Sole Dealer Manager
Deutsche Bank

The date of this Tender Offer Memorandum is January 16, 2019.

You should rely only on the information contained in this Tender Offer Memorandum. Neither the Offeror nor the Sole Dealer Manager has authorized anyone to provide you with different information. Neither the Offeror nor Sole Dealer Manager is making an Offer in any jurisdiction where this offer or solicitation is not permitted. You should not assume that the information contained in this Tender Offer Memorandum is accurate at any date other than the date indicated above. The Offers are being made only to Eligible Offerees who hold Notes through the Clearing Systems (“Eligible Holders”) and who have represented to the Offeror pursuant to the deemed representations described in “*Description of the Tender Offer*” that they are eligible to participate in the Offers. Only Eligible Holders are authorized to receive or review this Tender Offer Memorandum or to participate in the Offers. The Offers are not being made to any U.S. person (as defined in Regulation S) or to any person in the United States. The Offers are being made being made to dealers or other professional fiduciaries located outside the United States or acting on a discretionary basis only for the benefit or account of non-U.S. persons located outside the United States. See “*Notice to Investors*” and “*Offer and Distribution Restrictions*” for additional information about eligibility requirements and offer restrictions.

Before making a decision whether to tender Notes pursuant to an Offer, Holders should carefully consider all of the information in this Tender Offer Memorandum and, in particular, the risk factors described in “*Risk Factors*” beginning on page 19.

The Offers are conditioned upon the satisfaction or waiver of certain conditions described in “*Description of the Tender Offer*.” These conditions are for the Offeror’s benefit and may be asserted or waived by the Offeror at any time and in its sole discretion without extending the Expiration Deadline or granting withdrawal rights (except as required by law). In addition, the Offeror has the right to terminate or withdraw the Offers at any time and for any reason.

Eligible Holders may not withdraw valid tenders of Notes in the Offers except under the limited circumstances set forth in this Tender Offer Memorandum. See “*Description of the Tender Offer—Withdrawal of Tenders*.”

THE OFFERS

This Tender Offer Memorandum contains important information which should be read carefully before any decision is made with respect to the Offers. If any Holder is in any doubt as to the action it should take, it is recommended to seek its own financial and legal advice, including in respect of any tax consequences, immediately from its broker, bank manager, solicitor, accountant or other independent financial, tax or legal adviser. Any individual or company whose Notes are held on its behalf by a broker, dealer, bank, custodian, trust company or other nominee must contact such entity if it wishes to tender such Notes pursuant to the Offers. The distribution of this document in certain jurisdictions may be restricted by law (see “*Offer and Distribution Restrictions*”). Neither the Offeror, the Sole Dealer Manager nor the Tender Agent makes any recommendation as to whether Holders should tender Notes pursuant to the Offers.

The Offeror separately invites, in each case subject to the offer restrictions referred to in “*Offer and Distribution Restrictions*,” all Holders of each Series to tender their Notes for purchase by the Offeror for cash (each such invitation an “**Offer**,” and together the “**Offers**”). The Offers are made on the terms and subject to the conditions set out in this Tender Offer Memorandum.

Before making a decision whether to tender Notes pursuant to an Offer, Holders should carefully consider all of the information in this Tender Offer Memorandum and, in particular, the risk factors described in “Risk Factors.”

Capitalized terms used in this Tender Offer Memorandum have the meaning given in “*Definitions*” and any other definitions of such terms are for ease of reference only and shall not affect their interpretation.

Rationale for the Offers

The purpose of the Offers is for the Offeror to support the secondary trading market for the Notes and provide a liquidity event to the current Holders of the Notes. Simultaneously, the Offers will enable the Offeror to manage its overall funding level and to reduce its gross debt, while maintaining a prudent approach to liquidity.

Purchase Price – Unmodified Dutch Auction Procedure

The amount the Offeror will pay for Notes validly tendered and accepted for purchase pursuant to the Offers will be determined pursuant to an unmodified Dutch auction procedure (the “**Unmodified Dutch Auction Procedure**”), as described in this Tender Offer Memorandum.

The cash consideration that the Offeror will pay for any Notes (the “**Purchase Consideration**”) validly tendered by a Holder and accepted for purchase pursuant to the relevant Offer shall be equal to the product of (i) the aggregate principal amount of the Notes of such Holder accepted for purchase pursuant to the Offers and (ii) the particular purchase price (a “**Purchase Price**”) specified (or deemed to be specified, as set out below) by the relevant Holder in his or her tender instruction (the “**Tender Instruction**”), provided that if the specified Purchase Price is lower than the Minimum Purchase Price (as defined below), or if no Purchase Price is specified, the Offeror will pay the Minimum Purchase Price.

As the Purchase Consideration applicable to each Holder who validly submits a Tender Instruction which is accepted by the Offeror is determined by reference to a particular Purchase Price specified (or deemed to be specified, as set out below) by such Holder in its Tender Instruction, the Purchase Consideration payable to each such Holder will not necessarily be the same even where the same principal amount of Notes is accepted for purchase from each such Holder.

Under the Unmodified Dutch Auction Procedure, the Offeror will determine, in its sole discretion, following expiration of the Offers, the aggregate principal amount of Notes (if any) of each Series it will accept for purchase pursuant to the Offers (each a “**Series Acceptance Amount**”) and a maximum Purchase Price for each Series (each a “**Maximum Purchase Price**”), taking into account the aggregate principal amount of Notes tendered in the Offers, the Purchase Prices specified (or deemed to be specified, as set out below) by tendering Holders and the aggregate cash consideration, excluding any Accrued Interest Payments, to be paid by the Offeror to purchase the Notes validly tendered and accepted for purchase in the Offers, which the Offeror proposes to be in a total amount of up to \$750,000,000 (or the equivalent thereof calculated using the spot rate for the purchase of U.S. dollars with euro as published by Bloomberg at the Expiration Deadline) (the “**Tender Consideration**”).

The Purchase Price for the Notes will not be less than:

- (i) 101.000%, in the case of the 2015/2022 Dollar Notes;
- (ii) 97.750%, in the case of the 2017/2024 Dollar Notes;
- (iii) 100.500%, in the case of the 2015/2025 Dollar Notes;
- (iv) 96.500%, in the case of the 2017/2027 Dollar Notes;
- (v) 102.000%, in the case of the 2018/2025 Euro Notes;
- (vi) 95.000%, in the case of the 2017/2025 Euro Notes; and

(vii) 89.375%, in the case of the 2017/2029 Euro Notes

(each a “**Minimum Purchase Price**”), and will otherwise be the lowest price for such Series that will allow the Offeror to accept for purchase the relevant Series Acceptance Amount.

Accrued Interest

In addition to the Purchase Consideration, the Offeror will also make an Accrued Interest Payment (as defined below) in respect of Notes accepted for purchase pursuant to the Offers.

Final Acceptance Amount, Priority of Acceptance and Scaling

Final Acceptance Amount

The Offeror proposes to accept Notes for purchase pursuant to the Offers up to the aggregate cash consideration (excluding any Accrued Interest Payments) of \$750,000,000 (or the equivalent thereof calculated using the spot rate for the purchase of U.S. dollars with euro as published by Bloomberg at the Expiration Deadline), although the Offeror reserves the right, in its sole discretion, to accept significantly less than or more than such amount of Notes pursuant to the Offers (the final aggregate principal amount of Notes accepted for purchase pursuant to the Offers being the “**Final Acceptance Amount**”).

Priority of Acceptance

The Offeror intends to accept Notes of a Series validly tendered for purchase pursuant to the Offers in the following order of priority:

- (i) the Offeror will first accept for purchase an aggregate principal amount of Notes of such Series validly tendered pursuant to the Offers by way of Non-Competitive Tender Instructions (as described below) up to (and including) the relevant Series Acceptance Amount; and
- (ii) if the aggregate principal amount of such Notes validly tendered pursuant to the Offers by way of Non-Competitive Tender Instructions is less than the relevant Series Acceptance Amount, the Offeror may then, in its sole discretion, accept for purchase any Notes of such Series validly tendered pursuant to the Offers by way of Competitive Tender Instructions (as described below), such that the aggregate principal amount of Notes accepted for purchase pursuant to the Offers is equal to the relevant Series Acceptance Amount.

If the Offeror (in its sole discretion) decides to accept any Notes validly tendered by way of Non-Competitive or Competitive Tender Instructions for any Series, the Offeror reserves the right to accept significantly more or less (or none) of the Notes of any one Series as compared to the Notes of any other Series, even if such other Notes are validly tendered with an equivalent or lower Purchase Price (and accordingly to set the relevant Maximum Purchase Price applicable to any Series of Notes above the applicable Minimum Purchase Price, whether or not it decides to do so in respect of any other Series, as well as above the relevant Maximum Purchase Price for any other Series of Notes).

Scaling

If the Offeror decides to accept Notes of a Series for purchase pursuant to the Offers and:

- (i) the aggregate principal amount of Notes of such Series validly tendered pursuant to Non-Competitive Tender Instructions is greater than the Series Acceptance Amount, the Offeror intends to accept such Notes for purchase on a pro-rata basis such that the aggregate principal amount of such Notes accepted for purchase is no greater than the Series Acceptance Amount. In such circumstances, the Maximum Purchase Price for all of the Notes of the relevant Series will be set at the applicable Minimum Purchase Price and the Offeror will not accept for purchase any Notes of such Series tendered pursuant to Competitive Tender Instructions; or
- (ii) the aggregate principal amount of Notes of such Series validly tendered (i) pursuant to Non-Competitive Tender Instructions and (ii) pursuant to Competitive Tender Instructions that specify a Purchase Price that is less than or equal to the relevant Maximum Purchase Price, is greater than the Series Acceptance Amount, the Offeror intends to accept for purchase (A) first, all Notes of such Series tendered pursuant to Non-Competitive Tender Instructions in full, (B) second, all Notes of such Series tendered pursuant to Competitive Tender Instructions that specify a Purchase Price below the relevant Maximum Purchase Price of such Series in full and (C) third, all Notes of such Series tendered at the relevant Maximum Purchase Price on a pro rata basis such that the aggregate principal amount of such Notes accepted for purchase is no greater than the Series Acceptance Amount.

In the event that Notes of a Series validly tendered pursuant to the relevant Offer are to be accepted on a pro rata basis, each such tender of such Notes will be scaled by a factor (a “**Scaling Factor**”) equal to (i) the Series Acceptance Amount less the aggregate principal amount of such Notes that have been validly tendered and accepted for purchase pursuant to the Offer, and are not subject to acceptance on a pro rata basis (if any), divided by (ii) the aggregate principal amount of such Notes in the Series that have been validly tendered and accepted for purchase pursuant to the Offers, and are subject to acceptance on a pro rata basis (subject

to adjustment to allow for the aggregate principal amount of Notes accepted for purchase, following the rounding of tenders of such Notes described in the next sentence, to equal the Series Acceptance Amount exactly). Each tender of such Notes that is scaled in this manner will be rounded down to the nearest \$/€1,000 in principal amount. The Offeror reserves the right, in its sole discretion, to apply a different Scaling Factor to each Series of Notes.

In addition, in the event of any such scaling, the Offeror intends to apply pro rata scaling to each valid tender of such Notes in such a manner as will result in the relevant Holder transferring Notes to the Offeror in an aggregate principal amount of at least \$200,000 or €100,000 (being the “**Minimum Denominations**” of the Notes). The Offeror may at its sole discretion not accept the tender of Notes of a Series for purchase pursuant to the relevant Offer, where the relevant Holder's residual amount of Notes of a Series (being the principal amount of the such Notes the subject of the relevant Tender Instruction that are not accepted for purchase by virtue of such scaling) amount to less than the relevant Minimum Denomination. See “*Risk Factors—Different Series have different Minimum Denominations of the Notes.*”

Tender Instructions

In order to participate in, and be eligible to receive the relevant Purchase Consideration and Accrued Interest Payment pursuant to, the relevant Offer, Holders must validly tender their Notes by delivering, or arranging to have delivered on their behalf, a valid Tender Instruction that is received by the Tender Agent by 4:00 p.m., London time on January 23, 2019 (the “**Expiration Deadline**”). See “*Description of the Tender Offer—Tender Offer Procedures.*”

Holders are advised to check with any bank, securities broker or other intermediary through which they hold Notes when such intermediary would need to receive instructions from a Holder in order for that Holder to be able to participate in, or (in the limited circumstances in which revocation is permitted) withdraw their instruction to participate in, an Offer by the deadlines specified in this Tender Offer Memorandum. The deadlines set by any such intermediary and by Clearing Systems for the submission and withdrawal of Tender Instructions may be earlier than the relevant deadlines specified in this Tender Offer Memorandum.

Tender Instructions will be irrevocable except in the limited circumstances described in “*Description of the Tender Offer—Withdrawal of Tenders.*”

Tender Instructions may be submitted on a “non-competitive” or a “competitive” basis as follows:

- a “**Non-Competitive Tender Instruction**” is a Tender Instruction which specifies the aggregate principal amount of the Notes tendered pursuant to such Tender Instruction (such principal amount being at least the relevant Minimum Denomination for such Series), and either (i) does not specify a Purchase Price for such Notes, or (ii) specifies a Purchase Price less than or equal to the relevant Minimum Purchase Price for such Series. Each Non-Competitive Tender Instruction, whether falling within (i) or (ii) above, will be deemed to have specified the relevant Minimum Purchase Price for the tendered Notes; and
- a “**Competitive Tender Instruction**” is a Tender Instruction which specifies (i) the aggregate principal amount of the Notes tendered pursuant to such Tender Instruction (such principal amount being at least the relevant Minimum Denomination for such Series), and (ii) a Purchase Price greater than the relevant Minimum Purchase Price for such Series (which Purchase Price must be specified in increments of 0.05% above the relevant Minimum Purchase Price for such Series, with increments which are not integral multiples of 0.05% being rounded up to the nearest integral multiple of 0.05%). In the event that any Competitive Tender Instruction specifies a Purchase Price that is not an integral multiple of 0.05% above the relevant Minimum Purchase Price, the Purchase Price so specified shall be rounded up to the nearest 0.05% integral multiple, and the Competitive Tender Instruction shall be deemed to have specified such rounded figure as the Purchase Price.

Tender Instructions must be submitted in respect of a minimum principal amount of Notes of the relevant Series of no less than the Minimum Denomination for such Series. See “*Definitions—Minimum Denominations.*”

A separate Tender Instruction must be completed on behalf of each beneficial owner and in respect of each Series.

Announcements

The Offeror will announce its decision of whether to accept valid tenders of Notes pursuant to all or any of the Offers and, if so accepted, the Final Acceptance Amount, each Series Acceptance Amount and details of any scaling that will be applied to valid tenders of Notes of any Series as soon as reasonably practicable on the business day following the Expiration Deadline.

General

The expected Settlement Date for the Offers is January 28, 2019.

The Offeror may, in its sole discretion, extend, re-open, amend, waive any condition of or terminate any Offer at any time (subject to applicable law and as provided in this Tender Offer Memorandum). Details of any such extension, re-opening, amendment, waiver or termination will be announced as provided in this Tender Offer Memorandum as soon as reasonably

practicable after the relevant decision is made. The Offeror expressly reserves the right, in its sole discretion, to delay acceptance of tenders of Notes pursuant to an Offer in order to comply with applicable laws. See “*Description of the Tender Offer—Amendments; Waivers; Termination.*”

Questions and requests for assistance in connection with (i) the Offers, may be directed to the Sole Dealer Manager, and (ii) the delivery of Tender Instructions, may be directed to the Tender Agent, the contact details for each of which are on the last page of this Tender Offer Memorandum.

We have not, and the Sole Dealer Manager and the Tender Agent have not, authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We, the Sole Dealer Manager and the Tender Agent are not making an offer to purchase securities, and we are not soliciting an offer to sell securities, in any jurisdiction where the offer is not permitted.

General

This Tender Offer Memorandum and any related documents do not constitute an offer to buy or the solicitation of an offer to sell the Notes (and such tenders of Notes in the Offers will not be accepted from Holders) in any circumstances in which such offer or solicitation is unlawful. In those jurisdictions where the securities, blue sky or other laws require the Offers to be made by a licensed broker or dealer or similar and the Sole Dealer Manager or any of its affiliates is such a licensed broker or dealer or similar in any such jurisdiction, such Offers shall be deemed to be made by a Sole Dealer Manager or such affiliate, as the case may be, on behalf of the Offeror in such jurisdiction.

This Tender Offer Memorandum has not been filed with or reviewed by any foreign, federal or state securities commission or regulatory authority, nor has any such commission or authority passed upon the accuracy or adequacy of this Tender Offer Memorandum. Any representation to the contrary is unlawful and may be a criminal offense.

Each Holder participating in the Offers will also be deemed to give certain representations in respect of the jurisdictions referred to above and generally as set out in “*Description of the Tender Offer—Representations, Warranties and Covenants of Eligible Holders Tendering Notes.*” Any tender of the Notes for purchase pursuant to the Offers from a Holder that is unable to make these representations may be rejected. Each of the Offeror, the Sole Dealer Manager and the Tender Agent reserves the right, in its absolute discretion (and without prejudice to the relevant Holder’s responsibility for the representations made by it), to investigate, in relation to any tender of Notes for purchase pursuant to the Offers, whether any such representation given by a Holder is correct and, if such investigation is undertaken and as a result the Offeror determines (for any reason) that such representation is not correct, such tender may be rejected.

GENERAL

Each Holder is solely responsible for making its own independent appraisal of all matters as such Holder deems appropriate (including those relating to the Offers and the Offeror) and each Holder must make its own decision as to whether to tender any or all of its Notes for purchase pursuant to the Offers. None of the Sole Dealer Manager, the Tender Agent or their respective directors, employees or affiliates makes any representation or recommendation whatsoever regarding this Tender Offer Memorandum or the Offers, and none of the Offeror, the Sole Dealer Manager, the Tender Agent or their respective directors, employees or affiliates makes any recommendation as to whether Holders should tender Notes in the relevant Offer. The Tender Agent is the agent of the Offeror and owes no duty to any Holder.

In the ordinary course of their respective businesses, the Sole Dealer Manager and the Tender Agent are entitled to hold positions in the Notes either for their own account or for the account, directly or indirectly, of third parties. In the ordinary course of their respective businesses, they are entitled to continue to hold or dispose of, in any manner they may elect, subject to applicable law, any Notes they may hold as at the date of this Tender Offer Memorandum. No such submission or non-submission by the Sole Dealer Manager or the Tender Agent should be taken by any Holder of Notes or any other person as any recommendation or otherwise by the Sole Dealer Manager or the Tender Agent, as the case may be, as to the merits of participating or not participating in the Offers.

Neither the delivery of this Tender Offer Memorandum nor any purchase of Notes shall, under any circumstances, create any implication that the information contained in this Tender Offer Memorandum is current as of any time subsequent to the date of such information, that there has been no change in the information set out in this Tender Offer Memorandum or in the affairs of the Offeror since the date of this Tender Offer Memorandum or that the information in this Tender Offer Memorandum has remained accurate and complete.

No person has been authorized to give any information or to make any representation about the Offeror or the Offers other than as contained in this Tender Offer Memorandum and, if given or made, such information or representation must not be relied upon as having been authorized by the Offeror, the Sole Dealer Manager, the Tender Agent or any of their respective agents.

Holders who do not participate in the Offers, or whose Notes are not accepted for purchase by the Offeror, will continue to hold their Notes subject to the terms and conditions of such Notes.

The applicable provisions of the Financial Services and Markets Act 2000 must be complied with in respect of anything done in relation to the Offers in, from or otherwise involving the United Kingdom.

Amendment of Tender Offer Terms;

Termination Subject to applicable law, the Offeror may terminate or withdraw the Offers in its sole discretion at any time and for any reason, including (without limitation) if the conditions precedent are not met or waived by the Expiration Deadline. In any such event, any Notes previously tendered pursuant to the Offers will be promptly returned to the tendering Eligible Holders.

The Offeror reserves the right subject to applicable law to waive any or all of the conditions precedent at any time or amend any terms of the Offers.

The Offeror will notify Eligible Holders of any amendment to the terms of the Offers, waiver of conditions precedent or termination of the Offers.

Withdrawal of Tenders..... Tenders of Notes in the Offers may not be withdrawn except under certain limited circumstances described below.

The Offeror will grant withdrawal rights to Eligible Holders who have validly tendered their Notes in the Offers only if (i) required by applicable law, (ii) the Offeror decreases the Minimum Purchase Price, or (iii) any other amendments are made to the terms of the Offers that are materially prejudicial to Eligible Holders in the Offeror's opinion (following consultation with the Sole Dealer Manager). The Offeror will not grant withdrawal rights in the event that the Offeror, among other things, (a) extends the Expiration Deadline of, or re-opens, the Offers with respect to all or some of the Notes, (b) terminates all or any part of the Offers, (c) waives any conditions precedent to the Offers, (d) increases or decreases the Tender Consideration, thereby increasing or decreasing the aggregate principal amount of Notes to be accepted as the Final Acceptance Amount or (e) makes any other change to the terms of the Offers set out in this Tender Offer Memorandum which are not materially prejudicial to Eligible Holders or Holders, as applicable, in the Offeror's opinion after consultation with the Sole Dealer Manager.

Procedures for Tendering Notes To participate in the Offers, an Eligible Holder must validly tender its Notes prior to the Expiration Deadline pursuant to the procedures described herein.

Eligible Holders who wish to participate in the Offers must tender their Notes pursuant to the procedures described herein by way of an electronic instruction (the "**Tender Instruction**"), which must be submitted or delivered through the Clearing Systems, authorizing delivery of their Notes for consideration. See "*Description of the Tender Offer—Tender Offer Procedures*."

No guaranteed delivery procedures are being offered in connection with the Offers. Eligible Holders must tender their Notes on or prior to the Expiration Deadline in order to participate and receive payment.

Only Direct Participants in the Clearing Systems may submit Tender Instructions. Eligible Holders who are not Direct Participants in the Clearing Systems must contact their broker, dealer, bank, custodian, trust company or other nominee to arrange for their Direct Participant through which they hold Notes to submit a Tender Instruction on their behalf to the relevant Clearing System prior to the deadline specified by the relevant Clearing System.

Eligible Holders that give Tender Instructions on behalf of beneficial holders must provide separate Tender Instructions with respect to each such beneficial holder.

Eligible Holders who intend to make different elections with respect to different portions of their holding of Notes must deliver separate Tender Instructions with respect to each such portion.

For further information, Eligible Holders should contact the Sole Dealer Manager or the Tender Agent at their respective telephone numbers and addresses set forth on the back cover page of this Tender Offer Memorandum or consult their broker, dealer, commercial bank, trust company or nominee for assistance.

RISK FACTORS

Before deciding whether to participate in the Offers, you should read carefully this Tender Offer Memorandum and, in particular, the risks described below, prior to making an investment decision with respect to the Notes. The risks described below are not the only ones that may affect you, the Offeror, or the Notes. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations. If any of the risks described below occurs, our business, financial condition and results of operations could be materially and adversely affected. The risks described below also include forward-looking statements and our actual results may differ substantially from those discussed in these forward-looking statements.

We are not under any obligation to accept offers to tender.

We are not under any obligation to accept, and shall have no liability to any person for any non-acceptance of, any offer of Notes for tender pursuant to the Offers.

Offers of Notes for purchase may be rejected in our sole discretion for any reason and we are not under any obligation to Eligible Holders to furnish any reason or justification for refusing to accept an offer of Notes for purchase. For example, offers of Notes for purchase may be rejected if the Offers are terminated, if the Offers do not comply with the relevant requirements of a particular jurisdiction or for any other reason.

There is uncertainty as to our existing long-term corporate credit ratings and the instruments ratings of the Notes.

Our long-term corporate credit rating is BB+ (stable outlook) from S&P, Ba1 (stable outlook) from Moody's and A- (stable outlook) from JCR. The ratings assigned to the Notes as well as the instrument ratings assigned to the Notes may be lowered or withdrawn entirely in the future.

A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time. No assurances can be given that a rating will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by the relevant rating agency if in its judgment circumstances in the future so warrant. We have no obligation to inform the Holders of any such revision, downgrade or withdrawal. A suspension, reduction, notching down from our long-term issuer credit rating or withdrawal at any time of the ratings assigned to the Notes may adversely affect the market price of the Notes and may cause us to lose our ability to access bank lending or the capital markets, renew bank credit facilities and access other sources of financing. Downgrades could also increase our costs of borrowing and affect our ability to make payments on outstanding debt instruments and to comply with other existing obligations. Such events could have a material adverse effect on our business, financial condition and results of operations.

The Offers may be cancelled, delayed or amended.

Until the Offeror announces whether it has decided to accept valid tenders of Notes pursuant to the Offers, which the Offeror expects to do as soon as reasonably practicable after the Expiration Deadline, no assurance can be given that the Offers will be completed. In addition, subject to applicable law and as provided in this Tender Offer Memorandum, the Offeror may, in its sole discretion, extend, re-open, withdraw or terminate the Offers and amend or waive any of the terms or conditions of the Offers at any time before such announcement and may, in its sole discretion, waive any of the conditions to the Offers either before or after such announcement.

Your Notes will be blocked from the date of instruction until the earlier of (i) the Settlement Date and (ii) termination.

When considering whether to tender Notes in the Offers, Holders should take into account that restrictions on the transfer of the Notes by Holders will apply from the time of such tender. A Holder will, upon tendering Notes in the Offers, agree that such Notes will be blocked in the relevant account in the relevant Clearing System from the date the tender of Notes is made until the earlier of (i) the time of settlement on the Settlement Date and (ii) the date of any termination of the Offers (including where such Notes are not accepted by the Offeror for purchase) or on which the tender of such Notes is revoked, in the limited circumstances in which such revocation is permitted. See "Description of the Tender Offer—Tender Offer Procedures" and "Description of the Tender Offer—Withdrawal of Tenders."

You are responsible for complying with the procedures and applicable restrictions of the Offers.

Holders of the Notes are responsible for complying with all of the procedures to tender the Notes. None of us, the Sole Dealer Manager or the Tender Agent assume any responsibility for informing the Holders of the Notes of any agent's message or with respect to the acceptance of offers to tender. Prior to the Settlement Date, no assurance can be given that the Offers will be completed. This may depend upon the satisfaction or waiver of the conditions of the Offers.

Beneficial owners of Notes who hold such Notes through the Clearing Systems should note the particular practices and policies of the relevant Clearing System regarding their communications deadlines, which will determine the latest time at which tenders of the Notes for tender may be delivered to the relevant Clearing System (which may be earlier than the deadlines set forth in this Tender Offer Memorandum) so that they are received by the Tender Agent in respect of the Offers within the deadlines set

forth in this Tender Offer Memorandum. Additionally it is important to note that all references in this Tender Offer Memorandum to times, are to London time unless we state otherwise.

Each Holder is referred to the offer restrictions herein. See “*Notice to Investors*” and “*Offer and Distribution Restrictions*.” Non-compliance with these could result in, among other things, the unwinding of trades and/or heavy penalties.

The Tender Consideration to be received in the Offers does not reflect any market valuation of the Notes.

We have made no determination that the consideration to be received in the Offers represents a fair valuation of the Notes. The Purchase Consideration should not be construed as assurance or an indication of, and may not accurately reflect, the current or future market value of the relevant Notes. We have not obtained a fairness opinion from any financial advisor about the fairness to us or to you of the consideration to be received by Holders. Accordingly, none of us, our board of directors, the Sole Dealer Manager and the Tender Agent or any other person is making any recommendation as to whether you should tender Notes for payment pursuant to an Offer.

You may generally not withdraw any Notes tendered in an Offer.

Eligible Holders of Notes may not withdraw their Instructions with respect to tenders of Notes except in certain limited circumstances. See “*Description of the Tender Offer—Withdrawal of Tenders*.” Therefore, Eligible Holders that tender Notes may be required to wait for an extended period of time before receiving payment and may not have the ability to withdraw or trade such tendered Notes during that time. As a result, there may be a significant period of time during which participating Eligible Holders may be unable to effect transfers or sales of their Notes.

There may be a less liquid market for the Notes.

The trading market for Notes that are not tendered could become more limited than the existing trading market for the Notes and could cease to exist altogether due to the reduction in the principal amount of the Notes outstanding upon consummation of the Offers. A more limited trading market might adversely affect the liquidity, market price and price volatility of the Notes. If a market for Notes that are not tendered exists or develops, the Notes may trade at a discount to the price at which they would trade if the principal amount outstanding were not reduced. There can be, no assurance that an active market in the Notes will exist, develop or be maintained, or as to the prices at which the Notes may trade, after the Offers are consummated.

Holders of Notes should consult their own tax, accounting, financial and legal advisers regarding their specific tax or accounting consequences of participating or declining to participate in an Offer.

Holders of Notes should consult their own tax, accounting, financial and legal advisers regarding their specific tax or accounting consequences of participating or declining to participate in an Offer. None of the Offeror, the Sole Dealer Manager or the Tender Agent makes any recommendation to any Eligible Holder of Notes as to whether such Eligible Holder should tender its Notes or refrain from tendering in an Offer, and none of the aforementioned parties has authorized any person to make any such recommendation on their behalf.

We have not provided any tax analysis in the Tender Offer Memorandum that is intended or written to be used or relied upon or that can be used or relied upon by any taxpayer for the purpose of avoiding penalties. Holders should seek advice based on their particular circumstances in connection with any decision to tender Notes in an Offer from a tax advisor.

We may repurchase any Notes that are not tendered in the Offers on terms that are more favorable to the Holders than the terms of the Offers.

We may, to the extent permitted by applicable law, purchase or redeem Notes from time to time in the open market, in privately negotiated transactions, through subsequent tender or exchange offers, through the exercise of our optional redemption rights under the Notes indentures or otherwise. These other purchases or redemptions may be made on the same terms or on terms that are more or less favorable to Holders than the terms of these Offers. We also reserve the right to repurchase or redeem any Notes not tendered in the Offers. If we decide to repurchase or redeem Notes on terms that are more favorable than the terms of the Offers, those Holders who decide not to participate in the Offers could ultimately receive consideration in cash or other form that represents greater value for their respective Notes than the value received by Eligible Holders that participate in the Offers.

Holders tendering Notes of a Series may receive different Purchase Consideration

As the Purchase Consideration applicable to each Holder who validly submits a Tender Instruction which may be accepted by the Offeror is determined by reference to the price at which the relevant Notes are tendered, or deemed tendered, in the relevant Tender Instruction, the Purchase Consideration payable to each such Holder will not necessarily be the same.

Different Series have different Minimum Denominations of the Notes

Any Tender Instruction to tender dollar-denominated Notes must be given in a minimum principal amount of \$200,000 or integral multiples of \$1,000 in excess thereof. Any Tender Instruction to tender euro-denominated Notes must be given in a minimum principal amount of €100,000 or integral multiples of €1,000 in excess thereof. An Eligible Holder whose Notes are accepted for purchase by the Offeror and who, following purchase of the relevant Notes on the Settlement Date, will continue to hold in its account with the relevant clearing system a principal amount of Notes of either Series which is less than the applicable Minimum Denomination (including as a result of any pro-ration), would need to purchase a principal amount of Notes of the same Series such that its holding amounts to at least the applicable Minimum Denomination. Otherwise such residual holding may not be tradeable in the Clearing Systems.

DESCRIPTION OF THE TENDER OFFER

General

Upon the terms and subject to the conditions set forth in this Tender Offer Memorandum, we are offering to Eligible Holders to tender outstanding Notes at the relevant Purchase Price.

The Offeror expressly reserves the right, in its sole discretion, to delay acceptance of tenders of Notes pursuant to an Offer in order to comply with applicable laws. In all cases, the purchase of Notes for cash pursuant to an Offer will only be made after the submission of a valid Tender Instruction in accordance with the procedures described in “—*Tender Offer Procedures*,” including the tendered Notes being blocked in the relevant account in the Clearing Systems, from the date the relevant Tender Instruction is submitted until the earlier of (i) the time of settlement on the Settlement Date and (ii) the date of any termination of the relevant Offer (including where such Notes are not accepted by the Offeror for purchase) or on which the Tender Instruction is withdrawn, in the limited circumstances in which such withdrawal is permitted.

The Offeror will at all times have the discretion to accept for purchase any Notes tendered in an Offer, the tender of which would otherwise be invalid or, in the sole opinion of the Offeror, may otherwise be invalid. The Offeror is not under any obligation to accept any tender of Notes for purchase pursuant to any Offer. Tenders of Notes for purchase may be rejected in the sole discretion of the Offeror for any reason and the Offeror is not under any obligation to Holders to furnish any reason or justification for refusing to accept a tender of Notes for purchase. For example, tenders of Notes for purchase may be rejected if the relevant Offer is terminated, if such Offer does not comply with the relevant requirements of a particular jurisdiction or for any other reason.

Holders are advised that the Offeror may, in its sole discretion, accept tenders of Notes pursuant to any Offer on more than one date if such Offer is extended or re-opened.

The failure of any person to receive a copy of this Tender Offer Memorandum or any announcement made or notice issued in connection with the Offers shall not invalidate any aspect of the Offers. No acknowledgement of receipt of any Tender Instruction and/or other documents will be given by the Offeror or the Tender Agent.

Rationale for the Offers

The purpose of the Offers is for the Offeror to support the secondary trading market for the Notes and provide a liquidity event to the current Holders of the Notes. Simultaneously, the Offers will enable the Offeror to manage its overall funding level and to reduce its gross debt, while maintaining a prudent approach to liquidity.

Total Amount Payable to Holders

If the Offeror decides to accept valid tenders of Notes pursuant to the Offer, the total amount that will be paid to each Holder on the Settlement Date for the Notes accepted for purchase from such Holder will be an amount (rounded to the nearest \$/€0.01, with \$/€0.005 rounded upwards) equal to the sum of:

- (i) the relevant Purchase Price multiplied by the aggregate principal amount of the Notes of such Holder and accepted for purchase pursuant to the Offers; and
- (ii) the Accrued Interest Payment on such Notes.

Holders should inform themselves about any fees, charges, taxes, expenses or other amounts they may be required to pay or otherwise bear as a result of delivering or having delivered on their behalf any Tender Instruction and/or if such tender of Notes is accepted by the Offeror, including any custodian or intermediary fees. Accordingly, Holders should consult in advance the fee lists or arrangements in place with any such party.

Purchase Price – Unmodified Dutch Auction Procedure

The amount the Offeror will pay for Notes validly tendered and accepted for purchase pursuant to the Offers will be determined pursuant to an unmodified Dutch auction procedure (the Unmodified Dutch Auction Procedure), as described in this Tender Offer Memorandum.

The cash consideration that the Offeror will pay for any Notes (the “**Purchase Consideration**”) validly tendered by a Holder and accepted for purchase pursuant to the relevant Offer shall be equal to the product of (i) the aggregate principal amount of the Notes of such Holder accepted for purchase pursuant to the Offers and (ii) the particular purchase price (a “**Purchase Price**”) specified (or deemed to be specified, as set out below) by the relevant Holder in his or her tender instruction (the “**Tender Instruction**”), provided that if the specified Purchase Price is lower than the Minimum Purchase Price (as defined below), or if no Purchase Price is specified, the Offeror will pay the Minimum Purchase Price.

As the Purchase Consideration applicable to each Holder who validly submits a Tender Instruction which is accepted by the Offeror is determined by reference to a particular Purchase Price specified (or deemed to be specified, as set out below) by such Holder in its Tender Instruction, the Purchase Consideration payable to each such Holder will not necessarily be the same even where the same principal amount of Notes is accepted for purchase from each such Holder.

Under the Unmodified Dutch Auction Procedure, the Offeror will determine, in its sole discretion, following expiration of the Offers, the aggregate principal amount of Notes (if any) of each Series it will accept for purchase pursuant to the Offers (each a “**Series Acceptance Amount**”) and a maximum Purchase Price for each Series (each a “**Maximum Purchase Price**”), taking into account the aggregate principal amount of Notes tendered in the Offers, the Purchase Prices specified (or deemed to be specified, as set out below) by tendering Holders and the aggregate cash consideration, excluding any Accrued Interest Payments, to be paid

by the Offeror to purchase the Notes validly tendered and accepted for purchase in the Offers, which the Offeror proposes to be in a total amount of up to \$750,000,000 (or the equivalent thereof calculated using the spot rate for the purchase of U.S. dollars with euro as published by Bloomberg at the Expiration Deadline) (the “**Tender Consideration**”).

The Purchase Price for the Notes will not be less than:

- (i) 101.000%, in the case of the 2015/2022 Dollar Notes;
- (ii) 97.750%, in the case of the 2017/2024 Dollar Notes;
- (iii) 100.500%, in the case of the 2015/2025 Dollar Notes;
- (iv) 96.500%, in the case of the 2017/2027 Dollar Notes;
- (v) 102.000%, in the case of the 2018/2025 Euro Notes;
- (vi) 95.000%, in the case of the 2017/2025 Euro Notes; and
- (vii) 89.375%, in the case of the 2017/2029 Euro Notes

(each a “**Minimum Purchase Price**”), and will otherwise be the lowest price for such Series that will allow the Offeror to accept for purchase the relevant Series Acceptance Amount.

Accrued Interest

In addition to the Purchase Consideration, the Offeror will also make an Accrued Interest Payment in respect of Notes accepted for purchase pursuant to the Offers.

Final Acceptance Amount, Priority of Acceptance and Scaling

Final Acceptance Amount

The Offeror proposes to accept Notes for purchase pursuant to the Offers up to the aggregate cash consideration (excluding any Accrued Interest Payments) of up to \$750,000,000 (or the equivalent thereof calculated using the spot rate for the purchase of U.S. dollars with euro as published by Bloomberg at the Expiration Deadline), although the Offeror reserves the right, in its sole discretion, to accept significantly less than or more than such amount of Notes pursuant to the Offers (the final aggregate principal amount of Notes accepted for purchase pursuant to the Offers being the “**Final Acceptance Amount**”).

Priority of Acceptance

The Offeror intends to accept Notes of a Series validly tendered for purchase pursuant to the Offers in the following order of priority:

- (i) the Offeror will first accept for purchase an aggregate principal amount of Notes of such Series validly tendered pursuant to the Offers by way of Non-Competitive Tender Instructions (as described below) up to (and including) the relevant Series Acceptance Amount; and
- (ii) if the aggregate principal amount of such Notes validly tendered pursuant to the Offers by way of Non-Competitive Tender Instructions is less than the relevant Series Acceptance Amount, the Offeror may then, in its sole discretion, accept for purchase any Notes of such Series validly tendered pursuant to the Offers by way of Competitive Tender Instructions (as described below), such that the aggregate principal amount of Notes accepted for purchase pursuant to the Offers is equal to the relevant Series Acceptance Amount.

If the Offeror (in its sole discretion) decides to accept any Notes validly tendered by way of Non-Competitive or Competitive Tender Instructions for any Series, the Offeror reserves the right to accept significantly more or less (or none) of the Notes of any one Series as compared to the Notes of any other Series, even if such other Notes are validly tendered with an equivalent or lower Purchase Price (and accordingly to set the relevant Maximum Purchase Price applicable to any Series of Notes above the applicable Minimum Purchase Price, whether or not it decides to do so in respect of any other Series, as well as above the relevant Maximum Purchase Price for any other Series of Notes).

Scaling

If the Offeror decides to accept Notes of a Series for purchase pursuant to the Offers and:

- (i) the aggregate principal amount of Notes of such Series validly tendered pursuant to Non-Competitive Tender Instructions is greater than the Series Acceptance Amount, the Offeror intends to accept such Notes for purchase on a pro-rata basis such that the aggregate principal amount of such Notes accepted for purchase is no greater than the Series Acceptance Amount. In such circumstances, the Maximum Purchase Price for all of the Notes of the relevant Series will be set at the applicable Minimum Purchase Price and the Offeror will not accept for purchase any Notes of such Series tendered pursuant to Competitive Tender Instructions; or
- (ii) the aggregate principal amount of Notes of such Series validly tendered (i) pursuant to Non-Competitive Tender Instructions and (ii) pursuant to Competitive Tender Instructions that specify a Purchase Price that is less than or equal to the relevant Maximum Purchase Price, is greater than the Series Acceptance Amount, the Offeror intends to accept for purchase (A) first, all Notes of such Series tendered pursuant to Non-Competitive Tender Instructions in full, (B) second, all Notes of such Series tendered pursuant to Competitive Tender Instructions that specify a Purchase Price below the relevant Maximum Purchase Price of such Series in full and (C) third, all Notes of such Series tendered at the relevant Maximum Purchase Price on a pro rata basis such that the aggregate principal amount of such Notes accepted for purchase is no greater than the Series Acceptance Amount.

In the event that Notes of a Series validly tendered pursuant to the relevant Offer are to be accepted on a pro rata basis, each such tender of such Notes will be scaled by a factor (a “**Scaling Factor**”) equal to (i) the Series Acceptance Amount less the aggregate principal amount of such Notes that have been validly tendered and accepted for purchase pursuant to the Offer, and are not subject to acceptance on a pro rata basis (if any), divided by (ii) the aggregate principal amount of such Notes in the Series that have been validly tendered and accepted for purchase pursuant to the Offers, and are subject to acceptance on a pro rata basis (subject to adjustment to allow for the aggregate principal amount of Notes accepted for purchase, following the rounding of tenders of such Notes described in the next sentence, to equal the Series Acceptance Amount exactly). Each tender of such Notes that is scaled in this manner will be rounded down to the nearest \$/€1,000 in principal amount. The Offeror reserves the right, in its sole discretion, to apply a different Scaling Factor to each Series of Notes.

In addition, in the event of any such scaling, the Offeror intends to apply pro rata scaling to each valid tender of such Notes in such a manner as will result in the relevant Holder transferring Notes to the Offeror in an aggregate principal amount of at least \$200,000 or €100,000 (being the “**Minimum Denominations**” of the Notes). The Offeror may at its sole discretion not accept the tender of Notes of a Series for purchase pursuant to the relevant Offer, where the relevant Holder's residual amount of Notes of a Series (being the principal amount of the such Notes the subject of the relevant Tender Instruction that are not accepted for purchase by virtue of such scaling) amount to less than the relevant Minimum Denomination. See “*Risk Factors—Different Series have different Minimum Denominations of the Notes.*”

Payment

If Notes validly tendered in the Offers are accepted for purchase by the Offeror, the aggregate amounts of the Purchase Consideration and Accrued Interest Payments for such Notes will be paid, in immediately available funds, on the Settlement Date to the Clearing Systems for payment to the accounts in the Clearing Systems of the relevant Direct Participants through which the relevant Holders validly tendered their Notes (see “*Tender Offer Procedures—Procedures for Tendering Notes*”). The payment of such aggregate amounts to the Clearing Systems will discharge the obligation of the Offeror to all such Holders in respect of the payment of the Purchase Consideration and Accrued Interest Payments.

Provided the Offeror makes, or has made on its behalf, full payment of the relevant Purchase Consideration and Accrued Interest Payment for any Notes accepted for purchase pursuant to the relevant Offer to the Clearing Systems on or before the Settlement Date, under no circumstances will any additional interest be payable to a Holder because of any delay in the transmission of funds from the Clearing Systems or any other intermediary with respect to such Notes of that Holder.

Source of Funds for the Offers

We intend to fund all cash payments to Holders pursuant to the Offers with available cash reserves.

Expiration Deadline; Extensions; Settlement Date

The Expiration Deadline, being the deadline for the receipt of all valid tenders of Notes in the Offers will be 4:00 p.m., London time, on January 23, 2019. We reserve the right to extend that time and date with respect to the Offers in our absolute discretion and regardless of whether any events preventing satisfaction of the conditions precedent to the Offers shall have occurred or shall have been determined by us to have occurred, in which case the Expiration Deadline will be the latest time and date to which such time and date is extended. During any extension of the Offers, all Notes previously validly tendered and not validly withdrawn will remain subject to the Offers.

We will announce any extension of the Offers to Eligible Holders (a) via SGXNET, (b) through publication of a notice on Bloomberg, (c) by the delivery of notices to the Clearing Systems for communication to Direct Participants and/or (d) on the Tender Offer Website: www.lucid-is.com/softbank, no later than 9:00 a.m., London time, on the first business day after the previously

scheduled Expiration Deadline, as applicable. Each of these means shall be deemed to constitute effective notice to the Holders of extension of the Expiration Deadline as described in such announcement.

We expect that the Settlement Date will be on or around January 28, 2019, unless the Offers are extended or terminated earlier. The Settlement Date may be modified at our sole discretion after the Expiration Deadline.

Eligibility to Participate in the Tender Offer

The Offers are being made only to Eligible Offerees who hold Notes through the Clearing Systems (Eligible Holders) and who have represented to the Offeror pursuant to the deemed representations described in “—*Representations, Warranties and Covenants of Eligible Holders Tendering Notes*” that they are eligible to participate in the Offers. Eligible Offerees are herein defined as persons who satisfy all of the following criteria:

- non-U.S. persons located outside the United States or dealers or other professional fiduciaries in the United States acting on a discretionary basis only for the benefit or account of non-U.S. persons located outside the United States, as those terms are defined in Regulation S; and
- persons into whose possession the Tender Offer Memorandum may be lawfully delivered in accordance with the laws of the jurisdiction in which they are located and who are not a Sanctioned Person or acting on behalf, or for the benefit of a Sanctioned Person, and who will not use, directly or indirectly, the Purchase Consideration received for the purpose of financing or making funds available directly or indirectly to or for the benefit of a Sanctioned Person.

Conditions to the Tender Offer

Notwithstanding any other provisions of the Offers, or any extension of the Offers, and without limiting our right to otherwise extend, terminate or amend the Offers in our sole discretion and at any time, we will not be required to accept for purchase any Notes validly tendered (and not validly withdrawn) if any of the following conditions precedent, which we refer to as the “offer conditions,” is not satisfied or waived by us prior to our acceptance for purchase of Notes validly tendered in the Offers (and not validly withdrawn):

- (i) no action or event shall have occurred or been threatened (including a default under any agreement or obligation to which we or any of our affiliates is a party or by which we or any of our affiliates is bound), nor shall any action, proceeding, claim or investigation (whether formal or informal) be pending or have been taken or threatened, nor shall any statute, rule, regulation, judgment, order, stay, decree or injunction have been proposed, promulgated, enacted, entered, enforced or deemed to be applicable to the Offers by or before any court or governmental, regulatory or administrative agency or instrumentality, domestic or foreign, authority or tribunal, or by any other person, domestic or foreign, that either:
 - (a) challenges the Offers or might, directly or indirectly, prohibit, prevent, restrict or delay consummation of, or might otherwise adversely affect in any material manner, the Offers; or
 - (b) in our reasonable judgment, could materially affect the business, operations, condition (financial or otherwise) or prospects of the Offeror and our affiliates and subsidiaries, taken as a whole, or materially impair the contemplated benefits to us of the Offers or might be material to Holders in deciding whether to accept any Offer;
- (ii) there shall not have occurred or be likely to occur any event affecting the business, operations, condition (financial or otherwise) or prospects of the Offeror, our affiliates or subsidiaries that, in our sole judgment, either (i) is, or is reasonably likely to be, materially adverse to the business, operations, condition (financial or otherwise) or prospects of the Offeror, our affiliates and subsidiaries, or (ii) would or might prohibit, prevent, restrict or delay consummation of the Offers;
- (iii) none of the following has occurred:
 - (a) trading generally shall have been suspended or materially limited on the Tokyo Stock Exchange, the New York Stock Exchange, the Nasdaq Global Market, The Hong Kong Stock Exchange, the London Stock Exchange, or the SGX-ST;

- (e) any outbreak or escalation of hostilities involving the United States, Hong Kong, any member of the European Economic Area or Japan or any other calamity, crisis, or emergency or any change in the financial markets either within or outside the United States that, in our judgment, is material and adverse and makes it impracticable or inadvisable to proceed with the Offers on the terms and in the manner contemplated in this Tender Offer Memorandum; or
- (f) exchange controls shall have been imposed by the United States, any member of the European Economic Area, Hong Kong, Singapore or Japan;
- (iv) the Trustees shall not have objected in any respect to, nor have taken any action that could in our reasonable judgment adversely affect the consummation of, the Offers; and
- (v) there exists, in our sole judgment, any actual or threatened legal impediment to the consummation of the Offers.

These conditions precedent are for our benefit only and may be asserted or waived by us in our sole discretion (including any action or inaction by us giving rise to any such condition precedent in whole or in part at any time and from time to time in our sole discretion) without extending the Expiration Deadline, except as required by law. We have not made any decision as to what circumstances would lead us to waive any such condition precedent and any such waiver would depend on circumstances prevailing at the time of such waiver. We may additionally terminate the Offers if any of the offer conditions described above are not satisfied at or prior to the Expiration Deadline. Any determination made by us concerning an event, development or circumstance described or referred to above will be conclusive and binding. Our failure at any time to exercise any of our rights will not be deemed a waiver of any other right, and each right will be deemed an ongoing right which may be asserted by us at any time and from time to time.

If any of the offer conditions are not satisfied, we may, at any time on or prior to the Settlement Date, subject to applicable law:

- terminate the Offers and return all tendered Notes to participating Holders;

Amendments; Waivers; Termination

We reserve the right, in our absolute discretion to:

- extend the Expiration Deadline for, or re-open, such Offer (in which case all references in this Tender Offer Memorandum to “Expiration Deadline” shall for the purposes of such Offer, unless the context otherwise requires, be to the latest time and date to which such Expiration Deadline has been so extended or such Offer re-opened, and all references in this Tender Offering Memorandum to Accrued Interest shall for the purposes of such Offer be determined by reference to the circumstances prevailing at the Settlement Date as so extended);
- otherwise extend, re-open or amend such Offer in any respect (including, but not limited to, any increase, decrease, extension, re-opening or amendment, as applicable, in relation to the applicable Expiration Deadline, Settlement Date and/or Minimum Purchase Price);
- delay the acceptance of Tender Instructions or purchase of Notes validly tendered in such Offer until satisfaction or waiver of the conditions to such Offer, even if such Offer has expired;
- terminate any Offer, including with respect to Tender Instructions submitted before the time of such termination; or
- otherwise amend or modify any Offer, or waive any or all conditions precedent to any Offer.

Any waiver, amendment or modification of the Offers, including any change in the consideration, will apply to all Notes previously validly tendered.

We will announce any termination of, amendment of or waiver of a condition precedent to the Offers to Eligible Holders (a) via SGXNET, (b) through publication of a notice on Bloomberg, (c) by the delivery of notices to the Clearing Systems and/or

(d) on the Tender Offer Website: www.lucid-is.com/softbank, for communication to Direct Participants, no later than 9:00 a.m., London time, on the first business day after the our decision to terminate, amend or waive, as applicable. Each of these means shall be deemed to constitute effective notice to the Holders of the termination, amendment or waived described in such announcement.

If we amend the terms of or waive conditions precedent to the Offers or change the information concerning the Offers, in ways that are materially prejudicial to Holders in the Offeror's opinion (following consultation with the Sole Dealer Manager), or as otherwise required by law, we will promptly disseminate disclosure regarding such amendment, waiver or change in information and extend the Offers to the extent described in "*Withdrawal of Tenders*."

We will return any Notes that we do not accept for purchase for any reason without expense to their tendering Eligible Holders promptly after the expiration or termination of the Offers.

Withdrawal of Tenders

All Tender Instructions will be irrevocable except under certain limited circumstances described below.

We will grant withdrawal rights to Eligible Holders who have validly tendered their Notes in an Offer only if (i) required by applicable law, (ii) the Offeror decreases the Minimum Purchase Price, or (ii) any other amendments are made to the terms of the Offers that are materially prejudicial to Eligible Holders in the Offeror's opinion (following consultation with the Sole Dealer Manager). The Offeror will not grant withdrawal rights in the event that the Offeror, among other things, (a) extends the Expiration Deadline of, or re-opens, the Offers with respect to all or some of the Notes, (b) terminates all or any part of the Offers, (c) waives any or all conditions precedent to any Offer, (d) increases or decreases the Tender Consideration, thereby increasing or decreasing the aggregate principal amount of Notes to be accepted as the Final Acceptance Amount or (e) makes any other change to the terms of the Offers set out in this Tender Offer Memorandum which are not materially prejudicial to Eligible Holders or Holders, as applicable, in the Offeror's opinion after consultation with the Sole Dealer Manager.

We will announce the availability of withdrawal rights to Eligible Holders (a) via SGXNET, (b) through publication of a notice on Bloomberg, (c) by the delivery of notices to the Clearing Systems and/or (d) on the Tender Offer Website: www.lucid-is.com/softbank, for communication to Direct Participants, no later than 9:00 a.m., London time, on the first business day after our decision to grant withdrawal rights. In such announcement, we will specify the deadline by which valid withdrawal instructions must be received, which we will determine in our discretion and expect to be 4:00 p.m., London time, on the business day following the date of such announcement (subject to the earlier deadlines required by the Clearing Systems and any intermediary through which Holders hold their Notes). Beneficial owners of Notes that are held through an intermediary are advised to check with such entity when it needs to receive instructions to withdraw a Tender Instruction in order to meet the above deadline. For the avoidance of doubt, any Holder who does not exercise any such right of revocation in the circumstances and in the manner specified above, shall be deemed to have waived such right of revocation and its original Tender Instruction will remain effective.

To be effective, a valid Tender Instruction may only be withdrawn by an Eligible Holder, or the relevant Direct Participant of the Clearing System on its behalf, by submitting a valid electronic withdrawal instruction in accordance with the requirements of the relevant Clearing System. To be valid, such instruction must specify the Notes to which the original Tender Instruction related, the securities account to which such Notes are credited and any other information required by the relevant Clearing System. A withdrawal of previously properly tendered Notes can be accomplished only in accordance with the foregoing procedures. We reserve the right, which may be waived, to reject defective withdrawal of Notes as invalid and ineffective. The Offeror will at all times have the discretion to accept for purchase any Notes tendered in an Offer, the tender of which would otherwise be invalid or, in the sole opinion of the Offeror, may otherwise be invalid.

If an Eligible Holder withdraws tendered Notes, such Eligible Holder may re-tender Notes at or prior to the Expiration Time in accordance with the procedures described above for tendering Notes.

Determination of Validity

All questions as to the validity, form, eligibility (including time of receipt) and acceptance for purchase of any tendered Notes delivered pursuant to any of the procedures described below, and the form and validity (including time of receipt of notices of withdrawal) of all documents will be determined by us in our sole discretion, which determination will be final and binding. We reserve the absolute right to reject any or all such tenders of any Notes in the Offers as we determine in our opinion not to be in proper form or to be unlawful.

Tenders of Notes delivered will not be deemed to have been validly made until we have cured or waived all defects or irregularities in such tenders. Neither we, the Sole Dealer Manager, the Tender Agent or any other person or entity is under any duty to give notification of any defects or irregularities in any tender or withdrawal of any Notes, or will incur any liability for failure to give any such notification.

Tender Offer Procedures

Procedures for Tendering Notes

To participate in an Offer, an Eligible Holder must validly tender its Notes pursuant to the Offers prior to the Expiration Deadline pursuant to the procedures herein. It is the Eligible Holder's responsibility to properly tender its Notes. We have the right to waive any defects. However, we are not required to waive defects and are not required to notify any Eligible Holder of defects in its tender.

If you are an Eligible Holder holding the Notes through the Clearing Systems or through fiduciary holding accounts and you wish to participate in the Offers, you must tender your Notes pursuant to the procedures described herein by way of an electronic instruction, which must be submitted or delivered through the relevant Clearing System by each Eligible Holder of the Notes who is shown in the records of such Clearing System as a Holder of an interest in the Notes, authorizing delivery of your tendered Notes that are the subject of such electronic instruction (the "**Tender Instruction**").

Only Direct Participants in the Clearing Systems may submit Tender Instructions. If you are not a Direct Participant in the Clearing Systems, you must contact your broker, dealer, bank, custodian, trust company or other nominee to arrange for its Direct Participant through which you hold Notes to submit a Tender Instruction on your behalf to the relevant Clearing System prior to the deadline specified by the relevant Clearing System. Eligible Holders are advised to check with any broker, dealer, bank, custodian, trust company or other nominee or other intermediary through which they hold Notes whether such intermediary needs to receive instructions from an Eligible Holder before the deadlines specified in this Tender Offer Memorandum in order for that Eligible Holder to be able to participate in, or withdraw Tender Instruction to participate in, the Offers before the deadlines specified in this Tender Offer Memorandum. The deadlines set by each Clearing System for the submission and withdrawal of Tender Instructions will be earlier than the relevant deadlines specified in this Tender Offer Memorandum.

Any Eligible Holder that gives Tender Instructions on behalf of a beneficial holder must give separate Tender Instructions with respect to each of its beneficial holders. Eligible Holders who intend to make different elections with respect to portions of their or their beneficial holder's holding of Notes must deliver separate Tender Instructions with respect to each such portion.

Any Tender Instruction must be submitted in a minimum principal amount of no less than the Minimum Denomination for such Notes (in the case of dollar-denominated Notes, \$200,000 or integral multiples of \$1,000 in excess thereof and in the case of euro-denominated Notes in a minimum principal amount of €100,000 or integral multiples of €1,000 in excess thereof).

Upon giving Tender Instructions with respect to any Notes, those Notes will be blocked and may not be transferred until such Instructions are validly withdrawn or the Offers are modified or terminated so as to result in a cancellation of such Instructions.

Each Tender Instruction, by which Eligible Holders are to effect the tender of their Notes, should include (a) the name of the Direct Participant in the relevant Clearing System and the securities account number for the relevant Clearing System in which the tendered Notes are held, as the case may be, (b) the aggregate principal amount of Notes which the Eligible Holder wishes to tender, stating for reference the applicable ISIN and Common Code, (c) in the case of a Competitive Tender Instruction, the Purchase Price at which the relevant Holder wishes to tender the relevant Notes (noting the limitations in respect of increments described under "*The Offers—Tender Instructions*"), (d) an authorization of the relevant Clearing System to block the Notes properly tendered so that no transfers may be effected in relation to such Notes at any time from and including the date on which such Eligible Holder submits its Tender Instruction until the earlier of the termination or withdrawal of the Offers and the settlement of the Offers on the Settlement Date, all in accordance with the normal procedures of such Clearing System and after taking into account the deadlines imposed by such Clearing System, (e) confirmation that the relevant Holder recognizes that, upon acceptance of the relevant tender of Notes by the Offeror, such Notes will not be returned to the Holder, and that no contrary instruction by the Holder or any Direct Participant acting on its behalf will be accepted by the Offeror, (f) a confirmation to the Tender Agent that the relevant Clearing System is to credit the relevant Direct Participant's cash account with the relevant Purchase Consideration and Accrued Interest Payment on the Settlement Date; and (g) a contact telephone number and email address for the relevant Direct Participant for receipt of further information..

The tendering of Notes in an Offer will be deemed to have occurred upon receipt by the Tender Agent from such Clearing System of a valid Tender Instruction submitted in accordance with the requirements of the Clearing System. The receipt of such Tender Instruction by the Clearing System may be acknowledged in accordance with the standard practices of the Clearing System. No acknowledgement of receipt of any Tender Instruction and/or other documents will be given by the Offeror or the Tender Agent.

Any tender by an Eligible Holder of Notes (and our subsequent acceptance of such tender) will constitute a binding agreement between that Eligible Holder and the Offeror, upon the terms and subject to the conditions of the Offers described in this Tender Offer Memorandum. The acceptance of an Offer by a tendering Eligible Holder will constitute the agreement by that Holder to the covenants and the making of the representations and warranties contained in the following section.

Certain Consequences to Holders of Notes Not Participating in the Tender Offer

Consummation of the Offers may have adverse consequences to Holders who elect not to participate. In particular, the trading market for Notes that are not tendered could become more limited than the existing trading market for the Notes and could cease to exist altogether due to the reduction in the amount of the Notes outstanding upon consummation of the Offers. A more limited trading market might adversely affect the liquidity, market price and price volatility of the Notes. We cannot assure you that ratings on the Notes will be maintained.

TAXATION

Japanese Taxation

The following discussion summarizes certain Japanese tax consequences to Holders arising from the payments made pursuant to the Tender Offer Memorandum. The summary does not purport to be a comprehensive description of all potential Japanese tax considerations that may be relevant to a decision to participate in the Offers, and is not intended as tax advice to any particular investor. This summary does not describe any tax consequences arising under the laws of any state, locality or other taxing jurisdiction other than Japan or any Japanese consequences other than Japanese tax consequences.

Holders should consult their own tax advisors regarding the Japanese or other tax consequences, including, in particular, the application of the tax considerations discussed below to their particular situations, as well as the application of any state, local, foreign or other tax laws.

The statements regarding Japanese tax laws set out below are based on the laws in force and as interpreted by the Japanese taxation authorities as at the date hereof and are subject to changes in the applicable Japanese laws or tax treaties, conventions or agreements or in the interpretation thereof after such date. Holders should note that the following description of Japanese taxation is not exhaustive.

The following description is a summary of Japanese tax consequences (limited to national taxes) to the Holders as a result of the Offeror's acceptance of the Notes held and validly tendered by Holders for purchase pursuant to the Offers, principally relating to such Holders that are individual non-residents of Japan or non-Japanese corporations, having no permanent establishment in Japan.

Receipt of Purchase Consideration

Gains derived from the sale of the Notes to the Offeror pursuant to the Offers, whether within or outside Japan, by a Holder that is an individual non-resident of Japan or a non-Japanese corporation, having no permanent establishment in Japan, will not, in general, be subject to Japanese income or corporation tax.

Gains derived from the sale of the Notes to the Offeror pursuant to the Offers by a Holder that is an individual resident of Japan, a Japanese corporation, or an individual non-resident of Japan or a non-Japanese corporation having a permanent establishment in Japan to which such gain is attributable for Japanese tax purposes will be, in general, subject to Japanese income or corporation tax.

Receipt of Accrued Interest Payment

Interest payments on the Notes will be subject to Japanese withholding tax unless the Holder establishes that the Note is held by or for the account of a Holder that is (1) for Japanese tax purposes, neither (a) an individual resident of Japan or a Japanese corporation, nor (b) an individual non-resident of Japan or a non-Japanese corporation that in either case is a specially-related person of ours, and in compliance with certain requirements for tax exemption under the Special Taxation Measures Act or (2) a Japanese designated financial institution or financial instruments business operator as described in Article 6, Paragraph 9 of the Special Taxation Measures Act which complies with the requirement for tax exemption under that Paragraph.

Interest payments on the Notes to an individual resident of Japan, to a Japanese corporation not described in item (2) of the preceding paragraph, to an individual non-resident of Japan or a non-Japanese corporation that in either case is a specially-related person of ours, or to an individual non-resident of Japan or a non-Japanese corporation that in either case is not a specially-related person of ours and does not comply with the requirements described in item (1) of the preceding paragraph will be subject to deduction in respect of Japanese income tax at a rate of 15.315% of the amount specified in subparagraphs (a) or (b) below, as applicable:

- (i) if interest is paid to an individual resident of Japan, to a Japanese corporation, or to an individual non-resident of Japan or a non-Japanese corporation that in either case is a specially-related person of ours (except as provided in subparagraph (b) below), the amount of such interest; or
- (ii) if interest is paid to a public corporation, a financial institution, a financial instruments business operator or certain other entities through a Japanese payment-handling agent, as provided in Article 3-3, Paragraph 6 of the Special Taxation Measures Act in compliance with the requirement for tax exemption under that paragraph, the amount of such interest minus the amount accrued during the period held, without any cessation, by such entities as provided in the Cabinet Order relating to the said Paragraph 6.

If the recipient of interest on the Notes is a Holder that is an individual non-resident of Japan or a non-Japanese corporation, having no permanent establishment in Japan, or having a permanent establishment in Japan but the receipt of the interest on the Notes is not attributable to the business thereof carried on in Japan through such permanent establishment, that in either case is not

a specially-related person of ours, no Japanese income tax or corporation tax will be payable with respect to such interest whether by way of withholding or otherwise, if such recipient complies with certain requirements, inter alia:

- (i) if the relevant Notes are held through a participant in an international clearing organization, such as DTC, Euroclear and Clearstream or through a financial intermediary, in each case, as prescribed by the Special Taxation Measures Act (each such participant or financial intermediary being referred to as a “Participant”), the requirement to provide certain information prescribed by the Special Taxation Measures Act to enable the Participant to establish that the recipient is exempt from the requirement for Japanese tax to be withheld or deducted, and to advise the Participant if the Holder of the Notes ceases to be so exempted (including the case where the Holder became a specially-related person of ours); and
- (ii) if the relevant Notes are not held through a Participant, the requirement to submit to the relevant paying agent that makes payment of interest on the Notes a written application for tax exemption (*hikazei tekiyo shinkokusho*), together with certain documentary evidence, at or prior to each time interest is received.

If a recipient of interest on the Notes is an individual non-resident of Japan or a non-Japanese corporation, having no permanent establishment in Japan, which is subject to Japanese withholding tax due to its status as a specially-related person of ours or for any other reason, (1) the rate of withholding tax may be reduced, generally to 10%, under the applicable tax treaty, convention or agreement and (2) if such recipient is not subject to Japanese tax under the applicable tax treaty, convention or agreement due to its status as a financial institution in the relevant country, such as the United States and the United Kingdom, or for any other reason, no Japanese income tax or corporation tax will be payable with respect to such interest whether by way of withholding or otherwise; provided that, in either case (1) or (2) above, such recipient shall submit required documents and information (if any) to the relevant tax authority.
