## ANNEX TO THE FINAL TERMS

### SUMMARY OF THE NOTES

Summaries are made up of disclosure requirements known as "Elements". These elements are numbered in Sections A – E (A.1 – E.7).

This summary contains all the Elements required to be included in a summary for this type of securities and Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary because of the type of securities and Issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of "Not Applicable".

Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this summary. The term ABN AMRO is used below as a reference to the Issuer and its consolidated subsidiaries and other group companies (including ABN AMRO Group N.V.).

		<b>Section A – Introduction and Warnings</b>
<b>A.1</b>	<b>Introduction:</b>	<i>This summary must be read as an introduction to the Base Prospectus (including these Final Terms) and any decision to invest in the Notes should be based on a consideration of the Base Prospectus as a whole, including these Final Terms and any information incorporated by reference. Following the implementation of the Prospectus Directive (Directive 2003/71/EC) in each Member State of the European Economic Area, no civil liability will attach to the Responsible Persons in any such Member State solely on the basis of this summary, including any translation thereof, unless it is misleading, inaccurate or inconsistent when read together with the other parts of the Base Prospectus, including any information incorporated by reference or it does not provide, when read together with the other parts of the Base Prospectus, key information in order to aid investors when considering whether to invest in the Notes. Where a claim relating to the information contained in the Base Prospectus is brought before a court in a Member State of the European Economic Area, the plaintiff may, under the national legislation of the Member States, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.</i>
<b>A.2</b>	<b>Consent:</b>	Not Applicable

<b>Section B – Issuer</b>		
<b>B.1</b>	<b>Legal name of the Issuer:</b>  <b>Commercial name of the Issuer:</b>	ABN AMRO Bank N.V. (the "Issuer")  ABN AMRO
<b>B.2</b>	<b>Domicile, legal form, legislation, country of incorporation</b>	The Issuer is a private limited liability company ( <i>naamloze vennootschap</i> ) incorporated under the laws of The Netherlands on 9 April 2009. The Issuer's corporate seat ( <i>statutaire zetel</i> ) is in Amsterdam, The Netherlands and its registered office is Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.
<b>B.4b</b>	<b>Trends:</b>	<p>The revenues and results of operations of the Issuer and the industry in which it operates are affected by, among other factors, general economic conditions in the Netherlands and other markets, including economic cycles, the financial markets, the Dutch mortgage market, banking industry cycles and fluctuations in interest rates and exchange rates, monetary policy, demographics, and other competitive factors. Revenues came under pressure due to weaker demand for certain banking products. Loan impairments increased due to a rise in defaults and a decline in the value of (commercial) property portfolios, among other things.</p> <p>Since the start of the financial crisis, money markets and capital markets have been very volatile. In these conditions, access to funding and capital markets, as well as hedging and other risk management strategies, may not be as effective as they would be under normal market conditions. Although there was some moderation in market conditions during 2011 and 2012 in the primary markets, it is difficult to predict if this trend will continue.</p> <p>The Issuer is subject to the threat of illiquidity and/or extreme price volatility, either directly or indirectly, through exposures to securities, loans and other commitments. Although there was some moderation in market conditions during 2011 and 2012 in the primary markets, it is difficult to predict if this trend will continue.</p> <p>The financial services industry is subject to intensive regulation (including in relation to solvability and liquidity). The Issuer's costs were driven up by preparations for and the introduction of new or revised regulations. Since 2009, as many emergency government programs slowed or wound down, global regulatory and legislative focus generally moved to a second phase of broader reform and a restructuring of financial institution regulation. Legislators and regulators,</p>

		both in Europe and in the United States, are currently introducing a wide range of proposals that, if enacted, could result in major changes to the way the Issuer's global operations are regulated.
<b>B.5</b>	<b>The Group:</b>	<p>ABN AMRO Group N.V. is the Issuer's sole shareholder. The Issuer is the only direct subsidiary of ABN AMRO Group N.V. and ABN AMRO Group N.V. has no significant activities other than holding the shares in the Issuer. The managing board and the supervisory board of ABN AMRO Group N.V. are composed of the same members as the Issuer.</p> <p>All shares in the capital of ABN AMRO Group N.V. are held by <i>Stichting administratiekantoor beheer financiële instellingen</i> (trade name NL Financial Investments, "NLFI"). NLFI holds a total voting interest of 100% in ABN AMRO Group N.V.</p> <p>NLFI issued exchangeable depositary receipts for shares (without the cooperation of ABN AMRO Group N.V.) to the Dutch State. As sole holder of all issued exchangeable depositary receipts, the Dutch State holds an indirect economic interest of 100% in ABN AMRO Group N.V.</p> <p>The Issuer has various direct and indirect subsidiaries through which part of its business is operated.</p>
<b>B.9</b>	<b>Profit Forecast or Estimate:</b>	Not applicable. There is no profit forecast or estimate included in the Base Prospectus.
<b>B.10</b>	<b>Audit Report Qualifications:</b>	Not applicable. There are no qualifications in the audit report on the historical financial information included in the Base Prospectus.
<b>B.12</b>	<b>Key Financial Information:</b>	The tables below set out selected consolidated financial information for the years ended 2013, 2012 and 2011. In 2012, ABN AMRO finalized the integration of ABN AMRO Bank and Fortis Bank Nederland. As of the first quarter of 2013, ABN AMRO presents its results on a reported basis, which means that historical periods will no longer be adjusted for costs related to the integration. Furthermore, ABN AMRO adopted the amended pension accounting standard IAS 19 as from 1 January 2013. As a result, all 2012 disclosed figures have been adjusted accordingly for comparison purposes. In 2013, accrued interest is presented as part of the relevant balance sheet accounts versus Accrued income and prepaid expenses and Accrued expenses and deferred income. This change has no impact on equity, total assets or net profit. All 2012 disclosed figures have been adjusted accordingly for comparison purposes. The 2011 disclosed figures have not been adjusted for IAS 19 and accrued interest.

		The reported results for the years ended and as at 31 December 2013, 2012 and 2011 have been audited.

	<b>Section D - Risks</b>	
<b>D.2</b>	<b>Risks Specific to the Issuer:</b>	<p>When purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material. The Issuer has identified a number of factors which could materially adversely affect its</p>

		<p>business and ability to make payments due under the Notes. These factors include:</p> <ul style="list-style-type: none"> <li>• Conditions in the global financial markets and economy may materially adversely affect the Issuer's business financial position, results of operations and prospects.</li> <li>• Volatility in, and the position of, financial markets, liquidity disruptions or market dislocations can adversely affect the Issuer's banking and funding activities.</li> <li>• Changes in interest rates and foreign exchange rates may adversely affect the Issuer's business, financial position, results of operations and cash flows.</li> <li>• Lack of liquidity is a risk to the Issuer's business and its ability to access sources of liquidity.</li> <li>• Reductions or potential reductions in the Issuer's credit ratings could have a significant impact on its borrowing ability and liquidity management through reduced funding capacity and collateral triggers, and on the access to capital and money markets as well as adversely affect the Issuer's business and results of operations.</li> <li>• The financial services industry is subject to intensive regulation. Major changes in laws and regulations as well as enforcement action could adversely affect the Issuer's business, financial position, results of operations and prospects.</li> <li>• As a result of capital and/or liquidity requirements, the Issuer may not be able to manage its capital and liquidity effectively, which may adversely affect its business performance.</li> <li>• Proposals for resolution regimes may lead to fewer assets of the Issuer being available to investors for recourse for their claims, and may lead to lower credit ratings and possibly higher cost of funding.</li> <li>• The Issuer operates in markets that are highly competitive. If the Issuer is unable to perform effectively, its business and results of operations will be adversely affected.</li> <li>• The Issuer's operations and assets are located primarily in the Netherlands. Deterioration or long-term persistence of a difficult economic environment could have a negative effect on the Issuer's results of operations and financial position.</li> <li>• The Issuer is subject to significant counterparty risk exposure and exposure to systemic risks which may have an adverse effect on the Issuer's results.</li> <li>• The Issuer may be subject to increases in allowances for loan losses.</li> <li>• The Issuer depends on the accuracy and</li> </ul>

		<p>completeness of information about customers and counterparties.</p> <ul style="list-style-type: none"> <li>• The Issuer is subject to operational risks that could adversely affect its business.</li> <li>• The Issuer's risk management methods may leave the Issuer exposed to unidentified, unanticipated or incorrectly quantified risks, which could lead to material losses or material increases in liabilities (tail risk).</li> <li>• The Issuer is subject to changes in financial reporting standards.</li> <li>• The value of certain financial instruments recorded at fair value is determined using financial models incorporating assumptions, judgements and estimates that may change over time or may ultimately not turn out to be accurate.</li> <li>• The Issuer has obligations under defined benefit pension plans which may lead to additional contributions from the Issuer.</li> <li>• The Issuer is subject to reputational risk.</li> <li>• The Issuer's ability to retain and attract qualified employees is critical to the success of its business and the failure to do so may adversely affect the Issuer's performance.</li> <li>• The 403 Declaration of ABN AMRO Group N.V. may provide limited economic benefit or recourse to investors.</li> <li>• The Issuer is subject to additional risk exposure as a consequence of the Legal Demerger, Legal Separation, EC Remedy and Legal Merger that could adversely affect its business.</li> <li>• Termination of Dutch State Ownership of the Issuer may result in increased perception of risk by investors, depositors and customers.</li> <li>• The European Commission has imposed certain conditions on the Issuer that could adversely affect the Issuer's competitive position, its business and results of operations.</li> </ul>
<p><b>D.3</b></p>	<p><b>Risks Specific to the Notes:</b></p>	<p>There are also risks associated with the Notes. These include a range of market risks (including that there may be not be an active trading market in the Notes, that the value of an investor's investment may be adversely affected by exchange rate movements or exchange controls where the Notes are not denominated in the investor's own currency, that any credit rating assigned to the Notes may not adequately reflect all the risks associated with an investment in such Notes and ratings assigned to the Notes may be lowered, suspended or withdrawn and that changes in interest rates will affect the value of the Notes), the fact that the conditions of the Notes may be modified without the</p>

		<p>consent of the holder in certain circumstances, that the holder may not receive payment of the full amounts due in respect of the Notes as a result of amounts being withheld by the Issuer in order to comply with applicable law and that investors are exposed to the risk of changes in law or regulation affecting the value of their Notes. Other factors include:</p> <ul style="list-style-type: none"> <li>• The Notes are subject to optional redemption by the Issuer.</li> <li>• No limitation to issue senior or <i>pari passu</i> ranking Notes.</li> <li>• Each Noteholder must act independently as the Noteholders do not have the benefit of a trustee.</li> <li>• The Notes may be subject to modification, waivers and substitution.</li> <li>• The EU Savings Directive may require the collection of withholding tax.</li> <li>• Tax consequences of holding the Notes may be complex.</li> <li>• Noteholders may be subject to withholding tax under FATCA.</li> <li>• Notes held in global form are reliant on third parties.</li> <li>• The Base Prospectus must be read together with applicable Final Terms.</li> <li>• Proposed and new banking legislation dealing with ailing banks give regulators resolution powers (including powers to write down debt).</li> <li>• An investor's investment in the Notes may be subject to restrictions and qualifications.</li> </ul>
