor.

Governing Law

The indenture and the debt securities for all purposes shall be governed by and construed in accordance with the laws of the State of New York.

Concerning Our Relationship with the Trustee

We maintain ordinary banking relationships and credit facilities with affiliates of the trustee.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase our debt or equity securities or securities of third parties or other rights, including rights to receive payment in cash or securities based on the value, rate or price of one or more specified commodities, currencies, securities or indices, or any combination of the foregoing. Warrants may be issued independently or together with any other securities and may be attached to, or separate from, such securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The terms of any warrants to be issued and a description of the material provisions of the applicable warrant agreement will be set forth in the applicable prospectus supplement.

DESCRIPTION OF PURCHASE CONTRACTS

We may issue purchase contracts for the purchase or sale of:

- debt or equity securities issued by us or securities of third parties, a basket of such securities, an index or indices or such securities or any combination of the above as specified in the applicable prospectus supplement;
- currencies; or
- commodities.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities, currencies or commodities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on underlying currencies, by delivering the underlying currencies, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract.

[Table of Contents](#)

The purchase contracts may require us to make periodic payments to the holders thereof or vice versa, which payments may be deferred to the extent set forth in the applicable prospectus supplement, and those payments may be unsecured or prefunded on some basis. The purchase contracts may require the holders thereof to secure their obligations in a specified manner to be described in the applicable prospectus supplement. Alternatively, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, pre-paid purchase contracts will be issued under the indenture.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units consisting of one or more warrants, debt securities, shares of preferred stock, shares of common stock, purchase contracts or any combination of such securities.

FORMS OF SECURITIES

Each debt security, warrant and unit will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depository or its nominee as the owner of the debt securities, warrants or units represented by these global securities. The depository maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Global Securities

Registered Global Securities. We may issue the registered debt securities, warrants and units in the form of one or more fully registered global securities that will be deposited with a depository or its nominee identified in the applicable prospectus supplement and registered in the name of that depository or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depository for the registered global security, the nominees of the depository or any successors of the depository or those nominees.

If not described below, any specific terms of the depository arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depository arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called "participants," that have accounts with the depository or persons that may hold interests through participants. Upon the issuance of a registered global security, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of

[Table of Contents](#)

ownership interests will be effected only through, records maintained by the depository, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depository, or its nominee, is the registered owner of a registered global security, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, warrant agreement or unit agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, warrant agreement or unit agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depository for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, warrant agreement or unit agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, warrant agreement or unit agreement, the depository for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants or units, represented by a registered global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the registered global security. None of Adobe, the trustee, any warrant agent, unit agent or any other agent of Adobe, agent of the trustee or agent of such warrant agent or unit agent will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for any of the securities represented by a registered global security, upon receipt of any payment of principal,

premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

[Table of Contents](#)

If the depository for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act, and a successor depository registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depository. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depository gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depository. In addition, we may at any time determine that the securities of any series shall no longer be represented by a registered global security and will issue securities in definitive form in exchange for such registered global security pursuant to the procedure described above.

PLAN OF DISTRIBUTION

We or selling security holders may sell the securities being offered hereby in the following manner or any manner specified in a prospectus supplement:

- directly to purchasers;
- through agents;
- through underwriters; and
- through brokers or dealers.

If any securities are sold pursuant to this prospectus by any persons other than us, we will, in a prospectus supplement, name the selling security holders, indicate the nature of any relationship such holders have had to us or any of our affiliates during the three years preceding such offering, state the amount of securities of the class owned by such security holder prior to the offering and the amount to be offered for the security holder's account, and state the amount and (if one percent or more) the percentage of the class to be owned by such security holder after completion of the offering.

We or any selling security holder may directly solicit offers to purchase securities, or agents may be designated to solicit such offers. We will, in the prospectus supplement relating to such offering, name any agent that could be viewed as an underwriter under the Securities Act and describe any commissions that we or any selling security holder must pay. Any such agent will be acting on a best efforts basis for the period of its appointment or, if indicated in the applicable prospectus supplement, on a firm commitment basis. Agents, brokers, dealers and underwriters may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

If any underwriters or agents are utilized in the sale of the securities in respect of which this prospectus is delivered, we and, if applicable, any selling security holder will enter into an underwriting agreement or other agreement with them at the time of sale to them, and we will set forth in the prospectus supplement relating to such offering the names of the underwriters or agents and the terms of the related agreement with them.

If a broker or dealer is utilized in the sale of the securities in respect of which the prospectus is delivered, we and, if applicable, any selling security holder will sell such securities to the broker or dealer, as principal. The broker or dealer may then resell such securities to the public at varying prices to be determined by such broker or dealer at the time of resale.

Remarketing firms, agents, underwriters, brokers and dealers may be entitled under agreements which they may enter into with us to indemnification by us and by any selling security holder against certain civil liabilities, including liabilities under the Securities Act, and may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

[Table of Contents](#)

In order to facilitate the offering of the securities, any underwriters may engage in transactions that stabilize, maintain or otherwise affect the price

of the securities or any other securities the prices of which may be used to determine payments on such securities. Specifically, any underwriters may overallocate in connection with the offering, creating a short position for their own accounts. In addition, to cover overallocations or to stabilize the price of the securities or of any such other securities, the underwriters may bid for, and purchase, the securities or any such other securities in the open market. Finally, in any offering of the securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the securities in the offering if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. Any such underwriters are not required to engage in these activities and may end any of these activities at any time.

Any underwriter, agent, broker or dealer utilized in the initial offering of securities will not confirm sales to accounts over which it exercises discretionary authority without the prior specific written approval of its customer.

VALIDITY OF SECURITIES

The validity of the securities in respect of which this prospectus is being delivered will be passed on for us by Perkins Coie LLP.
