BRL12 will be deemed to be unavailable on the Rate Fixing Date if (a) it is not published on Reuters Page EMTA at around 12:30 p.m. São Paulo time, or as soon thereafter as practicable or (b) fewer than five (5) financial institutions participated in the survey;

6. CONFLICTS OF INTEREST

The Toronto-Dominion Bank, Toronto ("TD") will be the Determination Agent under the Notes and will also be IFC's counterparty in a related swap transaction entered into by IFC in order to hedge its obligations under the Notes. The existence of such multiple roles and responsibilities for TD creates possible conflicts of interest. For example, the amounts payable by TD to IFC under the related swap transaction are expected, as of the Issue Date, to be calculated on the same basis as the amounts payable by IFC under the Notes. As a result, the determinations made by TD in its discretion as a Determination Agent for the Notes may affect the amounts payable by TD under the related swap transaction, and, in making such determinations, TD may have economic interest adverse to those of the Noteholders. The Noteholder understands that although IFC will enter into the related swap transaction with TD as swap counterparty in order to hedge its obligations under Notes, IFC's rights and obligations under the related swap transaction will be independent of its rights and obligations under the Notes, and Noteholders will have no interest in the related swap transaction or any payment to which IFC may be entitled thereunder.
