***Survivor’s Option to Request Repayment***

Following the death of the beneficial owner of a note, so long as that note was owned by that beneficial owner or the estate of that beneficial owner at least six months prior to the request, if requested by the authorized representative of the beneficial owner of that note (subject to the limitations described below), we agree to redeem any notes prior to the stated maturity unless the notes:

- have been previously redeemed or otherwise repaid, or
- have been declared due and payable before their stated maturity by reason of an event of default under the 2008 Supplemental Indenture in the accompanying prospectus under “Description of Debt Securities We May Offer — Default, Remedies and Waivers”.

Upon the valid exercise of the option to request repayment described in the preceding paragraph (Survivor’s Option) and subject to the limitations described below, we will redeem that note, in whole or in part (but in amounts of not less than 100% of the principal amount of the note plus any unpaid interest accrued to (but excluding) the date of repayment).

Incapital LLC has advised that it intends to make a market in the notes. Depending on market conditions, including changes in the creditworthiness, the value of the notes may be greater than their principal amount plus any unpaid interest accrued. **Accordingly, the authorized representative should contact Incapital LLC to determine the market price of the notes and should otherwise carefully review the market price of the notes to Incapital LLC or another market participant rather than redeeming the notes at the principal amount plus accrued interest.**

To be valid, the Survivor’s Option must be exercised by or on behalf of the person who has:

- authority to act on behalf of the deceased beneficial owner of the note, including, without limitation, the personal representative of the deceased beneficial owner or the surviving joint owner with the deceased beneficial owner, under the laws of the applicable jurisdiction;
- the right to sell, transfer or otherwise dispose of an interest in a note and the right to receive the proceeds from the sale, transfer or disposition.

interest payable to the holder of the note.

The following will be deemed the death of a beneficial owner of a note, and the entire principal amount of the note so held by us upon request (with the limitations described below):

PS-4

---

[Table of Contents](#)

- death of a person holding a beneficial ownership interest in a note as a joint tenant or tenant by the entirety with a person other than the deceased holder's spouse or a tenant in common with a person other than such deceased person's spouse; and
- death of a person who at the time of his or her death was a beneficiary of a revocable or irrevocable trust that holds an interest in a note may, in the discretion of the Trustee, be deemed the death of a beneficial owner of that note, if such beneficiary was established to the satisfaction of us and the Trustee; and
- death of a person who, at the time of his or her death, was entitled to substantially all of the beneficial ownership interest in a note, whether that beneficial owner was the registered holder of that note, if entitlement to those interests can be established to the satisfaction of the Trustee.

In addition, a beneficial ownership interest will be deemed to exist:

- in typical cases of nominee ownership, ownership under the Uniform Transfers to Minors Act or Uniform Gifts to Minors Act, or other joint ownership arrangements between a husband and wife; and
- in custodial and trust arrangements where one person has all of the beneficial ownership interests in the applicable notes at the time of death.

We have the discretionary right to limit the aggregate principal amount of notes as to which exercises of the Survivor's Option may be exercised by our authorized representatives:

- of *all* deceased beneficial owners in any calendar year to an amount equal to 2% of the principal amount of all outstanding notes as of the end of the most recent calendar year (two percent aggregate limitation); and
- of *any* individual deceased beneficial owner of notes to \$250,000 in any calendar year (\$250,000 limitation).

In addition, we will not permit the exercise of the Survivor's Option except in principal amounts of \$1,000 and integral multiples thereof.

We may, at our option and pursuant to the exercise of the Survivor's Option, redeem interests of any deceased beneficial owner in any calendar year in excess of the \$250,000 limitation. Any optional redemption by us of this kind, to the extent it exceeds the \$250,000 limitation of a deceased beneficial owner, will not be included in the computation of the two percent aggregate limitation for redemption of notes in any other calendar year.

We may also, at our option and pursuant to the exercise of the Survivor's Option, redeem interests of deceased beneficial owners in any calendar year in an aggregate principal amount exceeding the two percent aggregate limitation. Any optional redemption by us that exceeds the two percent aggregate limitation, will not be considered in calculating the two percent aggregate limitation for any other calendar year.

Furthermore, any optional redemption with respect to a deceased beneficial owner's interest in the notes is inapplicable to any other beneficial owner's interest in the notes. In other words, we may waive any applicable limitations with respect to a deceased beneficial owner's interest in the notes, but we will not make the same or similar waivers with respect to other deceased beneficial owners.

Each election to exercise the Survivor's Option will be accepted in the order that elections are received by the Trustee, except to the extent that such order would contravene either the two percent aggregate limitation or the \$250,000 limitation. Upon any determination by us that an election to exercise the Survivor's Option would contravene either the \$250,000 limitation or the two percent aggregate limitation, notes will be redeemed in the order of receipt of redemption requests.

## Table of Contents

Notes accepted for repayment through the exercise of the Survivor's Option will be redeemed on the earlier of the June 15<sup>th</sup> payment date that occurs 60 or more calendar days after the date of the acceptance. For example, if the acceptance date of a note and the exercise of the Survivor's Option is December 1, 2014, and interest on that note is paid monthly on the 15<sup>th</sup> of every month, we will repay that note on the interest payment date occurring on June 15, 2015, because the December 15, 2014 interest payment date occurs from the date of acceptance. Any redemption request may be withdrawn by the person(s) presenting the request upon delivery of a written request given by the participant on behalf of the person(s) to the Trustee not less than 30 days before the redemption date. If a note tendered under the Survivor's Option is not accepted, the Trustee will deliver a notice by first-class mail to the participant through whom the note was tendered for the reason that note has not been accepted for redemption.

With respect to notes represented by a master global note (such as these notes), DTC or its nominee is the depository of the notes and the institution that has an account with the depository of the notes is referred to as the "participant".

To obtain redemption pursuant to exercise of the Survivor's Option for a note, the deceased beneficial owner's authorized representative must deliver the following items to the participant in DTC through which the beneficial interest in the note is held by the deceased beneficial owner:

- a written request for redemption signed by the authorized representative of the deceased beneficial owner with the participant, a member firm of a registered national securities exchange or of the Financial Institution Regulatory Authority, Inc. (FIRIA), a trust company having an office or correspondent in the United States and a written instruction to notify the Trustee of the deceased beneficial owner's desire to obtain redemption pursuant to exercise of the Survivor's Option;
- appropriate evidence satisfactory to us and the Trustee:
  - (a) that the deceased was the beneficial owner of the note at the time of death and his or her interest in the note was held by the beneficial owner or his or her estate for at least six months prior to the request for redemption,
  - (b) that the death of the beneficial owner has occurred,
  - (c) of the date of death of the beneficial owner, and
  - (d) that the representative has authority to act on behalf of the beneficial owner;
- if applicable, a properly executed assignment or endorsement;
- tax waivers and any other instruments or documents that we or the Trustee reasonably require in order to establish the ownership of the note and the claimant's entitlement to payment;
- any additional information we or the Trustee reasonably require to evidence satisfaction of any conditions to the exercise of the Survivor's Option to document beneficial ownership or authority to make the election and to cause the redemption of the note; and
- if the interest in the note is held by a nominee of the deceased beneficial owner, a certificate satisfactory to us and the Trustee attesting to the deceased's beneficial ownership of such note.

After the representative provides the information to the participant, the participant will then deliver each of these items to the Trustee, J.P. Morgan & Co. in its capacity as administrator of the Survivor's Option on our behalf, together with evidence satisfactory to us and the Trustee stating that it represents the deceased beneficial owner. The participant will then need to deliver to the Trustee a request for redemption attached as Appendix A to this pricing supplement.

Subject to arrangements with the depository, payment for interests in the notes to be redeemed will be made to the depository specified in the redemption requests submitted to the Trustee by the depository that are to be fulfilled in connection with the payment of the notes to the Trustee for redemption.

Additional redemption request forms for the exercise of the Survivor's Option may be obtained from the Trustee at The Bank of New York Mellon, 100 Broadway, 9th Floor, New York, NY 10038, Attention: Survivor Options Processing, telephone: (800) 254-2826, fax: (212) 468-6000.

During any time in which the notes are not represented by a master global note and are issued in definitive form:

- all references in this section of the pricing supplement to participants and the depository, including the depository's procedures, will be deemed inapplicable;
- all determinations that the participants are required to make as described in this section will be made by us, including whether the applicable decedent is in fact the beneficial owner of the interest in the notes to be redeemed or is in fact a representative is duly authorized to request redemption on behalf of the applicable beneficial owner; and
- all redemption requests, to be effective, must:
  - be delivered by the representative to the Trustee, with a copy to us;
  - if required by the Trustee and us, be in the form of the attached redemption request with appropriate changes to the Trustee and us to reflect the fact that the redemption request is being executed by a representative, including appropriate guarantees; and
  - be accompanied by the note that is the subject of the redemption request or, if applicable, a properly executed copy of the note in addition to all documents that are otherwise required to accompany a redemption request. If the record owner of the note is the deceased beneficial owner, a certificate or letter from the nominee attesting to the deceased's ownership of the note must also be delivered.

### ***Additional Disclosure About Our Relationship with the Trustee***

The Bank of New York Mellon is initially serving as trustee for the indenture under which the notes are being issued. Affiliates of the Bank of New York Mellon have underwritten our securities from time to time in the past and may underwrite our securities from time to time in the future. The trust indenture provides that a default occurs with respect to the notes within one year after any offering of our securities underwritten by an affiliate of the Bank of New York Mellon, since the trustee would likely be considered to have a conflicting interest for purposes of the Trust Indenture Act. In very limited circumstances, the trustee would be required to resign as trustee under the indenture under which the notes are being issued and we would be required to appoint a successor trustee, unless the default is cured or waived within 90 days. In addition, the trustee can resign as trustee following a default or for any other reason and we would be required to appoint a successor trustee. If the trustee resigns following a default or for any other reason, the trustee will remain the trustee under the indenture until a successor is appointed. If a successor trustee is appointed, the trustee will have both (a) duties to noteholders under the indenture and (b) a conflicting interest under the Trust Indenture Act. In the accompanying prospectus dated September 19, 2011 under "Our Relationship with the Trustee," we describe the circumstances in which the trustee may have to resign due to a conflict of interest.
