## DESCRIPTION OF THE NOTES

We will issue the notes and the related Guarantees (as defined below) under the Senior Indenture referred to in the accompanying prospectus. The description of the particular terms of the notes offered hereby and the related guarantees supplements the description of the general terms and conditions of the securities set forth under “Description of Debt Securities” beginning on page 7 in the accompanying prospectus. This description replaces the description of the securities in the accompanying prospectus to the extent of any inconsistency.

### General

The notes will mature on February 5, 2016.

We will pay interest on the notes at the rate of 1.20% per year in arrears on February 5 and August 5 of each year to holders of the notes on July 20 of each year. If interest or principal on the notes is payable on a Saturday, Sunday or any other day when banks are not open for business, we will make the payment on the next business day. The first interest payment date on the notes is August 5, 2013. Interest on the notes will accrue from the date of issue on the basis of a 360-day year consisting of twelve 30-day months.

Carnival Corporation may from time to time, without the consent of the existing holders of the notes, create and issue further notes on terms and conditions as the notes offered hereby in all respects, except for the original issue date, issue price and the first interest payment date. Additional notes may be consolidated with, and form a single series with, the previously outstanding notes.

The debt securities will be issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000.

### Additional Information

See “Description of Debt Securities” in the accompanying prospectus for additional important information about the securities.

Such Guarantees are for the benefit of the holders of the debt securities and not merely of collection.

## [Table of Contents](#)

We describe the terms of the Guarantees in more detail under the heading “Description of Debt Securities—Guarantees of Debt Securities” in the prospectus.

### **Ranking**

The notes will be senior unsecured obligations and, as guaranteed, will rank equally with all of the unsecured and unsubordinated obligations of Carnival Corporation and Carnival plc, effectively junior to all of the secured indebtedness of Carnival Corporation and Carnival plc, to the extent of such secured indebtedness, and effectively junior to all indebtedness of the subsidiaries of Carnival Corporation and Carnival plc.

### **Optional Redemption**

We may redeem any of the securities as a whole at any time or in part from time to time, at our option, on at least 30 days, but not more than 90 days, prior to the maturity date, by mailing to each holder of securities to be redeemed, at a redemption price equal to the greater of:

- 100% of the principal amount of the securities to be redeemed, and
- the sum of the present values of the Remaining Scheduled Payments (as defined below), discounted to the redemption date on a 360-day year consisting of twelve 30-day months, at the Treasury Rate (as defined below), plus 15 basis points;

plus, in each case, accrued interest to the date of redemption that has not been paid.

Any redemption or notice of any redemption may, at our discretion, be subject to one or more conditions precedent, including, but not limited to, a public offering or Change of Control, issuance of indebtedness or other transaction or event. Notice of any redemption in respect thereof will be given to each holder of securities to be redeemed and may be partial as a result of only some of the conditions being satisfied. We may provide in such notice that payment of the redemption price of the securities to be redeemed may be performed by another person.

On and after the redemption date, interest will cease to accrue on the securities or any portion thereof called for redemption, unless we elect to pay the redemption price and accrued and unpaid interest. On or before the redemption date, we shall deposit with a paying agent, or the Senior Trustee, the redemption price of and accrued interest on the securities to be redeemed on such date. If we elect to redeem less than all of the securities, the Senior Trustee shall redeem the securities to be redeemed in a manner it deems appropriate and fair.

“*Treasury Rate*” means, with respect to any redemption date for the debt securities: (1) the yield, under the heading which represents the preceding week, appearing in the most recently published statistical release designated “H. 15(519)” or any successor publication which is published by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury debt securities adjusted to “Treasury Constant Maturities,” for the maturity corresponding to the Comparable Treasury Issue; *provided* that if no maturity is within three months of the redemption date for the debt securities, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined by interpolating or extrapolating from those yields on a straight line basis, rounding to the nearest month; or (2) if that release, or any successor release, for the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Issue price. ### **Redemption of Notes under Certain Circumstances**

If as the result of any change in or any amendment to the laws, including any regulations and any applicable double taxation treaties of the Republic of Panama (or the jurisdiction of incorporation (other than the U.S) of a successor corporation to us), or of any of its political subdivisions or taxing authorities, or any change in an application or interpretation of those laws, which change, amendment, application or interpretation becomes effective on or after the issuance date of the notes (or, in certain circumstances, the later date on which a corporation becomes a successor corporation to us), we determine based upon a reasonable and recognized standing that:

- we would be required to pay Additional Amounts on the next succeeding date for the payment thereof (and such obligation shall be reduced to the extent of reasonable measures available to us), or
- any taxes would be imposed (whether by way of deduction, withholding or otherwise) by the Republic of Panama (or the jurisdiction of incorporation (other than the U.S.) of a successor corporation to us) or by any of its political subdivisions or taxing authorities, upon or with respect to the payment of any, interest, if any, or sinking fund or analogous payments, if any,

then we may, at our option, on giving not less than 30 nor more than 60 days' irrevocable notice, redeem the notes in whole, but not in part, at 100% of the principal amount plus accrued interest to the date fixed for redemption. No such notice of redemption may be given more than 60 days before the date on which we would be obligated to pay the Additional Amounts or the tax would be imposed, as the case may be. - Carnival plc would be required to pay Guarantor Additional Amounts on the next succeeding date for the payment thereof (and such obligation shall be avoided by it taking reasonable measures available to it), or
- any taxes would be imposed (whether by way of deduction, withholding or otherwise) by the United Kingdom (or the jurisdiction of tax residence (other than the U.S.) of a successor corporation to Carnival plc), upon or with respect to the payment of any, interest, if any, or sinking fund or analogous payments, if any,

then we may, at our option, on giving not less than 30 nor more than 60 days' irrevocable notice, redeem the notes in whole, but not in part, up to 100% of the principal amount plus accrued interest to the date fixed for redemption. No such notice of redemption may be given more than 90 days before the date on which Carnival plc would be obligated to pay the Guarantor Additional Amounts or the tax would be imposed, as the case may be. Also, at the time such notice is given, the obligation to pay the Guarantor Additional Amounts or tax, as the case may be, must be in effect.

[Table of Contents](#)**Book-Entry Delivery and Settlement***Global Notes*

We will issue the securities in the form of one or more global notes in definitive, fully registered, book-entry form. The global notes will be issued on behalf of The Depository Trust Company (“DTC”) and registered in the name of Cede & Co., as nominee of DTC, or will remain in the custody of Cede & Co. with the FAST Balance Certificate Agreement between DTC and the Senior Trustee.

*DTC, Clearstream and Euroclear*

Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of direct and indirect participants in DTC. Investors may hold interests in the global notes through either DTC (in the United States), Clearstream Banking AG (“Clearstream”) in Europe, or Euroclear SA/NV (“Euroclear”) in Europe, either directly if they are participants of such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers’ securities accounts in Clearstream’s and Euroclear’s U.S. depositaries, which in turn will hold such interests in customers’ securities accounts in the U.S. depositaries’ names on the books of DTC. DTC will act as the U.S. depository for Clearstream and Euroclear.

DTC has advised us as follows:

- DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered under Section 17A of the Securities Exchange Act of 1934.
- DTC holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions by book-entry pledges, in deposited securities through electronic computerized book-entry changes in participants’ accounts, thereby eliminating the physical movement of securities certificates.
- Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations.
- DTC is owned by its member firms.
- Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that maintain a custodial relationship with a direct participant, either directly or indirectly.
- The rules applicable to DTC and its direct and indirect participants are on file with the SEC.

Clearstream has advised us that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities on behalf of its participants and facilitates the clearance and settlement of securities transactions between its customers through electronic book-entry changes in accounts of its customers, thereby eliminating the need for physical movement of certificates. Clearstream provides to its customers, among other things, services for safekeeping, administration, and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector. Clearstream customers are located around the world, including

underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and other organizations and may include the underwriter. Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Clearstream either directly or indirectly.

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with depositories. Euroclear is operated by Euroclear Bank S.A./N.V. (the "Euroclear Operator") under contract with Euroclear Clearance Systems S.C., a Belgian entity (the "Cooperative"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are maintained with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include central banks, securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect accounts may be maintained with other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

The Euroclear Operator has advised us that it is licensed by the Belgian Banking and Finance Commission to carry out banking and clearing activities. As a Belgian bank, it is regulated and examined by the Belgian Banking and Finance Commission.

We have provided the descriptions of the operations and procedures of DTC, Clearstream and Euroclear in this prospectus supplement for your convenience. These operations and procedures are solely within the control of those organizations and are subject to change by them from time to time. DTC, Clearstream, Euroclear, the Issuer, the Corporation, Carnival plc, the underwriters or the Senior Trustee takes any responsibility for these operations or procedures, and you are urged to contact Euroclear or their participants directly to discuss these matters.

We expect that under procedures established by DTC:

- upon deposit of the global notes with DTC or its custodian, DTC will credit on its internal system the accounts of direct participants and the underwriters with portions of the principal amounts of the global notes; and
- ownership of the debt securities will be shown on, and the transfer of ownership thereof will be effected only through, records of the issuer, its nominee, with respect to interests of direct participants, and the records of direct and indirect participants, with respect to interests of indirect participants.

The laws of some jurisdictions may require that purchasers of securities take physical delivery of those securities in definitive form. The ability to transfer interests in the debt securities represented by a global note to those persons may be limited. In addition, because DTC can act only on behalf of persons who hold interests through participants, the ability of a person having an interest in debt securities represented by a global note to transfer interests to persons or entities that do not participate in DTC's system, or otherwise to take actions in respect of such interest, may be affected. The ability to take security in respect of such interest.

So long as DTC or its nominee is the registered owner of a global note, DTC or that nominee will be considered the sole owner of the debt securities represented by that global note for all purposes under the senior indenture and under the debt securities. Except as provided below, owners of

global note will not be entitled to have debt securities represented by that global note registered in their names, will not receive or be entitled to receive payments on debt securities represented by that global note and will not be considered the owners or holders thereof under the senior indenture or under the debt securities represented by that global note. The holder of a global note will not be entitled to exercise any voting rights in connection with the giving of any direction, instruction or approval to the Senior Trustee. Accordingly, each holder owning a beneficial interest in a global note will not be entitled to exercise any voting rights in connection with the giving of any direction, instruction or approval to the Senior Trustee. DTC and, if that holder is not a direct or indirect participant, on the procedures of the participant through which that holder owns its interest, will be deemed to be the holder of the debt securities under the indenture or a global note.

None of Carnival Corporation, Carnival plc or the Senior Trustee will have any responsibility or liability for any aspect of the management of the global notes or for any loss or damage on account of debt securities by DTC, Clearstream or Euroclear, or for maintaining, supervising or reviewing any records of those organizations.

Payments on the debt securities represented by the global notes will be made to DTC or its nominee, as the case may be, as the result of the receipt of any payment on the debt securities represented by a global note, will credit participants' accounts with the amount of such payment to their respective beneficial interests in the global note as shown in the records of DTC or its nominee. We also expect that payments by participants on the debt securities represented by the global notes will be governed by standing instructions and customary practice as is now the case with payments to customers registered in the names of nominees for such customers. The participants will be responsible for those payments.

Distributions on the debt securities held beneficially through Clearstream will be credited to cash accounts of its customers in accordance with the operating procedures, to the extent received by the U.S. depository for Clearstream.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing the Use of the Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the "Terms and Conditions"). The Terms and Conditions govern the clearing and settlement of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. The Euroclear Operator acts under the Terms and Conditions on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Distributions on the debt securities held beneficially through Euroclear will be credited to the cash accounts of its participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

### ***Clearance and Settlement Procedures***

Initial settlement for the debt securities will be made in immediately available funds. Secondary market trading between DTC participants will be settled in immediately available funds. Secondary market trading between Clearstream customers will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable to secondary market trading of securities and cash. Secondary market trading between Euroclear participants will be settled in immediately available funds in accordance with the applicable rules and operating procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Euroclear participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international securities depository; however, such cross-market transactions will require delivery of instructions to the relevant

European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. depository for settlement on its behalf by delivering or receiving the debt securities in DTC, and making or receiving payment in accordance with normal practices and procedures applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their U.S. depository.

Because of time-zone differences, credits of the debt securities received in Clearstream or Euroclear as a result of a transaction will be reported during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such business day. Cash received as a result of sales of the debt securities by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received within two business days but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures to facilitate transfers of the debt securities to and from Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed without notice.

### *Certificated Notes*

We will issue certificated debt securities to each person that DTC identifies as the beneficial owner of the debt securities represented by the global notes only if:

- DTC or any successor thereto notifies us that it is no longer willing or able to act as a depository for the global notes or is no longer qualified to stand under the Securities Exchange Act of 1934, and we have not appointed a successor depository within 90 days of the notification;
- we determine, in our sole discretion, not to have the debt securities of any series represented by a global note.

Neither we nor the Senior Trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the related debt securities. We and the Senior Trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee with respect to the registration and delivery, and the respective principal amounts, of the certificated notes to be issued.

[Table of Contents](#)**MATERIAL PANAMANIAN, U.S. FEDERAL INCOME TAX AND U.K. WITHHOLDING TAX CONSEQUENCES****Panama**

Under current Panamanian law, because we conduct our operations outside of Panama, we believe that no Panamanian taxes or withholding payments to holders of the notes.

**United States**

The following is a general summary of material U.S. federal income tax consequences of the ownership and disposition of notes by a Holder, each as defined below. This discussion is based on the U.S. Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations, and administrative pronouncements or practices and judicial decisions, all as of the date hereof. Future legislative, judicial, or administrative modifications or interpretations, which may or may not be retroactive, may result in U.S. federal tax consequences significantly different from those discussed herein. No ruling has been or will be sought or obtained from the IRS with respect to the classification of the notes for U.S. federal income tax purposes or any of the U.S. federal tax consequences discussed herein. There can be no assurance that the IRS will not challenge the classification of the notes for U.S. federal income tax purposes or that a U.S. court will not sustain such a challenge.

As used in this summary, (A) a "Holder" is any beneficial owner of notes; (B) a "U.S. Holder" is any Holder that is (i) a citizen or resident of the United States for U.S. federal income tax purposes, (ii) a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) organized in the United States or any of its political subdivisions, including the States and the District of Columbia, (iii) an estate the income of which is derived from the United States regardless of its source, or (iv) a trust which (a) is subject to the primary jurisdiction of a court within the United States and for which one or more persons who are U.S. Holders control all substantial decisions, or (b) has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person; (C) a "non-U.S. Holder" is any Holder that is an individual, corporation, estate or trust that is not described in clause (B)(i), (ii), (iii) or (iv) above. If a pass-through entity, including a partnership, is classified as a partnership for U.S. federal income tax purposes, is a beneficial owner of notes, the U.S. federal income tax treatment of an owner will depend upon the status of such owner or partner and upon the activities of the pass-through entity. Owners or partners of a pass-through entity that is a non-U.S. Holder should consult their own tax advisors as to U.S. federal income, state and local and non-U.S. tax consequences of the ownership and disposition of notes.

This discussion does not address any U.S. federal alternative minimum tax; U.S. federal estate, gift, or other non-income tax, or any state, local or non-U.S. tax consequences of the ownership or disposition of a note. In addition, this summary does not address the U.S. federal income tax consequences for certain categories of Holders subject to special rules, including Holders that are (i) banks, financial institutions or insurance companies, (ii) real estate investment trusts, (iii) brokers or dealers in securities or currencies or traders in securities that elect to apply a mark-to-market accounting method, (iv) tax-exempt organizations, qualified retirement plans, individual retirement accounts or other tax-deferred accounts, (v) Holders that own notes as part of a leveraged buyout, conversion transaction or other integrated investment, (vi) Holders that are liable for the "alternative minimum tax" under the Code, (vii) Holders that are U.S. expatriates, or (viii) U.S. expatriates.

In addition, this summary deals only with notes acquired pursuant to this offering at their original issue price, within the meaning of Section 1221 of the Code, and does not discuss the tax considerations applicable to subsequent purchasers of the notes, including the "market discount" and "acquisition premium" rules.

A HOLDER IS URGED TO CONSULT ITS OWN TAX ADVISOR REGARDING THE APPLICATION OF U.S. FEDERAL TAX LAWS TO THE NOTES UNDER THE CIRCUMSTANCES AND ANY TAX CONSEQUENCES ARISING UNDER THE LAWS OF ANY STATE, LOCAL, NON-U.S. OR OTHER JURISDICTION UNDER ANY APPLICABLE TAX TREATY.

### **Tax Considerations for a U.S. Holder**

#### *Notes Subject to Contingency*

As described under the heading “Description of the Notes — Change of Control,” we will be required to make an offer to repurchase the notes at a price equal to 101% of their principal amount plus accrued and unpaid interest upon the occurrence of a Change of Control. It is possible that the repurchase of the notes at a premium could implicate the provisions of Treasury Regulations relating to “contingent payment debt instruments.” If the notes are treated as contingent payment debt instruments, a U.S. Holder might, among other things, be required to accrue interest income in different amounts and at different times on the notes and to treat any gain recognized on the sale or other disposition of a note as ordinary income rather than as capital gain.

We intend to take the position that the likelihood of such repurchase of the notes at a premium is remote, and thus, that the notes are not contingent payment debt instruments. Our determination that such contingency is remote is binding on a U.S. Holder unless such U.S. Holder discloses information required by applicable Treasury Regulations. Our determination, however, is not binding on the IRS, and the IRS could challenge this determination.

The remainder of this disclosure assumes that our determination that this contingency is remote is correct. The Treasury Regulations relating to contingent payment debt instruments have not been the subject of authoritative interpretation, however, and the scope of the Treasury Regulations is not certain. U.S. Holders should consult their tax advisors regarding the possible application of the special rules related to contingent payment debt instruments.

#### *Payments of Interest*

Stated interest on a note generally will be taxable to a U.S. Holder as ordinary income at the time it accrues or is received in accordance with the rules of accounting for U.S. federal income tax purposes.

Notwithstanding that we are a Panamanian corporation, it is possible that some or all interest payable on the notes may be treated as “branch tax” rules of the Code for purposes of computing the foreign tax credit allowable to a U.S. Holder.

#### *Sale, Exchange or Retirement of a Note*

A U.S. Holder generally will recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a note as the difference between (i) the amount of cash plus the fair market value of any property received (other than any amount received in respect of a note previously included in income, which will be taxable as ordinary income), and (ii) such U.S. Holder’s adjusted tax basis in the note. A U.S. Holder’s tax basis generally will be its cost to such U.S. Holder. Gain or loss recognized on the sale, exchange, retirement or other taxable disposition of a note generally will be long-term capital gain or loss if the U.S. Holder’s holding period in such note exceeds one year. Long-term capital gain is subject to tax for a non-corporate U.S. Holder. The deductibility of capital losses is subject to limitations.

## [Table of Contents](#)

Any gain or loss recognized on the sale, exchange, retirement or other taxable disposition of a note generally will be U.S. source income for purposes of computing the foreign tax credit allowable to a U.S. Holder.

### ***Medicare Contribution Tax on Unearned Income***

A 3.8% Medicare tax will generally be imposed on the “net investment income,” including interest and capital gain, of U.S. Holders and trusts. Net investment income includes, among other things, interest income not derived from the conduct of a nonpassive trade or business. For purposes of recognition of capital gain with respect to, the notes are expected to constitute net investment income.

### ***Information Reporting and Backup Withholding***

A U.S. Holder may be subject, under certain circumstances, to information reporting and/or backup withholding at the applicable rate with respect to certain payments of principal or interest on a note and the proceeds of a disposition of a note before maturity.

Backup withholding may apply to a non-corporate U.S. Holder that (i) fails to furnish its taxpayer identification number (“TIN”) to the issuer, (ii) is notified by the IRS that it failed properly to report certain interest or dividends, or (iii) is notified by the IRS that it is a U.S. person, that the TIN provided is correct, and that it has not been notified by the IRS that it is subject to backup withholding. An exemption is available by providing a properly completed IRS Form W-9 (or successor form). These requirements generally do not apply to U.S. Holders including corporations, tax-exempt organizations, qualified pension and profit sharing trusts, certain financial institutions and individual retirement accounts.

Backup withholding is not an additional tax. Any amount withheld from a payment to a U.S. Holder under the backup withholding rules will be applied against such U.S. Holder’s U.S. federal income tax liability and may entitle such U.S. Holder to a refund, provided that certain required information is furnished. A U.S. Holder is urged to consult its own tax advisor regarding the application of information reporting and backup withholding in its particular circumstances, including an exemption from backup withholding and the procedure for obtaining any such available exemption.

### **Tax Considerations for a Non-U.S. Holder**

The rules governing the U.S. federal taxation of a Non-U.S. Holder are complex. A Non-U.S. Holder is urged to consult its own tax advisor regarding U.S. federal tax laws, including any information reporting requirements, to its particular circumstances and any tax consequences arising under U.S. or other taxing jurisdiction or under any applicable tax treaty.

**Payments of Interest.** Under the “branch tax” rules of the Code, it is possible that, notwithstanding that we are a Panamanian corporation, interest payments to Non-U.S. Holders may be treated as U.S. source income for U.S. federal income tax purposes. Even if any interest paid on the notes is determined to be U.S. source income, a Non-U.S. Holder generally will not be subject to the 30% U.S. federal withholding tax if such interest will qualify as “portfolio interest.” Interest payments to a Non-U.S. Holder will qualify as portfolio interest if:

- such Non-U.S. Holder does not actually or constructively own 10% or more of (a) the total combined voting power of all classes of our stock entitled to vote, or (b) the total combined voting power of the aggregate of all classes of our and Carnival plc’s stock that are entitled to vote, in either case, as determined for the meaning of section 871(h)(3) of the Code;

## Table of Contents

- such Non-U.S. Holder is not a “controlled foreign corporation” that is related to Carnival Corporation or Carnival plc within the meaning of the Code;
- such Non-U.S. Holder is not a bank whose receipt of interest on a note is described in section 881(c)(3)(A) of the Code;
- such Non-U.S. Holder provides its name and address, and certifies, under penalties of perjury, that (a) it is not a U.S. person as defined in the Code, (b) it is not a U.S. person for purposes of an IRS Form W-8BEN (or successor form) or (c) it holds its notes through a certain foreign intermediary, and it and the intermediary certify to the certification requirements of applicable U.S. Treasury Regulations.

Special certification rules apply to Non-U.S. Holders that are pass-through entities rather than corporations or individuals.

If a Non-U.S. Holder cannot satisfy the requirements described above and if interest on the notes is treated as U.S. source income, interest on the notes is subject to the 30% United States federal withholding tax, unless the Non-U.S. Holder provides us with a properly executed (1) IRS Form W-8BEN (or successor form) certifying an exemption from or reduction in withholding under the benefit of any applicable tax treaty or (2) IRS Form W-8ECI (or successor form) stating that the Non-U.S. Holder is not subject to withholding tax because it is effectively connected with such Non-U.S. Holder’s conduct of a trade or business in the United States. If a Non-U.S. Holder is subject to withholding tax because it is effectively connected with the conduct of that trade or business in the United States, the Non-U.S. Holder will be subject to U.S. federal income tax on that interest on a net income basis (although such Non-U.S. Holder will be exempt from the 30% withholding tax, provided it satisfies the requirements described above) in the same manner as if such Non-U.S. Holder were a U.S. person as defined under the Code, regardless of whether interest on the notes is U.S. source income or not. In addition, if a Non-U.S. Holder is a non-U.S. corporation, it may be subject to a branch profits tax equal to 30% of its earnings and profits for the taxable year, subject to adjustments, that are effectively connected with its conduct of a trade or business in the United States.

*Sales, Exchange or Retirement of a Note.* Subject to the discussion below concerning backup withholding, a Non-U.S. Holder generally will be subject to U.S. federal income tax or to withholding of U.S. federal income tax on any gain realized on the sale, exchange, redemption, retirement or other disposition of a note if the Non-U.S. Holder is an individual present in the United States for 183 days or more in the taxable year of such disposition and other applicable requirements are met. If a Non-U.S. Holder is effectively connected with the conduct of a U.S. trade or business by such Non-U.S. Holder and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment maintained by such Non-U.S. Holder.

If a Non-U.S. Holder is engaged in a U.S. trade or business and gain realized on the disposition of a note is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment), such Non-U.S. Holder generally will be subject to U.S. federal income tax on such gain on a net income basis at graduated rates in the same manner as if such Non-U.S. Holder were a U.S. Holder, unless the Non-U.S. Holder provides otherwise. In addition, any such Non-U.S. Holder that is a non-U.S. corporation may be subject to the branch profits tax on its effective U.S. source income for the taxable year, subject to certain adjustments, at the statutory rate of 30% unless such rate is reduced or the branch profit tax is eliminated by an applicable income tax treaty.

### ***Possible Application of Medicare Contribution Tax on Unearned Income***

The Medicare tax described above under “U.S. Holders—Medicare Contribution Tax on Unearned Income” does not apply to non-U.S. Holders, but it is possible that such tax may apply to the net investment income of non-U.S. persons that are estates or trusts.

### ***Information Reporting and Backup Withholding***

Unless certain exceptions apply, we must report to the IRS and to a Non-U.S. Holder the amount of interest on notes paid to such holder and any tax withheld in respect of such interest payments. Copies of information returns that report such interest payments and any withholding of tax are available to tax authorities in a country in which a Non-U.S. Holder is a resident under the provisions of an applicable income tax treaty.

Under current U.S. federal income tax law, if a Non-U.S. Holder provides the applicable IRS Form W-8BEN (or successor form) with all appropriate attachments, signed under penalties of perjury, identifying such Non-U.S. Holder and stating that it is not a U.S. person), in any case may be, has neither actual knowledge nor reason to know that such Non-U.S. Holder is a U.S. person, then such Non-U.S. Holder will not be subject to withholding with respect to payments of principal or interest on notes made by us or our paying agent. Special rules apply to pass-through entities and may also apply to beneficial owners of pass-through entities.

Payment of the proceeds of a disposition of a note by a Non-U.S. Holder made to or through a U.S. office of a broker generally will be subject to information reporting and backup withholding unless such Non-U.S. Holder (i) certifies its non-U.S. status on IRS Form W-8BEN (or successor form) signed under penalties of perjury, establishing an exemption. Payment of the proceeds of a disposition of a note by a Non-U.S. Holder made to or through a non-U.S. office of a broker generally will be subject to information reporting or backup withholding unless such non-U.S. broker is a "U.S. Related Person" (as defined below). Payment of the proceeds of a note by a Non-U.S. Holder made to or through a non-U.S. office of a U.S. broker or a U.S. Related Person generally will not be subject to backup withholding or information reporting, unless (i) such Non-U.S. Holder certifies its non-U.S. status on IRS Form W-8BEN (or successor form) signed under penalties of perjury, or (ii) such broker or U.S. Related Person has documentary evidence in its records as to the non-U.S. status of such Non-U.S. Holder and has neither actual knowledge nor reason to know that such Non-U.S. Holder is a U.S. person.

For this purpose, a "U.S. Related Person" is (i) a controlled foreign corporation for U.S. federal income tax purposes, (ii) a non-U.S. person whose gross income from all sources for the three-year period ending with the close of its taxable year preceding the payment (or for such part of that period as the person's existence) is derived from activities that are effectively connected with the conduct of a U.S. trade or business, or (iii) a non-U.S. partnership if one or more of its partners are U.S. persons who, in the aggregate, hold more than 50% of the income or capital interest of the partnership or if the partnership is engaged in the conduct of a U.S. trade or business.

Backup withholding is not an additional tax. Any amount withheld from a payment to a Non-U.S. Holder under the backup withholding rules may be credited against such Non-U.S. Holder's U.S. federal income tax liability and may entitle such Non-U.S. Holder to a refund, provided that certain information is furnished to the IRS. A Non-U.S. Holder is urged to consult its own tax advisor regarding the application of information reporting and backup withholding rules. In certain circumstances, the availability of an exemption from backup withholding and the procedure for obtaining any such available exemption.

### ***FATCA***

Legislation enacted in 2010 commonly referred to as "FATCA" generally imposes a withholding tax of 30% on payments to certain non-U.S. intermediaries) with respect to certain financial instruments, unless various U.S. information reporting and due diligence requirements have been met. The Treasury Department and the IRS issued final regulations implementing FATCA, which are effective on January 28, 2013. Under the final regulations, certain payments outstanding on January 1, 2014 are

---

exempt from withholding imposed under FATCA. Because the notes will be issued before January 1, 2014, FATCA withholding would not apply if the notes are not “significantly modified” after such date in such a way as to be treated as re-issued after such date for U.S. federal income tax purposes. A Non-U.S. holder should consult its own tax advisor regarding FATCA as it applies to the notes.

**United Kingdom**

If Carnival plc (as Guarantor) makes payments in respect of the notes, those payments may be subject to withholding in respect of interest payments (currently 20 per cent.), subject to any direction to the contrary by H.M. Revenue & Customs under the provisions of any applicable double tax treaty. Such withholding obligation may be disapplied in respect of payments to holders who Carnival plc reasonably believes fall within particular classes of holders as determined by H.M. Revenue & Customs direct otherwise).

ACCORDINGLY, YOU SHOULD CONSULT YOUR OWN TAX ADVISOR AS TO THE PARTICULAR TAX CONSEQUENCES TO YOU OF PURCHASING, HOLDING AND DISPOSING OF THE NOTES. The underwriting agreement is subject to a number of terms and conditions and provides that the underwriters must buy all of the securities that the issuer offers to sell. The underwriters will sell the securities to the public when and if the underwriters buy the securities from us.

The underwriters have advised us that they propose initially to offer the securities to the public at the public offering prices set forth in this prospectus supplement, and to certain dealers at such price less a concession not in excess of 0.185% of the principal amount of the notes. The underwriters may also allow, a concession not in excess of 0.100% of the principal amount of the notes to certain other dealers. If all of the securities are not sold, the offering price and other selling terms may be changed by the underwriters. The offering of the securities by the underwriters is subject to the underwriters' right to reject any order in whole or in part.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts, will be approximately \$800,000.

We have agreed to indemnify the several underwriters against, or contribute to payments that the underwriters may be required to make, including liabilities under the Securities Act of 1933, as amended.

The securities are new issues of securities with no established trading market. The securities will not be listed on any securities exchange or a market in the securities after completion of the offering, but will not be obligated to do so and may discontinue any market-making activities. connection with the offering, creating a short position. In addition, the representatives may bid for, and purchase, the securities in the open market to stabilize the price of the securities. Short positions involve the sale by the underwriters of a greater number of securities than they are required to sell. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the securities in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the securities sold by it because the underwriters have repurchased securities sold by or for the account of such underwriter in stabilizing or short covering transactions.

Any of these activities, as well as other purchases by the underwriters for their own accounts, may stabilize or maintain the market price of the securities at or near independent market levels, but no representation is made hereby of the magnitude of any effect that the transactions described above may have on the market price of the securities. The underwriters will not be required to engage in these activities, and may engage in these activities, and may end any of these activities, at any time. These transactions may be effected in the over-the-counter market or otherwise.

## RISK FACTORS

*An investment in the securities offered by this prospectus involves a number of risks. You should carefully consider the following information, the specific risks discussed or incorporated by reference in the applicable prospectus supplement, together with all the other information in this prospectus supplement or incorporated by reference in this prospectus and the applicable prospectus supplement. You should also consider the risks discussed under the caption "Risk Factors" included in the joint Annual Report on Form 10-K for the year ended November 30, 2011, which is incorporated into this prospectus, and which may be amended, supplemented or superseded from time to time by other reports we file with the SEC in connection with this offering.*

### Risks Relating to the Guarantees

*Carnival plc's guarantee may be unenforceable due to fraudulent conveyance statutes and, accordingly, you could have no claim against Carnival Corporation debt securities.*

Although laws differ among various jurisdictions, a court could, under fraudulent conveyance laws, subordinate or avoid the guarantee if the guarantee was incurred with actual intent to hinder, delay or defraud creditors, or if the guarantor did not receive fair consideration or reasonable value for the guarantee and that the guarantor:

- was insolvent or rendered insolvent because of the guarantee;
- was engaged in a business or transaction for which its remaining assets constituted unreasonably small capital; or
- intended to incur, or believed that it would incur, debts beyond the relevant guarantor's ability to pay at maturity.

Carnival plc does not believe that the issuance of its guarantees will be a fraudulent conveyance because, among other things, Carnival plc will receive a reciprocal guarantee by Carnival Corporation of its indebtedness. In addition, Carnival plc receives the benefit of a streamlining arrangement in the corporate structure of Carnival Corporation & plc as a whole. However, if a court were to void the guarantee of a guarantor as the result of a fraudulent conveyance or hold it unenforceable for any other reason, you would cease to have a claim against that guarantor based on its guarantee and would solely be

### Risk Factors Related to Our Common Stock

*The price of our common stock may fluctuate significantly, and holders could lose all or part of their investment.*

Volatility in the market price of our common stock may prevent holders from being able to sell their shares at or above the price they paid for them. The price of our common stock could fluctuate significantly for various reasons which include:

- changes in the prices or availability of fuel;
- our quarterly or annual earnings or those of other companies in our industry;
- the public's reaction to our press releases, our other public announcements and our filings with the SEC;
- our earnings or recommendations by research analysts who track our common stock or the stock of other cruise companies;

---

## Table of Contents

- general economic and business conditions in the U.S. and global economies, financial markets or cruise industry, including the pricing of air travel services, armed conflicts, cruise ship accidents, the spread of contagious diseases, incidents of terrorism or other events;
- our ability to continue the payment of a cash dividend on our common stock;
- our ability to access the credit markets for sufficient amounts of capital and on terms that are favorable or consistent with our needs;
- the decline in the securities market and the economic slowdown that affect the value of assets and the economic strength of our industry;
- the other factors described herein and under the caption “Risk Factors” in the joint Annual Report on Form 10-K for the year ended December 31, 2008, and the “Forward-Looking Statements” beginning on page 4 of this prospectus.

In addition, in the past, the U.S., European and other stock markets experienced extreme price and volume fluctuations. This volatility in the price of securities issued by many companies, including companies in our industry. The changes sometimes occurred without regard to the operating performance of the companies. The price of our common stock could fluctuate based upon factors that have little or nothing to do with Carnival Corporation, and such fluctuations could reduce our stock price.

### *Future sales of shares could depress our stock price.*

Sales of a substantial number of shares of our common stock, or the perception that a large number of shares will be sold, could depress the price of our common stock.

As of the date of this prospectus, approximately 215,301,370 outstanding shares of our common stock are restricted pursuant to Rule 144 (including options and restricted stock units), and holders of approximately 36% of the outstanding shares of our common stock (excluding options and restricted stock units) are, subject to some conditions, to require us to file registration statements covering their shares or to include such shares in registration statements covering the shares of other stockholders. By exercising their registration rights and selling a large number of shares, these stockholders could cause the price of our common stock to decline.

## **Redemption or Assumption of Debt Securities under Certain Circumstances**

Unless otherwise specified in the prospectus supplement with respect to any series of Debt Securities, if as the result of any change in law, including any regulations and any applicable double taxation treaty or convention, of the Republic of Panama (or the jurisdiction of incorporation of a successor corporation to us), or of any of its political subdivisions or taxing authorities affecting taxation, or any change in an application of law, or any change, amendment, application or interpretation becomes effective on or after the original issuance date of the series (or, in certain circumstances, if a successor corporation becomes a successor corporation to us), we determine based upon an opinion of independent counsel of recognized standing that

- we would be required to pay Additional Amounts on the next succeeding date for the payment thereof, or
- any taxes would be imposed (whether by way of deduction, withholding or otherwise) by the Republic of Panama (or the jurisdiction of incorporation of a successor corporation to us) or by any of its political subdivisions or taxing authorities, upon or with respect to any interest, if any, or sinking fund or analogous payments, if any,

then we may, at our option, on giving not less than 30 nor more than 60 days' irrevocable notice, redeem the series of Debt Securities in whole or in part (including Securities of a series having a variable rate of interest, which may be redeemed only on an interest payment date) at a redemption price equal to the principal amount plus accrued interest to the date fixed for redemption (other than outstanding original issue discount Debt Securities, which may be redeemed at the principal amount plus accrued interest to the date of each series of such Debt Securities). No notice of redemption may be given more than 90 days prior to the earliest date on which we would be required to pay Additional Amounts or the tax would be imposed, as the case may be. Also, at the time that the notice of redemption is given, the obligation to pay such Additional Amounts or the tax, if any, in the case may be, must be in effect.

### **Merger and Consolidation**

Neither we nor Carnival plc, as guarantor of Debt Securities, can consolidate with or merge into any other person or transfer or lease substantially as an entirety to any person unless:

- after giving effect to the transaction, no Event of Default (as defined below under “—Events of Default and Notice”), and no event or both would become an Event of Default, shall have occurred and be continuing;
- (i) in the case of our company, the successor or transferee entity, if other than us, expressly assumes by a supplemental indenture the Trustee, in form reasonably satisfactory to the Trustee, the due and punctual payment of the principal of, any premium on and interest on the Debt Securities and the performance of every covenant in the Indenture to be performed or observed by us and provides for conversion of the Debt Securities in accordance with the applicable provisions of the Indenture and (ii) in the case of Carnival plc, the successor or transferee entity, if other than Carnival plc, expressly assumes by a supplemental indenture executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, the performance of every covenant to be performed or observed by Carnival plc; and
- we have delivered to the Trustee an officers’ certificate and an opinion of counsel, each in the form required by the Indenture and such supplemental indenture comply with the foregoing provisions relating to such transaction.

### **Events of Default and Notice**

Unless otherwise noted in an applicable prospectus supplement, the following are “Events of Default” in respect of a particular series of Debt Securities:

- failure to pay interest (including Additional Amounts) for 30 days after it is due;
- failure to pay the principal or premium, if any, when due;
- failure to make a sinking fund payment for five days after it becomes due;
- failure to perform any other covenant for 60 days after being given written notice of the failure in accordance with the Indenture;
- failure to pay when due the principal of, or acceleration of, any indebtedness for money borrowed by us in excess of \$100 million, if such indebtedness is not discharged, or the acceleration is not annulled, within 30 days of us receiving written notice of the failure in accordance with the Indenture;
- certain events of bankruptcy, insolvency or reorganization;
- any Guarantee of such series ceasing to be in full force and effect as an enforceable instrument; and
- any other Event of Default, as indicated in the applicable prospectus supplement.

If an Event of Default in respect of a particular series of Debt Securities outstanding occurs and is continuing, either the Trustee or the issuer may declare the principal amount of the Debt Securities outstanding of the series may declare the principal amount (or, if the Debt Securities of the series are convertible Debt Securities, the portion of the principal amount as may be specified in the terms of the series) of all of the Debt Securities of the series to be due and payable immediately after such a declaration of acceleration has been made, but before a judgment or decree for the payment of money due upon acceleration is entered. The holders of a majority in aggregate principal amount outstanding of the Debt Securities of the affected series may, under certain circumstances, waive or annul the consequences if all Events of Default relating to the Debt Securities of the series, other than the non-payment of principal due solely by the issuer, have been cured or waived as provided in the Indenture.

The Trustee will, within 90 days after a default in respect of a series of Debt Securities, give the holders of the series notice of all un- “default” includes the events specified above without grace periods). However, except in the case of default in the payment of the principal of any of the Debt Securities of the series, or in the payment of any sinking fund installment with respect to the Debt Securities of the series, the Trustee will not be liable to holders for doing so, if the Trustee in good faith determines that the withholding of such notice is in the interests of the holders.

Pursuant to the terms of the Indenture, we are required to furnish to the Trustee within 120 days of the end of our fiscal year a statement as to whether or not to the best of their knowledge we are in default, in respect of any series of Debt Securities or in the performance and observance of the Indenture, we are in default, specifying the default and the nature of it.

The Indenture provides that the holders of a majority in aggregate principal amount of all Debt Securities then outstanding of a particular series may, in the event of certain defaults in respect of the series and, subject to certain limitations, to direct the time, method and place of conducting any proceedings under the Indenture, or exercising any trust or power conferred on the Trustee. The Indenture provides that, in case an Event of Default in respect of a particular series occurs (which is not cured or waived), the Trustee will be required to exercise such of its rights and powers under the Indenture, and to use such of its powers as a prudent man would exercise or use in the conduct of his own affairs. Otherwise, the Trustee need only perform such duties as may be required by the Indenture. Subject to those provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the expense of the holders of any series unless they have offered to the Trustee reasonable security or indemnity.

No holder of any series of Debt Securities will have any right to institute any proceeding with respect to the Indenture or for any remedy provided previously given to the Trustee written notice of a continuing Event of Default and unless the holders of at least 25% in aggregate principal amount of the Debt Securities of the series have made written request, and offered reasonable indemnity, to the Trustee to institute such a proceeding as trustee. If the Trustee does not receive from the holders of a majority in aggregate principal amount of the outstanding Debt Securities of the series a direction inconsistent with the direction of the Trustee to institute the proceeding within 60 days. However, such limitations do not apply to a suit instituted by a holder of a Debt Security for enforcement of the principal, premium, if any, or interest on the Debt Security on or after the respective due dates expressed in the Debt Security.

The Events of Default may be modified with respect to a series of Debt Securities. Any such modification will be described in a prospectus supplement.

### **Modification of the Indenture**

With certain exceptions, we may modify the Indenture, our rights and obligations, and the rights of the holders of a particular series, without the consent of at least a majority in aggregate principal amount of the outstanding Debt Securities of that series. However, without the consent of each affected holder of a Debt Security of that series, no modification may be made which would:

- change the stated maturity of the principal or premium, if any, of a Debt Security in the series;
- change the stated maturity of the interest (including Additional Amounts) on any Debt Security in the series;
- reduce the principal amount of a Debt Security in the series;
- reduce the interest rate on any Debt Security in the series;

## Table of Contents

- reduce the amount of principal of an original issue discount Debt Security that is payable upon the acceleration of the maturity
- amend or modify the terms of any of the Guarantees in a manner adverse to the holders.

In addition, the consent of the holders of all then outstanding Debt Securities of the series is required to reduce the percentage of hold is required to modify the Indenture or adversely affect the right of holders of Debt Securities to convert any Securities as provided in a suppl our right to repurchase any Debt Securities as provided in any supplemental indenture.

## **Defeasance**

An applicable supplemental indenture may allow us (and Carnival plc) to elect either:

- (1) to defease and be discharged from any and all obligations with respect to the Debt Securities and the related Guarantees of any indenture, except for the obligation to pay Additional Amounts and certain other obligations, or
- (2) to be released from our and Carnival plc's obligations with respect to the Debt Securities and the related Guarantees under cer supplemental indenture or certain Events of Default.

In order to exercise either defeasance option, we must irrevocably deposit with the applicable Trustee, in trust, money or certain dire an agency or instrumentality of the U.S. which, in either case, are not callable at the issuer's option ("U.S. Government Obligations") or certa Government Obligations that through the payment of interest and principal on them will provide sufficient money to pay all the principal of a the Debt Securities on the dates the payments are due. Defeasance may be effected only if, among other things:

- no Event of Default or event which with the giving of notice or lapse of time, or both, would become an Event of Default under and is continuing on the date of the deposit;
- in the event of defeasance under clause (1) above, we have delivered an opinion of counsel, stating that we have received from Internal Revenue Service a ruling, or since the date of the applicable supplemental indenture there has been a change in applic holders of the Debt Securities will not recognize gain or loss for U.S. federal income tax purposes as a result of the deposit or U.S. federal income tax in the same manner as if the defeasance had not occurred; and
- in the event of defeasance under clause (2) above, we have delivered an opinion of counsel to the effect that, among other thing will not recognize gain or loss for U.S. federal income tax purposes as a result of the deposit or defeasance and will be subject same manner as if the defeasance had not occurred.

If we fail to comply with our remaining obligations under the applicable Indenture or supplemental indenture after a defeasance of the with respect to Debt Securities as described under clause (2) above, and the Debt Securities are declared due and payable because of the oc Default, the amount of money and U.S. Government Obligations on deposit with the Trustee might be insufficient to pay amounts due on the D of the acceleration resulting from the Event of Default. However, we will remain liable in respect of the payments.

### **Subordination**

If our assets are distributed upon our dissolution, winding up, liquidation or reorganization, the payment of the principal of (and premium, if any) on the Subordinated Debt Securities will be paid after, to the extent provided in the Subordinated Indenture and the applicable supplemental indentures, the payment of principal (and premium, if any) on Senior Debt Securities in full, including Senior Debt Securities. Nevertheless, our obligation to pay principal (and premium, if any) or interest on the Subordinated Debt Securities will not be affected. We may not pay any principal (or premium, if any), sinking fund or interest on the Subordinated Debt Securities when we are in default on our obligation to pay principal (or premium, if any), sinking fund or interest on senior indebtedness. If, while we are in default on senior indebtedness, any payment is received by us, we will pay such payment to the holders of the Subordinated Debt Securities before we have paid all senior indebtedness in full, the payment will be paid over to the holders of the unpaid senior indebtedness or applied to the repayment of the unpaid senior indebtedness. Until we have paid all senior indebtedness in full, the holders of the Subordinated Debt Securities will be subrogated to the rights of the holders of our senior indebtedness to the extent that payment is made on the senior indebtedness out of the distributive share of the Subordinated Debt Securities.

Because of the way in which the subordination provisions operate, if our assets are distributed upon insolvency, certain of our and our subsidiaries may recover more, ratably, than holders of Subordinated Debt Securities. The Subordinated Indenture or applicable supplemental indenture may so provide. However, such provisions will not apply to money and securities held in trust under the satisfaction and discharge, and the legal defeasance, provisions of the Subordinated Indenture.

The subordination provisions also apply in the same way to the Guarantor with respect to the senior indebtedness of the Guarantor.

If this prospectus is being delivered in connection with the offering of a series of Subordinated Debt Securities, the accompanying prospectus supplement incorporated by reference in it will describe the approximate amount of senior indebtedness outstanding as of a recent date.

### **Conversion Rights**

The terms and conditions, if any, on which Debt Securities being offered are convertible into our common stock or other of our securities are described in the prospectus supplement. The terms to be described will include the conversion price, the conversion period, provisions as to whether conversion is optional or mandatory, or us, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event that the Debt Securities are convertible.

### **Trustee**

The Trustee may resign or be removed with respect to one or more series of Debt Securities, and a successor Trustee may be appointed for one or more series. In the event that there are two or more persons acting as Trustee with respect to different series of Debt Securities, each Trustee will act as Trustee under separate Indentures that are separate and apart from the trust or trusts administered by any other Trustee, and any action permitted or required to be taken by the Trustee with respect to each successor Trustee with respect to, and only with respect to, the one or more series of Debt Securities for which that successor is acting as Trustee.

## DESCRIPTION OF CAPITAL STOCK

### General

The following is a description of the material terms of our capital stock. Because it is a summary, the following description is not complete in its entirety by reference to our third amended and restated articles of incorporation, or articles, our second amended and restated by-laws, or specifically referenced in this section.

Our authorized capital stock consists of 2,000,000,000 shares, of which 1,959,999,998 are shares of common stock, 40,000,000 are shares of special voting stock and one share is a special stock. As of February 29, 2012, there were 596,260,064 shares of common stock, no shares of special voting stock and one share of special stock outstanding. The one share of special voting stock, which we refer to in this prospectus as the special voting stock, which we refer to in this prospectus as the equalization share, were issued in connection with the DLC transaction, which was referred to as “—Special Voting Share” and “—Equalization Share.”

Our common stock and the trust shares of beneficial interest in the P&O Princess Special Voting Trust, including the beneficial interest in the trust share, are listed and trade together on the NYSE under the ticker symbol “CCL.”

### Common Stock

#### *Voting Rights*

At any meeting of shareholders, all matters, except as otherwise expressly provided by Panamanian law and our articles or our by-laws, shall be decided by the votes cast by all shareholders entitled to vote, including, where applicable, the Carnival Corporation Special Voting Entity, as described below, acting in proxy at such meeting. In connection with the DLC transaction, special voting arrangements were implemented so that our shareholders and Carnival plc shall act together as a single decision-making body on all actions submitted to a shareholder vote other than matters designated as “class rights actions” or “technical matters.”

These are called JOINT ELECTORATE ACTIONS and include:

- the appointment, removal or re-election of any director of us, Carnival plc or both;
- if required by law, the receipt or adoption of the financial statements of us or Carnival plc or the annual accounts of both companies;
- the appointment or removal of the auditors of either company;
- a change of name by Carnival plc or us, or both; or
- the implementation of a mandatory exchange based on a change in tax laws, rules or regulations.

The relative voting rights of the Carnival plc shares and our shares are determined by the equalization ratio. Based on the current equalization ratio, one of our shares has the same voting rights as one Carnival plc share on joint electorate actions.

A change in the equalization ratio resulting from a share reorganization or otherwise would only affect voting rights on a per share basis. Such a change would not affect the relative weighting between our shareholders and the shareholders of Carnival plc.

In the case of class rights actions, the company wishing to carry out the class rights action would require the prior approval of shareholders of each company separately as a class. If shareholders of either company do not approve the action, it generally will fail.

- anything which the boards of both companies agree should be approved as a class rights action.

No resolution to approve a class rights action or joint electorate action will be approved unless a parallel Carnival plc shareholders' meeting also approves an equivalent resolution.

Our board and the Carnival plc board may:

- decide to seek approval from shareholders for any matter that would not otherwise require such approval;
- require any joint electorate action to instead be approved as a class rights action; or
- specify a higher majority vote than the majority that would otherwise be required by applicable laws and regulations.

### *Equalization Ratio*

The Equalization and Governance Agreement, which was executed on April 17, 2003 by us and Carnival plc in connection with the DLC transaction, provides for an equalization ratio, which reflects the relative economic and voting interests represented by an individual share of common equity in each company. The "equalization ratio" between shares of our common stock and Carnival plc ordinary shares was 1:1, so one share of our common stock is equivalent to one share of Carnival plc ordinary shares.

In order to effect the relative rights of Carnival Corporation shares and Carnival plc shares under the DLC transaction, we and Carnival plc entered into the Equalization and Governance Agreement that Carnival Corporation & plc would be operated under the following DLC equalization principles:

- the equalization ratio will effectively govern the proportion in which distributions of income and capital are made to the holders of our shares and the holders of Carnival plc shares, and vice versa, and the relative voting rights of the holders of our shares and the holders of Carnival plc shares.

- an offer of any securities, or a grant of any options, warrants or other rights to subscribe for, purchase or sell any securities, to any of our shareholders or to any of the holders of Carnival plc shares;
- non-cash distributions to shareholders and share repurchases involving an offer made to all or substantially all of the shareholders or to all or substantially all of the holders of Carnival plc shares at a premium to market value;
- a consolidation or subdivision of shares; or
- an issue of shares to shareholders for no consideration or solely by way of capitalization of profits or reserves,

- an alternative to such automatic adjustment that has been approved as such by a class rights action.

Any adjustments to the equalization ratio will be communicated to shareholders through a press release.

Our board and the Carnival plc board will be under no obligation to undertake any such matching action or to seek approval of an alternative issue or transaction referred to above is not covered by an automatic adjustment to the equalization ratio, and no automatic adjustment to the equalization ratio. Our board and the Carnival plc board will have the right (in their sole discretion), but not the obligation, to undertake a matching action, or to adjust the equalization ratio as a class rights action.

No adjustment to the equalization ratio will be required in respect of:

- scrip dividends or dividend reinvestments at market price; issuances of Carnival plc shares or our shares or securities convertible into or exchangeable for, such shares pursuant to employee share plans;
- issuances of shares or securities convertible into, or exercisable or exchangeable for, such shares other than to all or substantially all of the shareholders of either company, including for acquisitions;
- a buy-back or repurchase of any shares:

### *Sources and Payment of Dividends*

Under Panamanian law, a corporation may pay dividends to the extent of a corporation's net earnings or capital surplus.

There has been no change in the entitlement of quarterly dividends for shareholders of us or Carnival plc following the completion of the Equalization Agreement and Carnival plc shareholders have rights to income and capital distributions from Carnival Corporation & plc based on the equalization ratio. If we pay a dividend or make a distribution, the ratio of dividends and distributions paid per share of our common stock to dividends and distributions paid per share of Carnival plc common stock must equal the equalization ratio, taking into account the applicable currency exchange rate.

Dividends are equalized according to the equalization ratio, and any balancing transactions between the companies will be determined by the board of directors, taking into account the amounts in respect of the tax required to be deducted or withheld and excluding the amounts of any tax credits or other tax benefits.

If one company has insufficient profits or is otherwise unable to pay a dividend, we and Carnival plc will, as far as practicable, enter into a balancing transaction necessary to enable both companies to pay dividends in accordance with the equalization ratio. This may take the form of a payment from one company to the other or a payment on an equalization share. Dividends received by Carnival plc shareholders are consistent with our regular quarterly dividend.

Our articles provide that the holders of shares of our common stock be entitled, in accordance with the Equalization and Governance Agreement, to receive such dividends as from time to time may be declared by the board of directors, except as otherwise provided by a resolution or resolutions providing for the issue of any series of shares of preferred stock.

### *Liquidation*

Under Panamanian law, if the board of directors deems it advisable that the corporation be dissolved, it is to propose by a majority of the board of directors an Agreement of Dissolution and within 10 days shall call or cause to be called, in accordance with law, a meeting of stockholders, to vote on the dissolution. At the stockholders' meeting, the holders of a majority of shares with voting rights on the matter can adopt the dissolution of the company. The dissolution of the company may also be adopted by written consent in lieu of meeting of the holders of all shares having voting rights.

Pursuant to the Equalization and Governance Agreement, in the event of a voluntary or involuntary liquidation of either us or Carnival plc, the hypothetical potential per share liquidation distributions to each company's shareholders are not equivalent, taking into account the relative value of the indebtedness of each company, to the extent that one company has greater net assets so that any liquidation distribution to its shareholders on a per share basis, the company with the ability to make a higher net distribution is required to make a payment to the other company to equalize the distributions to the shareholders. The requirement to make an equalizing payment is subject to some limitations. First, a reorganization under Chapter 11 of the U.S. Bankruptcy Code would not be considered a "liquidation," so such a reorganization would not result in equalizing payments. Second, neither

company will be required to make the equalizing payment if the payment would result in neither group of shareholders being entitled to any li assets of Carnival Corporation & plc are not sufficient to satisfy all of the creditors of Carnival Corporation & plc, no equalization payment

In giving effect to the principles regarding a liquidation of us, we may:

- make a payment to Carnival plc in accordance with the provisions of the Equalization and Governance Agreement;
- issue shares to Carnival plc or to holders of Carnival plc ordinary shares and make a distribution or return on such shares; or
- take any other action that the boards of directors of each of us and Carnival plc consider appropriate to give effect to such prin

Any action other than a payment of cash by one company to the other company will require the prior approval of the board of directors of each

### *Appraisal Rights*

Under Panamanian law, shareholders of a corporation do not have appraisal rights.

### *Pre-Emptive Rights*

Under Panamanian law, a shareholder is entitled to pre-emptive rights to subscribe for additional issuances of common stock or any s proportion to the shares that are owned unless there is a provision to the contrary in the articles of incorporation. Our articles of incorporation entitled to pre-emptive rights.

## **Special Voting Share**

### *Reflecting Votes of Carnival plc Shareholders at Carnival Corporation Meetings*

Our articles authorize one special voting share. The special voting share is merely a mechanism to give effect to shareholder votes at electorate actions and class rights actions as described above under “—Common Stock—Voting Rights” and quorum provisions as described of Carnival Corporation's Articles and By-Laws—Quorum Requirements.” The special voting share has no rights to income or capital and n below. Upon completion of the DLC transaction, Carnival issued the special voting share to DLC SVC Limited. DLC SVC Limited is a comp Wales whose shares are legally and beneficially owned by The Law Debenture Trust Corporation p.l.c., an independent trustee company inc meetings at which a joint electorate action or a class rights action will be considered, the holder of the Carnival Corporation special voting s

For joint electorate actions, the Carnival Corporation special voting share will represent the number of votes cast at the parallel meet adjusted by the equalization ratio and rounded up to the nearest whole number, and will represent “yes” votes, “no” votes and abstentions at cast at the Carnival plc meeting.

---

## [Table of Contents](#)

For class rights actions, DLC SVC Limited, as holder of the Carnival Corporation special voting share, will only vote if the proposed parallel Carnival plc meeting. In that event, the Carnival Corporation special voting share will represent that number of votes equal to the largest whole percentage of the number of votes necessary to defeat the resolution at our meeting if the total votes capable of being cast by all of our outstanding shares are in favor of the resolution. In most cases, this will be 49%. For a majority vote, 49% is the largest whole percentage that is less than the 50% needed to defeat the resolution. In the case of a majority vote, the Carnival Corporation special voting share will represent a number of votes equal to 98% of the votes capable of being cast by all Carnival plc shares, excluding the votes represented by the Carnival Corporation special voting share. Therefore, assuming holders of approximately 2% or more of Carnival plc shares do not cast votes on such class rights action, it will fail. If the Carnival plc shareholders approve the proposed action, the Carnival Corporation special voting share will not represent any votes.

The Carnival Corporation special voting share will not represent any votes on any resolution of a procedural or technical nature, which we refer to as “procedural resolutions.” Procedural resolutions are those that do not adversely affect the shareholders of Carnival plc in any material respect. The Chairman of our board will, in his absolute discretion, determine whether a resolution is a procedural resolution. To the extent that a resolution is a procedural resolution, any of the following will be procedural resolutions:

- that certain people be allowed to attend or be excluded from attending the meeting;
- that discussion be closed and the question put to the vote, provided no amendments have been raised;
- that the question under discussion not be put to the vote, where a shareholder feels the original motion should not be put to the vote because it was brought during the course of that meeting;
- to proceed with matters in an order other than that set out in the notice of the meeting;
- to adjourn the debate, for example, to a subsequent meeting; and
- to adjourn the meeting.

### *Reflecting Votes of Carnival Corporation Shareholders at Carnival Plc Meetings*

As part of the DLC transaction, Carnival plc issued a special voting share to us, and we transferred such share to the trustee of the P&O Princess Special Voting Trust established under the laws of the Cayman Islands for the purpose of holding the Carnival plc special voting share. For joint electorate actions, the special voting share represents the number of votes cast at the parallel meeting of our shareholders, as adjusted by the equalization ratio and rounded to the nearest whole number. For class rights actions, the special voting share represents “yes” votes, “no” votes and abstentions at the Carnival plc meeting in accordance with votes cast at our meeting.

For class rights actions, the trustee of the P&O Princess Special Voting Trust, as holder of the Carnival plc special voting share, will only vote if the proposed parallel meeting is approved at our parallel meeting. In that event, the Carnival plc special voting share will represent that number of votes equal to the largest whole percentage of the number of votes, or, in the case of a special resolution, such percentage less one vote, necessary to defeat the resolution if the total number of votes capable of being cast by all outstanding Carnival plc shares, and other Carnival plc shares able to vote, were cast in favor of the resolution. In most cases, this will be 49%. For a majority vote, 49% is the largest whole percentage that is less than the 50% needed to defeat the resolution. As a result, in the case of a majority vote, the Carnival plc special voting share will represent a number of votes equal to 98% of the votes capable of being cast by all Carnival plc shares, excluding the votes represented by the Carnival plc special voting share. Therefore, assuming holders of approximately 2% or more of Carnival plc shares do not cast votes on such class rights action, it will fail. If the Carnival plc shareholders approve the proposed action, the Carnival plc special voting share will not represent any votes.

## Table of Contents

The Carnival plc special voting share will not represent any votes on any procedural resolutions.

In connection with the DLC transaction, trust shares of beneficial interest in the P&O Princess Special Voting Trust were transferred to us. In connection with the transfer, we distributed such trust shares by way of dividend to our shareholders of record at the close of business on April 17, 2003. Under the terms of the trust, we, as trustee of the P&O Princess Special Voting Trust and Computershare Investor Services (formerly SunTrust Bank) on April 17, 2003, as trustee of the P&O Princess Special Voting Trust, as trustee of the P&O Princess Special Voting Trust are paired with, and evidenced by, certificates representing shares of our common stock.

Our shares trade in units consisting of one share of Carnival Corporation common stock and one trust share of beneficial interest in the P&O Princess Special Voting Trust. Each share of our common stock shall not and cannot be transferred without the corresponding paired trust share. The trust shares of beneficial interest in the P&O Princess Special Voting Trust entitle our shareholders to receive any distributions made by the P&O Princess Special Voting Trust. As the sole purpose of the P&O Princess Special Voting Trust relates to the holding of the Carnival plc special voting share, it is not expected to make any distributions. See "Description of Trust Shares."

### **Equalization Share**

Our articles authorize one equalization share. The equalization share:

- has rights to dividends in accordance with the Equalization and Governance Agreement as declared and paid by the board of directors;
- has no rights to receive notice of, attend or vote at any shareholder meeting; and
- in the event of our voluntary or involuntary liquidation, ranks after all other holders of shares.

### **Certain Provisions of Carnival Corporation's Articles of Incorporation and By-Laws**

#### *Quorum Requirements*

The presence in person or by proxy at any meeting of our shareholders holding at least one-third of the total votes entitled to be cast at such meeting, except as otherwise required by applicable law or regulation, the articles of incorporation or the by-laws.

For purposes of determining whether a quorum exists at any meeting of shareholders where a joint electorate action or a class rights action is being considered:

- if the meeting of our shareholders convenes before the parallel shareholder meeting of Carnival plc, the Carnival Corporation special voting share, at the commencement of the meeting, have no votes and therefore will not be counted for purposes of determining the total number of votes or whether a quorum exists at such meeting, although the Carnival Corporation special voting share itself must be present, either in person or by proxy;
- if the meeting of our shareholders convenes at substantially the same time as or after the parallel shareholder meeting of Carnival plc, for joint electorate actions, the Carnival Corporation special voting share will have the maximum number of votes attached to it as to such actions, either for, against or abstained, at the parallel shareholder meeting of Carnival plc, and such maximum number of votes shall be the number of shares entitled to vote and present for purposes of determining whether a quorum exists at such meeting; and
- if the meeting of our shareholders convenes at substantially the same time as or after the parallel shareholder meeting of Carnival plc, for class rights action, the Carnival special voting share will have the maximum number of votes attached to it as to such actions, either for, against or abstained, at the parallel shareholder meeting of Carnival plc, and such maximum number of votes shall be the number of shares entitled to vote and present for purposes of determining whether a quorum exists at such meeting.

share will, at the commencement of the meeting, have no votes and therefore will not be counted for purposes of determining the vote at such meeting or whether a quorum exists at such meeting, although the Carnival Corporation special voting share itself through a representative of DLC SVC Limited, or by proxy.

In addition, in order for a quorum to be validly constituted with respect to meetings of shareholders convened to consider a joint election, DLC SVC Limited must be present at such meeting.

### *Shareholder Action by Written Consent*

Our by-laws provide that shareholders may not act by written consent.

### *Shareholder Proposals*

Panamanian law does not specifically address the issue of shareholder proposals and our by-laws do not expressly permit shareholder proposals at an annual meeting of shareholders. Panamanian law requires that prior notice of a meeting must set out the purpose or purposes for which the matter to be discussed at a meeting should be included in the notice of the meeting, unless the notice reserves time for any other matters which the shareholder proposes.

Under the rules of the Exchange Act, shareholders may submit proposals, including director nominations, for consideration at shareholder meetings. In order to need to comply with SEC regulations regarding the inclusion of shareholder proposals in company-sponsored proxy materials. In order for shareholder proposals to be included in our proxy statement/prospectus for an annual meeting, the written proposals must be received by us not less than 120 calendar days before the date of mailing of the proxy statement from the previous year's annual meeting.

Our by-laws provide that at any special meeting of shareholders only such business may be transacted as is related to the purpose or purposes set forth in the notice of the special meeting. Our by-laws provide that special meetings of shareholders may only be called by our board or our President.

### *Standard of Conduct for Directors*

Panamanian law imposes a general fiduciary duty on directors to act prudently and in the best interests of the company. Among other things, the law requires the authenticity of the payments which appear to have been made on behalf of the company, for the validity of dividends to be paid, general bookkeeping, and the operation of the company in accordance with applicable laws, its articles of incorporation, its by-laws, and resolutions of the General Assembly.

Our articles provide that our board of directors is authorized to operate and carry into effect the Equalization and Governance Agreement, which regulates the manner in which the votes attaching to the Carnival Corporation special voting share and the P&O Princess special voting share, and the Carnival Corporation Deed of Guarantee each of which was entered into on April 17, 2003, and, subject to applicable laws and regulations, nothing done by our board pursuant to such authority and obligations constitutes a breach of the fiduciary duties of such director to us or our shareholders. In particular, our directors have a duty to us, entitled to consider the interests of our shareholders and the Carnival plc shareholders as if we and Carnival plc were a single entity. In the completion of the DLC transaction, our board of directors and that of Carnival plc are identical.

### *Meetings of Shareholders*

If we propose to undertake a joint electorate action or class rights action at a meeting of shareholders, we must immediately give notice of the joint electorate action or the class rights action it proposes to take. Unless such action is proposed to be taken at the annual meeting of shareholders, we must convene a special meeting for the purpose of considering a resolution to approve the joint electorate action or class rights action. Such meeting must be held at a time as practicable with the parallel shareholder meeting convened by Carnival plc for purposes of considering such joint electorate action or class rights action. If Carnival plc that Carnival plc proposes to undertake a joint electorate action or a class rights action, our board of directors must convene a meeting at a time as practicable to the Carnival plc meeting and must propose an equivalent resolution as that proposed at the Carnival plc meeting. We must provide, in preparing resolutions, explanatory memoranda or any other information or material required in connection with the proposed joint electorate action or class rights action.

### *Amendment of Governing Instruments*

Under Panamanian law, unless the articles of incorporation require a greater vote, an amendment to the articles of incorporation may be adopted:

- by the holders or their proxies of all the issued and outstanding stock of the corporation entitled to vote;
- by means of a resolution passed by holders or their proxies of the majority of the outstanding stock of the corporation entitled to vote;
- in case the amendment to the articles consists of any change in the preference of shares of any class, by means of a resolution passed by the majority of the outstanding stock of the corporation entitled to vote of each class.

Any amendment to the provisions of our articles which entrench the DLC arrangement requires approval as a class rights action. The following provisions include matters relating to:

- the special voting share;
- anti-takeover provisions;
- dividends and distributions;
- amendments to our articles and by-laws; and
- liquidation.

All other provisions of our articles, except as provided below, may be amended by the shareholders of Carnival Corporation and Carnival plc by a joint electorate action. Amendments to our articles require approval, whether in a class rights action or joint electorate action, of a majority of all the shares entitled thereto, including votes entitled to be cast by the Carnival Corporation special voting share, at a meeting of our shareholders.

Notwithstanding the foregoing, any amendment of the articles (1) to specify or change the location of the office or registered agent of the corporation, (2) to designate a registered agent, or to specify or change the registered agent, may be approved and effected by the board of directors without the approval of the shareholders of Carnival plc.

Under Panamanian law, the board of directors of a corporation has the power to adopt, amend or repeal the by-laws of the corporation, subject to any contrary by the articles of incorporation or in the by-laws approved by the shareholders. Our by-laws provide that the by-laws may be altered, amended or new by-laws may be adopted, by the board of directors or by vote of the holders of

the shares entitled to vote in the election of directors. Any by-laws adopted, altered or supplemented by the board of directors may be altered by the shareholders entitled to vote thereon.

Any amendment to or repeal of the provisions of our by-laws which entrench the DLC arrangement will also require approval as a class action. Any repeal of our by-laws other than any of our entrenched by-laws may be approved and effected by our board of directors without the approval of the shareholders of Carnival plc. The entrenched provisions of the by-laws include matters relating to:

- the transferability of the special voting share;
- the scope of, and voting rights and procedures in relation to, joint electorate actions, class rights actions and procedural resolutions;
- election, qualification and disqualification of directors.

In limited circumstances since the implementation of the DLC arrangement, Carnival plc shares, other than those held by us, may be subject to a mandatory exchange of shares at the then prevailing equalization ratio. A mandatory exchange can occur if there is a change in applicable tax laws, rules or regulations that Carnival plc reasonably determines is reasonably likely to have a material adverse effect on Carnival Corporation & plc and the exchange is approved by the shareholders of Carnival plc and us voting on a joint electorate action. A mandatory exchange can also be triggered if there is a change in the regulations, as a result of which the board of directors of Carnival plc reasonably determines that it is reasonably likely that all or a substantial part of the effect to the DLC arrangement are unlawful, illegal or unenforceable. Were either of these changes to occur, we would issue additional shares to our shareholders in accordance with the then prevailing equalization ratio and we would own 100% of Carnival plc. Our shares are not subject to a mandatory exchange of Carnival plc shares. If such a mandatory exchange is triggered, our articles and by-laws will be automatically amended upon completion of the mandatory exchange of shares by an action of us or our shareholders, to conform to our articles of incorporation and our by-laws prior to the implementation of the DLC arrangement.

### *Election of Directors*

Resolutions relating to the appointment, removal and re-election of directors will be considered as a joint electorate action and voted on by the company effectively voting together as a single decision-making body. Our articles provide that the number of directors will be no less than the minimum and maximum, the total number of directors may be fixed from time to time by resolution of the shareholders or by resolution of the board. The maximum number of directors will require an amendment to the articles. No person may be elected or appointed to serve on our board unless approved by a majority of the members of the Carnival plc board. Any of our directors who resign from our board must also resign from the Carnival plc board and vice versa.

### *Removal of Directors*

Panamanian law provides that a director may be removed with or without cause by the holders of a majority in voting power of the shares of the company. Our by-laws provide that, subject to the provisions of Panamanian law, directors may be removed with or without cause only by a majority of the shareholders.

### *Vacancies on the Board of Directors*

Our by-laws provide that vacancies on the board of directors will be filled by a majority of the directors then in office, even though less than a majority of the shares of the company are held by such person is appointed to both our board and the Carnival plc board.

Carnival plc board at the same time. If only one director remains in office, the director will have the power to fill all vacancies. If there are no directors, a meeting at the request of any two shareholders for the purpose of appointing one or more directors.

### *Indemnification of Directors and Officers*

Panamanian law does not specifically address the issue of indemnification of directors and officers. We may indemnify any officer or director or proceeding on account of being a director, officer or employee of the corporation against expenses, including attorneys' fees, judgments, damages or costs reasonably incurred by him/her in connection with the action, through, among other things, a majority vote of a quorum consisting of directors or officers proceeding if the officer or director acted in good faith and in a manner he/she reasonably believed to be in the best interests of the corporation. The standard is that the director or officer had no reasonable cause to believe his/her conduct was unlawful.

Our articles provide that each person, and the heirs, executors or administrators of such person, who was or is a party to or is threatened with or threatened, pending or completed action, suit or proceeding, by reason of the fact that such person is or was a director or an officer of us or Carnival plc as a director or officer of another corporation, partnership, joint venture, trust or other enterprise, shall be indemnified against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with the proceeding to the fullest extent and in the manner set forth in and permitted by Panamanian law, and any other applicable law, as from time to time. This indemnification is not exclusive of any other rights to which a director or officer may be entitled. Any repeal or modification of the applicable Corporation Law of Panama will not affect any rights or obligations then existing with respect to any state of facts then or theretofore existing. This indemnification theretofore or thereafter brought or threatened based in whole or in part on any such state of facts. We have the power to purchase and maintain Carnival plc's indemnification obligations.

A member of the board of directors, or a member of any committee designated by the board of directors, will, in the performance of his or her duties, in good faith upon the records of us or Carnival plc and upon such information, opinions, reports or statements presented to us by any of our officers, employees, or committees of the board of directors, or by any other person as to matters the member reasonably believes are within such other person's competence and who has been selected with reasonable care by or on behalf of us. In discharging their duties, directors and officers, when acting in good faith, shall not be liable for damages for any financial statements of us or Carnival plc represented to them to be correct by the chief financial officer or the controller or other officer of us or Carnival plc, or books or accounts, or stated in a written report by an independent public or certified public accountant or firm of such accountants fairly to represent Carnival plc.

### *Takeover Restrictions*

Under Panamanian law, directors are responsible for the good management and in general for the execution or faulty fulfillment of the corporation's affairs. There is limited legislative or judicial guidance on takeover issues in Panama and it is difficult to anticipate how a Panamanian court might apply a matter concerning application of a policy of judicial deference to board of directors' decisions to adopt anti-takeover measures in the face of a takeover. Directors are able to show that (1) they had reasonable grounds for believing that there was a danger to corporate policy and effectiveness from the board action taken was reasonable in relation to the threat posed.

## Table of Contents

Our articles contain provisions which would apply to any person, or group of persons acting in concert, that acquires shares in Carnival Corporation & plc that would trigger a mandatory offer obligation as if the UK Takeover Code applied to Carnival Corporation & plc on a combined basis. Where:

- a person or group of persons acquired, or acquires voting rights over 30% or more of the combined votes which would be cast if such shares were to be voted;
- any person or group of persons that already holds not less than 30% but not more than 50% of the combined votes which would be cast if such shares were to be voted, or acquires voting rights over, any shares which increase the percentage of votes which such person(s) could cast on such shares.

such shares acquired would be disenfranchised, that is, the owner of those shares could cease to have any economic or voting rights on those shares in Carnival Corporation & plc at a price equivalent to that applicable to the acquisition has been made by the person or group. These provisions apply to:

- acquisitions of shares of the other company by either Carnival plc or us;
- if the restrictions are prohibited by applicable law and regulations;
- any acquisition by the Arison family and various trusts for their benefit within the thresholds described below; and
- any acquisition pursuant to a mandatory exchange.

There are some exceptions to these provisions in the case of the Arison family and trusts for their benefit, which as of January 13, 2011, held approximately 36% of the total voting power of Carnival Corporation & plc. The Arison family and various trusts for their benefit can acquire shares in Carnival Corporation & plc in excess of these provisions provided that, as a result, their aggregate holdings do not increase by more than 1% of the voting power of Carnival Corporation & plc in any consecutive months, subject to their combined holdings not exceeding 40% of the voting power of Carnival Corporation & plc. However, the Arison family and various trusts for their benefit can acquire shares or voting power without being subject to these restrictions if they comply with the offer requirement described above subject always to the requirements of the UK Takeovers and Mergers. These restrictions do not apply to acquisitions of shares by either Carnival plc or us.

### *Ownership Limitations and Transfer Restrictions*

In general, under Section 883 of the Internal Revenue Code, certain non-U.S. corporations are not subject to U.S. federal income tax on income derived from, or incidental to, the international operations of a ship or ships. The regulations provide, in general, that a foreign corporation organized in a foreign country and engaged in the international operation of ships and aircraft shall exclude such income from gross income for purposes of federal income tax if the corporation can satisfy certain ownership requirements, including, among other things, that its stock be publicly traded. A corporation's stock will fail to satisfy this requirement if it is closely held, i.e., that 50% or more of its stock is owned by persons who each own 5% or more of the value of the corporation's stock.

To the best of our knowledge, after due investigation, we currently qualify as a publicly traded corporation under the regulations. However, the Arison family and various trusts established for their benefit beneficially own approximately 36% of our common stock, or approximately 27% of the total voting power of Carnival Corporation & plc, there is the potential that another shareholder could acquire 5% or more of our common stock which could jeopardize our status as a publicly traded corporation. If we in the future were to fail to qualify as a publicly traded corporation, we would be subject to U.S. income tax on income derived from, or incidental to, the international operations of a ship or ships.

associated with our cruise operations in the U.S. As a precautionary matter, in 2000, we amended our articles of incorporation to ensure that we remained a U.S. traded corporation under the regulations.

Our articles provide that no one person or group of related persons, other than some members of the Arison family and various trusts or entities, shall own or be deemed to own by virtue of the attribution provisions of the Internal Revenue Code, more than 4.9% of our common stock, whether measured directly or indirectly. In addition, the articles generally restrict the transfer of any shares of our common stock if such transfer would cause us to be subject to U.S. shipping income tax on shipping operations under the attribution rules under the Internal Revenue Code applicable in determining whether a person is a 5% shareholder under the regulations attributed to us.

- among specified members of the same family,
- to shareholders owning 50% or more of a corporation from that corporation,
- among corporations that are members of the same controlled group,
- among grantors, beneficiaries and fiduciaries of trusts, and
- to partners of a partnership from that partnership.

For purposes of this 4.9% limit, a “transfer” will include any sale, transfer, gift, assignment, devise or other disposition, whether voluntary or involuntary, of record, constructively or beneficially, and whether by operation of law or otherwise. The 4.9% limit does not apply to some members of the Arison family who are established for their benefit. These shareholders will be permitted to transfer their shares of our common stock without complying with the limit and will not cause us to be subject to U.S. income tax on shipping operations.

The articles provide that the board of directors may waive the 4.9% limit or transfer restrictions, in any specific instance, if evidence is presented and our tax counsel is presented that such ownership will not jeopardize our status as exempt from U.S. income taxation on gross income from shipping operations on ships, within the meaning of Section 883 of the Internal Revenue Code. The board of directors may also terminate the limit and transfer restrictions for any reason.

If a purported transfer or other event, including owning shares of common stock in excess of the 4.9% limit on the effective date of the transfer, results in ownership of common stock by any shareholder in violation of the 4.9% limit, or causes us to be subject to U.S. income tax on shipping operations in excess of the 4.9% limit, or which would cause us to be subject to U.S. shipping income tax will automatically be designated as “excess shares.” If it is determined that the purported transfer or other event does not result in ownership of common stock in violation of the 4.9% limit or cause us to become subject to U.S. shipping income tax on shipping operations, and any proposed transfer that would result in such an event would be void. Any purported transferee or other purported holder of such excess shares must give us written notice of a purported transfer or other event that would result in excess shares. The purported transferee or holders of such excess shares must give us such excess shares, other than a right to the payments described below.

Excess shares will not be treasury stock but rather will continue to be issued and outstanding shares of our common stock. While outstanding, such shares may be transferred to a trust. The trustee of such trust will be appointed by us and will be independent of us and the purported holder of the excess shares. The trustee will be one or more charitable organizations selected by the trustee. The trustee will be entitled to vote the excess shares on behalf of the beneficiary. In the event of any other event resulting in excess shares and prior to the discovery by us of such transfer or other event, dividends or distributions are paid with respect to such excess shares, dividends or distributions will be repaid to the trustee upon demand for payment to the charitable beneficiary. All dividends received or other payments made with respect to such excess shares will be repaid to the trustee upon demand for payment to the charitable beneficiary.

[Table of Contents](#)**DESCRIPTION OF TRUST SHARES****Generally**

On April 17, 2003, we completed the DLC transaction with Carnival plc. As part of the DLC transaction, Carnival plc issued a special voting share and transferred such share to the trustee of the P&O Princess Special Voting Trust, a trust established under the laws of the Cayman Islands. Trust shares representing the property subject to the P&O Princess Special Voting Trust were issued to us. The trust shares represent a beneficial interest in the Carnival plc special voting share. Following such issue, we distributed such trust shares by way of a dividend to our common stockholders. Under the Pairing Agreement, dated April 17, 2003, with Law Debenture Trust Corporation (Cayman) Limited, as trustee of the P&O Princess Special Voting Trust, and Computershare Investor Services (Cayman) Limited, as transfer agent, the trust shares of beneficial interest in the P&O Princess Special Voting Trust are paired with, and evidenced by, certificates of our common stock on a one-for-one basis. In addition, under the Pairing Agreement, when a share of our common stock is issued to a recipient after the closing of the DLC transaction, a trust share will be issued at the same time initially to us, which will immediately transfer such trust share to the same recipient, whereupon such trust share will be paired with a share of our common stock.

Since completion of the DLC transaction, shares of our common stock have traded together with the paired trust shares on the NYSE. The paired trust shares entitle our shareholders to receive any distributions made by the P&O Princess Special Voting Trust. As the sole purpose of the P&O Princess Special Voting Trust relates to the holding of the Carnival plc special voting share, it is not expected to make any distributions.

The Carnival plc special voting share will be voted based upon the outcome of voting at the relevant parallel meeting of our shareholders. The special voting share will be voted by our shareholders voting their shares of our common stock. See “Description of Capital Stock—Special Voting Share.”

**Pairing Agreement**

Under the Pairing Agreement, which was entered into by us, the trustee of the P&O Princess Special Voting Trust and a transfer agent

- trust shares and shares of our common stock are not transferable unless the transferee acquires the same number of trust shares and shares of our common stock;
- we and the transfer agent will not agree to any transfer of shares of our common stock unless the transferee agrees to acquire the same number of trust shares and shares of our common stock;
- trust shares and shares of our common stock are not represented by separate certificates, but by one certificate of our common stock representing the same number of shares of our common stock and trust shares;
- upon each issuance of additional shares of our common stock, including pursuant to the exercise of any existing option or conversion right, the P&O Princess Special Voting Trust will issue an equal number of additional trust shares;
- if we declare or pay any distribution consisting in whole or in part of shares of our common stock, or subdivide or combine shares of our common stock, the trustee of the P&O Princess Special Voting Trust will effect corresponding adjustments to maintain the pairing relationship of the trust shares and shares of our common stock;
- if we otherwise reclassify the shares of our common stock, then the trustee of the P&O Princess Special Voting Trust will effect corresponding adjustments to maintain the pairing relationship of the securities into which one share of our common stock was so reclassified to each trust share.
