The date of these Final Terms is 8th January, 2019.

These Final Terms, under which the bonds described herein (the **Bonds**) are issued, are supplemental to, and should be read in conjunction with, the offering circular (the **Offering Circular**) dated 8th December, 2014 issued in relation to the debt issuance programme of European Investment Bank (**EIB**). Terms defined in the Offering Circular have the same meaning in these Final Terms. The Bonds will be issued on the terms of these Final Terms read together with the Offering Circular.

EIB accepts responsibility for the information contained in these Final Terms which, when read together with the Offering Circular, contain all information that is material in the context of the issue of the Bonds.

These Final Terms do not constitute an offer of, or an invitation by or on behalf of anyone to subscribe or purchase any of, the Bonds.

In preparation for a withdrawal of the United Kingdom from the EU, which will result in the termination of its membership of the European Investment Bank, the EIB's Board of Directors proposed a number of measures to the EIB's Board of Governors. Some of these measures will require an amendment to the EIB Statute.

With respect to the EIB's subscribed capital, the Board of Directors proposed to the Board of Governors to replace the UK capital share by a pro-rata capital increase of the remaining EU Member States. The paid-in part of that capital increase will be financed out of the EIB's reserves. This capital increase would be effective as of the withdrawal of the United Kingdom from the EU, which is expected to take place in March 2019. In addition, the Board of Directors proposed to the Board of Governors to further increase the capital subscribed by Poland and Romania by EUR 5,386,000,000 and EUR 125,452,381, respectively. The Board of Governors' decision on all the foregoing proposals is pending.

The Board of Directors also proposed to the Board of Governors to approve several amendments to the EIB Statute. These amendments include the removal of references to the United Kingdom in the EIB Statute, reflecting the termination of UK membership of the EIB. In addition, several changes to governance provisions were proposed, including an increase of the number of alternate members of the Board of Directors and the introduction of qualified majority voting with respect to certain governance matters. If approved by the Board of Governors, the proposed amendments would need to be approved by the Council of the European Union, after consultation with the European Commission and the European Parliament, which may take place in the course of 2019.

The EIB does not fall under the scope of application of the MiFID II package. Consequently, the EIB does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of MiFID II.

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Bonds has led to the conclusion that: (i) the target market for the Bonds is eligible counterparties, professional clients and retail clients, each as defined in MiFID II; and (ii) all channels for distribution of the Bonds are appropriate, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable. Any person subsequently offering, selling or recommending the Bonds (a **distributor**) should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels, subject to the distributor's suitability and appropriateness obligations under MiFID II, as applicable.

For the purposes of this provision, the expression **manufacturer** means the Relevant Dealer and the expression **MiFID II** means Directive 2014/65/EU, as amended.

The terms of the Bonds and additional provisions relating to their issue are as follows:
